RICHTRAU NO. 123 (PTY) LTD**

**BAKGATLA-BA-KGAFELA ENVIRONMENTAL ASSESSMENTS BRIEFING AND COMMUNITY
CONSULTATION METHODOLOGY MEETING**

DATE	14h00, 12 December 2012
VENUE:	BaKgatla-Ba-Kgafela Boardroom
PROJECT:	Environmental assessments briefing and consultation process for various mining related projects
SLR COMPANY:	SLR Consulting (Africa)
PROJECT NUMBER:	B001-03 and B007-19
PURPOSE:	The purpose of the scoping meeting was to: <ul style="list-style-type: none">• outline the proposed projects and environmental process;• raise and record environmental issues; and• agree on the consultation process to be followed and the way forward.
ATTENDANCE:	Mr Kobedi Pilane (BBKTA) Dr Mishack Molohe (BBKTA) Mr Mmusi Masilo (BBKTA) Mr Hylton Allison (SLR) Ms Stella Moeketse (SLR)

1. OPEN AND INTRODUCTION

The meeting was opened by Hylton Allison of SLR Consulting (Africa) (Pty) Ltd (SLR) (previously known as Metago Environmental Engineers (Pty) Ltd). Hylton Allison introduced himself and Stella Moeketse (SLR).

SLR is an independent environmental consulting company appointed by PPM, Itereleng Bakgatla Mineral Resources (Pty) Ltd (IBMR) and Richtrau to undertake an environmental assessment for the proposed projects. A copy of the background information document (BID) was provided to all meeting attendees.

2. PRESENTATIONS

Hylton Allison gave an outline of the proposed projects and the environmental authorisation process being followed as described in the presentation and presented the proposed public consultation process to be followed. Copies of the presentation distributed at the meeting is attached in Appendix 2.

3. DISCUSSION

All the issues that were raised in the meeting have been recorded in Table 1 below. Where a response was provided this has also been included in the table. Given the nature of this meeting, not all questions could be answered during the meeting.

All the issues have been recorded and will be addressed in the environmental impact assessment (EIA) process.

TABLE 1: RECORD OF ISSUES RAISED AND RESPONSES GIVEN

Issue raised	By whom	Response (given by the project team unless stated otherwise)
Process Related Issues		
We are aware that there is an issue with regards to the community of Lesetlheng and some of the land owners.	Dr Mishack Molope	<p>SLR will have to engage with the Lesetlheng community and the affected landowners as part of the consultation phase.</p> <p>In terms Section 54 (2) (b) of National Environment Management Act, 107 of 1998, SLR will be notifying the following IAPs of the project in writing:</p> <ul style="list-style-type: none"> • the owner or person in control of the land • occupiers of the land • owners and occupiers of the land adjacent to the site <p>Failure to meet these requirements will constitute a fatal flaw to the project resulting in delays and/or application rejection</p>
Will we receive the minutes of this meeting?	Mr Kobedi Pilane	Minutes of the meetings will be included as an appendix in the Scoping Report and a copy will be circulated to the BBKTA.
Who will be consulted?	Dr Mishack Molope	BBKTA/ BBKTC, MKLM/ BPDM, municipal and traditional ward councillors, Kgosanas, surrounding industry/ mines, NGOs and interest groups, land owners/ occupiers/ users surrounding communities (including and not limited to; Ngweding, Motlhabane, Ntswana-le-Metsing, Magalane, Magong, Legkraal Bofule, Ramasedi, Lesetlheng, Lekutung, Lesobeng, Kgamatha, Moruleng) and relevant government authorities.
How will communities be consulted?		<p>The BBKTA will be notified in the process and the communities notified as follows:</p> <ul style="list-style-type: none"> • newspaper adverts • background information documents • site notices & loud-hailing • bulk sms' • meetings • flyers • reports
The last meeting of the year for the BBKTC, and this includes the kgosana's for each of the affected communities, is taking place on the 14 December 2011.	Mr Kobedi Pilane and Dr Mishack Molope	SLR agreed to the slot provided by the BBKTA and give a presentation at the meeting on 14/12/2012

4. THE WAY FORWARD

- Hylton Allison explained that all this meetings and the forthcoming issues will be captured and those that need to addressed by PPM, IBMR and Richtrau will be forwarded to PPM, IBMR and Richtrau for their response in the EIA process;
- Copies of the scoping and EIA/EMP reports and both English and Setswana summaries will be made available for public review and comments;
- All the registered IAPs will be asked to provide SLR with their postal addresses and/or e-mail addresses will receive copies of the summaries which will inform them where full scoping and EIA/EMP reports can be reviewed; and
- All the registered IAPs who provide SLR with their postal addresses and/or e-mail addresses will receive notification of the record of decision.

5. CLOSE

The meeting was closed by Hylton Allison.

CONSULTATION METHODOLOGY BRIEFING MEETING**

DATE	10h00, 14 December 2012
VENUE:	BaKgatla-Ba-Kgafela Hall
PROJECT:	Environmental assessments briefing and consultation process for various mining related projects
SLR COMPANY:	SLR Consulting (Africa)
PROJECT NUMBER:	B001-03 and B007-19
PURPOSE:	The purpose of the scoping meeting was to: <ul style="list-style-type: none">• outline the proposed projects and environmental process;• raise and record environmental issues; and• agree on the consultation process to be followed and the way forward.
ATTENDANCE:	Dr Mishack Molohe (BBKTA) Mr Mmusi Masilo (BBKTA) Mr Hylton Allison (SLR) Ms Victoria Tucker (SLR) Ms Stella Moeketse (SLR) See Appendix 1 for the remainder

1. OPEN AND INTRODUCTION

The meeting was opened by Dr Mishack Molohe, who introduced Hylton Allison of SLR Consulting (Africa) (Pty) Ltd (SLR) (previously known as Metago Environmental Engineers (Pty) Ltd). Hylton Allison introduced himself, Victoria Tucker (SLR) and Stella Moeketse (SLR). Dr Mishack Molohe indicated that SLR would take up the first time slot in the meeting to briefly introduce the environmental assessments and community consultation methodology to take place in 2012.

SLR is an independent environmental consulting company appointed by PPM, Itereleng Bakgatla Mineral Resources (Pty) Ltd (IBMR) and Richtrau to undertake an environmental assessment for the proposed projects. A copy of the background information document (BID) was provided to all meeting attendees.

2. PRESENTATIONS

Hylton Allison gave an outline of the proposed projects and the environmental authorisation process being followed as described in the presentation and presented the proposed public consultation process to be followed. A copy of the presentation is attached in Appendix 2.

3. DISCUSSION

All the issues that were raised in the meeting have been recorded in Table 1 below. Where a response was provided this has also been included in the table. Given the nature of this meeting, not all questions could be answered during the meeting.

All the issues have been recorded and will be addressed in the environmental impact assessment (EIA) process.

TABLE 1: RECORD OF ISSUES RAISED AND RESPONSES GIVEN

Issue raised	By whom	Response (given by the project team unless stated otherwise)
Process Related Issues		
Will we receive the minutes of this meeting?	Dr Mishack Molope	Minutes of the meetings will be included as an appendix in the Scoping Report and a copy will be circulated to the BBKTA.
Who will be consulted?		BBKTA/ BBKTC, MKLM/ BPDM, municipal and traditional ward councillors, Kgosanas, surrounding industry/ mines, NGOs and interest groups, land owners/ occupiers/ users surrounding communities (including and not limited to; Ngweding, Motlhabe, Ntswana-le-Metsing, Magalane, Magong, Legkraal Bofule, Ramasedi, Lesetlheng, Lekutung, Lesobeng, Kgathata, Moruleng) and relevant government authorities.
How will communities be consulted?		The BBKTA will be notified in the process and the communities notified as follows: <ul style="list-style-type: none"> • newspaper adverts • background information documents • site notices & loud-hailing • bulk sms' • meetings • flyers • reports
We are aware of this project as we have indicated in previous meetings that we want water for our communities	Thibane Pilane Mothlabe	Dr Molope responded that the kgosanas were in favour of this project and that they would assist with communications with their respective communities.
Thank you for briefing the BBKTC and the kgosana's for each of the affected communities at this meeting.	Dr Mishack Molope	SLR ended their presentation

4. THE WAY FORWARD

- Hylton Allison explained that all this meetings and the forthcoming issues will be captured and those that need to be addressed by PPM, IBMR and Richeau will be forwarded to PPM, IBMR and Richeau for their response in the EIA process;
- Copies of the scoping and EIA/EMP reports and both English and Setswana summaries will be made available for public review and comments;
- All the registered IAPs will be asked to provide SLR with their postal addresses and/or e-mail addresses will receive copies of the summaries which will inform them where full scoping and EIA/EMP reports can be reviewed; and

- All the registered IAPs who provide SLR with their postal addresses and/or e-mail addresses will receive notification of the record of decision.

5. CLOSE

The meeting was closed by Hylton Allison.

ITERELENG BAKGATLA MINERAL RESOURCES (PTY) LTD
RICHTRAU NO. 123 (PTY) LTD**

**BAKGATLA-BA-KGAFELA ENVIRONMENTAL ASSESSMENTS BRIEFING AND CONSULTATION
BRIEFING AND COMMUNITY CONSULTATION METHODOLOGY MEETING**

DATE	10h00, 21 December 2012
VENUE:	Moses Kotane Boardroom
PROJECT:	Environmental assessments briefing and consultation process for various mining related projects
SLR COMPANY:	SLR Consulting (Africa)
PROJECT NUMBER:	B001-03 and B007-19
PURPOSE:	The purpose of the scoping meeting was to: <ul style="list-style-type: none">• outline the proposed projects and environmental process;• raise and record environmental issues; and• agree on the consultation process to be followed and the way forward.
ATTENDANCE:	See Appendix 1

1. OPEN AND INTRODUCTION

Mr Thomas Manganye (Moses Kotane Local Municipality (MKLM) opened the meeting and introduced her worship the Mayor (Ms Fetsang Mokati-Thebe) and welcomed all the attendees.

The meeting was continued by Dean Riley of Pilanesberg Platinum Mine (Pty) Ltd's management team and he introduce the rest of the PPM team as well as Hylton Allison of SLR Consulting (Africa) (Pty) Ltd (SLR) (previously known as Metago Environmental Engineers (Pty) Ltd). Hylton Allison introduced himself and Stella Moeketse (SLR).

SLR is an independent environmental consulting company appointed by PPM, Itereleng Bakgatla Mineral Resources (Pty) Ltd (IBMR) and Richtrau to undertake an environmental assessment for the proposed projects. A copy of the background information document (BID) was provided to all meeting attendees.

2. PRESENTATIONS

Dean Riley gave a technical outline of the proposed projects and the environmental authorisation process being followed as described in the presentation and presented the proposed public consultation process to be followed. A copy of the presentation handed to MKLM is attached in Appendix 2.

3. DISCUSSION

All the issues that were raised in the meeting have been recorded in Table 1 below. Where a response was provided this has also been included in the table. Given the nature of this meeting, not all questions could be answered during the meeting.

All the issues have been recorded and will be addressed in the environmental impact assessment (EIA) process.

TABLE 1: RECORD OF ISSUES RAISED AND RESPONSES GIVEN

Issue raised	By whom	Response (given by the project team unless stated otherwise)
Process Related Issues		
Is the Tuschenkomst water supply part of these proposed projects?	Dotty Tlabanye	No, the water supply project does not form part of the projects under discussion today.
Will we receive the minutes of this meeting?	Thomas Manganye	Minutes of the meetings will be included as an appendix in the Scoping Report.
When will the community meetings be held?	Ms Fetsang Mokati-Thebe	They will be held between the middle of February and the middle of March 2012. SLR will notify this office.
This office and MKLM will assist where possible in notifying the communities of these meetings through the necessary structures.	Trevor Mothuloe	Popo Gumede thanked MKLM for their offer.
Technical Related Issues		
Would the mayor's office provide SLR with the updated contact details for the ward councillors? Invitations to the meetings will be sent to this office.	Hylton Allison	Trevor Mothuloe indicated that this would be possible.
Surface Water Related Issues		
What capacity of water will the pit hold?	Thomas Manganye	Between 50 and 60MI in total. There will be 1.70 megalitres of water per day available to be used by the community. A portion of rainwater can also be captured.

4. THE WAY FORWARD

- Hylton Allison explained that all the raised issues have been captured and those that need to be addressed by PPM, IBMR and Richtrau will be forwarded to PPM, IBMR and Richtrau for their response in the EIA process;
- Copies of the scoping and EIA/EMP reports and both English and Setswana summaries will be made available for public review and comments;
- Moses Kotane Local Municipality (care of Johnson Maoka) will receive one hardcopy and three electronic (on a CD) copies;
- All the registered IAPs who have provided SLR with their postal addresses and/or e-mail addresses will receive copies of the summaries which will inform them where full scoping and EIA/EMP reports can be reviewed; and
- All the registered IAPs who have provided SLR with their postal addresses and/or e-mail addresses will receive notification of the record of decision.

5. CLOSE

The meeting was closed by Thomas Manganye.

OVERVIEW OF PROJECTS

global environmental solutions

ENVIRONMENTAL PROCESS

What?

- Assessment of the potential impacts of the proposed project on the environment
- Environment definition
- Implementing appropriate management measures

Why?

- Legal requirement
- It is the right thing to do

global environmental solutions

ENVIRONMENTAL PROCESS

How?

- Participation of interested and affected parties
- Specialist investigations
- Reporting
- Decision making

global environmental solutions

ENVIRONMENTAL PROCESS

Who makes the decisions?

- Department of Mineral Resources (DMR)
- Department of Economic Development, Environment, Conservation and Tourism (DEDECT)
- Department of Environmental Affairs (DEA)
- Department of Water Affairs (DWA)

Local authorities

- Moses Kotane Local Municipality
- Bojanala Platinum District Municipality

global environmental solutions 

ENVIRONMENTAL PROCESS

Different stages

- Scoping phase
- Environmental impact assessment (EIA) and environmental management programme (EMP) phase

global environmental solutions 

ENVIRONMENTAL PROCESS

Purpose of today's meeting

- Introduction to:
 - the environmental process
 - the proposed projects
 - the status of environment
 - the potential impacts

global environmental solutions 

ENVIRONMENTAL PROCESS

How does this help you?

Scoping Report

- Sets out all issues that have to be investigated further
- Sets out how these investigations will be performed
- "Agreed approach" between the authorities, the public and the project team

global environmental solutions 

STATUS OF EXISTING ENVIRONMENT

- Climate
- Land use
- Geology
- Topography
- Soils and land capability
- Animal life
- Plant life
- Surface water
- Groundwater
- Air quality

global environmental solutions 

STATUS OF EXISTING ENVIRONMENT – cont.

- Noise
- Visual
- Heritage and cultural resources: Are there any sites of cultural importance that we should know about?
- Socio-economic

global environmental solutions 

POTENTIAL IMPACTS

- Soils
- Biodiversity (loss of fauna and flora)
- Surface water contamination
- Groundwater dewatering and contamination
- Air quality - dust
- Noise impact
- Blasting
- Negative visual impacts
- Impact on heritage resources
- Land use
- Socio-economic (positive and negative)

global environmental solutions

OPPORTUNITY TO RAISE ISSUES AND/OR CONCERNS

global environmental solutions

WAY FORWARD

- Scoping Report public and authority review
 - Scoping report (English)
 - Summary (English/ Tswana): per post/ e-mail, distribution at community venues
- Suggested venues?
- Regulatory authorities and IAPs: 40 days to submit comments
- Conduct specialist investigations and complete EIA
- Stakeholder engagement meetings in EIA Phase and opportunity to review EIA and EMP report
