Leads 2 Business	Ms. Melanie Miles	In an email dated 18 March 2016, Ms. Miles stated that our company was currently conducting an EIA for the Lutzburg Solar Power Plant and asked whether we could forward her the BID for the application and register her as an I&AP.	In an email on 26 April Ms. Marélie Griesel, the EAP notified Ms. Miles that she would be registered as an I&AP and forwarded her the BID document.
