Hi Liandra,

This email serves to confirm that the inclusion of the additional road in the layouts has no bearing on the findings contained in my visual comment letter dated 5th January 2021.

Kind Regards

Dear Specialists

Please see the map below and attached for ease of reference:

This existing road was not reflected on previous layouts, but was accessed during the Kudusberg Split Part 2 Amendment process (DEFF Reference Number: 14/12/16/3/3/1/1976/AM2).

The roads will be maintained (re-gravelled) during construction and operation but will not be widened and as such do not trigger any listed Activity under the National Environmental Management Act (NEMA): Environmental Impact Assessment (EIA) Regulations of 2014 as amended.

Please confirm if this road will have any bearing on your specialist findings.

Please respond to this email, we would like to submit this in Friday 22 January 2021.

Kind regards
