TO WHOMSOEVER IT MAY CONCERN

This letter serves to confirm that Jindal Africa has no objection in letting Atha-Africa ventures (Pty) Ltd., who are currently developing an underground coal mine near Dirkiesdorp called Yzermyn, to use the excess capacity of the Jindal owned rail siding of Piet Retief, for evacuation of the coal from Yzermyn, subject to this not having a negative effect on the Jindal operational constraints at the siding and on commercial terms to be agreed upon.

In case of any queries, the same may be directed to Mr. Neville Hinrichsen, contact number 079 310 3846, and email neville.hinrichsen@jindalafrika.com.

Name: Neville Hinrichsen
