BASIC ASSESSMENT PROCESS NOTIFICATION TO INTERESTED AND AFFECTED PARTIES REGARDING APPLICATIONS FOR ENVIRONMENTAL AUTHORISATION

Notice is given in terms of Chapter 6 of Government Notice No. R. (GN R) 982 under the EIA Regulations (2014) promulgated under Section 24(5) and 44 of the National Environmental Management Act, 1998 (Act 107 of 1998) (NEMA) (as amended), of applications for Environmental Authorisation (EA) for the following: The upgrading of the Giyani Waste Water Treatment Works (WWTW) for an additional capacity of 8Ml/day (from current 6Ml/day to 14Ml/day); The installation of three new bulk water reservoirs with a combined capacity of 35 ML; and Mining Permits for the quarrying of six new borrow pits associated with the ongoing construction and upgrading of bulk water supply infrastructure in, and around, Giyani.

Nature of project: Three separate applications will be submitted for the project components described above. A consolidated Public Participation/Involvement Process will, where possible, be carried out in support of all the applications. Several NEMA Listing Notice activities are anticipated to apply and these will be determined and assessed during the Basic Assessment (BA) process to be followed for these applications. Furthermore, depending on the BA findings, there may be a requirement for the following additional licences/authorisations: Waste Management Licence(s) as required by the National Environmental Management: Waste Act (Act 59 of 2008 - NEMWA); and/or Water Use Licence(s) as required by the National Water Act (Act 36 of 1998 - NWA).

Location: The existing WWTW, the proposed reservoirs, as well as the sites of the proposed new borrow pits are located on Portion 0 of the farm Greater Giyani No. 891 near the town of Giyani, which is part of the Greater Giyani Local Municipality within the Mopani District Municipality, in Limpopo Province. BASIC ASSESSMENT PROCESS

NOTIFICATION TO INTERESTED AND AFFECTED PARTIES REGARDING APPLICATIONS FOR ENVIRONMENTAL AUTHORISATION

Notice is given in terms of Chapter 6 of Government Notice No. R. (GN R.) 982 under the EIA Regulations (2014) promulgated under Section 24(5) and 44 of the National Environmental Management Act, 1998 (Act 107 of 1998) (NEMA) (as amended), of applications for Environmental Authorisation (EA) for the following:

- ↘ The upgrading of the Giyani Waste Water Treatment Works (WWTW) for an additional capacity of 8ML/day (from current 6ML/day to 14ML/day);
- ↘ The installation of three new bulk water reservoirs with a combined capacity of 35 ML; and
- ↘ Mining Permits for the quarrying of six new borrow pits associated with the ongoing construction and upgrading of bulk water supply infrastructure in, and around, Giyani.

Nature of project:

Three separate applications will be submitted for the project components described above. A consolidated Public Participation/Involvement Process will, where possible, be carried out in support of all the applications. Several NEMA Listing Notice activities are anticipated to apply and these will be determined and assessed during the Basic Assessment (BA) process to be followed for these applications. Furthermore, depending on the BA findings, there may be a requirement for the following additional licences/authorisations:

- ↘ Waste Management Licence(s) as required by the National Environmental Management: Waste Act (Act 59 of 2008 – NEMWA); and/or
- ↘ Water Use Licence(s) as required by the National Water Act (Act 36 of 1998 – NWA).

Location:

The existing WWTW, the proposed reservoirs, as well as the sites of the proposed new borrow pits are located on Portion 0 of the farm Greater Giyani No. 891 near the town of Giyani, which is part of the Greater Giyani Local Municipality within the Mopani District Municipality, in Limpopo Province. The central point coordinates for the location of the projects are as follows:
