Good Day

The Department of Agriculture, Forestry and Fisheries would like to register as an interested and affected party. If the proposed activities will be conducted on land that is still under the provisions of the Subdivision of Agricultural Land Act, Act 70 of 1970 a formal application should be lodged with the Department for formal comments to be issued. Therefore, provide the Department with title deeds, locality map which shows the surrounding areas in order to open your application.

Regards

BASIC ASSESSMENT AND PUBLIC PARTICIPATION PROCESS

GAS TRANSMISSION PIPELINE AND ASSOCIATED INFRASTRUCTURE, NIGEL, GAUTENG PROVINCE

Dear Interested and Affected Party,

Energy Group (Pty) Ltd. ('Energy Group or ENGP') is proposing the development of a natural gas transmission pipeline to the Consol Glass factory in Nigel, from the Farm Grootfontein 165 Portion 44, Gauteng Province, where it connects with the distribution node on the larger Maputo – Gauteng natural gas pipeline network. This connection node is located near the Nigel-Springs Road in Nigel. The proposed project falls within the City of Ekurhuleni Metropolitan Municipality, Gauteng Province. The current pipeline route utilises the road reserve for its entire length.

Please refer to the attached Notification Letter for further information.

Also attached is a registration and comment form for your perusal.

Telephone:

Dear Mr / Ms Nicolene Venter

LAND CLAIMS ENQUIRY – PORTION 3, 6, 41, 42, 44, 46, 74, 75, 76 & REMAINDER OF THE FARM GROOTFONTEIN 165, REGISTRATION DIVISION IR, GAUTENG

We refer to your land claim enquiry dated **04 June 2019**.

We confirm that there is/are an existing land claims against the Property/ies. The claims were lodged as per attached list.

The claim was lodged in terms of the Restitution of Land Rights Amendment Act, 2014 (Act No 15 of 2014) ("the Amendment Act") which, amongst others, reopened the lodgement of claims for a period of five years.

The validity of the Amendment Act was challenged in the Constitutional Court. The Constitutional Court found the Amendment Act to be invalid because of the failure of Parliament to facilitate public involvement as required by the Constitution. The Amendment Act ceased to be law on 28 July 2016.

The Constitutional Court ordered that the claims that were lodged between 1 July 2014 and 27 July 2016 are validly lodged, but it interdicted the Commission from processing those claims until the Commission has finalised the claims lodged by 31 December 1998 or until Parliament passes a new law providing for the re-opening of lodgement of land claims. Parliament was given until 27 July 2018 to pass such a law.

Parliament has so far not been able to pass new legislation and has instead approached the Constitutional Court for an extension until 29 March 2019 and the application was rejected. As a result the Commission will, unless directed otherwise by Constitutional Court, not be processing claims lodged between 1 July 2014 until 27 July 2016 until all the claims lodged on or before 31st December 1998 are finalised and or a new Act is passed by Parliament and signed into law by the President. In the meantime, the Commission through the Chief Land Claims Commissioner has been ordered to report the progress of all the outstanding land claims on six months basis for monitoring by the court.

The Commission will contact you directly and communicate widely once we have been granted permission to begin dealing with these claims.

For further enquiries please contact
Solomon Maruma

Tel: (012) 310 6500 | Fax: (012) 323 0312

1. Section 11(7) of the Restitution of Land Rights Act provides as follows:

11 (7) Once a notice has been published in respect of any land -

(a) no person may in an improper manner obstruct the passage of the claim

aA) no person may sell, exchange, donate, lease, subdivide, rezone or develop the land in question without having given the regional land claims commissioner one month's written notice of his or her intention to do so, and, where such notice was not given in respect of

- (i) any sale, exchange, donation, lease, subdivision or rezoning of land and the Court is satisfied that such sale, exchange, donation, lease, subdivision or rezoning was not done in good faith, the Court may set aside such sale, exchange, donation, lease, subdivision or rezoning or grant any other order it deems fit;**
- (ii) any development of land and the Court is satisfied that such development was not done in good faith, the court may grant any order it deems fit;**

The above section has been misinterpreted to mean that once a claim has been lodged the land owner cannot sell, donate, develop, lease, exchange or donate. While in actual fact it means the land owner cannot do those things listed in (i) above after a notice of claim has been published in a government gazette notice without giving one month notice of your intention to do so to the Regional Land Claims Commissioner having a jurisdiction over such land and/or property.

After the claim has been found to be valid the office must publish a gazette notice of claim first in a government gazette notice, and if anyone wants to do anything listed in (i) above must give a written notice to the RLCC.

Telephone:

Dear Mr / Ms Nicolene Venter

LAND CLAIMS ENQUIRY- PORTION 31 OF THE FARM VARKENSFONTEIN 169, REGISTRATION DIVISION IR, GAUTENG

We refer to your letter dated **04 June 2019**

We confirm that as at the date of this letter no land claims appear on our database in respect of the Property. This includes the database for claims lodged by 31 December 1998; and those lodged between 1 July 2014 and 27 July 2016 in terms of the Restitution of Land Rights Amendment Act, 2014.

Whilst the Commission takes reasonable care to ensure the accuracy of the information it provides, there are various factors that are beyond the Commission's control, particularly relating to claims that have lodged but not yet been gazetted such as:

1. Some Claimants referred to properties they claim dispossession of rights in land against using historical property descriptions which may not match the current property description; and
2. Some Claimants provided the geographic descriptions of the land they claim without mentioning the particular actual property description they claim dispossession of rights in land against.

The Commission therefore does not accept any liability whatsoever if through the process of further investigation of claims it is found that there is in fact a land claim in respect of the above property.

If you are aware of any change in the description of the above property after 19 June 1913 kindly supply us with such description so as to enable us to do a further search.

In conclusion, please note that **enquiries should be forwarded to Desiree Kgole** who could be reached at the following contact details:

Yours faithfully

Subject: Gas Transmission Pipeline and Associated Infrastructure near Nigel, Notification of Basic Assessment Process

BASIC ASSESSMENT AND PUBLIC PARTICIPATION PROCESS

GAS TRANSMISSION PIPELINE AND ASSOCIATED INFRASTRUCTURE, NIGEL, GAUTENG PROVINCE

Dear Interested and Affected Party,

Energy Group (Pty) Ltd. ('Energy Group or ENGP') is proposing the development of a natural gas transmission pipeline to the Consol Glass factory in Nigel, from the Farm Grootfontein 165 Portion 44, Gauteng Province, where it connects with the distribution node on the larger Maputo – Gauteng natural gas pipeline network. This connection node is located near the Nigel-Springs Road in Nigel. The proposed project falls within the City of Ekurhuleni Metropolitan Municipality, Gauteng Province. The current pipeline route utilises the road reserve for its entire length.

Please refer to the attached Notification Letter for further information.

Also attached is a registration and comment form for your perusal.

Kind regards,

Nicolene Venter

Dear Heidi,

Please receive herewith confirmation that you, as representative for Foukor Construction, has been registered as an interested and affected party on the above-mentioned project database.

Attached is the Basic Assessment process notification letter for your records.

You will be notified of the availability of the Basic Assessment Report as soon as it is available.

Savannah Environmental is conducting the environmental studies for this proposed pipeline project – should you forward us your company’s business profile, it will be forwarded to the Applicant as we do not deal with the construction of the pipeline.

Hope you find above in order.

Kind regards,

Nicolene Venter
