**Subject:** EIA: Kendal 30 Year Ash Project - request for attendance at Meeting (Thursday 4 July 2013)  
**Importance:** High

Dear Sunil,

Thank you for taking my call. As discussed, Zitholele Consulting will appreciate the attendance of a Shanduka Coal employee at a meeting to be held with mining houses who might have Mining Rights or Prospecting Rights on the four (4) proposed site alternatives identified for the 30 Year Ash Project for Kendal Power Station.

The meeting will take place on Thursday 4 July 2013 at 16h00 at the NG Church Hall, Ogies. Map and directions will be forwarded shortly.

Your request for shape files is forwarded to Mathys Vosloo, Project Manager for this EIA.

Kind Regards,

**Nicolene Venter** [Cert. Public Relations]

Hi Sunil

Perjaps you can try a shape file. I have attached the shape file for the feasible sites in this email.

We will have a map there this afternoon so can give that map to Granny.

Thank you

Kind Regards,

**Dr Mathys Vosloo** [Ph.D. (Zoology), Pr.Sci.Nat.]

Hi Nicolene

We seem to be having problems plotting the CAD info you provided to us.

Could you please send us a pdf showing the intended site selected areas. Alternatively, please give Granny a plan to pass on to me this afternoon.

Regards  
Sunil

Hi Granny,

Herewith the details for the meeting venue and thank you for accommodating us with the new time slot.

The venue has been confirmed as:  
NG Church Hall, 21 Church (Kerk) Street, Ogies  
Directions (from Johannesburg taking the N12 East):

- From the N12 take the Ogies Turnoff (the one after the Kendal/Balmoral)
- At the bridge turn right
- At T-junction turn left (there will be Silos on your left-hand side)
- Go over the railway line bridge
- Cross over the 3-way stop street (Spar will be on your left-hand side)
- Travel further down the road at when you see **Afgri** on your left-hand side – turn right into Church (Kerk) Street
- The Church Hall will be on your right-hand side

Kind Regards,

**Nicolene Venter** [Cert. Public Relations]

Hi Leonard/Ben,

Hoop dit gaan goed daar by julle.

Leonard, Kan jy asb vir my die pdf en dxf fines van die myn informasie stuur soos bespreek op ons vergadering laas Vrydag.

Kan julle dalk ook asb weer vir my Kontak besonderhede van die myne in die omtrek gee, indoen jy die informasie het. Ons het 2 van die mense in die hande gekry vir West Coal en Shanduka, maar kan nie deur kom na die ander myne nie.

Ken julle dalk iemand by Goedgevonden, Holelands, Ingwe of Lakeview mining, en as daar enige iemand anders is wat julle aan kan dink sal dit gaaf wees.

Baie dankie.

Hi,

Further comments:

Why you don't employ other measures to reduce ash waste like to use it to make other products/material,i.e Bricks, Charcoal,etc

regards

**Subject:** Camden Power Station Ash Expansion Facility - Minutes of public meetings

Good day Dear Stakeholder,

Please find attached the minutes from the two public meetings hosted by Zitholele Consulting on Wednesday 17 April 2013 at Indawo Lodge, Ermelo.

The meetings objective was to present the Draft Environmental Impact Report to the public.

The public has the opportunity to review the minutes, and to verify if the comments made were captured correctly.

Please direct your comments to the public participation office or myself at your earliest convenience.

The Zitholele team is currently busy compiling the Final Environmental Impact Report (FEIR). The availability of the FEIR will be announced to the public in due course.

Kind Regards,

**Jan-Dirk Brak** [BSc. (Geography)]

**Subject:** RE: Document for Proposed Extension of Ash Disposal Facilities at Camden Power Station

Dear Mr Ndlovu,

Many thanks for your comments, which will be appropriately registered in the Comments Response Report and reported as part of the official record of the project. In response to your enquiry "Why you don't employ other measures to reduce ash waste like to use it to make other products/material,i.e Bricks, Charcoal,etc" I can respond by indicating that Eskom do have initiatives ongoing for the investigation and implementation of projects for reuse of the ash generated at their power stations. Unfortunately the volume of ash is just too high to dispose of all of it in this manner. Currently Eskom manage to re-purpose about 5% of the ash generated at power stations across South Africa. Thus ash disposal / storage facilities will are still required.

I trust this answers your question, but please feel free to contact us again should you have any further enquiries.

Kind Regards,

Hi Leonard/Ben,

Hoop dit gaan goed daar by julle.

Leonard, Kan jy asb vir my die pdf en dxf fines van die myn informasie stuur soos bespreek op ons vergadering laas Vrydag.

Kan julle dalk ook asb weer vir my Kontak besonderhede van die myne in die omtrek gee, indoen jy die informasie het. Ons het 2 van die mense in die hande gekry vir West Coal en Shanduka, maar kan nie deur kom na die ander myne nie.

Ken julle dalk iemand by Goedgevonden, Holelands, Ingwe of Lakeview mining, en as daar enige iemand anders is wat julle aan kan dink sal dit gaaf wees.

Baie dankie.

Kind Regards,

**Subject:** Re: Mining info and prospecting rights around Kendal powerstation

Hi,

There are few mines around the Kendal PS, some are supplying us and some not. In my mind I can think of Khutala, Ferret/Homelands/Kendal colliery. Wescoal, Just Coal, we can check YellowBeak they were planning to supply us from there, there is certainly few derelict underground mines, the ones I just mentioned are opencast. Let me know if you want me to expand this information, I am little bit pressed with work load and can give you more details by Thursday if that's ok with you.

Kind regards  
Mirenda

Hi Mirenda

As shortly discussed please send me any information you have regarding the above mentioned. We are busy with the EIA for the additional ash disposal facility at Kendal Power station. So far we have identified 4 sites and need to select one suitable site after further studies. And your help will be necessary and appreciated.

Mathys can you please send Mirenda a list of property details for the 4 selected sites so that she knows which specific sites to assist us with.

Regards,

**Importance:** High

Hi Cindy,

Thank you for your e-mail below and please be informed that you will receive a copy of the draft minutes when it is ready for distribution.

Cindy, the project team is meeting this coming Friday with Kusile Mining (who attended our Focus Group Meeting last week) to discuss the site alternatives. Shape files have been exchanged between Zitholele Consulting and Kusile Mining for both parties to establish whether the site alternatives are on Kusile Mining's mining right properties. Are you possibly available to also attend the meeting (time and venue will be communicated shortly)? And, can we forward the shape files to you to overlay it on Anglo American's properties in the area that have mining rights on? If you are not the person at Anglo American that can coordinate this request, please inform us who we need to contact in this regard.

We are looking forward to hear from you.

Kind Regards,

**Subject:** Kendal Ash Dump

Good day, please find attached response sheet to your Focus Group Meeting you had last week. We would like to receive a copy of the minutes.

Please kindly note:

1. Some of the identified areas overlays with our Mining Right Area.
2. Current investigations are underway to identify potential wetland off-set areas, which could pose some issues to our wetland off-set strategies and objectives.

I hereby kindly request you to consult us where the proposed ash dump might affect Anglo's property. To confirm the above mentioned, will it be possible to send us a file of the proposed ash dumps in a dgn/dxf/dwg/kcd or shapefile please? WG029 format.

Kind Regards,

Dear Patrick,

As per my voice mail message left on your cell phone, Zitholele Consulting has been appointed by Eskom Holdings SOC Limited to conduct the EIA for the proposed 30 Year Ash Disposal Facility and associated infrastructure for Kendal Power Station.

To ensure that the site alternatives currently being considered are not on properties / areas with Mining Rights, Zitholele would appreciate your (or a representative / representatives) attendance at a Technical Meeting being held this coming Friday at Kendal Power Station from 09h00 to 11h00.

I will be sending you a calendar invitation as well and you are most welcome to forward it to any other colleague at African Exploration that you believe needs to attend the meeting.

As soon as I hear from you or African Exploration, I will arrange for the shape files / CAD files to be forwarded to African Exploration to overlay it on your maps to ensure that fruitful meeting is held.

Looking forward to hear from you.

Kind Regards,

Beste Christie,

Baie dankie dat u vanaand my oproep geneem het.

Soos genoem, is Zitholele Consulting deur Eskom as onafhanklike Omgewingskonsultant aangestel om die Omgewingimpakstudie vir die voorgestelde 30 Jaar Aswegdoeningsfasiliteit en gepaardgaande infrastruktuur vir Kendal Kragstasie te doen.

U eiendom, Vlakvarkfontein 213 – verskeie gedeeltes, val binne een van die vier (4) voorgestelde terreinalternatiewe en om die rede nooi ons u vriendelik uit na 'n Fokusgroepvergadering wat vir geaffekteerde grondeienaars gehou word op:

**DATUM:** Donderdag 4 Julie 2013

**TYD:** 14H00

**PLEK:** NG Kerkzaal, Ogies

Ons sal dit opreg waardeer indien u hierdie vergadering kan bywoon sodat u die projekspan kan ontmoet en enige kwellinge en/of kwessies wat u rakende die voorgestelde projek mag he, te opper.

Ons vra ook verskoning vir die kort kennisgewing en vir enige ongerief wat dit mag veroorsaak.

Vriendelike groete

**Nicolene Venter** [Cert. Public Relations]

Dear Mr Mungaroo - as part of the EIA (scoping phase) process Zitholele Consulting needs to meet with Shanduka Coal/Mining to present 4 site alternatives for the proposed 30 year ash disposal facility and associated infrastructures for Kendal Power Station. We would like to enquire whether you will be available to attend a meeting this coming Thursday 4 July 2013 at 16:00 at the NG Church Hall, Ogies. It would also be appreciated if you can forward us your full contact details. Kind regards Nicolene Venter

Dear Sunil

Please find the attached CAD drawings for the feasible alternatives. Please let me know if you have any trouble with the file as I exported this using ArcGIS.

Kind Regards,

**Subhashini Pillay** [BSc. Hons. (Geography)]

Hi Su,

Can you please help with this. Can you make a DGN and DXF (if we don't already have it) for the four feasible sites for Kendal 30 yr. Or alternatively show Virginia where it is.

And can you or Virginia send to Sunil Mungaroo ([sunil.mungaroo@shandukacoal.com](mailto:sunil.mungaroo@shandukacoal.com)), and cc myself and Nicolene.

Kind Regards,

**Dr Mathys Vosloo** [Ph.D. (Zoology), Pr.Sci.Nat.]

**Importance:** High

Dear Sunil,

Thank you for taking my call. As discussed, Zitholele Consulting will appreciate the attendance of a Shanduka Coal employee at a meeting to be held with mining houses who might have Mining Rights or Prospecting Rights on the four (4) proposed site alternatives identified for the 30 Year Ash Project for Kendal Power Station.

The meeting will take place on Thursday 4 July 2013 at 16h00 at the NG Church Hall, Ogies. Map and directions will be forwarded shortly.

Your request for shape files is forwarded to Mathys Vosloo, Project Manager for this EIA.

Kind Regards,

Dear all,

Please receive attached the background information document for the project, dxf. and kmz. files for the four identified feasible alternatives.

You are kindly requested to provide us with your input in terms of the following information:

- **Which farm portions follow within each mining house;**
- **Which farm portions owned by mines will be affected by the attached feasible sites;**
- **What minerals are being mined and/or what mineral rights are held;**
- **Will the affected mine be open for negotiations with Eskom; and**
- **Are there any other mining Companies in your area (e.g. neighbours) that may be impacted by the attached feasible sites. If yes, may you please provide us with the contact person and their details (if you have)?**

Your assistance with this regards will be highly appreciated.

Thank you in advance.

**NB. For all the individuals/companies who have already been consulted by Zitholele Consulting, please ignore this email.**

Dear Ben,

As per my voice mail message left on your cell phone, Zitholele Consulting has been appointed by Eskom Holdings SOC Limited to conduct the EIA for the proposed 30 Year Ash Disposal Facility and associated infrastructure for Kendal Power Station.

To ensure that the site alternatives currently being considered are not on properties / areas with Mining Rights, Zitholele would appreciate your (or a representative / representatives) attendance at a Technical Meeting being held this coming Friday at Kendal Power Station from 09h00 to 11h00.

I will be sending you a calendar invitation as well and you are most welcome to forward it to any other colleague at Gecko Mining that you believe needs to attend the meeting.

As soon as I hear from you or Gecko Mining, I will arrange for the shape files / CAD files to be forwarded to Gecko Mining to overlay it on your maps to ensure that fruitful meeting is held.

Looking forward to hear from you.

Kind Regards,

**Nicolene Venter** [Cert. Public Relations]

Beste Mnr Duvenage,

Baie dankie dat u vanaand my oproep geneem het.

Soos genoem, is Zitholele Consulting deur Eskom as onafhanklike Omgewingskonsultant aangestel om die Omgewingimpakstudie vir die voorgestelde 30 Jaar Aswegdoeningsfasiliteit en gepaardgaande infrastruktuur vir Kendal Kragstasie te doen.

U eiendom, Vlakvarkfontein 213 – Ged 4, val binne een van die vier (4) voorgestelde terreinalternatiewe en om die rede nooi ons u vriendelik uit na 'n Fokusgroepvergadering wat vir geaffekteerde grondeienaars gehou word op:

**DATUM:** Donderdag 4 Julie 2013

**TYD:** 14H00

**PLEK:** NG Kerkzaal, Ogies

Ons sal dit opreg waardeer indien u hierdie vergadering kan bywoon sodat u die projekspan kan ontmoet en enige kwelling en/of kwessies wat u rakende die voorgestelde projek mag he, te opper.

Ons vra ook verskoning vir die kort kennisgewing en vir enige ongerief wat dit mag veroorsaak.

Na aanleiding van ons telefoniese gesprek het u my meegedeel dat u eiendom deur 'n Myn Maatskappy gekoop is – die oordrag word tans deur Kruger & Odendaal Prokureurs op Delmas hanteer. Ons sal met die prokureurs in verbinding tree om te verneem wie die Myn Maatskappy is.

Vriendelike groete

Good day, please find attached response sheet to your Focus Group Meeting you had last week. We would like to receive a copy of the minutes.

Please kindly note:

1. Some of the identified areas overlays with our Mining Right Area.
2. Current investigations are underway to identify potential wetland off-set areas, which could pose some issues to our wetland off-set strategies and objectives.

I hereby kindly request you to consult us where the proposed ash dump might affect Anglo's property. To confirm the above mentioned, will it be possible to send us a file of the proposed ash dumps in a dgn/dxf/dwg/kcd or shapefile please? WG029 format.

Hi Cindy,

Thank you for your e-mail below and please be informed that you will receive a copy of the draft minutes when it is ready for distribution.

Cindy, the project team is meeting this coming Friday with Kusile Mining (who attended our Focus Group Meeting last week) to discuss the site alternatives. Shape files have been exchanged between Zitholele Consulting and Kusile Mining for both parties to establish whether the site alternatives are on Kusile Mining's mining right properties. Are you possibly available to also attend the meeting (time and venue will be communicated shortly)? And, can we forward the shape files to you to overlay it on Anglo American's properties in the area that have mining rights on? If you are not the person at Anglo American that can coordinate this request, please inform us who we need to contact in this regard.

We are looking forward to hear from you.

Kind Regards,

Good day, please find attached response sheet to your Focus Group Meeting you had last week. We would like to receive a copy of the minutes.

Please kindly note:

1. Some of the identified areas overlays with our Mining Right Area.
2. Current investigations are underway to identify potential wetland off-set areas, which could pose some issues to our wetland off-set strategies and objectives.

I hereby kindly request you to consult us where the proposed ash dump might affect Anglo's property. To confirm the above mentioned, will it be possible to send us a file of the proposed ash dumps in a dgn/dxf/dwg/kcd or shapefile please? WG029 format.

Kind Regards,

Good Morning African Exploration Mining and Finance Corporation (AEMFC) SOC Limited,

As per my e-mail below addressed to Mr Patrick Mathonsi, Zitholele Consulting would appreciate if we can be contacted to discuss the above-mentioned proposed project with AEMFC.

We also need to establish whether AEMFC has Mining Rights on the site alternatives identified to date which could be suitable to accommodate Kendal Power Station's 30 year ash disposal and associated infrastructures.

I will e-mail the Feasible Alternatives map via LargefilesASAP (83MB in size) for easy reference.

As mentioned below, we have secured a meeting with other Mining Houses / Companies for Friday, 28 June 2013 and a representative(s) from AEMFC at the meeting would be appreciated.

Kind Regards,

**Nicolene Venter** [Cert. Public Relations]

Dear Patrick,

As per my voice mail message left on your cell phone, Zitholele Consulting has been appointed by Eskom Holdings SOC Limited to conduct the EIA for the proposed 30 Year Ash Disposal Facility and associated infrastructure for Kendal Power Station.

To ensure that the site alternatives currently being considered are not on properties / areas with Mining Rights, Zitholele would appreciate your (or a representative / representatives) attendance at a Technical Meeting being held this coming Friday at Kendal Power Station from 09h00 to 11h00.

I will be sending you a calendar invitation as well and you are most welcome to forward it to any other colleague at African Exploration that you believe needs to attend the meeting.

As soon as I hear from you or African Exploration, I will arrange for the shape files / CAD files to be forwarded to African Exploration to overlay it on your maps to ensure that fruitful meeting is held.

Looking forward to hear from you.

Kind Regards,

**Nicolene Venter** [Cert. Public Relations]
