NOTIFICATION OF BASIC ASSESSMENT PROCESS

NOTICE OF A BASIC ASSESSMENT AND PUBLIC PARTICIPATION PROCESS

PROPOSED ACCESS ROAD FOR THE DWARSRUG WIND ENERGY FACILITY NEAR LOERIESFONTEIN, NORTHERN CAPE PROVINCE

Project Name:	Applicant:
The Proposed Access Road for the Dwarsrug Wind Energy Facility near Loeriesfontein, Northern Cape Province	South African Mainstream Renewable Power (Pty) Ltd

Proposed Activity: South African Mainstream Renewable Power (Pty) Ltd, is proposing the development of an access road for the authorised Dwarsrug Wind Energy Facility (WEF), Northern Cape Province.

The applicant is proposing two alternative access roads which will be assessed, including:

- » Alternative 1 - Gravel road from Granaatboskolk to the project site (approx. 11km); and
- » Alternative 2 - Gravel road from Granaatboskolk to the project site (approx. 8km).

Project Location: The proposed access road is approximately 60km north of Loeriesfontein, in the Northern Cape Province. The proposed access road will fall within the jurisdiction of the Hantam Local Municipality and within the greater Namakwa District Municipality. The affected properties will include the following:

- » Remainder of the Farm Brakpan No. 212;
- » Stinkputs No. 229
- » Portion 1 of the Farm Aan de Karee Doorn Pan No. 213
- » Remainder of the Farm Sous No. 226
- » Narosies No. 228

Basic Assessment Process: In terms of Sections 24 and 24D of the National Environmental Management Act (No 107 of 1998), as read with Government Notice R324 – R327, as amended, a Basic Assessment (BA) is required for this project. Savannah Environmental is undertaking the required BA and public participation process for the project.

To obtain further information and register on the project database, please submit your name, contact information and interest in the project to:

October 2018

KENNISGEWING VAN 'N BASIESE EVALUERING EN OPENBARE DEELNAMEPROSES

BEOOGDE TOEGANGSPAD VIR DIE DWARSRUG WINDKRAGANLEG NABY LOERIESFONTEIN, NOORD-KAAPROVINSIE

Projeknaam:	Applikant:
Beoogde Toegangspad vir die Dwarsrug Windkraganleg naby Loeriesfontein, Noord-Kaaprovinsie	South African Mainstream Renewable Power (Edms.) Bpk.

Beoogde Aktiwiteit: South African Mainstream Renewable Power (Edms.) Bpk., beoog die ontwikkeling van 'n toegangspad vir die goedgekeurde Dwarsrug Windkraganleg (WEF), Noord-Kaaprovinsie.

Die applikant beoog twee alternatiewe toegangspaaie wat geëvalueer sal word, insluitend:

- » Alternative 1 – Gruispad vanaf Granaatboskolk tot by die projekterrein (sowat 11 km); en
- » Alternative 2 – Gruispad vanaf Granaatboskolk tot by die projekterrein (sowat 8 km).

Projekligging: Die beoogde toegangspad is sowat 60 km noord van Loeriesfontein in die Noord-Kaaprovinsie. Die beoogde toegangspad sal in die regsgebied van die Hantam Plaaslike Munisipaliteit en in die Namakwa Distriksmunisipaliteit en omstreke val. Die geaffekteerde eiendomme sal die volgende insluit:

- » Restant van die plaas Brakpan No. 212
- » Stinkputs No. 229
- » Gedeelte 1 van die plaas Aan de Karee Doorn Pan No. 213
- » Restant van die plaas Sous No. 226
- » Narosies No. 228

Basiese Evalueringsproses: Ingevolge Artikel 24 en 24D van die Nasionale Wet op Omgewingsbestuur (Wet 107 van 1998), saamgelees met Staatskennisgewing R324 tot R327, soos gewysig, word 'n Basiese Evaluering (BE) vir hierdie projek verlang. Savannah Environmental onderneem die nodige BE en openbare deelnameproses vir die projek.

Ten einde meer inligting te bekom en om op die projek se databasis te registreer, verstrek asseblief u naam, kontakbesonderhede en belang by die projek aan:

KENNISGEWING VAN 'N BASIESE EVALUERING EN OPENBARE DEELNAMEPROSES EN BESIKKBAARHEID VAN BASIESE EVALUERINGSVERSLAG

BEOOGDE TOEGANGSPAD VIR DIE DWARSRUG WINDKRAGANLEG NABY LOERIESFONTEIN, NOORD-KAAPROVINSIE

Projeknaam: Beoogde Toegangspad vir die Dwarsrug Windkragaanleg, Loeriesfontein, Noord-Kaapprovinsie

Applikant: South African Mainstream Renewable Power (Edms.) Bpk

Beoogde Aktiwiteit: 'n Aansoek vir Omgewingsmagtiging vir die beoogde toegangspad sal by die Noord-Kaapprovinsie Departement van Omgewingsake en Natuurbewaring, die bevoegde Owerheid, in terme van die Nasionale Omgewingsbestuursweg (No. 107 van 1998) (NOBW), Omgewingsimpakevalueringeregulasies, 2014, soos gewysig, ingedien word.

Projekligging: Die beoogde twee alternatiewe toegangspaaie na die goedgekeurde Dwarsrug Windenergie Ontwikkeling (WEO) is ongeveer 60 km noord van Loeriesfontein en sal in die regsgebied van die Hantam Plaaslike Munisipaliteit en in die Namakwa Distriksmunisipaliteit val en die geaffekteerde eiendomme sal die volgende insluit:

Alternatiewe Toegangspaaie Inligting	Geaffekteerde Eiendomme
Alternatief 1: Gruispad vanaf Granaatboskolk tot by die projekterrein (sowat 11km)	<ul style="list-style-type: none">• Restant van die plaas Brakpan No. 212• Stinkputs No. 229
Alternatief 2: Gruispad vanaf Granaatboskolk tot by die projekterrein (sowat 8km)	<ul style="list-style-type: none">• Gedeelte 1 van die plaas Aan de Karee Doorn Pan No. 213• Restant van die plaas Sous No. 226• Nariosies No. 228

Basiese Evalueringproses: Ingevolge Artikel 24 en 24D van die Nasionale Wet op Omgewingsbestuur (Wet 107 van 1998), saamgelees met Staatskennisgewing R324 tot R327, soos gewysig, word 'n Basiese Evaluering (BE) vir hierdie projek verlang. Savannah Environmental onderneem die nodige BE en openbare deelnameproses vir die projek.

Basiese Evalueringsverslag Besikbaar vir Besigtiging en Kommentaar: Die Basiese Evalueringsverslag is beskikbaar vir openbare besigtiging en kommentaar vanaf **Vrydag, 05 April 2019** tot **Maandag, 13 Mei 2019** by die Loeriesfontein Openbare Biblioteek, hoek van Hoof en Pleinstraat, Loeriesfontein beskikbaar wees. Die verslae kan ook afgelaai word (<https://www.savannahsa.com/public-documents/other/>). Die sperdatum vir skriftelike kommentaar is **Maandag, 13 Mei 2019**.

health
Department of Health
NORTHERN CAPE

The Northern Cape Department of Health conducts regular health promotion activities / information throughout the year, focusing on specific themes during certain months around "Health Calendar Days". This month, we raise awareness on:

WORLD HEALTH MONTH - 07 APRIL 2019

The focus of World Health Day 2019 is on **Universal Health Coverage**

Key to achieving Universal Health Coverage is ensuring that everyone can obtain the care they need, when they need it, right in the heart of the community.

Health is a human right; everyone should have the information and services they need to take care of their own health and the health of their families.

Quality and accessible primary health care is the foundation for universal health coverage.

Primary health care:

- * Should be the first level of contact with the health system, where individuals, families and communities receive most of their health care-from promotion and prevention to treatment, rehabilitation and palliative care-as close as possible to where they live and work.
- * Covers the majority of your health needs throughout your life including services such as screening for health problems, vaccines, information on how to prevent disease, family planning, treatment for long- and short-term conditions, coordination with other levels of care, and rehabilitation.

Health workers:

- * Have a crucial role to play educating patients on how to take care of their health, coordinating care and advocating for their patients' needs to health facility managers and policy-makers.
- * Primary health-care workers have a continuing and trusted relationship with their patients and know their health history; knowing the full picture helps improve their care and saves money.
- * Primary health-care workers know the traditions, cultures and practices of their communities, making them indispensable during an outbreak or emergency.

PASOP VIR HOË BLOEDDRUK

Hou soutinname binne perke

HOEVEEL sout is te veel sout? Sout is iets wat elke mens inneem, bewuslik of nie, maar is sout gevaarlik vir jou gesondheid?

"'n Hoë natrium dieet is bekend daarvoor dat dit hoë bloeddruk veroorsaak, wat die risiko vir gesondheidsprobleme soos hartsiektes en beroertes verhoog", sê Nicola Brink, woordvoerder vir die Self-Medication Manufacturers Association of South Africa. Sout is gemaak uit twee minerale, naamlik natrium en chloried, daarom kan hoë sout gebruik jou natrium inname verhoog.

Hoe weet ek watter produkte sout bevat? Die beste manier om te weet wat in kosprodukte is, is deur die etikette na te gaan wanneer jy inkopies doen. As die natrium inhoud in 'n produk bo 600mg is, is dit 'n produk met hoë sout-inhoud, 150-600mg is 'n produk

met medium inhoud en onder 150mg is 'n laë sout inhoud produk.

Ander maniere waarop sout en natrium uitgesny kan word, is deur minder sout te gebruik wanneer jy kook en om nie sout aan tafel te gebruik nie. Jy kan ook geprosesseerde kosse soos polonies en smeerkaas verminder van vermy.

Die laaste wenk is om gesonde kosse soos byvoorbeeld vars vleis, groente, vrugte, en stysel produkte soos pasta, rys en brood te eet. — Megan Saayman, dieetkundige, Departement Gesondheid, Williston

KOMSBERG EAST AND KOMSBERG WEST WIND ENERGY FACILITIES IN THE NORTHERN AND WESTERN PROVINCE

DEA Ref: 14/12/16/3/3/2/857 (Komsberg East)

DEA Ref: 14/12/16/3/3/2/856 (Komsberg West)

Application for Amendment of Environmental Authorisation

Applications have been submitted to the Department of Environmental Affairs to amend the Environmental Authorizations (as amended) that were granted by the Department on 08 September 2016 to both projects. This is the second application for amendment, and includes the following:

- * Improved wind turbine technology (increased hub height, rotor diameter and rated power of the turbines); and
- * An optimized layout to accommodate the revised turbine specifications.

The proposed amendments listed above is considered a substantive amendment (Part 2 amendment) by the Department in terms of Regulation 31 and 32 of the Environmental Impact Assessment (EIA) Regulation (GN R982 as amended) of the National Environmental Management Act (Act 107 of 1998) as amended. Amendment Reports have been compiled for both projects and are available for public review as indicated below. The Amendment Reports provide a description of the proposed amendments; the changes to the impact assessment ratings originally authorised in 2016; additional mitigation measures to be considered; and subsequently any advantages and disadvantages associated with the proposed amendments.

The Amendment Reports are accessible to the public at the following locations for a period of 30 days, from **3 April** until **6 May 2019**:

- * Sutherland Public Library (Sarel Cilliers Street, Sutherland);
- * Laingsburg Public Library (Van Riebeeck Street, Laingsburg)
- * Dropbox: (https://www.dropbox.com/sh/kk3yo5ve6d5ahao/AAAX_gdwjzPeeun-DzvpYia?dl=0)

NOTICE OF BASIC ASSESSMENT AND PUBLIC PARTICIPATION PROCESS AND AVAILABILITY OF THE BASIC ASSESSMENT REPORT

DWARSRUG WIND ENERGY FACILITY PROPOSED ACCESS ROAD NEAR LOERIESFONTEIN, NORTHERN CAPE PROVINCE

Project Name: Dwarsrug Wind Energy Facility Proposed Access Road, Loeriesfontein, Northern Cape Province

Applicant: South African Mainstream Renewable Power (Pty) Ltd

Proposed Activity: An application for Environmental Authorisation (EA) will be submitted for the proposed access road to the Northern Cape Province Department of Environment and Nature Conservation as the Competent Authority, in accordance with the National Environmental Management Act (No. 107 of 1998) (NEMA), Environmental Impact Assessment Regulations, 2014, as amended.

Location: Two access road alternatives being proposed to the authorised Dwarsrug Wind Energy Facility (WEF) is located approximately 60km north of Loeriesfontein within the Hantam Local Municipality and in the greater Namakwa District Municipality, Northern Cape Province, and the affected properties information are as follows:

Access Road Alternatives Details	Affected Properties
Alternative 1: Gravel road from Granaatboskolk to project site (approximately 11km)	<ul style="list-style-type: none">• Remainder of the Farm Brakpan No. 212;• Stinkputs No. 229
Alternative 2: Gravel road from granaatboskolk to the project site (approximately 8km)	<ul style="list-style-type: none">• Portion 1 of the Farm Aan de Karee Doorn Pan No. 213• Remainder of the Farm Sous No. 226• Narosies No. 228

Basic Assessment Process: In terms of Sections 24 and 24D of the National Environmental Management Act (No 107 of 1998), as read with Government Notice R324 – R327, as amended, Environmental Authorisation is required for the project. Savannah Environmental is undertaking the required environmental assessment and public participation process.

Basic Assessment Report available for Review and Comment: The Basic Assessment Report (BAR) is available for review and comments from **Friday, 05 April 2019** to **Monday, 13 May 2019**, and can be viewed at the Loeriesfontein Public Library, cnr Main and Plein Street, Loeriesfontein, and can also be downloaded from Savannah Environmental's website (<https://www.savannahsa.com/public-documents/other/>). The due date for written comments is **Monday, 13 May 2019**.

HOE RAAK KOPIEREG JOU? Dalk raak dit jou glad nie; dalk weet jy nie eens waarom die stof opgeskop word nie.

Wat is kopiereg nou eintlik? Enigiets wat geskep en in 'n tasbare vorm aangebied word, word in Suid-Afrika outomaties deur kopiereg beskerm. Dit het veral te doen met kreatiewe produkte op literêre gebied (dus leesboeke, skoolhandboeke, verhandelings; literieke, digkuns, toneel, radiodramas ens.); kunsgedee (skilderye; ontwerpe; tekenprente; beeldhouwerk en enige skeppende kunsvorme); musiek (dus, bladmusiek, CDs; films; DVD's ens.) Een van die vroeëste tye die eiegetegte moderne mense gevra word, is, byvoorbeeld, "Hoekom moet ek vir kopiereg betaal? Is inligting nie veronderstel om gratis te wees nie?"

Vir mense met 'n sin vir reg en integriteit is dit diefstal om kopiereg te breek. Ja, inligting is miskien vrylik beskikbaar, maar het jy dit bymekaar gemaak, gesorteer en sin daartoe gemaak? Die meeste skrywers werk jare aan 'n boek waarvoor die inligting vir jou gerief en

GEFLADDER IN DIE SKRYWERSHOK

Kopiereg wet het erge implikasies

begrip insvol aangebied word. Waarvan moet die skrywer leef terwyl hy navorsing doen en skryf? As hy nie monetêre erkenning kry vir vorige werk nie, hoe moet hy bekostig om die volgende werkstuk aan te pak?

Wat van kosbare skilderye waarin mense hul afbeelding in beeld het? Daar is baie vaardige kunstvervalsers wat baie maklik vir jou 'n Van Gogh of Pierneef kan skilder in 'n kwart van die tyd wat dit die oorspronklike kunstenaar geneem het. Indien die kopiereg wet aanvaar word soos dit nou is, beteken dit nie dat vervalsings heeltemal wettig sal wees en kosbare items geheel en al waardeloos gaan word nie?

Daar's mense wat meen dat hierdie nuwe kopiereg deurgedruk word oor die Suid-

Afrikaanse regering se gevryery na die Chinese. Die Chinese is baie bekend daarvoor dat hulle kopiereg nie eintlik ernstig opneem nie en derduisende handelsname vervals. Die Chinese is juis tans besig met die ergste vorm van kolonialisering waaraan Afrika nog ooit blootgestel is, maar blykbaar is dit in orde.

Die Suid-Afrikaanse Wet op Outeursreg 98 van 1978, beheer alle aspekte van kopiereg in Suid-Afrika. Dit verduidelik wat beskerm word, waarteen dit beskerm word en vir hoe lank dit beskerm word. Kopiereg is territoriaal. Vir 'n werk om in aanmerking te kom vir kopieregbeskerming moet die volgende beskikbaar wees:

- * Oorspronklikheid
- * Die materiaal moet in 'n tasbare vorm aangebied word, dus gedruk, geverf, geskryf, gekerf (beeldhouwerk), ens. wees
- * Die skepper moet deur die Suid-Afrikaanse reg as 'n persopson erken word. Die regte wat beskerm word, die wyse van beskerming en selfs die tydperk van beskerming, kan van land tot land verskil.

Al die nasies wat ondertekenaars van die Berne Konvensie en die Universele Kopiereg Konvensie is, het egter die beginsel van kopieregbeskerming met mekaar in gemeen. Die lande van die Berne Unie (waarvan Suid-Afrika een is) is verplig om sekere basiese beginsels, of minimum standarde, in hul nasionale wetgewing te inkorporeer en is daartoe verbind om wedyrsydse behandeling te gee aan werke wat voortspruit uit ander partyte van die Berne Konvensie.

(Die nuwe wet op kopiereg is deur die parlement "gestoomroller". Die president moet dit nog net onderteken om dit wet te maak. Die nuwe wet gaan skeppers onteem van hul inkomste. Ons het 'n kundige betrokke gepraag om die implikasies uit te spel. Volgende week publiseer ons hooplik die volgende aflewering. - RN)

LANG VONNISSE

TATA & MAMA AFRICA BETAAL NA WERK GEDOEN IS
Dankie Tata en Mama Africa
Jy is kragtig. My naam is Martha. Vroeër die jaar was ek geskok om 'n vriend te ontmoet wat 'n duur motor ry. 'y het my na haar huis en besigheid gelei. Ek het haar gesmoek om my haar geneem te vertel. Sy het vir my Tata en Mama Africa as nimmer gegee. Ek het Tata en Mama Africa gelei en dit... die einde van my probleme. Hy het gevra om te kies van 'n kort skou wat 8 miljoen in my rekening en huis in minder as 'n uur bring of 'n groot beursie of rotte.
Ek het die seun gekies. Ek was geskok. an na 'n tyuie het ek resultate gekry. Ek is nou 'n suksesvolle besighoudsvrou.
HEL: TATA & MAMA AFRICA

NOTICE OF BASIC ASSESSMENT AND PUBLIC PARTICIPATION PROCESS AND AVAILABILITY OF THE BASIC ASSESSMENT REPORT
DWARSRUG WIND ENERGY FACILITY PROPOSED ACCESS ROAD NEAR LOERIESFONTEIN, NORTHERN CAPE PROVINCE

Project Name: Dwarsrug Wind Energy Facility Proposed Access Road, Loeriesfontein, Northern Cape Province
Applicant: South African Mainstream Renewable Power (Pty) Ltd
Proposed Activity: An application for Environmental Authorisation (EA) will be submitted for the proposed access road to the Northern Cape Province Department of Environment and Nature Conservation as the Competent Authority, in accordance with the National Environmental Management Act (No. 107 of 1998) (NEMA), Environmental Impact Assessment Regulations, 2014, as amended.
Location: Two access road alternatives being proposed to the authorised Dwarsrug Wind Energy Facility (WEF) is located approximately 60 km north of Loeriesfontein within the Hantam Local Municipality and in the greater Namakwa District Municipality, Northern Cape Province, and the affected properties information are as follows:

Access Road Alternatives Details	Affected Properties
Alternative 1: Gravel road from Granaatboskolk to project site (approximately 11 km)	<ul style="list-style-type: none"> * Remainder of the Farm Brakpan No. 212; * Stinkpots No. 229 * Portion 1 of the Farm Aan de Karee Doorn Pan No. 213 * Remainder of the Farm Sous No. 226 * Narosies No. 228
Alternative 2: Gravel road from Granaatboskolk to the project site (approximately 8km)	

Basic Assessment Process: In terms of Sections 24 and 24D of the National Environmental Management Act (No 107 of 1998), as read with Government Notice R324 - R327, as amended, Environmental Authorisation is required for the project. Savannah Environmental is undertaking the required environmental assessment and public participation process.

Basic Assessment Report available for Review and Comment: The Basic Assessment Report (BAR) is available for review and comments from **Friday, 05 April 2019 to Monday, 13 May 2019**, and can be viewed at the Loeriesfontein Public Library, cnr Main and Plein Street, Loeriesfontein, and can also be downloaded from Savannah Environmental's website (<https://www.savannahsa.com/public-documents/other/>). The due date for written comments is **Monday, 13 May 2019**.
