## BID

The following document was circulated to identified Stakeholders, Compliance Authorities and Interested and Affected Parties on 12 August 2019.

**PROPOSED EXPANSION TO PESTANA KRUGER LODGE OUTSIDE THE KRUGER NATIONAL  
PARK, IN MPUMALANGA PROVINCE  
BACKGROUND INFORMATION DOCUMENT  
AUGUST 2019**

In terms of the 2014 Environmental Impact Assessment (EIA) Regulations published in terms of Section 24(5) of the National Environmental Management Act 107 of 1998 (NEMA), the Project Applicant hereby gives notice of its intention to apply for Environmental Authorisation from the **Mpumalanga Department of Agriculture, Rural Development, Land and Environmental Affairs (DARDLEA)** as the competent authority, for the proposed extensions to Pestana Kruger Lodge outside the Kruger National Park, in Mpumalanga Province.

The Basic Assessment process provided for in Regulation 19 read with Appendix 1 of GN R326 of 4 December 2014 of the 2014 EIA Regulations, as amended published under NEMA will be followed for the application for Environmental Authorisation.

By virtue of location, you have been identified as a potential **Interested and / or Affected Party (I&AP)** to this process, and are hereby invited to participate.

### WHAT THIS DOCUMENT TELLS YOU

This Background Information Document (BID), provides you, as a potential I&AP, with **background information** on the proposed project, as well as, information regarding the Basic Assessment (BA) process to be undertaken to assess the potential impacts (i.e. positive and negative, as well as direct, indirect, and cumulative) of the proposed project.

It further indicates how you can participate in the assessment process, receive information and raise issues that may concern and / or interest you. The sharing of information forms an important component of the Public Participation Process as it not only provides I&APs with the opportunity to become actively involved, but also provides information that may be of value for the proposed development.

### PROPERTY & PROJECT DESCRIPTION

The affected property, Pestana Kruger Lodge, R570 Riverside Rd, Malelane, is situated within the Nkomazi Local Municipality, in the Ehlanzeni District Municipality, approximately 800m north east from Malelane Gate, Kruger National Park and 5km north of Malelane.

The proposed development entails the expansion of Pestana Kruger Lodge. All associated civil infrastructure (water, electricity and waste treatment) will be included.

#### PROJECT MOTIVATION

The motivation and reasoning behind the proposed expansion at Pestana Kruger Lodge is to further develop the growing tourism industry and possible tourism linkages within the area. Pestana Kruger Lodge is situated in a prime position. The Kruger National Park forms the western boundary of the proposed site. Other game reserves nearby are the Mjejane Private Game Reserve and Lionspruit Game Reserve. These Game Reserves are within easy driving distance from Gauteng and are also popular Big 5 game viewing destinations. It is, therefore, important that the natural recreational potential of this region be explored. In order to do this, accommodation facilities need be developed in the greater region that will help to unlock the natural potential of the region.

#### THE BASIC ASSESSMENT PROCESS

NuLeaf Planning and Environmental (Pty) Ltd has been appointed by Applicant to conduct the Basic Assessment process for the proposed extensions to River lodge. The 2014 EIA Regulations, as amended in April 2017 and its associated Listing Notices [Listing Notice 1 (GN R327) and Listing Notice 3 (GN R324)] specify the activities that require a Basic Assessment. The activities triggered by the proposed development include the following listed activities:

<b>Number and date of the relevant Listing Notice:</b>	<b>Activity Number (s) (in terms of the relevant Listing Notice):</b>	<b>Description of each listed activity as per the detailed project description</b>
GN R.327 (Listing Notice 1)	12 (ii) (c)	The development of (ii) infrastructure or structures with a physical footprint of 100 square metres or more where such a development occurs (c) within 32 metres of a watercourse.
	27	The clearance of an area of 1 hectare or more, but less than 20 hectares of indigenous vegetation.
	48 (i) (c)	The expansion of (i) infrastructure or structures where the physical footprint is expanded by 100 square metres or more where such expansion occurs (c) within 32 metres of a watercourse, measured from the edge of a watercourse.
GN R. 324 (Listing Notice 3)	12 (f) (ii) (iii)	The clearance of an area of 300 square meters or more of indigenous vegetation in (f) Mpumalanga (ii) critical biodiversity areas (iii) on land zoned open space, conservation or had an equivalent zoning.
	14 (ii) (c); (f) (i) (ff) (hh)	The development of (ii) infrastructure or structures with a physical footprint of 10 square meters or more where such development occurs (c) within 32 m of a watercourse in (f) Mpumalanga (i) outside urban areas in (ff) critical biodiversity

		areas and (hh) areas within 10 kilometres of a national park as identified in terms of NEMPAA.
	17 (f) (i) (ee) (gg)	The expansion of a resort, lodge, hotel, tourism or hospitality facilities where the development footprint will be expanded and the expanded facility can accommodate an additional 15 people or more in (f) Mpumalanga (i) outside urban areas in (ee) critical biodiversity areas within (gg) areas within 10 kilometres of a national park as identified in terms of NEMPAA.
	23 (ii) (c); (f) (i) (ee) (gg)	The expansion of (ii) infrastructure or structures where the physical footprint is expanded by 10 square meters or more where such expansion occurs (c) within 32 meters or a watercourse in (f) Mpumalanga (i) outside urban areas areas in (ee) critical biodiversity areas and (gg) areas within 10 kilometres of a national park as identified in terms of NEMPAA.

- An independent **Environmental Assessment Practitioner (EAP)** must undertake the process on behalf of the applicant to ensure objectivity.
- The first step of the process is to submit an **Application for Environmental Authorisation** to the Competent Authority, which in this case is the Mpumalanga Department of Agriculture, Rural Development, Land and Environmental Affairs (DARDLEA).
- The EAP must conduct a **Public Participation Process**, and afford any and all persons interested and /or affected by the proposed development an opportunity to register and participate in the process. A **30 day registration period** is allowed for, as well as, an opportunity to ask questions, submit concerns etc.
- The EAP must then prepare a **Draft Basic Assessment Report (BAR)**, inclusive of specialist reports and a draft Environmental Management Programme (EMPr), which describes both the project and the environment and assesses the anticipated impact of the project on the environment, and makes recommendations in terms of mitigation and management.
- Once complete, the Draft BAR will be circulated to all registered I&APs who are entitled to submit written comments in respect thereof. A **30 day comment period** is allowed for in terms of Regulation 40 (1) of the 2014 EIA Regulations.
- Once all comments from registered I&APs have been addressed, the EAP will submit the **Final BAR** to the Competent Authority for consideration.
- The Competent Authority is then required to make a decision on the application for Environmental Authorisation (i.e. either positive or negative).
- Once the Competent Authority has made a decision on the Final BAR, the EAP must communicate the outcome thereof to all I&APs who registered during the Public Participation Process.
- I&AP's have the right to **Appeal** against the decision of the Competent Authority should they feel the need to do so, in which case, the Competent Authority will review and reconsider the application. The appeal process is regulated in terms of the 2014 National Appeal Regulations published in terms of GN R993 on 8 December 2014 under NEMA.

ROLE OF INTERESTED AND AFFECTED PARTIES

You have been identified as a potential Stakeholder or I&AP, and are hereby invited to participate in this EIA Process. If you would like to be involved in this process, comment on draft reports, provide input, raise concerns, or simply remain informed of the project process, please register as a Stakeholder via a return email, fax or post to the contact details provided below.

**Registration as a Stakeholder must reach the Environmental Assessment Practitioner listed below by no later than Thursday 12 September 2019**
