RE: REQUEST FOR COMMENT FOR THE PROPOSED RE CAPITAL 3 (PREVIOUSLY KIMBRATRAX) SOLAR DEVELOPMENT ON PORTION 12 OF THE FARM DYASONSKLIP 254 NEAR UPINGTON IN THE NORTHERN CAPE

National Department of Environmental Affairs (DEA) Reference: 12/12/20/2602

Cape EAPrac have been appointed as the independent Environmental Assessment Practitioners, by the Applicant, **RE Capital 3 (Pty) Ltd.** (previously Kimbratrax (Pty) Ltd.), to ensure compliance with the regulations contained in the National Environmental Management Act (NEMA No 107 of 1998, as amended in 2006 & 2010) for the proposed construction of the **RE Capital 3 Solar Development** on a portion of **Portion 12 of the farm Dyasonsklip 454**, located west of Upington. The proposed **225MW solar facility** (to be implemented in 3 phases) will cover a footprint of approximately **500ha** and will include the following associated infrastructure:

- **solar photovoltaic panel arrays;**
- **inverter stations;**
- an **on-site substation** (including a transformer to allow the generated power to be connected to Eskom's electricity grid);
- a **transmission power line** to distribute the generated electricity from the on-site substation to the new Eskom MTS;
- **auxillary buildings** (administration / security offices, ablution & workshop, storage area);
- an **internal electrical reticulation network** (underground cables);
- an **internal road / track network;**
- **10kLt rainwater tanks;** and
- **perimeter fencing** around the solar facility.

The procedures for a Scoping and Environmental Impact Reporting (S&EIR) environmental process in terms of the 2010 Regulations are being followed for this application.

Attached to this letter are GIS Shapefiles depicting the property boundary as well as the two for alternative sites within the boundary are included on the CD.

Please submit any comments you may have to **Cape EAPrac** (contact details below) on or before **18 September 2013:**

If you require any further assistance, please do not hesitate to contact this office directly.

Kind regards,

Mr Dale Holder
For Cape EAPrac

RE: AVAILABILITY OF DRAFT SCOPING REPORT FOR THE PROPOSED RE CAPITAL 3 (PREVIOUSLY KIMBRATRAX) SOLAR DEVELOPMENT ON PORTION 12 OF THE FARM DYASONSKLIP 254 NEAR UPINGTON IN THE NORTHERN CAPE

National Department of Environmental Affairs (DEA) Reference: 12/12/20/2602

Cape EAPrac have been appointed as the independent Environmental Assessment Practitioners, by the Applicant, **RE Capital 3 (Pty) Ltd.** (previously **Kimbratrax (Pty) Ltd.**), to ensure compliance with the regulations contained in the National Environmental Management Act (NEMA No 107 of 1998, as amended in 2006 & 2010) for the proposed construction of the **RE Capital 3 Solar Development** on a portion of **Portion 12 of the farm Dyasonsklip 454**, located west of Upington. The proposed **225MW solar facility** (to be implemented in 3 phases) will cover a footprint of approximately **500ha** and will include the following associated infrastructure:

- **solar photovoltaic panel arrays;**
- **inverter stations;**
- an **on-site substation** (including a transformer to allow the generated power to be connected to Eskom's electricity grid);
- a **transmission power line** to distribute the generated electricity from the on-site substation to the new Eskom MTS;
- **auxillary buildings** (administration / security offices, ablution & workshop, storage area);
- an **internal electrical reticulation network** (underground cables);
- an **internal road / track network;**
- **10kLt rainwater tanks;** and
- **perimeter fencing** around the solar facility.

The procedures for a Scoping and Environmental Impact Reporting (S&EIR) environmental process in terms of the 2010 Regulations are being followed for this application. The following listed activities are applicable:

R544	Listed Activity	Activity Description
10(i)	The construction of facilities or infrastructure for the transmission and distribution of electricity (i) outside urban areas or industrial complexes with a capacity of more than 33kV, but less than 275kV.	New overhead power line linking the proposed on-site substation/operation building to the new proposed Major Transmission Substation. The final capacity of the transmission line may still change in the detailed design.

11	The construction of (ii) channels (iii) bridges (v) weirs (x) buildings exceeding 50m² in size, or (xi) infrastructure or structures covering 50m² or more, where such construction occurs within a watercourse or within 32m of a watercourse, measured from the edge of the watercourse, excluding where such construction will occur behind the development line.	The possible construction of roads/tracks & PV arrays across the minor drainage lines or in proximity to seasonal pans.
18	The infilling or depositing of any material of more than 5 cubic metres into, or the dredging, excavation, removal or moving of soil, sand, pebbles or rock of more than 5 cubic metres from (i) a watercourse.	The possible construction of roads/tracks & PV arrays across the minor drainage lines
22 (ii)	The construction of a road, outside urban areas, (i) with a reserve wider than 13.5m or, (ii) where no reserve exists where the road is wider than 8m or, (iii) for which an environmental authorisation was obtained for the route determination in terms of activity 5 in Government Notice 387 of 2006 or activity 18 in Notice 545 of 2010.	Construction of access and internal roads for the solar facility for construction and operation phases outside the urban area and of both Upington and Keimoes.
R545	Listed Activity	Activity Description
1	The construction of facilities or infrastructure for the generation of electricity where the electricity output is 20MW or more.	The RE Capital 3 solar facility will have a maximum generation capacity of 225MW (implemented in 3 phases)
8	The construction of facilities or infrastructure for the transmission and distribution of electricity with a capacity of 275 kilovolts or more, outside an urban area or industrial complex.	New overhead power line linking the proposed on-site substation/operation building to the proposed new Eskom Major Transmission Substation. The capacity of these proposed lines may change once detailed design is completed.
15	Physical alteration of undeveloped, vacant or derelict land to residential, retail, commercial, recreational, industrial or institutional use where the total area to be transformed is 20ha or more.	Development of the RE Capital 3 solar development of approximately 500ha on vacant land, outside of the Urban Areas of both Upington and Keimoes
R546	Listed Activity	Activity Description
4	The construction of a road wider than 4m with a reserve less than 13.5m. All areas outside urban areas.	Construction of access and internal roads wider than 4 metres for the solar facility, outside the urban areas of both Upington and Keimoes.
14	The clearance of an area of 5ha or more of vegetation where 75% or more of the vegetative cover constitutes indigenous vegetation. All areas outside urban areas.	Vegetation clearing for the Solar Panels and associated infrastructure: access roads, cable trenches and on-site substation & axillary buildings etc. outside the urban areas of Upington and Keimoes Solar Energy Plant to be constructed over an area

		approximately 500ha on private land. Intact vegetation to be avoided by solar facility as far as possible.
--	--	--

As a **Stakeholder / Organ of State / State Department**, you are hereby notified that the Draft Scoping Report (DSR) is available for review and comment for a period of 40 days extending from **Wednesday 07 August to Wednesday 18 September 2013**. Accompanying this letter, and in the interest of saving paper and conserving resources, please find a digital copy (CD) of the complete report. Please refer to this CD for the all specialist reports and additional information.

Hard copies of the Draft SR have been made available for public review at the following venues:

- **Khai Garib Municipality** in Upington and Keimoes
- **Keimoes Library**

A digital copy of the Draft SR will also be available on the *Cape EAPrac* website at:
www.cape-eaprac.co.za/

Please submit any comments you may have to Cape EAPrac (contact details below) on or before 18 September 2013:

Cape EAPrac
ATTN: Mr Dale Holder
P.O. Box 2070, George, 6530 Tel: 044 874 0365 Fax: 044 874 0432
E-mail: dale@cape-eaprac.co.za

NOTE: The environmental Regulations make provision that should there be no substantive changes between the Draft SR and Final SR, the Final SR can be submitted to the Department (DEA) without further comment. The final will however be made available to stakeholders for information purposes.

If you require any further assistance, please do not hesitate to contact this office directly.

Kind regards,

Review & Comment Period:
Wednesday 07 August to Wednesday 18 September 2013.
