Subject: Site Notice – Environmental Impact Assessment

- AEONIK FARMS SEQUOIA (PTY) LTD - Portion 5 of the Farm Duma 201 JU

Please find below some concerns raised by Terblanche Orange (Pty) Ltd on the intended clearing of Portion 5 of the Farm Duma 201 JU.

- The current usage of the farm is for wildlife.
- The plan is clear the farm for citrus and macadamia production
- The supply of water to Portion 5 of the Farm Duma 201 JU is limited:
  - There is only very small dam on the farm, the dam is full for the first time in 15 years after some good rain in the region.
  - There is limited water rights (6HA) from the Crocodile river
- Access the Farm Duma 201 JU is also limited to a Eskom servitude road which will be problematic when they need to start transporting the harvest.

If I can be of further assistance, please feel free to contact me by phone or email to discuss.

Yours sincerely,

A handwritten signature in black ink, appearing to read 'JJ Terblanche', written over a horizontal line.
