NOTICE OF BASIC ASSESSMENT AND PUBLIC PARTICIPATION PROCESS

GEELSTERT 1 AND GEELSTERT 2 SOLAR PV FACILITIES AND GEELSTERT GRID CONNECTION NEAR AGGENEYS, NORTHERN CAPE

Proposed Activity: The development of two (2) separate solar photovoltaic (PV) facilities, each with a contracted capacity of up to 125MW. The two solar PV facilities will be connected to the Aggeneys Main Transmission Substation (MTS) through the development of specific grid connection infrastructure with a capacity of up to 220kV.

The infrastructure to be developed for the solar PV facilities include solar PV panels, inverters, underground cabling, on-site facility substation, main access and internal access roads, temporary laydown areas and operation and maintenance buildings.

The grid connection infrastructure to be developed includes a collector substation and an overhead power line.

Location: South-east of Aggeneys within the Khâi-Ma Local Municipality and the Namakwa District Municipality. The two solar PV facilities are positioned adjacent to one another on the Remaining Extent of the Farm Bloemhoek 61, south of the Loop 10 gravel road. The projects fall within the Springbok Renewable Energy Development Zone (or REDZ 8). The grid connection infrastructure will be placed within a grid connection corridor assessed for the project.

Applicant:	Project Name:	Affected Property/ies:
Geelstert Solar Facility 1 (Pty) Ltd	Geelstert 1 (solar PV facility)	Remaining Extent of the Farm Bloemhoek 61
Geelstert Solar Facility 2 (Pty) Ltd	Geelstert 2 (solar PV facility)	Remaining Extent of the Farm Bloemhoek 61
ABO Wind Renewable Energies (Pty) Ltd	Geelstert Grid Connection	Remaining Extent of the Farm Bloemhoek 61 Remaining Extent of the Farm Aggeneys 56 Remaining Extent of Portion 1 of the Farm Aggeneys 56 Portion 2 of the Farm Aggeneys 56 Portion 12 of the Farm Aggeneys 56 Portion 13 of the Farm Aggeneys 56

Basic Assessment Process: In terms of Sections 24 and 24D of the National Environmental Management Act (No 107 of 1998), as read with Government Notice R324 – R327, as amended, and GN R114 (February 2018), a Basic Assessment (BA) is required for each Solar PV Facility and the grid connection. Savannah Environmental is undertaking the required environmental assessment and public participation process for the projects. A separate application for each project has been lodged with the Department of Environmental Affairs (DEA) as the competent authority.

Basic Assessment Reports available for review and comment: The BA Reports are available for download, review and comment on the Savannah Environmental website. Visit our online stakeholder engagement platform at: www.savannahsa.com/public-documents/energy-generation/.

The 30-day review and comment period for the BA Reports is from, 17 August 2020 until 16 September 2020. The final date to submit comments is 16 September 2020.

Babas met klompvoetjies kry behandeling by Dr Harry Surtie Hospitaal

GEMSBOK-UPINGTON: By Dr Harry Surtie Hospitaal op Upington is dienste vir babas en kinders met klompvoetjies beskikbaar!

Ongeveer 2000 babas met klompvoete word elke jaar gebore in Suid-Afrika.

'n Klompvoet is 'n misvormde voet wat inwaarts gedraai is wat veroorsaak dat die sool nie plat op die vloer kan trap nie.

Klompvoete kan in een of albei voete voorkom.

'n Baba met klompvoete sal sukkel om te begin loop omdat die voetjies nie plat op die vloer kan trap om gewig daardeur te neem nie.

Indien hierdie diagnose nie vroeg reeds behandel word nie, kan die voetjies styf raak in die misvormde posisie wat effektiewe loop en hardloop op 'n latere stadium byna onmoontlik maak.

En natuurlik hoe vroeër 'n baba of kind behandeling ontvang vir klompvoete, hoe beter is die kans op instandhouding van funksie in die voetjies. By Dr Harry Surtie

Hospitaal is dienste vir hierdie babas/ kinders beskikbaar!

Hulle het 'n weeklikse Klompvoet Kliniek op Donderdae vanaf 09:00 – 12:00 waar die Ponsetti metode gebruik word om hierdie voetjies te behandel.

Behandeling begin met weeklikse gips van die voetjie wat geleidelik die stywe voetjie in die verlangde posisie trek, en volg met verlangde chirurgie soos die geval bepaal.

DHS lewer ook spesiale skoene wat na hierdie prosedure van kind se voetjies in die regte posisie hou om te voorkom dat dit weer inwaarts trek.

Daar word verwag dat die kind daaglik hierdie

skoene dra tot die ouderdom van 4-5 jaar en dus is dit nodig om steeds aanhoudend op te volg sodat skoene vervang kan word soos die kind se voetjies groei.

Die Allied Health afdeling van die Dr Harry Surtie Hospitaal wil graag die gemeenskap uitnooi om navrae te doen by die Arbeidsterapie en Fisioterapie afdelings by Dr Harry Surtie Hospitaal by 054 332 9239/9124 indien hul bewys is van kinders met misvormde voetjies wat nog nie behandeling ontvang nie.

Hulle sien uit om julle te help en staan gereed om 'n verskil te maak in 'n jong kind/baba se toekoms.

Hierdie kleinding is deur die terapeute by die DHS Klompvoet Kliniek gehelp. Hier is die voor en na fotos van sy voetjies.

Leerders bly so veilig

GEMSBOK-POFADDER: Om die veiligheid van gemeenskapsleerders te verseker, het Konkoonies Solar Power meer as 500 maskers aan leerders oor drie skole in die klein dorpie Pella en Pofadder geskenk.

In 'n gekoördineerde poging met die Namakwa-distriktkantoor in Springbok, het die sonkraanleë ook 'n uitgebreide reeks sanitiseerders vir die skole voorsien.

"Ons beskou dit as krities dat leerders uit ons gemeenskappe so veilig as moontlik is, veral omdat COVID-19-infeksies toeneem in die Noord-Kaapse gebiede," het Tsholofelo Moote, ekonomiese ontwikkelingspraktisyn by Konkoonies Solar Power, verduidelik.

Die skole sluit in Pella Primêr, Hoërskool Boesmanland asook Laerskool Francois Visser. Hierdie gemeenskaps COVID-19-ondersteuning, gelewer deur Konkoonies Solar Power, is nog 'n voorbeeld van hoe die provinsie broodnodige hulp van die private sektor ontvang.

Mev. Clarina van Rooyen, hoof van Hoërskool Boesmanland in Pofadder het die maskers en sanitiseerders wat deur Konkoonies Solar Power geskenk is, ontvang.

MUNISIPALITEIT KHAI MA MUNICIPALITY

KENNISGEWING: 14/2020

VOORGESTELDE VERKOOP VAN MUNISIPALE ERWE BEHUISING PROJEK 198, POFADDER

Geen regte sal gevestig word voor die ondertekening van 'n kontrak en betaling van die volle koopprijs deur albei partye nie. Hierdie geleentheid is slegs vir eerste keer kopers vir inwoners van Khai-Ma reggebied.

Enige bewaer, met volledige redes daarvoor, moet skriftelik by die Munisipale Bestuurder, Posbus 108, Pofadder, 8890 ingedien word voor of op 30 Augustus 2020 met vermelding van bogenoemde wetgewing en beswaarmaker se ernomer. Enige kommentaar of beswaar wat na die voorgenemde sluitingsdatum ontvang word, sal nie in aanmerking geneem word nie. Enige navrae kan gerig word aan die Behuising afdeling, by telefoonnommer (054) 9331023 of faksnommer (054) 9330552.

Ingevolge artikel 21(4) van die Plaaslike Regering: Wet op Munisipale Stelsels, 2000 (Wet 32 van 2000) word kennis hiermee gegee dat persone wat nie kan skryf nie, die Afdeling Behuising kan nader tydens kantoorure, waar 'n munisipale amptenaar u behulpzaam sal wees om u kommentaar of beswaar op skrif te stel.

MNR O ISACAS MUNISIPALE BESTUURDER / MUNICIPAL MANAGER

NOTICE: 14/2020

PROPOSED SALE OF MUNICIPAL PLOTS IN RESTANT 1 HOUSING PROJECT 198, POFADDER

Notice is hereby given in terms of the Local Government: Municipal Finance Management Act, 2003 (Act 56 of 2003) read with the Asset Transfer Regulations, R878 of 2008, the Promotion of Administrative Justice Act, 2000 (Act 3 of 2000) as well as the Local Government: Municipal Systems Act, 2000 (Act 32 of 2000) that the Council of the Khai-Ma Municipality intends to sell of 40 Plots in Pofadder Restant 1 at a price of R40,000.00 (VAT included) per unit. The said property is not needed for basic municipal services and will be used for residential use. No rights will be vested prior to the cash sales agreement being signed by both parties. This opportunity is only for first time customers from the Khai-Ma Municipal area.

Any objections with full reasons must be lodged in writing to the Municipal Manager, P.O. Box 108, Pofadder, 8890 on or before 30 August 2020, quoting the above legislation and objector's erf number. Any comment or objection received after the above-mentioned closing date will not be taken into consideration. Any enquiries in this regard may be directed to the Housing Division at telephone number (054) 9331023 or fax number (054) 9330552.

In terms of section 21(4) of the Local Government: Municipal Systems Act, 2000 (Act 32 of 2000) notice is hereby given that people who cannot write may approach the Housing Department during office hours, where a municipal official will assist you in putting your comments or objections in writing.

NOTICE: PUBLIC PARTICIPATION PROCESS: NMM HOLDINGS (PTY) LTD PROSPECTING RIGHT APPLICATION

DMR REFERENCE NUMBER: NC 30/51/1/2/12548 PR

Project Proposal: NMM Holdings (Pty) Ltd has lodged an application to the Department of Mineral Resources (DMR) for a prospecting right for Feldspar, Quartz, Mica, Tantalum, Beryllium Ore, Bismuth Ore and Diamonds without bulk sampling in terms of Section 16 and 20 of the Mineral and Petroleum Resource Development Act, 28 of 2002 (MPRDA). Lushika Services (Pty) Ltd was appointed as the Environmental Assessment Practitioners (EAP) to conduct the Environmental Impact Assessment (EIA) process.

Location: The applicant intends to prospect for Feldspar, Quartz, Mica, Tantalum, Beryllium Ore, Bismuth Ore and Diamonds on Farm Rok Optel 261 Remaining Portion 1, 2, 3; Geitjies Pan 59 Remainder Portion 1, 2, 3, 4; Bastards Pan 259 Remainder Portion 1; Angeliens Pan 260 Remainder Portion 1, 2, 3, 4; Jacomyns Pan 175 Remainder Portion 1, 2; Kombeers Brand 177 Remainder Portion 1, 3, 4, Situated within Namaqualand District, Northern Cape Province.

Application for Environmental Authorization: NMM Holding (Pty) Ltd is required to obtain Environmental Authorization (EA) in support of its prospecting right and has accordingly submitted an application an Environmental Authorization to the DMR on 07th of February 2020 and accepted on the 20th July 2020. The proposed activities will require environmental authorization in terms of the Environmental Impact Assessment (EIA) Regulations (GN No. R324, R325, R326, R327 as amended on 07 April 2017) of the National Environmental Management Act (NEMA) (No. 107 of 1998) as amended. The proposed prospecting activities triggers Activity 20 and 22 of Listing Notice 1 (GN R 327) and based on the triggered activities, the application will be subject to a Basic Assessment Process.

Opportunity to participate: Chapter 6 of NEMA requires that a full and transparent Public Participation Process (PPP) must be conducted for any listed activities. An initial Background Information Document provides a summary of the proposed project and EIA process and is available on request from the appointed EAP (Contact Details below)- please contact us in order to receive the document.

Interested and Affected Parties (IAPs) are invited to register and/or provide written comments. All comments should be submitted together with their name, contact details (preferred method of communication e.g email) and an indication of any direct business, financial, personal or other interest that they may have in the application to the contact person indicated below by 31 August 2020. Once registered IAPs will be informed of further opportunities to comment on the Basic Assessment Reports.

- Verkeislik Namibiese Burgerskap
- Kode EC (14) swaarvoertuiglisensie sal as aanbeveling dien.

The Working Earth 08-22505

NOTICE OF BASIC ASSESSMENT AND PUBLIC PARTICIPATION PROCESS

GEELSTERT 1 AND GEELSTERT 2 SOLAR PV FACILITIES AND GEELSTERT GRID CONNECTION NEAR AGGENEYS, NORTHERN CAPE

Proposed Activity: The development of two (2) separate solar photovoltaic (PV) facilities, each with a contracted capacity of up to 125MW. The two solar PV facilities will be connected to the Aggeneys Main Transmission Substation (MTS) through the development of specific grid connection infrastructure with a capacity of up to 220kV.

The infrastructure to be developed for the solar PV facilities include solar PV panels, inverters, underground cabling, on-site facility substation, main access and internal access roads, temporary laydown areas and operation and maintenance buildings.

The grid connection infrastructure to be developed includes a collector substation and an overhead power line.

Location: South-east of Aggeneys within the Khâi-Ma Local Municipality and the Namakwa District Municipality. The two solar PV facilities are positioned adjacent to one another on the Remaining Extent of the Farm Bloemhoek 61, south of the Loop 10 gravel road. The projects fall within the Springbok Renewable Energy Development Zone (or REDZ 8). The grid connection infrastructure will be placed within a grid connection corridor assessed for the project.

Applicant:	Project Name:	Affected Property/ies:
Geelstert Solar Facility 1 (Pty) Ltd	Geelstert 1 (solar PV facility)	Remaining Extent of the Farm Bloemhoek 61
Geelstert Solar Facility 2 (Pty) Ltd	Geelstert 2 (solar PV facility)	Remaining Extent of the Farm Bloemhoek 61
ABO Wind Renewable Energies (Pty) Ltd	Geelstert Grid Connection	Remaining Extent of the Farm Bloemhoek 61 Remaining Extent of the Farm Aggeneys 56 Remaining Extent of Portion 1 of the Farm Aggeneys 56 Portion 2 of the Farm Aggeneys 56 Portion 12 of the Farm Aggeneys 56 Portion 13 of the Farm Aggeneys 56

Basic Assessment Process: In terms of Sections 24 and 24D of the National Environmental Management Act (No 107 of 1998), as read with Government Notice R324 – R327, as amended, and GN R114 (February 2018), a Basic Assessment (BA) is required for each Solar PV Facility and the grid connection. Savannah Environmental is undertaking the required environmental assessment and public participation process for the projects. A separate application for each project has been lodged with the Department of Environmental Affairs (DEA) as the competent authority.

Basic Assessment Reports available for review and comment: The BA Reports are available for download, review and comment on the Savannah Environmental website. Visit our online stakeholder engagement platform at: <https://www.savannahsa.com/public-documents/energy-generation/geelstert-1-and-geelstert-2-solar-pv-facilities-and-associated-grid-connection/>

The 30-day review and comment period for the BA Reports is from, **Thursday, 20 August 2020** until **Monday, 21 September 2020**. The final date to submit comments is **Monday, 21 September 2020**.

PLEASE NOTE: The 30-day review and comment period for the above-mentioned projects was advertised in the Gemsbok Newspaper, dated Wednesday, 12 August 2020. This notification provides the updated 30-day review and comment period dates for the projects.

Drie in hegtenis vir onwettige jag

GEMSBOEK-KURUMAN: Drie mans is Woensdag deur lede van die Kuruman-eenheid vir openbare orde op die R31-pad gearrester vir onwettige jag.

Polisiewoordvoerder Brigadier Mohale Ramatseba het gesê dat lede van die openbare orde polisie die pad tussen Kuruman en Hotazel patroleer toe hulle 'n 'verdagte' wit Ford Ranger-bakkie, waarin die drie mans op pad was, omstreeks 03:00 af getrek het.

"Die polisie het twee koedoes gevind, een gemsbok, een steenbok en 'n jaggeweer terwyl hulle die voertuig deursoek het. Die drie mans is onmiddellik gearrester en al vier wilde diere, die geweer en die bakkie is gekonfiskeer," het Ramatseba gesê.

Hy het bygevoeg dat die mans, wat tussen die ouderdomme van 39 en 47 jaar oud is, voor die landdroshof in Kuruman sal verskyn op aanklagte van onwettige jag.

Moordenaar kry 10 jaar

GEMSBOEK-KAKAMAS: Pius Salvator April (49 jaar oud) is verlede week deur die Streeks Hof Kakamas tot 10 jaar gevangenisstraf gevonnis nadat hy skuldig bevind is op die moord van Nadine Snyers (27 jaar oud).

Die voorval het om 04:00 die oggend op 1 Februarie 2020 in Cillie Kakamas plaasgevind.

Nadine en Pius was deel van 'n groep persone wat gedobbel het langs 'n huis in Kanniedoodstraat, Cillie. Hulle het gestry oor 'n R 100 noot, toe Pius 'n mes uitgehaal het en vir Nadine een keer in haar bors gestek het.

Nadine se familie het met haar gehaas na Kakamas Hospitaal, maar sy is met die aankoms by die hospitaal dood verklaar.

Pius is onmiddellik gearrester en later voor die hof gebring.

Die waarnemende distriks kommissaris van ZFM Distrik, brigadier JK Besnaar, wens adjutant offisier, Eddie van Rooi, van Kakamas SAPD Speurtak geluk met die professionele ondersoek en die goeie vonnis as uitslag.

Brigadier Besnaar hoop dan ook dat die vonnis 'n boodskap sal uitstuur dat die wat Geslags Gebaseerde Geweldsmisdade pleeg nie in die samelewing hoort nie.

Die waarnemende distriks kommissaris van ZFM Distrik, brigadier JK Besnaar, wens adjutant offisier, Eddie van Rooi, van Kakamas SAPD Speurtak (op die foto) geluk met die professionele ondersoek en die goeie vonnis as uitslag.

Kan u help?

NOTICE OF BASIC ASSESSMENT AND PUBLIC PARTICIPATION PROCESS GEELSTERT 1 AND GEELSTERT 2 SOLAR PV FACILITIES AND GEELSTERT GRID CONNECTION NEAR AGGENEYS, NORTHERN CAPE

Proposed Activity: The development of two (2) separate solar photovoltaic (PV) facilities, each with a contracted capacity of up to 125MW. The two solar PV facilities will be connected to the Aggeneys Main Transmission Substation (MTS) through the development of specific grid connection infrastructure with a capacity of up to 220kV.

The infrastructure to be developed for the solar PV facilities include solar PV panels, inverters, underground cabling, on-site facility substation, main access and internal access roads, temporary laydown areas and operation and maintenance buildings.

The grid connection infrastructure to be developed includes a collector substation and an overhead power line.

Location: South-east of Aggeneys within the Khâ-Ma Local Municipality and the Namakwa District Municipality. The two solar PV facilities are positioned adjacent to one another on the Remaining Extent of the Farm Bloemhoek 61, south of the Loop 10 gravel road. The projects fall within the Springbok Renewable Energy Development Zone (or REDZ 8). The grid connection infrastructure will be placed within a grid connection corridor assessed for the project.

Applicant:	Project Name:	Affected Properties:
Geelster Solar Facility 1 (Pty) Ltd	Geelster 1 (solar PV facility)	Remaining Extent of the Farm Bloemhoek 61
Geelster Solar Facility 2 (Pty) Ltd	Geelster 2 (solar PV facility)	Remaining Extent of the Farm Bloemhoek 61
ABO Wind Renewable Energies (Pty) Ltd	Geelster Grid Connection	Remaining Extent of the Farm Bloemhoek 61 Remaining Extent of the Farm Aggeneys 56 Remaining Extent of Portion 1 of the Farm Aggeneys 56 Portion 2 of the Farm Aggeneys 56 Portion 12 of the Farm Aggeneys 56 Portion 13 of the Farm Aggeneys 56

Basic Assessment Process: In terms of Sections 24 and 24D of the National Environmental Management Act (No 107 of 1998), as read with Government Notice R324 – R327, as amended, and GN R114 (February 2018), a Basic Assessment (BA) is required for each Solar PV Facility and the grid connection. Savannah Environmental is undertaking the required environmental assessment and public participation process for the projects. A separate application for each project has been lodged with the Department of Environmental Affairs (DEA) as the competent authority.

Basic Assessment Reports available for review and comment: The BA Reports are available for download, review and comment on the Savannah Environmental website. Visit our online stakeholder engagement platform at: <https://www.savannahsa.com/public-documents/energy-generation/geelster-1-and-geelster-2-solar-pv-facilities-and-associated-grid-connection/>

The 30-day review and comment period for the BA Reports is from, **Thursday, 20 August 2020 until Monday, 21 September 2020**. The final date to submit comments is **Monday, 21 September 2020**.

PLEASE NOTE: The 30-day review and comment period for the above-mentioned projects was advertised in the Gembok Newspaper, dated Wednesday, 12 August 2020. This notification provides the updated 30-day review and comment period dates for the projects.

To obtain further information and register on the project database, please submit your name, contact information and interest in the project to:

Cape EAPrac PUBLIC PARTICIPATION PROCESS AMENDMENT OF ENVIRONMENTAL AUTHORISATIONS – 5 x PV DEVELOPMENTS ON THE RE BLOEMSDOND 455

Notice is hereby given of a Public Participation Process in terms of the National Environmental Management Act (Act No 107 of 1998) and the National Heritage Resources Act (NHRA)(No.25 of 1999).

Applications for the amendments of valid environmental authorisations have been submitted to the National Department of Environment, Forestry and Fisheries for five PV energy developments on the remaining extent of the farm Bloemmond 455.

Proponents: AEP Bloemmond 1 Solar (Pty) Ltd, AEP Bloemmond 2 Solar (Pty) Ltd, Bloemmond 3 (Pty) Ltd, Bloemmond 4 (Pty) Ltd & Bloemmond 5 (Pty) Ltd.
Environmental Consultant: Cape EAPrac

Proposal: It is the intention of the proponents, as a Renewable Energy Independent Power Producers to amend the Environmental Authorisations for these projects to include 500 Megawatt Hour Battery Energy Storage Facilities within the Authorised footprint.

The procedures for an amendment in terms of Regulation 31 of the 2014 EIA regulations are being followed in this instance.

In order to be registered as an Interested and Affected Party (I&AP), individuals are requested to respond to this notice by submitting their complete contact details and any comment to Cape EAPrac in writing (to address below). Online registration forms and Amendment Assessment Reports are available on the Cape EAPrac website: www.cape-eaprac.co.za. Should any parties not have access to this online platform, they should contact to Cape EAPrac, who will provide an alternative means to access the available information.

SLUITINGS DATUM VIR AANSOKE IS VRYDAG, 28 AUGUSTUS 2020

Kandidate wat geen terugvoering binne drie weke na bogenoemde sluitingsdatum ontvang nie, kan hul aansoek as onsuksesvol beskou.

LIVE READ / RADIO ADVERT

To all community members – there is a Basic Assessment and Public Participation Process being undertaken by Savannah Environmental for the Geelstert 1 and Geelstert 2 solar PV facilities and the Geelstert Grid Connection project. The projects are located south-east of Aggeneys along the N14. The Basic Assessment Report for each project is available for your review and comment. You can download these from the Savannah Environmental website at www.savannahsa.com.

A 30-day review and comment period for the reports has started and ends on **Monday, 21 September 2020**.

To obtain further information and register on the project database, please send your name, contact information and interest in the projects to Ronald Baloyi at Savannah Environmental. Call or message Savannah Environmental at 011 656 3237 or on the mobile number 060 978 8396, or send an email to publicprocess@savannahsa.com.
