Attachments: Kuruman Cluster DSR Notification 31.03.2016.pdf
Importance: High

Hi Lisa

Thank you for the call. Please note a correction to my initial request. It should read that the developer or applicant should please conduct a Traffic impact assessment. The report should then be shared with SANRAL.

Regards
Nicole

Dear Ms Wood

I would herewith like to register as IAP for the below listed project.

At this stage SANRAL would require to conduct a traffic impact assessment and make the recommendations of that study available. The development is rather big in size and we definitely have to look at the access.

I trust that you will find the above in order.

Regards

Subject: EIA PROCESS - METALS INDUSTRIAL CLUSTER AND ASSOCIATED INFRASTRUCTURE NEAR KURUMAN, NORTHERN CAPE PROVINCE - NOTIFICATION OF AVAILABILITY OF SCOPING REPORT FOR REVIEW

Dear Stakeholder

The Northern Cape Department of Economic Development and Tourism propose the construction of a Metals Industrial Cluster (hereafter referred to as the Cluster) on ERF 6253 (Portion of ERF 1) ~2km south east from the town of Kuruman. The proposed site falls under the jurisdiction of the Ga-Segonyana Local Municipality and within the greater John Taolo Gaetsewe District Municipality in the Northern Cape Province. The Cluster is planned to be an industrial park anchored around steel and metals manufacturing while allowing for other related industries to be located and operate within the Cluster.

Savannah Environmental has been appointed as the independent environmental consultant to undertake the required Scoping and EIA assessments required for the project. A Scoping Report for the proposed project has been prepared by Savannah Environmental and is available for review. The review period is from 1 April 2016 – 4 May 2016. Please refer to the attached notification letter for further details in this regard.

Kind regards

Mrs Gabriele Wood

Dear Sir/Madam

ENVIRONMENTAL IMPACT ASSESSMENT PROCESS FINAL SCOPING REPORT FOR THE METAL INDUSTRIAL CLUSTER NEAR KURUMAN, NORTHERN CAPE.

The final scoping report for environmental impact assessment which was submitted by you in respect of the above mentioned application and received by the Department on 23 May 2016 has been accepted by the Department. You may accordingly proceed with undertaking the Environmental Impact Assessment in accordance with the tasks that are outlined in the plan of study for environmental impact assessment. However:

- Please address concerns raised by the representative of El Dorado Hotel.
- As part of need and desirability please look into the feasibility of the project, bearing in mind that there is a current industrial area within the same location that is under-utilized.

Please draw the applicant attention to the fact that the activity may not commence prior to an environmental authorization being granted by the Department.

Yours faithfully

Ordain Riba

Subject: EIA PROCESS - METALS INDUSTRIAL CLUSTER NEAR KURUMAN - NORTHERN CAPE PROVINCE NOTIFICATION OF AVAILABILITY OF EIA REPORT

Dear Stakeholder

The Northern Cape Department of Economic Development and Tourism propose the establishment of a Metals Industrial Cluster on Portion 6253 of Erf 1 located ~2km south east of the town of Kuruman and ~1km south west of Wrenchville. The Metals Industrial Cluster is planned to be a semi-industrial and industrial park that will include a variety of businesses and enterprises relating predominantly to the industrial sector (but also including entities from other supporting sectors such as IT and retail), with varying function and nature of production (i.e. ranging from light to heavy industry). The proposed project site falls under the jurisdiction of the Ga-Segonyana Local Municipality and within the greater John Taolo Gaetsewe District Municipality in the Northern Cape Province. The full extent of the project site (~47 ha in extent) is planned to be developed and utilised for the Metals Industrial Cluster.

The overarching objective of the Metals Industrial Cluster is to diversify economic activities and encourage development in the Northern Cape Province while maximising metals-related production through the development of a cluster with competitive but complimentary industries. In terms of Sections 24 and 24D of the National Environmental Management Act (Act No 107 of 1998), as read with Government Notices R982 to GN R985; an EIA process is being undertaken for this proposed project. The Northern Cape Department of Environment and Nature Conservation (DENC) is the competent authority. An EIA Report for the proposed project has been prepared by Savannah Environmental and is available for review. Please refer to the attached notification letter for further details in this regard.

Kind regards

Mrs Gabriele Wood
