

**APPENDIX D4: ISSUES AND RESPONSE REPORT**

ISSUES AND RESPONSE REPORT :					
ENVIRONMENTAL IMPACT ASSESSMENT PROCESS FOR THE PROPOSED DEVELOPMENT OF THE ESKOM VRYHEID NETWORK STRENGTHENING: AGULHAS 400/132KV 2X500 MVA TRANSMISSION SUBSTATION AND LOOP-IN LOOP-OUT LINES					
					
Date Receipt of Comment	Name and contact details	Organization	Issues and comments	Response by Environmental Assessment Practitioner (EAP)	Date of Response by EAP
17 July 2015	JanenSanet Schoonwinkel Cell: 0825706327 Ceil: 076 4024494 Email:schoonwinkel@vod aail.co.za	Landowner	<ul style="list-style-type: none"> <li>As a landowner, I will be directly affected by the proposed developments of the substation. The current Vryheid substation is located on my property Kluitjieskraal 256.</li> </ul>	The EAP acknowledged receipt of the correspondence and further notified the I&AP that his comments have been noted and draft Scoping and	23 July 2015

Appendix C2 – Comments and Response Report

			<ul style="list-style-type: none"> <li>• There are already a network of poles and powerlines that make it very difficult to perform my farming activities.</li> <li>• If there is another substation with more poles and lines it will be nearly impossible to continue farming on the specific lands.</li> <li>• The power station is also a big fire hazard.</li> <li>• As Site A,B,C and D is on my property the only option acceptable to me is Site E.</li> </ul>	<p>Environmental Impact Assessment reports will be submitted to them for review and comments.</p>
