## GA Environment

Dear Interested and Affected Party

### **NOTICE OF A BASIC ASSESSMENT PROCESS FOR THE PROPOSED LICENSING OF THE PIET PLESSIS LANDFILL SITE FOR OPERATION, KAGISANO MOLOPO LOCAL MUNICIPALITY, NORTH WEST PROVINCE**

Notice is hereby given in terms of Chapter 5 of the National Environmental Management Act (NEMA), 1998 (Act No. 107 of 1998) and Waste Management Activities listed in terms of the National Environmental Management: Waste Act, 2008 (NEM:WA) (Act No. 59 of 2008), that the Department of Environmental Affairs (DEA) is assisting the Dr Ruth Segomotsi Mompati on behalf of the Kagisano Molopo Local Municipality to licence various waste facilities within its jurisdiction. Some of these facilities will be licenced for Operation whilst some will be licenced for Closure. The Piet Plessis landfill is one of the landfill sites that will require an Operational Licence from the North West Department of Rural, Environment and Agricultural Development. DEA has thus appointed GA Environment (Pty) Ltd as independent Environmental Consultants, to undertake the Basic Assessment (BA) process as part of the Waste Management Licence Processes.

The waste facility discussed in this letter is the **Piet Plessis Landfill** which will be licenced for Operation and will require the following:

- Waste Management Licence Application in terms of NEM:WA , 2008;
- Basic Assessment Process in terms of the NEMA Environmental Impact Assessment Regulations, 2014.

#### *Project Description*

The Piet Plessis landfill is located on Erf 58, Piet Plessis and on the eastern outskirts of the Piet Plessis town along the R377 road. Access can be gained from this road. The landfill site falls within the jurisdiction of the Kagisano- Molopo Local Municipality. The site co-ordinates are 26°09'41.47"S; 24° 25' 40.87"E. The location of the site is indicated in **Figure 1**.

The Piet Plessis landfill is currently operational and receiving general waste, mainly domestic waste. The Kagisano Molopo Local Municipality is applying for a Waste Management Licence in order to legally operate the facility, and to ensure that the site adheres to the NEM: WA, 2008 requirements, and other key legislation. The Waste Management Licence will be issued by the North West Department of Rural, Environment and Agricultural Development by the Environmental Assessment Practitioner (GA Environment) for decision making purposes.

#### *Legislative Requirements for the Proposed Operation of the Piet Plessis Landfill*

According to the National Environmental Management Waste Act,2008 (Act No. 59 of 2008) as amended, the licensing of the Piet Plessis landfill requires a Waste Management License (**as per Category A of Government Notice 921 of November 2013**). The following Category A Waste Management listed activities are thus applicable.

- **Activity 9:** The disposal of inert waste to land in excess of 25 tons but not exceeding 25 000 tons, excluding the disposal of such waste for the purposes of levelling and building which has been authorised by or under other legislation;
- **Activity 10:** The disposal of general waste to land covering an area of more than 50m<sup>2</sup> but less than 200m<sup>2</sup> and with a total capacity not exceeding 25 000 tons;
- **Activity 13:** The expansion of a waste management activity listed in Category A or B of this Schedule which does not trigger an additional waste management activity in terms of this Schedule.

In terms of Sections 24(2) and 24D of the National Environmental Management Act (Act No. 107 of 1998), as amended, a Basic Assessment process as stipulated in the EIA Regulations (2014) must also undertaken.

Although the Piet Plessis landfill is currently operational and receiving general waste, mainly domestic waste, the Dr Ruth Segomotsi Mompati District Municipality is applying on behalf of the Kagisano Molopo is applying for a Waste Management Licence in order to formally operate the facility, and to ensure that the landfill site is legally compliant with the NEM: WA 2008, and other key legislation. The proposed activities associated with the licensing of the Piet Plessis landfill will also include the construction of appropriate infrastructure (i.e. access gate, boundary fence, etc.) required for landfills. It is the intention of this project to operate the site in accordance with the National Norms and Standards for Disposal of Waste to the Landfill promulgated in August, 2013.

### *Objective of the Basic Assessment Process*

The main objective of the project is to obtain the required licencing from the Competent Authority (North West Department of Rural, Environment and Agricultural Development), for operational purposes. The Basic Assessment process aims to identify and assess potential environmental impacts associated with the proposed licensing of the landfill site; as well as any alternatives to the development / activity and to compile appropriate mitigation measures.

### *Public Participation Process*

In terms of the NEMA, a Public Participation Process (PPP) forms an integral part of the environmental Impact assessment process. The public participation process provides interested and affected parties who may be affected by the proposed development with an opportunity to provide comment and to raise issues of concern about the project or to make suggestions that will be beneficial to the project and register on the project database and/or obtaining more information on the project.

The PPP is therefore included as a minimum requirement of this Basic Assessments, the Waste Management License Applications. All written submissions will be submitted to the North West Department of Rural, Environment and Agricultural Development by the Environmental Assessment Practitioner (GA Environment) for decision making purposes.

### *Opportunity to participate*

Should you wish to register as an I&AP or to make suggestions and/or comments on this proposal, kindly provide these together with your name, contact details (preferred method of communication, e.g. e-mail address or fax number) and an indication of any interest which you (or the organisation you represent) have in the application to **Name:** Nkhensani Khandhela at **Tel:** 011 312 2537, **Fax:** 011 805 1950, **E-mail:** [nkhensanik@gaenvironment.com](mailto:nkhensanik@gaenvironment.com) or **Post:** P.O Box 6723 Halfway House 1685. **Please register your interest in the project before 30th October 2015.**

***We look forward to receiving your comments!***

Geagte Belangstellende en Geaffekteerde Party

### **KENNISGEWING VAN 'N BASIESE EVALUERINGSPROSES VIR DIE VOORGESTELDE LISENSIËRING VIR BEDRYF VAN DIE PIET PLESSIS STORTINGSTERREIN, KAGISANO MOLOPO PLAASLIKE MUNISIPALITEIT, NOORDWES-PROVINSIE**

Kennis geskied hiermee ingevolge Hoofstuk 5 van die Nasionale Wet op Omgewingsbestuur (NEMA), 1998 (Wet 107 van 1998) en die Afvalbestuursaktiwiteite gelys ingevolge die Nasionale Wet op Omgewingsbestuur: Afval, 2008 (NEM:WA) (Wet 59 van 2008), dat die Departement van Omgewingsake (DO) die Dr. Ruth Mompati Distriksmunisipaliteit namens die Kagisano Molopo Plaaslike Munisipaliteit bystaan om verskeie afval-aanlegte in sy jurisdiksie te lisensieer. Party van hierdie aanlegte sal gelisensieer word vir Bedryf, terwyl ander lisensies sal ontvang vir Sluiting. Die Piet Plessis stortingssterrein is een van die stortingssterreine wat 'n Bedryfslisensie van die Noordwes Departement van Landelike, Omgewings- en Landbouontwikkeling sal vereis. GA Environment (Edms.) Bpk. is derhalwe deur die DO aangestel as onafhanklike Omgewingskonsultant om die Basiese Evalueringsproses (BE-proses) as deel van die Prosesse in 'n Afvalbestuurslisensie te onderneem.

Die afval-aanleg wat in hierdie skrywe bespreek word, is die **Piet Plessis Stortingsterrein** wat vir Bedryf gelisensieer sal word en die volgende sal vereis:

- 'n Aansoek om 'n Afvalbestuurslisensie ingevolge NEM:WA, 2008; en
- 'n Basiese Evalueringsproses ingevolge NEMA se Regulasies op Omgewingsimpakevaluering, 2014.

#### **Projekbeskrywing**

Die Piet Plessis stortingssterrein is op Erf 58, Piet Plessis en aan die oostelike buitewyke van die dorp Piet Plessis met die R377-pad langs geleë. Toegang kan van hierdie pad af verkry word. Die stortingssterrein is in die jurisdiksie van die Kagisano Molopo Plaaslike Munisipaliteit. Die terrein se koördinate is 26°09'41.47"S; 24° 25' 40.87 E". Die ligging van die Piet Plessis stortingssterrein word in **Figuur 1** aangedui.

Die Piet Plessis stortingssterrein is tans in bedryf en ontvang algemene afval, veral huishoudelike afval. Die Kagisano Molopo Plaaslike Munisipaliteit doen aansoek om 'n Afvalbestuurslisensie ten einde die aanleg wettig te bedryf en om toe te sien dat die terrein voldoen aan die NEM:WA 2008 vereistes en ander belangrike wetgewing. Die Afvalbestuurlisensie sal deur die Noordwes Departement van Landelike, Omgewings- en Landbouontwikkeling uitgereik word.

#### **Wetlike Vereistes vir die Beoogde Bedryf van die Piet Plessis Stortingsterrein**

Ooreenkomstig die Nasionale Wet op Omgewingsbestuur: Afval, 2008 (Wet 59 van 2008) soos gewysig, vereis die uitbedryfstelling van die Piet Plessis stortingssterrein 'n Afvalbestuurslisensie vir Uitbedryfstelling (**ingevolge Kategorie A van Staatskennisgewing 921 van November 2013, Aktiwiteit 14**). Die volgende gelyste aktiwiteit van Kategorie A Afvalbestuur is dus van toepassing:

- **Aktiwiteit 9:** Die wegdoening van onaktiewe afval van meer as 25 ton, maar minder as 25 000 ton, na grond, behalwe die wegdoening van sodanige afval vir die doeleindes van gelykmaking en bouwerk wat deur of ingevolge ander wetgewing gemagtig is;

- **Aktiwiteit 10:** Die wegdoening van algemene afval na grond wat 'n gebied van minstens 50m<sup>2</sup> maar hoogstens 200m<sup>2</sup> dek en met 'n totale kapasiteit van hoogstens 25 000 ton;
- **Aktiwiteit 13:** Die uitbreiding van 'n afvalbestuursaktiwiteit wat in Kategorie A of B van hierdie Skedule gelys is, wat nie aanleiding gee tot 'n addisionele afvalbestuursaktiwiteit ingevolge hierdie Skedule nie.

Ingevolge Artikel 24(2) en 24D van die Nasionale Wet op Omgewingsbestuur (Wet 107 van 1998), soos gewysig, moet 'n Basiese Evalueringsproses soos uiteengesit in die OIE-regulasies (2014) ook onderneem word.

Hoewel die Piet Plessis stortingsterrein tans bedryf word en algemene afval, veral huishoudelike afval, ontvang, doen die Dr. Ruth Mompati Distriksmunisipaliteit namens die Kagisano Molopo Plaaslike Munisipaliteit aansoek om 'n Afvalbestuurslisensie ten einde die aanleg formeel te bedryf en om toe te sien dat die terrein wetlik voldoen aan die NEM:WA 2008 en ander belangrike wetgewing. Die voorgestelde aktiwiteit wat met die lisensiering van die Piet Plessis stortingsterrein gepaard gaan, sal ook die oprigting van gepaste infrastruktuur (d.i. toegangshek, grensheining, ens.) wat vir stortingsterreine vereis word, insluit. Dit is die voorneme van hierdie projek om die terrein ingevolge die Nasionale Norme en Standaarde vir die Wegdoening van Afval na 'n Stortingsterrein wat in Augustus 2013 afgekondig is, te bedryf.

#### ***Doelwit van die Basiese Evalueringsproses***

Die projek se hoofdoelwit is om die nodige lisensiering vir bedryfsdoeleindes van die Bevoegde Owerhede (Noordwes Departement van Landelike, Omgewings- en Landbouontwikkeling). Die Basiese Evalueringsproses poog om potensiële omgewingsimpakte wat met die beoogde aktiwiteit gepaard gaan, asook enige alternatiewe vir die ontwikkeling/aktiwiteit te identifiseer en te evalueer en om gepaste versagtingsmaatreëls saam te stel.

#### ***Openbare Deelnameproses***

Ingevolge die NEMA, vorm 'n Openbare Deelnameproses (ODP) 'n integrale deel van die omgewingsimpakevalueringproses. Die openbare deelnameproses bied belangstellende en geaffekteerde partye wat deur die beoogde ontwikkeling geraak kan word, 'n geleentheid om kommentaar en knelpunte rakende die projek te opper of om voorstelle te maak wat die projek tot voordeel sal strek en om op die projek se databasis te registreer en/of meer inligting oor die projek te bekom.

Die ODP word derhalwe as 'n minimumvereiste van hierdie Basiese Evaluering in die Aansoeke om 'n Afvalbestuurslisensie ingesluit. Die Omgewingsevalueringpraktisyn (GA Environment) sal alle skriftelike voorleggings by die Noordwes Departement van Landelike, Omgewings- en Landbouontwikkeling indien vir besluitnemingsdoeleindes.

#### ***Geleentheid vir deelname***

Indien u as 'n B&GP wil registreer of voorstelle wil maak en/of kommentaar op hierdie voorstel wil lewer, moet u dit asseblief saam met u naam, kontakbesonderhede (u metode van kommunikasie van voorkeur, bv. e-posadres of faksnommer) en 'n aanduiding van enige belang wat u (of die organisasie wat u verteenwoordig) by die aansoek het, verstrek aan Nkhensani Khandlhela by **tel:** 011 312 2537, **faks:** 011 805 1950, **e-pos:** [nkhensanik@gaenvironment.com](mailto:nkhensanik@gaenvironment.com) of **pos:** Posbus 6723, Halfweghuis, 1685. **Registreer asseblief u belang by die projek voor 30 Oktober 2015.**

***Ons sien uit na u kommentaar!***
