Good Day Tebego

I hope you are well.

Please refer to the Motivation Reports which can be accessed from our website ([CLICK HERE](#)) for the Sannaspos Solar PV Facility and Associated Grid Connection Infrastructure.

The impacts are suggested to be of low to moderate impact with mitigation for the project. Further, I would remind you that applications are for amendments to the EA and the specialists have concluded that there is no change to the impact expected as a result of the amendments.

Should you have more questions regarding the project, the Savannah team is eager to engage with you.

Thank you

Good Day

I hope you are well.

Sannaspos Solar Project (Pty) Ltd received Environmental Authorisation (EA) for the Sannaspos Solar PV Facility and associated grid connection infrastructure in June 2013 with various subsequent amendments issued, including a split EA issued in November 2021 (DFFE Reference: 14/12/16/3/2/360/1 and 14/12/16/3/2/360/2).

We received a letter commenting on the Sannaspos Solar PV Facility from DFFE (Lydia Kutu) on 21 August 2023. The application letter comments on DFFE Ref no. 14/12/16/3/3/2/360/1 only. Are there any updates on comments for DFFE Ref No.14/12/16/3/2/360/2?
