**PROPOSED 65.9MW SOLAR PV FACILITY AT
TUTUKA POWER STATION, MPUMALANGA PROVINCE
(DEA ref: 14/12/16/3/3/2/754)**

Project Name Tutuka Solar Energy Facility

Applicant: Eskom Holding SOC Ltd

Proposed Activity: Construction of a 65.9MW solar energy facility and associated infrastructure within the Tutuka coal fired power station boundary near Standerton in Mpumalanga Province. The proposed facility will comprise:

- » Arrays of photovoltaic (PV) panels.
- » Mounting structures to support the PV panels.
- » Cabling between the project components.
- » Inverters/transformer enclosures.
- » An on-site substation or switching station.
- » A power line to facilitate the connection of the solar energy facility to a substation located within the Tutuka power station
- » Internal access roads.
- » Buildings (which could include workshop area for maintenance and storage, and an on-site office)

Location: The site is located on Eskom-owned land within the Tutuka coal fired power station boundary, on portion 4, 10, 11 and 12 of the farm Pretorius Vley 374 IS approximately 28 km north-east of Standerton in Mpumalanga Province. An area of ~55.4ha is intended to be utilised for the establishment of the 65.9MW PV facility. The site is located within the jurisdiction of Gert Sibande District Municipality and Lekwa Local Municipality.

In terms of sections 24 and 24D of NEMA, as read with the EIA Regulations of GNR543, GNR544; GNR545; and GNR546, a Scoping and EIA Study process is required to be undertaken for the proposed project.

Savannah Environmental is undertaking the required environmental assessment and public participation process. To obtain further information and register on the project database, please submit your name, contact information and interest in the project to:

A skip overflows with rubbish in Berg Street.

Trash skipped over the festive season

Residents in Handel and Berg Street were frustrated over the festive season due to the skips in the streets not being emptied.

The rubbish was overflowing and being blown all over by the wind.

"I contacted the Lekwa Municipality before Christmas about the issue and could not get to the appropriate department," a concerned resident said.

"My neighbour also phoned the municipality and was told that the skips would be emptied." The skips were still not emptied by 5 January and the refuse was still scattered all over the place.

The *Standerton Advertiser* contacted the municipality on 9 January.

The municipality said that there was no problem and the skips had been emptied.

Skooltassieprojek kry helpende hand

BETHAL – Solidariteit Helpende Hand Bethal-tak bied vir die eerste keer die skooltassieprojek aan.

Vir Helpende Hand is dit die negende jaar wat die projek aangebied word en vanjaar beplan die lede om meer tasse te versprei.

Helpende Hand is opgewonde oor die projek omdat dit almal laat dink aan hulle eerste dag van skool.

"Deur hierdie veldtog wil ons graag hê dat almal moet onthou dat alle kinders nie so bevoorreg is om 'n gelukkige eerste skooldag te hê nie en daarom wil ons uitreik na daardie kinders," het lede gesê.

"Met die projek dra Helpende Hand by om behoeftige gr. 1's te ondersteun om hulle skoolloopbaan op 'n gelyke vlak met ander leerlinge te begin," het dr. Danie Brink, uitvoerende hoof van Solidariteit Helpende Hand gesê.

Hulle glo dat armoede uitgeroei kan word deur in opleiding te belê en vir Helpende Hand begin dit alreeds met die gevoel van hoop wat die nodige gereedskap vir kinders skep.

Met die projek help die organisasie behoeftige kinders met 'n skooltas. Dis 'n simbool van hoop.

'n Gr. 1 leerling skep moed met daardie tas in hul hand, want dit is hul bewys van geloof in hulle potensiaal.

Dit is 'n bewys dat jy saam met hulle die nuwe uitdaging van groot-skool sal aanpak.

Elke skooltas sal soos gewoonlik al die nodige skryfbehoeftes bevat, maar daar sal ook 'n paar ekstras in 2015 se tasse te vinde wees.

'n Leesboekie, 'n Dag by die Diere, wat deur Helpende Hand

uitgegee is met die doel om kinders se leesvermoë reeds vanaf gr.1 'n hupstoot te gee, is een van die lekker nuwigthede.

"Ek is baie opgewonde oor die hoë-waliteitskryfbehoeftes wat weer eens in die skooltassies ingesluit gaan word, asook al die lekker geleenthede wat ons rondom hierdie veldtog beplan.

"Die belangrikste is om die kinders se opgewonde gesiggete te sien wanneer hulle die nuwe skooltassie uitpak," het me. Sanette Henning, voorsitter, gesê.

"Dit maak al die harde werk elke jaar opnuut die moeite werd!"

Die lede wens al die skole op Bethal se gr. 1's sterkte toe en verseker hul dat Solidariteit Helpende Hand daar is om 'n verskil te maak.

Vir meer inligting, skakel me. Henning by 082 300 4835.

Bayanda's future much clearer

Ms Sibongile Mthombeni, HOD of the Foundation Phase at Igugulabasha Primary School, wants to thank Specsavers for donating spectacles to Bayanda Sibeko.

According Ms Mthombeni, Bayanda repeated Grade 1 because of his poor eyesight.

After the teachers realised that he can not see they moved him to the

front row in class, but that did not help.

He also could not see the ball when playing with other children.

Ms Mthombeni later discovered that Specsavers can help him for free.

Bayanda's eyes were tested and suitable spectacles were prescribed.

He now wears prescription glasses and his eyesight has improved.

Hier Gaan Ons Alweer seminar a success

Khan's Angling and Cycling played host to the team of Hier Gaan Ons Alweer on 19 March.

With schools closed and people leaving for the long weekend, the turn-out was still surprisingly good.

The Hier Gaan Ons Alweer team featuring the likes of Petri de Wet, Schalk van Breda, Loukie van der Merwe and André van Rooyen was down to earth and eager furthermore to share their fishing knowledge with attendees.

Discussions relating to the best time to fish, identifying different types of bubbles in water, air pressure and why women with

their pink rods more often catch bigger fish than their male counterparts, were especially insightful. The Sensation team consisting of Ikraam Jooma, Pierre Jacobs and Mohammed Ebrahim also held a casting demonstration in the open field opposite the shop and shared insights on in-store products.

Fans were granted the opportunity to meet and greet, pose for a photo or even get their favourite angler's autograph.

Mr Zahid Khan, owner of Khan's Angling and Cycling, said he was pleased with the outcome of the event.

"Even though the seminar did

not resemble the same number of attendees as the previous expo, I believe that everyone in attendance gained valuable knowledge and enjoyed the seminar.

"We owe the success to the exceptional team of Hier Gaan Ons Alweer, Supercast and the group of Sensation who made it a memorable day.

"Mostly I would like to thank our customers for their unwavering support."
