**Subject:** RE: Background Information Document: EIA process for the incinerator upgrade at Middelburg Veterinary Laboratory, Eastern Cape

Hi Wanda

Thank you for your document.

Please be advised that this facility has no authorisation to operate at present and based on the BID document this means that they have operated illegally from an Air Quality aspect. Consequently they would need to undergo a section 22A process in terms of the AEL. Chris Hani is the AEL Licensing authority for Middleburg.

I would propose a meeting to discuss this matter as it affects your process as envisaged in the BID document.

Unfortunately today is my last day before I go on leave and won't be able to accommodate this for at least a month due to end of Financial Work Pressures when I return.

Regards  
Lyndon Mardon

**Subject:** Background Information Document: EIA process for the incinerator upgrade at Middelburg Veterinary Laboratory, Eastern Cape  
**Importance:** High

To Interested and Affected Parties, Stakeholders and Authorities,

### **Background Information Document: EIA process for the incinerator upgrade at Middelburg Veterinary Laboratory, Eastern Cape**

Please find attached the Background Information Document (BID) which serves as notice of the proposed incinerator upgrade at the Middelburg Veterinary Laboratory in the Eastern Cape.

Should you wish to register as an Interested & Affected Party (IAP), please complete the Registration & Comment Sheet provided in the BID and return to me via email or fax. Future communications regarding the process as well as notification of the availability of reports will only be sent to registered IAPs.

Please ensure that your comments reach SRK Consulting by **12h00 on 30 March 2016** to ensure that they will be included and addressed in the draft Scoping Report. This deadline refers solely to your initial comments on the content of the BID. All registered IAPs will be afforded further opportunities for comment throughout the process (please refer to the flow diagram on page 2 of the BID for more details).

Kind Regards,

**Wanda Marais** B Proc

Thank you for your participation

1. The proposed site of incinerator is on the campus of the Grootfontein Agricultural Development Institute in close proximity of offices, class rooms and residential houses.

2. The facility will also be of value and use for the Grootfontein Agricultural Development Institute to dispose of its waste in terms of the Description of the Development
