Good day Zizo

Kindly find my registration as Interested party attached. I am NOT registering on behalf of commercial farmer land owners and not necessarily all the land owners are our members. I am merely participating as an observer and will participate in the interest of sustainable agriculture and for the resource base on which it depends.

I can assist to facilitate meetings via the local Agricultural Associations if needs be – they have meeting halls and facilities available at a reasonable fee.

Regards,
Jack

Dear Cllr. MM Sebotsa,

Thank you very much for the correspondence and for the completed registration form.

With regards to comments raised in the completed registration form, my responses are as follows:

- We greatly appreciate the contact details of the farmer (Wissels). We will include him to the project database.
- Current road construction works along the N1 between Kroonstad and Ventersburg are noted.
- The majority of the proposed scope of work as detailed in the Prospecting Work Programme accompanying this Prospecting Right and Environmental Authorisation application requires technical skills and the work will be performed by qualified Geologists. There will be an opportunity for the employment of local, unskilled labourers during invasive prospecting operations (drilling) such as clearance of vegetation and rehabilitation of disturbed sites (revegetation). Due to the limited scope and short duration of the proposed prospecting operations, it is unlikely that the proposed prospecting operations will have any significant impact on employment opportunities as only a limited number of unskilled labourers will be required for the duration of the project.
- The public participation process for this project was initiated on the 26th February 2018. 10 x A2 Correx board site notices (in English, Afrikaans and Sesotho) were placed within and around the application area. Background Information Documents were distributed to affected and surrounding landowners. English and Afrikaans notification adverts were placed in the Volksblad newspaper and the Sesotho advert was placed in the Free State Sun newspaper. A3 site notices (in English, Afrikaans and Sesotho) were placed at the local Spar supermarket, at the local clinic and at the Dr Paul Virility Medical Centre in the town of Ventersburg. The public participation process is on-going and will continue throughout the Basic Assessment process. The public participation process is open to any member of the public who is interested or affected and wish to participate.
- As the ward councillor within the application area, we look forward to working with you on this project.

Wishing you a wonderful day further.

**Best regards,
Zizo Siwendu**

Dear Me. Zizo Siwendu

APPLICATION FOR A PROSPECTING RIGHT AND ENVIRONMENTAL AUTHORISATION ON VARIOUS FARMS WITHIN THE KROONSTAD, VENTERSBURG AND HENNINGMAN MAGISTERIAL DISTRICTS, IN THE FREE STATE PROVINCE (VENTERSBURG CONSOLIDATED PROSPECTING RIGHT)

1. Your letter dated 26 January 2018 pertaining to the above-mentioned matter refers.
2. This Department identified two departmental borrow pits as indicated on your list with various farms that will be affected by your application for a prospecting right, namely borrow pit no. 184/1/6/3 situated on the property Eerste Geluk 51 and borrow pit no. 184/1/35/12 situated on the property of Subdivision 3 of Goedgegund 434.
3. This Department reserved these two borrow pits in terms of the provisions of section 17(2) of the Free State Roads Ordinance, 1968 (Ordinance no.4 of 1968), as amended. The material from these borrow pits will be utilised by the Department for road building or road rehabilitation purposes. Usable material for such purposes are limited in the province.
4. In view of the existing departmental borrow pits on the properties listed in paragraph 2, this Department has to object to the proposed mining activities indicated with Surveyor General code F03500000000005100000 and F02000000000043400003.
5. You are welcome to schedule a meeting with this Department's Director: Road Asset Management System, Mr. W. Van Wyk, to discuss the matter and possible solutions to enable you to proceed with the proposed mining activities on the affected properties.
6. Any enquiries pertaining to this matter can be directed to Mr. H. Maree at telephone no. 051- 409 8275 or e-mail: MareeH@freetrans.gov.za

Good day,

Thank you very much for the correspondence.

Please be advised that this is an application for prospecting, not mining. Although the prospecting application area extends over fifty-three (53) farm portions with a total area of 7 943.07 ha, only 0.54 ha of the total area will be affected by invasive prospecting activities.

Invasive prospecting activities will involve drilling of six (6) diamond core drill holes. Drilling will consist of six small holes of several centimetres in depth. The establishment of a drill pad will disturb an area of up to 30 x 30 m per site. As such, the total/maximum of 6 drill holes would disturb an area covering approximately 5400 m² or 0.54 ha. Drill sites will be rehabilitated after drilling and the holes will be capped by means of concrete (as will be specified in the Environmental Management Programme).

The properties that will be affected by the 6 proposed drill holes include:

1. Groenkol 2448 (Portion 0)
2. Armoedspruit 415 (Portion RE)
3. Daamleegte 323 (Portion RE)
4. Lekkerleven 2445 (Portion 0)
5. Twistniet 565 (Portion RE)
6. Twistniet 565 (Portion 3)

None of the properties indicated by the Department will be affected by the proposed boreholes. Kindly refer to the attached map for the six proposed borehole locations.

May you kindly furnish us with the KMZ file for the 5 borrow pits locations, so we can include this information in the sensitivity map for this project?

Dear Me. Zizo Siwendu

APPLICATION FOR A PROSPECTING RIGHT AND ENVIRONMENTAL AUTHORISATION ON VARIOUS FARMS WITHIN THE KROONSTAD, VENTERSBURG AND HENNINGMAN MAGISTERIAL DISTRICTS, IN THE FREE STATE PROVINCE (VENTERSBURG CONSOLIDATED PROSPECTING RIGHT)

1. Your e-mail dated 19 February 2018 pertaining to the above-mentioned matter refers.
2. The Department takes cognisance of the contents of your e-mail, as well as that none of the two identified departmental borrow pits will be affected by the proposed prospecting.
3. Please note that the Department cannot provide you with a KMZ file to indicate the locations of the departmental borrow pit no. 184/1/6/3, situated on the property Eerste Geluk 51 and borrow pit no. 184/1/35/12, situated on the property of Subdivision 3 of Goedgedund 434 as the coordinates of these borrow pits are not available.
4. If, however, you request to see the positions of the afore-mentioned borrow pits in the field, the necessary arrangements can be made with the relevant Departmental officials.
5. Also note that a building line of 95,0 meters, measured from the centre line of the road, is applicable to the provincial roads in terms of the provisions of the Advertising on Roads and Ribbon Development Act, 1940 (Act no. 21 of 1940). You therefore need to apply for a way leave approval should the proposed prospecting be done within the building restriction area. An application form is attached hereto.
6. Any enquiries pertaining to this matter can be directed to Mr. H. Maree at telephone no. 051- 409 8275 or e-mail: MareeH@freetrans.gov.za

Yours faithfully
