 In the High Court of South Africa (Eastern Cape High Court, Port Elizabeth) Tuesday, the 26th day of October 2010. Before the Honourable Madam Justice Schoeman in the ex parte application PORT HOSPITALS 1196 CC Applicant Case no. 3078/2010

11010 Legal Notices
NOTICE OF ENVIRONMENTAL IMPACT PROCESS AND APPLICATION FOR RECTIFICATION OF THE COMMENCEMENT OF UNLAWFUL ACTIVITIES IDENTIFIED IN TERMS OF THE ENVIRONMENTAL IMPACT ASSESSMENT REGULATIONS

Notice is hereby given in terms of Regulation 6(9) of the Environmental Impact Assessment EIA Regulations Government Notice R.543 in Government Gazette 33306 of 18 June 2010 and in terms of Chapter 5 of the National Environmental Management Act as amended (Act 107 of 1998) to carry out the following activities:
 The Camdeboo Local Municipality intends to augment the existing waste water treatment works (WWTW) situated on the municipal commonage grounds ('Koeikamp') in Nieu-Bethesda to increase the capacity from 2555 m3 to 97 000 m3 per annum. This is needed to provide residences and commercial sites in Pienaarstrig and the village of Nieu-Bethesda with water-borne sanitation.
 The original WWTW was constructed within an environmental management unit (EMU) and the application will have to be made in terms of Section 24(G) read together with sections 24 (F) and 7 of the National Environmental Management Amendment Act (Act No 62 of 2008) to the Department of Economic Affairs Environment and Tourism to grant the Camdeboo Municipality rectification for the unlawful commencement of activities identified in terms of the EIA Regulations (2006).
 Type of Assessment: The proposed augmentation of the WWTW triggers a Category B activity in terms of the National Environmental Management Amendment Act (Act No 59 of 2008). This requires a Waste Management Unit (WMTU) and an Environmental Impact Assessment.
 Locality: Nieu-Bethesda, Camdeboo Municipality

**PROPOSED ESTABLISHMENT OF A WIND
ENERGY FACILITY AND ASSOCIATED
INFRASTRUCTURE ON A SITE NORTH OF
OYSTER BAY, EASTERN CAPE PROVINCE**
DEA Ref No. 12/12/20/1585

Project name: Oyster Bay Wind Energy Facility
Applicant: Renewable Energy Systems (RES) Southern Africa (Pty) Ltd

Proposed Activity: The establishment of a wind energy facility and associated infrastructure within a broader site of 23km² located approximately 6km north of Oyster Bay in the Eastern Cape Province.

The proposed facility will have a generating capacity of up to 160MW and the following infrastructure:

- » Up to 80 wind turbines
- » Cabling between the turbines, to be laid underground where practical
- » On-site substation/s to facilitate the connection between the wind energy facility and the grid
- » A new overhead power line to be connected to Eskom's existing Melkshout Substation
- » Internal access roads to each turbine; and
- » Workshop area for maintenance and storage.

Draft Scoping report available for review: A Draft Scoping Report will be prepared by Savannah Environmental and will be available for public review. You are invited to review the report at one of the following locations:

- Humansdorp Public Library
- St Francis Bay Library
- Jeffrey's Bay Public Library
- www.savannahSA.com

The period for review is **22 November 2010 to 10 January 2011**. Please submit written comment by 10 January 2011.

Public Feedback Meeting: All interested and affected parties are invited to attend a public feedback meeting to be held on **06 December 2010** at the Oyster Bay Community Hall at 18:00. To submit written comment on the draft Scoping Report or register your attendance at the public meeting please contact:
