22 November 2012

Dear Stakeholder

Integrated Environmental Authorisation and Water Use License Application for the proposed ash disposal at Kendal Power Station.

An Integrated Environmental Authorisation (Environmental Impact Assessment [EIA] and Waste License Application [WMLA]) and Water Use License Application (WULA) are being undertaken for the proposed ash disposal facilities and associated infrastructure at Kendal Power Station. The power station is situated to the South-West of the town of Ogies in Mpumalanga.

The current ash disposal facilities at Kendal Power Station are running out of space due to the high ash volumes being produced, in addition the life span of Kendal has also been extended to 2053. The proposed ash disposal facilities requires an Environmental Authorisation (EA), Waste Management License (WML) and Water Use License (WUL). The proposed ash disposal projects will be dealt with as separate applications by the Department of Environmental Affairs (DEA), and shall include the following:

1. Extending the current ash disposal facilities at Kendal Power Station including the emergency dump and ash return water dams. (**DEA Reference 14/12/16/3/3/3/63.**)
2. Identify and construct a new facility with a capacity for 30 years to cater for the remaining operational life of the power station until 2053 (**Awaiting reference from DEA.**)

You are invited to register as an Interested and/or Affected Party (I&AP) and to participate in this environmental process by using the registration and comment sheet in the enclosed Background Information Document (BID). Should you require the information in Afrikaans, please notify us and we shall gladly assist. Please return the BID comment sheet at the latest by **04 February 2013** for this initial public notification process, although submissions and public participation will continue throughout the EIA process.

Availability of Draft Scoping Report for public review from 07 December 2012 to 04 February 2013

In accordance with the EIA Regulations, the draft scoping report will be submitted to the competent authority for the environmental impact assessment and the waste management license, namely the national Department of Environment Affairs (DEA). Parallel to this submission, it will be made available for review by the public, relevant organs of state and other government departments for a 40 calendar day period. The public review period will be from **07 December 2012 to 04 February 2013**. Thereafter the report will be updated and resubmitted to the registered interested and affected parties and to the competent authority.

The report will be available for review from **07 December 2012** at the following locations:

Patiswa Mnqokoyi	http://www.zitholele.co.za/ea-and-wml-for-the-on-going-ash-disposal-at-kendal-power-station	011 207 2074
Patiswa Mnqokoyi	CD on request via email from Zitholele Consulting.	Phone 011 207 2074 or send email request to patiswam@zitholele.co.za

You are requested to comment on the DSR in any of the following ways:

- Completing the comment sheet enclosed;
- Writing a letter, or producing additional written submissions;
- Sending an email or phoning the public participation office; or
- Attending the public meeting (see below for details).

Invitation to a public meeting on 29 January 2013 at 14:00 or at 18:00

Two similar public meetings will be held – one in the afternoon and one in the evening. You are welcome to choose which one would be most convenient for you to attend.

Date: 29 January 2012 at 14:00 **or** at 18:00. Please note the project team will be available from 11:00 at El Toro should you wish to meet with them to discuss any concerns.

Venue: El Toro Conference Centre
El Toro is situated next to the Kendal/Balmoral (R545) road, approximately 2 km south of the N12, as you drive from the N12 in a southerly direction towards the Kendal Power Station.

Registration: commences 30 minutes before the time indicated above.

The purpose of the public meeting will be to present the outcome of the scoping process, and to allow discussions around those outcomes and to make recommendations which will be taken into the EIA phase.

Kindly send your replies to Patiswa Mnqokoyi at the Public Participation Office on fax number 086-676-9950 or e-mail to patiswam@zitholele.co.za. You are also welcome to contact Zitholele Consulting on (011) 207-2074 or (011) 207- 2071. This assessment is being conducted on behalf of Eskom.

Yours sincerely

Gernie Agenbag
Public Participation Office

Environmental Impact Assessment, Water - and Waste Management License Application for ash disposal facilities at Kendal Power Station.

(DEA Ref No 14/12/16/3/3/3/63) (NEAS Reference: DEA/EIA/00001508/2012)

Reply sheet to receive the Draft Scoping Report and to attend a public meeting on 29 January 2013
