Good Day Jack

Organisation in this context can be any form of group, entity or affiliation that you are in and might want to represent in relation to the proposed activity. You do not have to be in an organisation to be affected or interested in the project, as an individual you can still comment.

As an interested or affected party, you have the right to raise any issues in relation to the project. Your issues or comments should be done in writing on the form you received and returned to the mentioned address on the "STAKEHOLDER COMMENTS" form.

Date of commencement of the project can not be confirmed at this stage, authorisation needs to be granted first by the Gauteng Department of Agriculture and Rural Development and you will be notified of such.

Should you need additional information please do not hesitate to contact us.

Regards

Delia de Lange

Hi Ms. Delia de Lange

I received the document (NOTICE FOR BASIC ASSESSMENT PROCESS AND WATER USE LICENCE APPLICATION FOR PROPOSED BULK WATER AND SEWER PIPE LINES - HAMMANSKRAAL WEST EXT 10) and would like some clarification on the following:

1. What does ORGANISATION on the form means.
2. What information is needed on the COMMENTS.
3. When is the Project expected to start.

Looking forward to hearing from you.

Regards
Jack Mashiyane

Good Day Kgothatso

The documents are to notify you of the intended project by City of Tshwane in Hammanskraal West Ext 10.

The proposed project entails the provision of basic infrastructure (bulk water and sewer pipelines) to Hammanskraal West Extensions 4 & 10.

The proposed project is in terms of the EIA Regulations of the NEMA Act (Act No. 107 1998) in which Interested and Affected parties need to be notified.

As an interested or affected party, you have the right to raise any issues in relation to the project. Your issues or comments should be done in writing on the form you received and returned to the mentioned address.

Hope this clarifies your concern, should you require additional information please do not hesitate to contact us.

Dear Ms de Lange

**BASIC ASSESSMENT PROCESS AND WATER USE LICENCE APPLICATION FOR
 PROPOSED BULK WATER AND SEWER PIPELINES – HAMMANSKRAAL WEST EXT 10**

Your letter with reference number TGM2017/002 dated 20 June 2017 has reference.

Transnet Pipelines, a division of Transnet SOC Limited, is not affected by the proposal as indicated on your Hammanskraal Locality and Site/Project Layout Plans. This wayleave period is valid for 30 months from the date on this letter.

Your awareness of the existence of Transnet's pipeline servitudes and concern for their integrity is appreciated.

Yours Sincerely

Thami Hadebe (Mr)

Sir / Madam

PROPOSED BULK WATER AND SEWER PIPELINES – HAMMANSKRAAL WEST EXT 10

We refer to your letter dated 21 June 2017 whereby drawings were included.

Sasol Pipeline Operations is affected by your proposed work.

THIS IS NOT A WAYLEAVE

Please take note that the following steps need to be followed for the Official Wayleave.

1. Contact Sasol Satellite Operations wayleave office via telephone to set up a kick off meeting or a pre-signature meeting **3 days prior to commencement of work**. Sasol Satellite Operations will not accept calendar meetings as this is causing major problems when dealing with service providers who do not have the correct information on their requests. Sasol Satellite Operations will then indicate the gas pipeline and issue conditions to be complied with.
2. At the second meeting Sasol Satellite Operations will then issue the official wayleave if all the conditions are met.

If any work starts on or close to our gas pipeline without the official wayleave, legal action will be taken against the perpetrators.

3. Sasol Satellite Operation would appreciate it if the executor of the job is the one in the pre-signature meeting.

page 2 of 2

Damage to the pipeline may result in the following:

1. Fatality, even multiple fatalities
2. Loss of livestock and environmental impact
3. Damage to property
4. Cost of loss of Production or financial loss could be as high as 1 Billion Rand

Subject: RE: NOTICE FOR BA PROCESS AND WULA FOR PROPOSED BULK WATER AND SEWER PIPELINES - HAMMANSKRAAL WEST EXT 10 (REF NR. TGM2017/002)

Hi Mphakiseng

The railway line as per the locality map is approximately 740 metres east of the proposed bulk sewer line where it will connect with the existing sewer line and approximately 3.2 km east of the proposed bulk water pipeline. Please note that the Apies River is situated between the location for the proposed bulk sewer line and the railway line as per the Google Earth image below.

I am not aware of any other railway lines in close proximity to the proposed project site.
