

PLATREEF RESOURCES STAKEHOLDERS FORUM MEETING - MEETING MINUTES
FOR
ENVIRONMENTAL AUTHORISATIONS FOR THE PROPOSED PLATREEF UNDERGROUND
MINE PROJECT, NEAR MOKOPANE IN THE LIMPOPO PROVINCE

Project No: PLA1677

Date: 15 November 2013

1 PRESENT:

The Key Stakeholders were represented at the meeting. Attendance registers are attached to these minutes (Appendix A)

Table 1: Project Team

John Dombo	Platreef	Government and Community Liaison Officer
Jacob Motswaledi	Platreef	General Manager Sustainability
Charles Phahlane	Platreef	Communications and Public Affairs Manager
Steve Horak	Digby Wells	Public Participation
Grant Beringer	Digby Wells	Project Sponsor
Qondile Monareng	Digby Wells	Public Participation
Evidence Simango	Digby Wells	Public Participation
Bridget Moeketsi	Digby Wells	Public Participation
Liza Ralele	Digby Wells	Public Participation
Ophani Mashau	Digby Wells	Public Participation
Daniel mahlangu	Digby Wells	Public Participation
Zanda Jakavula	Digby Wells	Minute Taker
Erika Du Plessis	Golder & Associates	Public Participation
Estrelita Crause	Golder & Associates	Public Participation
Moses Mathebula	Golder & Associates	Public Participation

2 MEETING PROCEDURE

2.1 Welcome and Introductions

10:30 – 10:40

Steve Horak

Everyone was welcomed and thanked for the opportunity provided. The project team was introduced and it was highlighted that Digby Wells will be presenting the ESIA process as the appointed independent Environmental Assessment Practitioner (EAP).

2.2 Meeting Presentation

10:40 – 11:50	Steve Horak, – Digby Wells (Presenter)
11:50 – 13:30	Steve Horak – Digby wells (Facilitator)
	Moses Mathebula – Golder & Associates (Translator)

See Appendix B for the presentation that was used during the meeting.

3 COMMENTS RAISED

Comments raised by stakeholders during the meeting and responses provided are included as part of Table 2.

Table 2: Stakeholder Comments

NAME AND SURNAME	VILLAGE/ORGANISATION	COMMENT	RESPONSE
Mr J Manamela	Mzombane	How was section 93 lifted without the affected communities being consulted?	The decision to lift section 93 was made by Department of Mineral Resources (DMR) and Platreef held several meetings to inform communities of this development, DMR advised that the meetings be held at neutral locations. The DMR were happy with the consultations which took place and therefore lifted the section 93.
Mr J Manamela	Mzombane	What is the mitigation plan for animals?	As indicated in the presentation the mitigation plan is to disturb as little of the land as possible.
Mr J Manamela	Mzombane	Why is the prospecting right information a secret?	Platreef was recently listed as a public company, there are no secrets. The DMR and Corporate Social Responsibility (CSR) office have all the documents, community members can go to these offices and request these documents.
Mr J Manamela	Mzombane	Please make the groundwater report compiled by Golder Associates available to the community.	The groundwater report is available at the CSR and at the DMR offices.
Mr Victor Baloyi	Machikiri CPA	The community is pleased with the way Digby Wells conducts meetings, but information should also reach those who cannot get to the public places where documents are kept.	Thank you, Comment noted.
Mr Joshua Mojela	Mosetjane Ga-Sekgoboko Development	Presenters take their time to present yet limit the question and answer session to one hour, communities must voice out their concerns without time constraints.	Comment noted, people are also afforded the opportunity to provide written comment.
Mr Joshua Mojela	Mosetjane Ga-Sekgoboko Development	The money spent to host meetings in expensive venues should be spent on bringing this information to our respective	Comment noted. The information is also at the public libraries and at the other venues provided.

NAME AND SURNAME	VILLAGE/ORGANISATION	COMMENT	RESPONSE
		places not a hotel.	
Mr Joshua Mojela	Mosetjane Ga-Sekgoboko Development	Will the community based organisations that were mentioned to be sponsored by Platreef continue to receive funding after mining operations have commenced or is it just another tactic to persuade communities to agree with the mining activities?	Comment noted.
Mr Joshua Mojela	Mosetjane Ga-Sekgoboko Development	Please provide more detail for the boundary of the waste rock as well as the noise berm.	There will be an opportunity after this session for all those who are interested to be taken through the posters on the wall, the posters show the exact location of the infrastructure.
Mr Joshua Mojela	Mosetjane Ga-Sekgoboko Development	How will blasting affect the houses in the community?	Platreef will be conducting a housing structure survey to assess the current state of houses in the community. From previous experiences, blasting should not have an impact on surface infrastructure.
Mr Samuel Makhanda	Makhanda Trading & Projects PTY LTD	The people of Magongoa have received some compensation for the use of their land but the people of Ga Kgobudi have not, why is that?	This issue will be investigated and if necessary compensation will be paid to Ga Kgobudi.
Mr Samuel Makhanda	Makhanda Trading & Projects PTY LTD	Where will the animals be kept while Platreef is looking for an alternative farm to keep the animals?	This has not been determined yet.
Mr Thabo Morwaswi	Mzombane	Which communities were consulted to uplift section 93?	Platreef consulted with all the affected communities as required by the DMR. The DMR conducted its own studies and decided that the section 93 should be lifted. The decision was not taken by Platreef.
Mr Thabo Morwaswi	Mzombane	The Mzombane community is unhappy because it is not regarded as an affected community.	Platreef wants all affected communities to benefit equally from the project including Mzombane. Platreef proposed that there be a communal garden in Mzombane where all those who take interest in gardening can do so, but the people of Mzombane did not support

NAME AND SURNAME	VILLAGE/ORGANISATION	COMMENT	RESPONSE
			this idea. Platreef wants to empower Mzombane along with all the other affected communities.
Mr Thabo Morwaswi	Mzombane	Where will the dumping site be situated?	Platreef is consulting with all the people whose land might be affected but investigations are still underway for the dumping site.
Mr Thabo Morwaswi	Mzombane	Has household baseline survey been done for all households?	Basic research does not require samples from every household in the communities, a representative sample is taken from a few homes in each community to represent that specific community.
Mr Frans Mphela	SANCO	Are the white owned companies that have been contracted by Platreef also part of the triple BEE?	Platreef has a database for local businesses. Platreef will use this list to contract and determine what the different companies offer.
