## 1. OVERVIEW

The following document contains copies of the entire Public Participation Process that has been run up to the completion of the Basic Assessment Report (BAR).

The Public Participation Process was planned and facilitated by the independent assessment service provider (EndemicVision Environmental Services) following the following framework:

**FIGURE 1: STAKEHOLDER ENGAGEMENT FRAMEWORK**

Stakeholder engagement was based on the National Environmental Management Act (Act. No 107 of 1998) and industry best practice guideline by Department of Environmental Affairs and Development Planning, Guideline on Public Participation 2009. Guidance to stakeholder engagement in further phases will be based on the suggestions that will be made in the Environmental Management Plan (EMP) on the basis of the outcome of the stakeholder engagement process and the subsequent environmental authorization.

Chapter 1 of the NEMA outlines the principles of environmental management, several pertaining to public participation; and

The EIA Regulations promulgated in June 2014 in GN R982, Chapter 6 specify the minimum requirements for public participation in an EIA under NEMA:

The minimum requirements for public participation in an Environmental Impact Assessment under NEMA requiring public participation are sections 54, 55, 56, 57.

The public participation process commenced on 2017/05/11 and the provisional list of stakeholders were notified via SMS Notifications of its commencement.

To date a key stakeholder list has been compiled to determine the key stakeholders that will be engaged in the public participation process. This stakeholder list will continuously be updated throughout the participation process. A Comments & Response Report has also been compiled from all comments received from I & APs.

Communication documents have been drafted and distributed to the general public and identified stakeholders via electronic mail or other requested methods. This includes the Background Information Document (BID); posters and advertisements.

The BID contains the following information:

- A simplified description of the proposed project, and a rationale for it,
- A map indicating the extent of the proposed project area,
- The Environmental Impact Assessment Process and Stakeholder Engagement Process to be followed,

Invitations to register as an I&AP and to participate in the basic Assessment Process and Public Participation Process and a description of how and when stakeholders can contribute during the environmental authorization and Public Participation Process was sent to I&APs via electronic mail, SMS Notifications or other requested methods.

The posters and advertisements indicate that EndemicVision Environmental Services initiated the public participation process for the De Beers Demolition Authorisation in respect of the Buffels Marine Mining Right, Namaqualand, Northern Cape.

Furthermore, it indicated the purpose of the proposed project, the activities that will be undertaken, as well as the fact that a Basic Assessment Report (BAR) process need to be completed in terms of the National Environmental Management Act (No.107 of 1998) and the Mineral and Petroleum Resources Development Act (No. 28 of 2002).

Lastly the advertisement specified that EndemicVision Environmental Services (Pty) Ltd. has been appointed to conduct the Basic Assessment and Public Participation Process for the project. Subsequently stakeholders have been invited to register as I&APs and to participate in the process before or on 2017/05/25.

An advert was placed in the local newspaper 'Die Plattelander' on 19 May 2017 and posters were also distributed in the nearby town, Kleinzee at strategically positioned sites such as the library and other public places on 11 May 2017.

A regulatory waiting period of 30 days has been given for stakeholders to register as interested and/or affected (I&APs).

At the end of the public review period of DBAR / EMP Report, the stakeholder engagement report will be updated and the issues raised and received in writing will be incorporated into the FBAR / EMP Report.

After the competent authorities have accepted/denied the FBAR / EMP Report, registered I&APs will be notified of authorities' decision and appeals procedure.

## 2. STAKEHOLDER PROFILE

The affected properties are owned by De Beers Consolidated Mines Limited – Namaqualand Mines (DBCM-NM).

Other I&APs include Organs of State, who have jurisdiction over, or may have an interest in the proposed prospecting project. Adjacent landowners, other non-governmental organisations and/or private persons are included. A list of all the stakeholders is listed below and tabled in detail.

Adjacent landowners were identified through the use of Geographical Information Systems (GIS) maps and consultation with De Beers Consolidated Mines for contact details from their existing stakeholder list.

The project zone of influence is summarised in the Table 1 below.

**TABLE 1: PROJECT ZONE OF INFLUENCE**

Project Overview - Zone of Influence	
<b>Formal land use zonation</b>	Mining
<b>Current land use</b>	Mining
<b>Existing Land Users</b>	De Beers Consolidated Mines Limited - Namaqualand Mines
<b>Adjacent land users</b>	Oster Farm: Mr Ray Henderson Abalone Farm: Mr Q
<b>Main stakeholder groups</b>	Local Community Adjacent land users Local and District Municipalities Authorities: DWS, DENC, SAHRA, Land Affairs, DMR
<b>Main organised forums</b>	Oceans & Coastal Services: Mr Jay Peter
<b>Significant receptors</b>	Kleinzee community & Adjacent land users
<b>Main Government commenting authorities</b>	Department of Environmental Affairs Department of Water Affairs Department of Land Affairs
<b>Authorising and competent authorities</b>	Department of Mineral Resources South African Heritage Resources Association

Stakeholder Categories and relevance to this project is detailed below.

### **Landowners**

The properties of interest are De Beers Consolidated mine owned land. The project areas properties form part of the existing mining right.

### **Communities**

- Farmers Unions (Boesmanland)
- Farming Community Representative
- Farmers Forum

#### **Traditional Leader**

No traditional authority was identified for the affected property.

#### **Land Claim**

Not applicable

#### **Municipality**

The project is located within the Administrative District of Namaqualand, in the Richtersveld Local Municipality and Nama Khoi Local Municipality, Northern Cape Province. Local and district municipalities were informed via email and a letter to the local municipality councillor.

#### **Relevant Government Departments**

The following other departments were informed of the proposed project via e-mail:

- Department of Water Affairs (DWA); Upington, Kimberley, Springbok
- Northern Cape Department of Environmental Affairs & Nature Conservation (DENC); Upington, Kimberley, Springbok
- Department of Mineral Resources (DMR): Regional Manager Northern Cape & Springbok
- Land affairs

#### **Cultural and Heritage Significance**

The South African Heritage Resource Agency (SAHRA) has been informed via the agency information system. The case will be uploaded to SAHRIS with the draft documents and heritage report for comment.

#### **Other interested/affected parties**

- De Beers
- Registered individuals
- WESSA
- SSSA

Other interested and/or affected parties were informed via poster placements in the town of Kleinsee and a newspaper notification in the local newspaper (Die Plattelander), published 19 May 2017. A Background Information Document (BID) is available for further information on the project. All interested and registered parties were included in notification SMS or emails sent out (where cell phone and email contact details were available).

## 3. PUBLIC PARTICIPATION PROCESS

### PROCESS TO DATE

The following public participation activities have been performed to date:

**TABLE 2: PUBLIC PARTICIPATION ACTIVITIES TO DATE**

Item	Date	Venue	Communication Media	Communication Vehicle	Attendees	Recipients
<b>Initial Compilation of Stakeholder Database</b>	2017/05/05	Not Applicable	Printed media	Verbal & Electronic mail	Not Applicable	I&AP
<b>Distribution of BID</b>	2017/05/11	Kleinsee	Printed media	Verbal	Not Applicable	General public
<b>Advertisements Published: Die Plattelander</b>	2017/05/19	Not Applicable	Printed media	Not Applicable	Not Applicable	General public
<b>Distribution of project posters</b>	2017/05/11	Kleinsee	Printed media	Verbal	Not Applicable	General public

📄 Public Disclosure of Draft BAR & EMP

The draft copy of the BAR and amended EMP will be provided to all I&APs registered on the project database for a period of 30 days to allow I&AP the opportunity to comment on the findings of the EMP. The draft BAR & amended EMP report will be made available to the I&APs in July 2017 and will be available for commenting for a period of 30 days.

📄 Concluding Remarks on Stakeholder Consultation

No key issues have been raised by adjacent landowners to date.

These findings and comments will be incorporated in the report and additional comments provided by stakeholders will be updated for the compilation of the final report.

📄 Public Disclosure of Final BAR & EMP

Final documents will be distributed to all relevant stakeholders and regulatory response in terms of the Record of its Decision will be notified to all registered stakeholders.

Records are kept of any comments, questions, complaints, grievances or incidents raised by the registered parties and will be processed and incorporated in the BAR & EMP. All comments received by Stakeholders are included below.

## 6. PROJECT POSTER

**De Beers Demolition Works**

**ENVIRONMENTAL AUTHORISATION APPLICATION FOR DEMOLITION: BUFFELS MARINE MINING RIGHT, ADMINISTRATIVE DISTRICT OF NAMAQUALAND, NORTHERN CAPE**

*Invite to participate, register and comment*

De Beers Consolidated Mines Limited - Namaqualand Mines has commenced with demolition activities in respect of the Buffels Marine Mining Right area situated in the administrative district of Namaqualand, in terms of the Mineral and Petroleum Resources Development Act, 2002 (Act No. 28 of 2002) (MPRDA), the National Environmental Management Act (Act No. 107 of 1998) (NEMA), and the National Environmental Management: Waste Act (No. 59 of 2008) (NEMWA). This application has been accepted by Department of Mineral Resources (DMR), and an application for Environmental Authorisation is now required to secure the license and ensure legal compliance.

The Buffels Marine Mining Right area consist of 35 000ha, and stretches approximately 40 km north of Kleinsee to 9km south of Kleinsee, within the Administrative District of the Richtersveld Local Municipality and Nama Khoi Local Municipality within Namakwa District Municipality, Northern Cape Province.

Before the proposed project may go ahead, a Basic Assessment Report (BAR) process need to be completed in terms of the following legislation:

- National Environmental Management Act (No. 107 of 1998) (NEMA)
- Mineral and Petroleum Resources Development Act (No. 28 of 2002)
- National Environmental Management: Waste Act (No. 59 of 2008)

The submission of a report to the competent authority will contain an assessment of all impacts related to the project with avoidance, mitigation and management measures included in the Environmental Management Programme (EMPr).

The listed NEMA activities triggered by the undertakings are:

- Activity number 22 of NEMA GN.R.983 of 2014 (Listing Notice 1)

The following application will be submitted to the competent authority, namely:

- **Application for Environmental Authorisation.** Submission is made to the Department of Mineral Resources, Northern Cape Province.

Endemic Vision Environmental Services (Pty) Ltd has been appointed as the independent environmental assessment practitioner, to undertake the BAR and associated public participation processes on behalf of De Beers Consolidated Mines Limited - Namaqualand Mines.

Stakeholders are invited to register as Interested and Affected Parties (I&APs) and to participate in the process. This is to ensure that the environmental impacts are taken in consideration, to ensure public input and to supply sufficient information to the competent authority to make an informed decision on the proposed activity.

**Due date for initial comments and stakeholder registration: 25 May 2017**

## 9. BACKGROUND INFORMATION DOCUMENT

FIGURE 5: BACKGROUND INFORMATION DOCUMENT PAGE 1-5

**BID Page 2**

Demolition – BAR Process  
De Beers Consolidated Mines Ltd

Background Information Document

**Basic Assessment Report Process**

The objectives of the BAR process are to provide:

- o I&APs with adequate information to understand the potential environmental and socio-economic impacts associated with the proposed project and opportunities for them to comment on the BAR process;
- o the engineering team with information that will assist them to incorporate effective measures into the decommissioning and demolition of the remaining redundant infrastructure to minimise negative impacts and enhance benefits of the project; and
- o the regulatory authorities with sufficient information to serve as a basis for sound decision making.

**Public Participation**

As a stakeholder or potential I&AP you are invited to be part of the BAR process.

Public participation is a key component of environmental decision-making and will take place throughout the BAR process.

The following process will be followed and allow for stakeholder input:

Table 1: Stakeholder Engagement Activities

Activities	Date
Submission of Application forms	05 May 2017
Advertisement in newspaper	05 May 2017
Availability of Draft Basic Assessment and Amended Environmental Management Programme Reports to all registered stakeholders for comments	15 June 2017
Submit Final BAR & amended EMPr Reports to authorities and availability to all registered stakeholders	03 Augustus 2017

**Project Description & Location**

The proposed demolition project involves both non-invasive and invasive methods. Initially, activities will be non-invasive and restricted to a desktop study which will include a literature survey, aerial photograph and satellite image interpretation, ground validation of targets, geophysical surveys, interpretation and modelling

of data. Subsequent phases will be of the invasive type, and entails the decommissioning and demolition of the remaining redundant infrastructure.

The below locality map is showing the site where the decommissioning and demolition of the remaining redundant infrastructure is planned.

**How can you get involved?**

- o Register as an Interested and Affected Party
- o Voice your concerns about proposals and their potential impacts
- o Assist with information that will contribute to a thorough study and EIA.

**Your registration and comments are important to this process.**

You are invited to raise issues of concern, identify opportunities and provide suggestions associated with the proposed project, pertaining to potential positive or negative environmental and social impacts which should be investigated during the BAR process.

You are invited to register as an IAMP for PFF for this project. If you wish to be registered, please complete attached registration form and return to EndemicVision (Details below) within 30 days of this notice.

**We thank you for your participation**

Background Information Document

**Kindly complete the attached registration and comment form and return before 25 May 2017 to:**
