

## **PUBLIC PARTICIPATION PROCESS**

Provides a description of the Public Participation Process followed.

### **1. PUBLIC INVOLVEMENT**

A public participation process was undertaken in accordance with the EIA Regulations, 2014, as amended and the Directions regarding measures to address, prevent and combat the spread of COVID-19 relating to National Environmental Management Permits and Licenses dated 05 June 2020.

### **2. APPROACH TO UNDERTAKING THE PUBLIC PARTICIPATION PROCESS**

The following approach was followed in undertaking the public participation process:

#### **2.1 Proof of Site Notice**

The site notifications in English in A2 format requesting comments or objections were placed at the site on 8 April 2021.

Please find wording of site notice in Annexure B. Please find the proof of site notice erected in Appendix I (Photographs).

#### **2.2 Proof of Newspaper Advertisement**

In accordance with the EIA Regulations, 2014, as amended, an advertisement was placed in the Courier on 23 April 2021 requesting I&APs to register their interest in the project. A copy of the advertisement is included in Annexure B.

#### **2.3 Written Notices issued**

Letters were written and e-mailed to the following Interested and Affected Parties:

- Department of Water and Sanitation;
- Breede-Gouritz Catchment Management Agency;
- Beaufort West Local Municipality;
- Department of Agriculture;
- Central Karoo District Municipality;
- Beaufort West Farmers' and Irrigation Association;
- Land Restitution Support: Western Cape;
- South African Heritage Resources Agency;
- Various Ward Councillors.

Copies of the notices are included in Annexure C.

#### **2.4 Background Information Document**

A Background Information Document (BID) was compiled and distributed to identified I&APs together with the notification letter and locality plan for the project. The main objective of the BID was to introduce I&APs to the proposed project.

A copy of the BID is included in Annexure C.

## **2.5 Comments and Response Report**

A comments and response report was drafted that included all the issues raised by the Interested and/or Affected Parties as well as the responses to the issues raised. The Comments and Response report is included in Annexure D.

## **2.6 Copy of the register of I&APs**

A list of key I&APs was generated during the environmental process. A list of the registered I&APs is attached as Annexure A.

## **6. WAY FORWARD**

The comments received will be incorporated into the draft Basic Assessment Report and the final report will be submitted to the DMR for authorisation.

**ANNEXURE A:**  
**REGISTER OF INTERESTED AND AFFECTED**  
**PARTIES**

# Die Courier Hoor

Die oom en die tannie sit een Sondag by die huis en kyk na die kerkdienste op TV. Die dominee sê toe dat hy oor die TV 'n gebed vir genesing sal doen vir almal wat dit nodig het. Al wat die kyker moet doen is om een hand op die TV te plaas en die ander een op die plek waar genesing moet plaasvind.

Die oom gaan staan toe voor die TV en sit sy een hand daarop en druk sy ander hand voor by sy broek in. Toe staan en wag hy vir die gebed.

Die volgende oomblik trek die tannie los: "Kooos, gedra jou, die dominee bid vir genesing, nie vir opstanding uit die dood nie!"

\*\*\*\*\*

A SA National Bodybuilding show will take place in Beaufort West at the Youth Hub in Mandlenkosi on 24 April 2021 from 12:00-17:00. An admission fee is payable. Please wear a mask.

\*\*\*\*\*

Ernesto Beyers op sosiale media: "Ek verstaan nie. Die BW Munisipaliteit het die vermetelheid om inwoners te "remind" om hul munisipale rekeninge te betaal, maar geen dienste word gelewer aan inwoners nie. Klagtes word aangemeld en selfs verwys na die waarnemende munisipale bestuurder, maar selfs hy reageer nie daarop nie."

\*\*\*\*\*

Murraysburger: "Dis tyd dat ons Murraysburg moet regkru en 'n ding sê soos dit is. Ek is fed-up daarvoor dat mense werk in die nag moet kry by die kassie politiciers van ons dorp en dan nog trots is daarop ook. Verstaan my reg, ek weet hier is nie rêrig werk nie en ek weet almal moet eet, maar moet jy die donkerwerk aanvaar? Moet jy by elke stukkie werk wat dorp toe kom werk kry? Wat van die mense wat geen werk kry nie? Het hulle dan nie ook kinders nie?"

\*\*\*\*\*

"My innige dank namens my huisgesin vir die flinke en vriendelike diens wat SASSA gelewer het aan my vrou. U diens aan die gemeenskap word hoogs waardeer en sal onthou word. As ons geduld aan die dag lê en na hulle gaan met 'n eerlike gesig sonder enige flieterjassies kry mens goeie diens van mense met vriendelike gesigte. Nogmaals dankie aan SASSA Beaufort-Wes."

\*\*\*\*\*

By vanjaar se Sylvester MTB is daar weer die ongelooflike "lucky draw" prys wat geskenk word deur Kuzuko Lodge, Sylvester se huidige tuiste. 'n Naweek vir twee ter waarde van amper R15 000.00. Daar kan jy ook vir Sylvester gaan hêllo sê. Dié fantastiese prys kan deur enigiemand wat teenwoordig is gewen kan word. Die Sylvester MTB Challenge word aangebied

op 4, 5 en 6 Junie 2021 in samewerking met die hoofborg, OK Foods Beaufort-Wes.

\*\*\*\*\*

"What I fear is that the liberators emerge as elitists, who drive around in Mercedes Benzes and use the resources of this country to live in palaces and to gather riches." ~ Chris Hanzi

\*\*\*\*\*

Compliment to Karoo National Park: "We visited the KNP for the first time twee weeks ago, on our way to the Mountain Zebra Park and Addo. Of the three parks, KNP won the prize by far for being the most friendly and efficient - everyone from the ranger at the main gate, to reception, to our waitress at the restaurant, to the guy who stepped forward to help me deposit the recycling. The overwhelming impression was that here was a team ready to please and extremely proud of their park. Fabulous. Thank you! (Oh... and the Karoo lamb chops at the restaurant are totally to die for. Very highly recommended!)"

\*\*\*\*\*

"Jou omstandighede bepaal nie wie jy is, maar dit bepaal wat jy wil wees. Leef jou droom voluit ten spyte van jou omstandighede."

# Die Courier 50 jaar gelede

Op Vrydag 23 April 1971 word daar as volg in *Die Courier* berig:

Die sensusryfers van die 1970 sensus is skokkend insoverre dit die ontvolking van blankes op die platteland in die algemeen en die Karoedorpe in die besonder aangaan. Veral die kleiner dorpe word die swaarste deur die ontvolking getref. In die meeste gevalle was daar 'n groot toename in kleurlinggetalle. Alhoewel Beaufort-Wes se blanke bevolking die afgelope tien jaar slegs met 5.5 % gekrimp het, het die volgende dorpe baie blanke inwoners verloor: Willowmore (32.5 %, Victoria-Wes (32%), Laingsburg

(30 %), Aberdeen (27 %) en Fraserburg (24 %).

Met die bouery by die Voorbereidende Skool gaan dit volgens plan. Die hele projek word in drie dele aangepak, waarvan een deel, t.w. die klaskamer vloer reeds voltooi is en dit is reeds aan die einde van Januarie betrek. Die administratiewe blok is omtrent halfpad klaar, maar bouery aan die saal het nog nie begin nie. Die ou deel van die skool is reeds gesloep. Die skool het tans 256 leerlinge, wat 'n bietjie minder is as verlede jaar.

Verloring: Jooste en Josling. Die verloring word bekend gemaak van Sephie, enigste seun van Mnr. en Mev. H.P. Jooste van Noblesfontein, met Jossie, jongste dogter van Mnr. en Mev. Danie Josling van Uppington.

Agt van Beaufort-Wes se eerste span rugbyspelers is genooi om

Saterdag deel te neem aan die S.W.D.-proewe wat in Mosselbaai sal plaasvind. Hulle is: M. Philby en M. White (slotte), H. Alberts (heclagter), S. Cloete (vleuel), G. van Wyk (senter en lossakel), H. de Ridder (senter), S. Nel (agsteman) en C.P. van der Merwe (flank).

Ons dank aan die Beaufort-Wes Museum vir toegang tot ou uitgawes van *Die Courier*.

## THE OPENING OF GRAVEL QUARRIES NEAR MURRAYSBURG

### NOTIFICATION OF BASIC ASSESSMENT PROCESS, ENVIRONMENTAL IMPACT ASSESSMENT REGULATIONS, 2014, AS AMENDED

It is the intention of Barry Theron Contractor's Consultant to open gravel quarries on the following farms:

- Portion 2 of the farm Leeuwenfontein No 6-RD. The quarry will be 4.43 ha in extent with crushing facilities.
- Portion 2 of the farm Witteklip No 32-RD. The quarry will be 4.73 ha in extent with crushing facilities.

Both quarries fall within the Beaufort West Local Municipality and the Central Karoo District Municipality in the Western Cape Province.

Notice is hereby given in terms of the EIA Regulations, 2014, as amended published on 4 December 2014 in terms of the National Environmental Management Act, 1998 (Act No. 107 of 1998), that an application to conduct a Basic Assessment will be submitted to the Department of Mineral Resources.

Should you wish to register as an Interested and/or Affected Party or receive more information, please contact: Chameleon Environmental, P O Box 11788, Silver Lakes, 0054, fax 086 6855 080 or bothmaj@tiscali.co.za. Written representations can be submitted to Dr Jenine Bothma.

## THE OPENING OF QUARRIES NEAR MURRAYSBURG

BACKGROUND INFORMATION DOCUMENT

JUNE 2021

### 1. INTRODUCTION

This Background Information Document (BID) serves to inform the public of the intention of Barry Theron Contractor's Consultant to open two gravel quarries near Murraysburg. A Basic Assessment (BA) will be undertaken for the proposed activities and environmental authorisation sought. Public consultation is an essential part of the process. You have been identified as an Interested and/or Affected Party (I&AP). All comments from you will be recorded and presented to the project team and regulatory authorities.

Chameleon Environmental was appointed by Barry Theron Contractor's Consultant to facilitate the BA and public participation process.

### 2. PROJECT DESCRIPTION

The quarries are situated on the following farms:

- Portion 2 of the farm Leeuwenfontein No 6-RD. The quarry will be 4.43 ha in extent with crushing facilities. The quarry is situated approximately 32 km North West of the town Murraysburg.
- Portion 2 of the farm Witteklip No 32-RD. The quarry will be 4.73 ha in extent with crushing facilities. The quarry is situated approximately 30 km North East of the town Murraysburg.

Both quarries fall within the Beaufort West Local Municipality and the Central Karoo District Municipality in the Western Cape Province (see locality plan attached).

#### PURPOSE OF THIS DOCUMENT

This Background Information Document (BID) has been compiled and distributed for the following purposes:

- To notify Interested and/or Affected Parties (I&APs) of the proposed new development;
- To provide a brief project description;
- To describe the Basic Assessment process.

### 3. BASIC ASSESSMENT PROCESS

The Basic Assessment (BA) process will be guided by the EIA Regulations, 2014, as amended, published on 4 December 2014 and environmental management principles and objectives of the National Environmental Management Act, 1998 (Act No. 107 of 1998). The Environment Impact Assessment Regulations, 2014 came into effect on 8 December 2014 in terms of the National Environmental Management Act, 1998 (Act No. 107 of 1998).

A Basic Assessment is a process involving consultation with regulatory authorities and other I&APs that serve to inform a decision on whether or not a development is environmentally acceptable.

The Department of Mineral Resources (DMR) in the Western Cape will be the final decision making authority with regard to this project.

### 4. STUDY APPROACH AND METHODOLOGY

The goal of the BA process is to identify and assess the potential environmental impacts (biophysical and social) associated with the proposed development.

The following tasks are included as part of this process:

- Site visit and desk study of available information and identification of key issues;
- Identify and compile a list of I&APs;
- Compile and distribute a Background Information Document (BID) to I&APs;
- Advertise in the local newspaper notifying the public of the project;
- Synthesis issues for preliminary investigation;
- Compile a Draft Basic Assessment Report and make it available for public comment;
- Submit application form and draft BAR to authorities;
- Submit Final Basic Assessment Report to environmental authorities for approval.

It is anticipated that the following specialist studies will be undertaken as part of the BA process:

- Aquatic and vegetation study;
- Heritage Study;
- Paleontological Study.

Specialist consultants will be appointed to assess the potential impacts associated with the proposed project.

The aim of this specialist studies are for the specialist to assess the impact of the project actions on the environment. The specialists will analyse the current situation and will assess the potential impacts of the project actions (and feasible alternatives) on various aspects of the particular issue during the construction and operation phases of the proposed project.

The impacts will be assessed in terms of various criteria such as extent, duration, intensity and whether the impact is positive or negative. The significance of the impact will then be determined through a synthesis of the various criteria used. The specialist will also recommend mitigation actions that they believe can materially affect the significance rating of impacts.

## 5. AUTHORISATION

The DMR will consider the final BAR and will either issue an authorisation with or without conditions, or reject the proposed project. The authorisation issued by the DMR will be distributed to I&APs as part of the appeal period. An appeal period of 30 days will be provided. Formal, motivated appeals should be lodged with the Department. The results of the appeal process will then be made known to the public through the distribution of a final feedback letter.

## 6. COMMENCEMENT OF CONSTRUCTION

It is proposed that the project will be put out to tender once the authorisation is received from DMR. Construction cannot commence without authorisation from the environmental authorities. Any enquiries regarding the tender or employment opportunities should be directed to the applicant.

## 7. PUBLIC INVOLVEMENT

Please contact Chameleon Environmental if you require further information on the application and or activity. Please submit your name, contact information, interest and relevant issue in writing before or on the 28<sup>th</sup> of July 2021. The contact details are:

Dear Mr Van der Walt

### **OPENING OF TWO QUARRIES NEAR MURRAYSBURG**

It is the intention of Barry Theron Contractor's Consultant to open gravel quarries on the following farms:

- Portion 2 of the farm Leeuwenfontein No 6-RD. The quarry will be 4.43 ha in extent with crushing facilities.
- Portion 2 of the farm Witteklip No 32-RD. The quarry will be 4.73 ha in extent with crushing facilities.

Both quarries fall within the Beaufort West Local Municipality and the Central Karoo District Municipality in the Western Cape Province.

Notice is hereby given in terms of the Environmental Impact Assessment Regulations of 4 December 2014, as amended, promulgated in terms of the National Environmental Management Act, 1998 (Act No. 107 of 1998), that a Basic Assessment will be conducted for the proposed project for submission to the Western Cape Department of Mineral Resources for authorisation. Please find a Background Information Document on the process to be undertaken.

The water uses (crossing streams/rivers or within 500m of a wetland) will be applied for at the Department of Water and Sanitation in accordance with the National Water Act, (Act No. 36 of 1998).

Kindly forward your comments or enquiries regarding the above matter to the undersigned.

For more information, do not hesitate to contact me.

Regards

Dr Jenine Bothma

Dear Mr Sam

### **OPENING OF TWO QUARRIES NEAR MURRAYSBURG**

It is the intention of Barry Theron Contractor's Consultant to open gravel quarries on the following farms:

- Portion 2 of the farm Leeuwenfontein No 6-RD. The quarry will be 4.43 ha in extent with crushing facilities.
- Portion 2 of the farm Witteklip No 32-RD. The quarry will be 4.73 ha in extent with crushing facilities.

Both quarries fall within the Beaufort West Local Municipality and the Central Karoo District Municipality in the Western Cape Province.

Notice is hereby given in terms of the Environmental Impact Assessment Regulations of 4 December 2014, as amended, promulgated in terms of the National Environmental Management Act, 1998 (Act No. 107 of 1998), that a Basic Assessment will be conducted for the proposed project for submission to the Western Cape Department of Mineral Resources for authorisation. Please find a Background Information Document on the process to be undertaken.

The water uses (crossing streams/rivers or within 500m of a wetland) will be applied for at the Department of Water and Sanitation in accordance with the National Water Act, (Act No. 36 of 1998).

Kindly forward your comments or enquiries regarding the above matter to the undersigned.

For more information, do not hesitate to contact me.

Hallo,

1. You are registered on the database as an I&AP and I will submit the draft BARs to you as the contact person as indicated.
2. We were also advised by the DMR that separate applications must be submitted to them for the two quarries.
3. The EIA screening tool will also be visited and the reports added to the draft BARs.
4. All the other Departments were also notified of the proposed quarries.
5. You will be notified when the documents are ready for public comment.

Regards

**Subject:** RE: Notification of environmental study

Dear Dr Bothma,

Your e-mail of 28 June 2021 addressed to the office of our Head of Department refers. Thank you for your e-mail. Please register the Department of Environmental Affairs and Development Planning as a commenting authority for the application(s) for environmental authorisation. You may add me as the contact person for the Department as I am responsible for coordinating the Department's response on the application(s).

The Department would like to advise that two separate applications for EA be submitted to the DMRE. The reason for this recommendation is due to the proposed two quarries being situated on two separate properties, each with distinct environmental features. Also, should EA be granted by the DMRE, then different conditions for EA would be presented for each quarry. You may however engage with the DMRE to undertake a combined PPP for the two applications seeing that the proposed mining permit application sites fall within the same Municipality and are located within 2km of each other.

Whilst the proposed specialist studies are noted, the Department advises that the DFFE Screening Tool must also be consulted to provide an initial indication of specialist studies to be undertaken, to be confirmed by a site sensitivity verification to be undertaken by the EAP.

Please could you notify me when the Draft BARs are available for public consultation? I will then notify the relevant commenting directorates to obtain their comments. We prefer to download the reports via the EAP's website, Google Drive, Dropbox or WeTransfer please.

I further assume that you have notified Heritage Western Cape, Breede-Gouritz CMA/ DWS and CapeNature of the intended application(s)?

Please feel free to contact me via e-mail should you have any questions or information.

Kind regards,  
Adri

Adri La Meyer

**LAND CLAIM ENQUIRIES: PORTION 2 OF THE FARM LEEUWENFONTEIN NO. 6 DIVISION MURRAYSBURG, PORTION 2 OF THE FARM WITTEKLIP NO. 32 DIVISION MURRAYSBURG**

Thank you for your letter dated 28<sup>th</sup> June 2021

We confirm that as at the date of this letter no land claims appear on our database in respect **PORTION 2 OF THE FARM LEEUWENFONTEIN NO. 6 DIVISION MURRAYSBURG, PORTION 2 OF THE FARM WITTEKLIP NO. 32 DIVISION MURRAYSBURG**. This includes the database for claims lodged 31 December 1998 and those lodge between 1 July 2014 and 28 July 2016. Whilst the Commission takes reasonable care to ensure the accuracy of the information it provides, there are various factors that may be beyond the Commission's control, particularly relating to claims that have lodged but not yet been gazetted.

- Some Claimants referred to properties they claim dispossession of rights in land against using historical property descriptions which may not match the current property description; and
- Some Claimants provided the geographic descriptions of the land they claim
- without mentioning the particular properties they claim dispossession of rights in land against.
- The Commission can therefore not accept any liability whatsoever if through the process of further investigation of claims it is found that there is in fact a land claim in respect of the above property.

If you are aware of any change in the description of the above property after 19 June 1913 kindly supply us with such description as to enable us to do a further search.

Kind Regards

  
Dr Wayne Alexander  
Chief Director: Restitution Support: RLCC (Western Cape)
