NOTICE OF BASIC ASSESSMENT AND PUBLIC PARTICIPATION PROCESS

GEELSTERT 1 AND GEELSTERT 2 SOLAR PV FACILITIES AND GEELSTERT GRID CONNECTION NEAR AGGENEYS, NORTHERN CAPE

Proposed Activity: The development of two (2) separate solar photovoltaic (PV) facilities, each with a contracted capacity of up to 125MW. The two solar PV facilities will be connected to the Aggeneys Main Transmission Substation (MTS) through the development of specific grid connection infrastructure with a capacity of up to 220kV.

The infrastructure to be developed for the solar PV facilities include solar PV panels, inverters, underground cabling, on-site facility substation, main access and internal access roads, temporary laydown areas and operation and maintenance buildings.

The grid connection infrastructure to be developed includes a collector substation and an overhead power line.

Location: South-east of Aggeneys within the Khâi-Ma Local Municipality and the Namakwa District Municipality. The two solar PV facilities are positioned adjacent to one another on the Remaining Extent of the Farm Bloemhoek 61, south of the Loop 10 gravel road. The projects fall within the Springbok Renewable Energy Development Zone (or REDZ 8). The grid connection infrastructure will be placed within a grid connection corridor assessed for the project.

Applicant:	Project Name:	Affected Property/ies:	
Geelstert Solar Facility 1 (Pty) Ltd	Geelstert 1 (solar PV facility)	Remaining Extent of the Farm Bloemhoek 61	
Geelstert Solar Facility 2 (Pty) Ltd	Geelstert 2 (solar PV facility)	Remaining Extent of the Farm Bloemhoek 61	
ABO Wind Renewable Energies (Pty) Ltd	Geelstert Grid Connection	Remaining Extent of the Farm Bloemhoek 61 Remaining Extent of the Farm Aggeneys 56 Remaining Extent of Portion 1 of the Farm Aggeneys 56 Portion 2 of the Farm Aggeneys 56 Portion 12 of the Farm Aggeneys 56 Portion 13 of the Farm Aggeneys 56	

Basic Assessment Process: In terms of Sections 24 and 24D of the National Environmental Management Act (No 107 of 1998), as read with Government Notice R324 – R327, as amended, and GN R114 (February 2018), a Basic Assessment (BA) is required for each Solar PV Facility and the grid connection. Savannah Environmental is undertaking the required environmental assessment and public participation process for the projects. A separate application for each project has been lodged with the Department of Environmental Affairs (DEA) as the competent authority.

Basic Assessment Reports available for review and comment: The BA Reports are available for download, review and comment on the Savannah Environmental website. Visit our online stakeholder engagement platform at: www.savannahsa.com/public-documents/energy-generation/.

The 30-day review and comment period for the BA Reports is from, 17 August 2020 until 16 September 2020. The final date to submit comments is 16 September 2020.

To obtain further information and register on the project database, please submit your name, contact information and interest in the project to:

Babas met klompvoetjies kry behandeling by Dr Harry Surtie Hospitaal

GEMSBOK-UPINGTON: By Dr Harry Surtie Hospitaal op Upington is dienste vir babas en kinders met klompyoetjies beskikbaar!

Ongeveer 2000 babas met klompvoete word elke jaar gebore in Suid-Afrika.

'n Klompvoet is 'n misvormde voet wat inwaarts gedraai is wat veroorsaak dat die sool nie plat op die vloer kan

trap nie. Klompvoete kan in een of albei voete voorkom. 'n Baba met

klompvoete sal sukkel om te begin loop omdat die voetjies nie plat op die vloer kan trap om gewig daardeur te neem nie.

Indien hierdie diag-nose nie vroeg reeds behandel word nie, kan die voetjies styf raak in die misvormde posisie wat effektiewe loop en hardloop op 'n latere stadium byna onmoontlik maak.

En natuurlik hoe roeër 'n baba of kind behandeling ontvang vir klompvoete, hoe beter is die kans op instandhouding van funksie in die voetjies. By Dr Harry Surtie

Hospitaal is dienste vir hierdie babas/ kinders beskikbaar!

Hulle het 'n weeklikse Klompvoet Kliniek op Donderdae vanaf 09:00 – 12:00 waar die Ponsetti metode gebruik word om hierdie voetjies

Behandeling begin met weeklikse gips van die voetjie wat geleidelik die stywe voetjie in die

verlangde posisie trek, en volg met verlangde chirurgie soos die geval bepaal. DHS lewer ook spesiale skoene wat na hierdie proses die baba of kind se voetjie in die regte posisie hou om te voorkom dat dit weer inwaarts

Daar word verwag dat die kind daagliks hierdie

skoene dra tot die ouderdom van 4-5 jaar en dus is dit nodig om steeds aanhoudend op te volg sodat skoene vervang kan word soos die kind se voetjies groei.

se voetjies groei.

Die Allied Health afdeling van die Dr Harry Surtie Hospitaal wil graag die gemeenskap uitnooi om navrae te doen by die Arbeidsterapie en Fisioterapie afdelings by Dr Harry Surtie Hospitaal by 054 332 9239/9124 indien hul bewus is van kinders met misvormde voetjies wat nog nie behandeling ontvang nie.

Hulls eign uit om julle te help en staan gereed.

Hulle sien uit om julle te help en staan gereed om 'n verskil te maak in 'n jong kind/baba se

Hierdie kleinding is deur die terapeute by die DHS Klompvoet Kliniek gehelp. Hier is die voor en na fotos van sy voetjies.

NOTICE: PUBLIC PARTICIPATION PROCESS: NMM HOLDINGS (PTY) LTD PROSPECTING RIGHT APPLICATION

Project Proposal: NMM Holdings (Pty) Ltd has lodged an application to the Department of Mineral Resources (DMR) for a prospecting right for Feldspar, Quartz, Mica, Tantalum, Berylium Ore, Bismuth Ore and Diamonds without bulk sampling in terms of Section 16 and 20 of the Mineral and Petroleum Resource Development Act, 28 of 2002 (MPRDA). Lushika Services (Pty) Lid was appointed as the Environmental Assessment Practitioners (EAP) to conduct the Environmental Impact Assessment (EIA) process.

Location: The applicant intends to prospect for Feldspar, Quartz, Mica, Tantalum, Berylium Ore, Bismuth Ore and Diamonds on Farm Rok Optel 261 Remaining Portion 1, 2, 3, Geitjes Pan 59 Remainder Portion 1, 2, 3, 4; Bastards Pan 259 Remainder Portion 1; Angeliers Pan 260 Remainder Portion 1, 2, 3, 4; Jacomyns Pan 175 Remainder Portion 1, 2, Kombaers Brand 177 Remainder Portion 1, 3, 4, Situated within Namaqualand District, Northern Cape

Application for Environmental Authorization: NMM Holding (Pty) Ltd is required to obtain Environmental Authorization (EA) in support of its prospecting right and has accordingly submitted an application an Environmental Authorization to the DMR on 07th of February 2020 and accepted on the 20th July 2020. The proposed activities will require environmental authorization in terms of the Environmental Impact Assessment (EIA) Regulations (GN No. R324, R325, R326, R327 as amended on 07 April 2017) of the National Environmental Management Act (NEMA) (No. 107 of 1998) as amended. The proposed prospecting activities triggers Activity 20 and 22 of Listing Notice 1 (GN R 327) and based on the triggered activities, the application will be subject to a Basic Assessment Process.

(PPP) must be conducted for any listed activities. An initial Background Information Document provides a sum-mary of the proposed project and EIA process and is available on request from the appointed EAP (Contact Details below)- please contact us in order to receive the document.

Interested and Affected Parties (IAPs) are invited to register and/or provide written comments. All comments should be submitted together with their name, contact details (preferred method of communication e.g. email) and an indication of any direct business, financial, personal or other interest that they may have in the application to the contact person indicated below by 31 August 2020. Once registered IAPs will be informed of further opportunities to comment on the Basic Assessment Reports.

Drie in hegtenis vir onwettige jag

GEMSBOK-KURUMAN: Drie mans is Woensdag deur lede van die Kuruman-eenheid vir openbare orde op die R31-pad gearresteer vir onwettige jag.

Polisiewoordvoerder Brigadier Mohale Ramatseba het gesê dat lede van die openbare orde polisie die pad tussen Kuruman en Hotazel patrolleer toe hulle 'n 'verdagte' wit Ford Ranger-bakkie, waarin die drie mans op pad was, omstreeks 03:00 af getrek het.

"Die polisie het twee koedoes gevind, een gemsbok, een steenbok en 'n jaggeweer terwyl hulle die voertuig deursoek het. Die drie mans is onmiddellik gearresteer en al vier wilde diere, die geweer en die bakkie is gekonfiskeer, "het Ramatseba gesê.

Hy het bygevoeg dat die mans, wat tussen die ouderdomme van 39 en 47 jaar oud is, voor die landdroshof in Kuruman sal verskyn op aanklagte van onwettige jag.

Moordenaar kry 10 jaar

GEMSBOK-KAKAMAS: Pius Salvator April (49 jaar oud) is verlede week deur die Streekshof Kakamas tot 10 jaar gevangenisstraf gevonnis nadat hy

skuldig bevind is op die moord van Nadine Snyers (27 jaar oud) . Die voorval het om 04:00 die oggend op 1 Februarie 2020 in Cillie Kakamas

plaasgevind. plaasgevind.

Nadine en Pius was deel van 'n groep persone wat gedobbel het langs 'n huis in Kanniedoodstraat, Cillie. Hulle het gestry oor 'n R 100 noot, toe Pius 'n mes uitgehaal het en vir Nadine een keer in haar bors gesteek het.

Nadine se familie het met haar gehaas na Kakamas Hospitaal, maar sy is met

die aankoms by die hospitaal dood verklaar.

Pius is onmiddelik gearresteer en later voor die hof gebring.

Die waarnemende distriks komissaris van ZFM Distrik, brigadier JK Besnaar, wens adjudant offisier, Eddie van Rooi, van Kakamas SAPD Speurtak geluk

met die professionele ondersoek en die goeie vonnis as uitslag. Brigadier Besnaar hoop dan ook dat die vonnis 'n boodskap sal uitstuur dat die wat Geslags Gebaseerde Geweldsmisdade pleeg nie in die samelewing hoort nie.

Cape EAPrac
PUBLIC PARTICIPATION PROCESS
AMENDMENT OF ENVIRONMENTAL
AUTHORISATIONS - S x PV DEVELOPMENTS ON
THE RE BLOEMSMOND 455

Notice is hereby given of a Public Participation Process in terms of the National Environmental Management Act (Act No 107 of 1998) and the National Heritage Resources Act (NHRA)(No.25 of 1999).

Applications for the amendments of valid environmental authorisations have been submitted to the National Department of Environment, Forestry and Fisheries for PV energy developments on the remaining extent of the farm Bloemsmond 455.

Proposal: It is the intention of the proponents, as a Renewable Energy Independent Power Producers to amend the Environmental Authorisations for these projects to include 500 Megawatt Hour Battery Energy Storage Facilities within the Authorised footprint.

The procedures for an amendment in terms of Regulation 31 of the 2014 EIA regulations are being followed in this instance.

In order to be registered as an Interested and Affected Party (I&AP), individuals are requested to respond to this notice by submitting their complete contact details and any comment to Cape EAPrac in writing (to address below). Online registration forms and Amendment Assessment Reports are available on the Cape EAPrac website: www.cape-eaprac.co.za. Should any parties not have access to this online platform, they should contact to Cape EAPrac, who will provide an alternative means to access the available information.

REGISTRATION REQUESTS AND COMMENTS MUST BE SUBMITTED IN WRITING

pv-facilities-and-associated-grid-connection/

To all community members – there is a Basic Assessment and Public Participation Process being undertaken by Savannah Environmental for the Geelstert 1 and Geelstert 2 solar PV facilities and the Geelstert Grid Connection project. The projects are located south-east of Aggeneys along the N14. The Basic Assessment Report for each project is available for your review and comment. You can download these from the Savannah Environmental website at www.savannahsa.com.

A 30-day review and comment period for the reports has started and ends on Monday, 21 September 2020.

To obtain further information and register on the project database, please send your name, contact information and interest in the projects to Ronald Baloyi at Savannah Environmental. Call or message Savannah Environmental at 011 656 3237 or on the mobile number 060 978 8396, or send an email to publicprocess@savannahsa.com.
