

APPENDIX F:

PUBLIC PARTICIPATION PROCESS

Provides a description of the Public Participation Process followed.

1. PUBLIC INVOLVEMENT

A public participation process was undertaken in accordance with the Public Participation Plan submitted (Annexure 1) to the DEADP in terms of the EIA Regulations, 2014, as amended and the Directions regarding measures to address, prevent and combat the spread of COVID-19 relating to National Environmental Management Permits and Licenses dated 05 June 2020.

2. APPROACH TO UNDERTAKING THE PUBLIC PARTICIPATION PROCESS

The following approach was followed in undertaking the public participation process:

2.1 Proof of Site Notice

The site notifications in English in A2 format requesting comments or objections were placed at the site and at the Prince Albert Library and Beaufort West Library on 8 April 2021.

The site notices were placed on the following roads:

- TR3305 (N12)
- DR2307
- MR584
- TR3501 (R61), and
- TR5801 (R381)

Please find wording of site notice in Annexure 2. Please find the proof of site notice erected in Appendix C (Photographs).

2.2 Proof of Newspaper Advertisement

In accordance with the EIA Regulations, 2014, as amended, an advertisement was placed in the Courier on 12 March 2021 requesting I&APs to register their interest in the project. A copy of the advertisement is included in Annexure 3.

2.3 Written Notices issued

Letters were written and e-mailed to the following Interested and Affected Parties:

- Department of Water and Sanitation;
- Breede-Gouritz Catchment Management Agency;
- Beaufort West Local Municipality;
- Prince Albert Local Municipality;
- Department of Agriculture;
- Central Karoo District Municipality;
- Eskom;
- Prince Albert Farmers' and Irrigation Associations;
- Beaufort West Farmers' and Irrigation Association;
- Kweekvallei Water Users' Association;

- Land Restitution Support: Western Cape;
- South African Heritage Resources Agency;
- Transnet;
- Various Ward Councillors.

A Background Information Document was compiled and distributed to identified I&APs. The main objective of the BID was to introduce I&APs to the proposed project.

Copies of the notices and BID are included in Annexure 4.

2.4 Comments and Response Report

A comments and response report was drafted that included all the issues raised by the Interested and/or Affected Parties as well as the responses to the issues raised. The Comments and Response report is included in Annexure 5.

2.5 Copy of the register of I&APs

A list of key I&APs was generated during the environmental process. A list of the registered I&APs is attached as Annexure 6.

6. WAY FORWARD

The comments received will be incorporated into the draft Basic Assessment Report and the final report will be submitted to the DEADP for authorisation.

ANNEXURE 1 – PUBLIC PARTICIPATION PLAN

PUBLIC PARTICIPATION PLAN

REPAIR OR REPLACEMENT OF BRIDGES AND CULVERT STRUCTURES ON TRUNK ROADS 3305, 3501, 5801, DIVISIONAL ROAD 2307 AND MAIN ROAD 584

Table 1: Proposed Public Participation Plan

Consultation process	Notification and consultation: Written notifications included a BID and Location plan	All abovementioned I&APs will be notified in writing and notices delivered electronically. The public will be notified via site notices erected on site (start and end of project), public libraries (public place) and placement of an advertisement in the local newspaper and by the ward councillors.
	Site Notices	Site notices will be erected at the Public Libraries in Beaufort West and Prins Albert, as well as at the start and end of all the

SUBJECT	DETAILS	IMPLEMENTATION
		roads.
	Newspaper advertisement	An advertisement will be placed in the local newspaper The Courier.
	Registration of I&APs	All responding I&APs will be registered in the List of Interested and Affected Parties with their contact details.
	Compilation of a Comments and Responses Report	All comments, issues, complaints and responses will be recorded in a Comments and Responses report
	Response to comments, issues, complaints.	All issues raised will be responded to in writing
	Draft BAR and EMPr	<p>A copy of the Draft BAR and EMPr will be submitted to the Western Cape Department of Environment Affairs and Development Planning for comment.</p> <p>A copy of the Draft BAR and EMPr will be made available for public viewing at a public place and registered I&APs be made aware of the availability of the documents and commenting time-frames.</p> <p>A copy will also be placed in dropbox with the link sent to I&APs for electronic download.</p> <p>Copies will be made available to Government Departments, either electronically or in hard format as indicated by them.</p>
	Final BAR and EMPr	The final BAR will be submitted to the Western Cape Department of Environment Affairs and Development Planning for authorisation.
	Decision on application for environmental authorisation	All registered I&APs will be notified on the final decision made by the competent authority.
	Appeals	All I&APs will be informed of the appeals process to be followed.
<p>The Public Participation will commence in the pre-application phase and will be included in the draft BAR in compliance with Regulation 41 of the EIA Regulations, 2014 as amended.</p> <p>NB- A policy of limited personal contact including meetings, conferences and other gatherings will be applied during the Covid 19 pandemic. Therefore, no meetings will be held with adjacent landowners. No community meetings will be conducted as communities and farmers are represented by Ward Councillors and Farmers Associations. Regular updates on the project will be presented to the ward councillors and representative associations.</p>		

ANNEXURE 2 - SITE NOTICE

**NOTICE OF BASIC ASSESSMENT AND WATER USE LICENSE
PROCESSES:**

**ENVIRONMENTAL IMPACT
ASSESSMENT REGULATIONS, 2014, AS AMENDED**

Notice is hereby given in terms of the Environmental Impact Assessment Regulations of 4 December 2014, as amended promulgated in terms of the National Environmental Management Act, 1998 (Act No. 107 of 1998), that an application to conduct a Basic Assessment will be submitted to the Western Cape Department of Environmental Affairs & Development Planning (DEADP) for the following project:

**REPAIR OR REPLACEMENT OF BRIDGES AND CULVERT
STRUCTURES ON TRUNK ROADS 3305, 3501, 5801, DIVISIONAL
ROAD 2307 AND MAIN ROAD 584**

It is the intention of the Western Cape Department of Transport and Public Works to undertake repairs or replacements on 41 bridge and culvert structures located on the following roads:

- TR3305 (N12) – 24 major culverts and 10 bridges,
- DR2307 – 2 major culverts,
- MR584 – 1 major culvert,
- TR3501 (R61) – 2 major culverts, and
- TR5801 (R381) – 2 major culverts.

The following listed activity applies to this project: GN R. 983, as amended in GN R. 327: Item 19 - The infilling or depositing of any material of more than 10 cubic metres into, or removal or moving of soil from a watercourse.

An application for a general authorisation will be applied for at the Department of Water and Sanitation in accordance with the National Water Act, (Act No. 36 of 1998).

Chameleon Environmental was appointed to undertake the environmental studies on their behalf. Any enquiries regarding the above matter should be referred in writing to:

068 282 9391**A drive to re-establish horses**

After the Anglo-Boer War farmers and veterinary surgeons across the Karoo strove to re-establish horses. Good Thoroughbred bloodstock was imported. Grootfontein College, which was established in 1911, outside of Middelburg, played a vital role.

Among the first vets to work there were P J J Fourie, Schalk van Rensburg and Middelburg's state vet E M Jarvis, who later went to DeAar.

In 1949, state vet, CWA (Charles) Belonje, the first man in SA to report on reproduction in Thoroughbred mares, was stationed there. In 1958, he was honoured for his pioneering work on the fertility of these animals in harsh environmental conditions.

Stud farms sprang up. Among these were Ralph Koster's farm Klawervlei, on the Nuweveld Mountains, outside Beaufort West. Several Durban July winners were bred there.

Henry Nourse, a dynamic man, who had run a profitable post coach business, made a fortune in mining and had a passion for horses, established Dwarsvlei, near Middelburg. At one stage it had 600 broodmares and was the largest farm of its kind in the world. Hendrik du Toit, an excellent stockman, managed it until well into his 80s.

Tragedy struck Sandy van Breda's Temple Farm, near Schoombee. The head groom maliciously poisoned the horses and the best Thoroughbred stallion, wrote CHB Marlow in A Brief History of Equine Private Practice in South Africa. By the time this was discovered he was long gone.

**Enviro-EAP**
Environmental ConsultantsPUBLIC PARTICIPATION PROCESS
SA FARM ASSURED MEAT GROUP (SAFAM) ABATTOIR EXPANSION
ON ERF 5387, BEAUFORT WEST.
NOI REF NR: 16/3/3/6/7/11/C3/1/0015/21

Notice is given of the public participation process commenced by SA Farm Assured Meat Group cc for the expansion of the existing abattoir.

The proposed expansion entails the increase of animal slaughter units from 240 (lamb) per day or (40 slaughter units) to 133 slaughter units (133 heads of cattle and 800 heads of sheep per day). Existing facilities will be used with an increase in production, but no physical expansion of the abattoir facilities is required or proposed.

An application for a Water Use Authorization process to authorize and increase the abstraction of ground water from it will also be submitted to Breede Gouritz Catchment Management Agency.

Abattoir wastes consist of animal faeces, blood, bone, fat, animal trimmings, paunch content and urine from operations or areas like lairage, stunning or bleeding, carcass processing and by-product processing. These abattoir wastes can be classified as solid and liquid forms. Disposed and treated at a proposed Compost facility next to the abattoir on municipal erf (on erf 2794 & RE/185) zoned for this purpose.

Wash Water. Disposed into municipal sewer system for treatment at Beaufort West WWTW.

Location: The property is access via the existing Produksie Street, Beaufort West.**Listed Activities:** Activities 38 of Listing Notice 1 of the EIA Regulations, 2014 (as amended)**Exemption:** No application for any exemption is sought.**Opportunity to participate:** Interested and Affected Parties are invited to register their interest in the process or provide written comments to Enviro-EAP [Nicolaas Hanekom (EAP)] within **30 days** of this notice. The project title, your full name, contact details, plus indication of any direct business, financial, personal, or other interest you may have in this application must please be provided and fully described. Further information can be obtained from the contact person indicated in this notice.**Contact person:** Nicolaas Hanekom (EAP)

ANNEXURE 4 - NOTICES ISSUED AND BID

PROPOSED REPAIR OR REPLACEMENT OF BRIDGES AND CULVERT STRUCTURES ON TRUNK ROADS 3305, 3501, 5801, DIVISIONAL ROAD 2307 AND MAIN ROAD 584

BACKGROUND INFORMATION DOCUMENT

MARCH 2021

1. INTRODUCTION

This Background Information Document (BID) serves to inform the public of the intention of the Western Cape Department of Transport and Public Works to undertake repairs or replacements on a combined total of 41 bridge and culvert structures in the Western Cape Province. A Basic Assessment will be undertaken for the proposed activity and environmental authorisation sought. Public consultation is an essential part of the process. You have been identified as an Interested and/or Affected Party (I&AP). All comments from you will be recorded and presented to the project team and regulatory authorities.

Chameleon Environmental was appointed by BVi Engineering to facilitate the Basic Assessment and public participation process on behalf of the Western Cape Department of Transport and Public Works.

2. PROJECT DESCRIPTION

The project entails the repair or replacement of a combined total of 41 bridge and culvert structures located on the following roads:

- TR3305 (N12) – 24 major culverts and 10 bridges,
- DR2307 – 2 major culverts,
- MR584 – 1 major culverts,
- TR3501 (R61) – 2 major culverts, and
- TR5801 (R381) – 2 major culverts.

The roads will also be resurfaced and areas next to the road will be investigated for possible crushing and screening sites.

The water uses (crossing streams/rivers or within 500m of a wetland) will be applied for at the Department of Water and Sanitation in accordance with the National Water Act, (Act No. 36 of 1998).

PURPOSE OF THIS DOCUMENT

This Background Information Document (BID) has been compiled and distributed for the following purposes:

- To notify Interested and/or Affected Parties (I&APs) of the proposed new development;
- To provide a brief project description;
- To describe the Basic Assessment process.

3. BASIC ASSESSMENT PROCESS

The Basic Assessment (BA) process will be guided by the EIA Regulations, 2014, as amended and environmental management principles and objectives of the National Environmental Management Act, 1998 (Act No. 107 of 1998). The Environment Impact Assessment (EIA) regulations, 2014 came into effect on 8 December 2014 in terms of the National Environmental Management Act, 1998 (Act No. 107 of 1998). Activities identified in terms of Regulation R. 983 and may not commence without environmental authorization from the competent authority and in respect of which the investigation, assessment and communication of potential impacts of activities must follow the Basic Assessment procedure as prescribed.

A Basic Assessment is a process involving consultation with regulatory authorities and other I&APs that serve to inform a decision on whether or not a development is environmentally acceptable.

The Western Cape Department of Environmental Affairs & Development Planning (DEADP) will be the final decision making authority with regard to this project.

4. STUDY APPROACH AND METHODOLOGY

The goal of the Basic Assessment is to identify and assess the potential environmental impacts (biophysical and social) associated with the proposed development.

The following tasks are included as part of this process:

- Submit application form to DEADP;
- Site visit and desk study of available information and identification of key issues;
- Identify and compile a list of I&APs;
- Compile and distribute a Background Information Document (BID) to I&APs;
- Advertise in the local newspaper notifying the public of the project;
- Synthesis issues for preliminary investigation.
- Compile a Draft Basic Assessment Report and make it available for public comment.
- Submit Final Basic Assessment Report to environmental authorities for approval.

5. SPECIALIST STUDIES

It is anticipated that the following specialist studies will be undertaken as part of the Basic Assessment process:

- Aquatic and vegetation study;
- Heritage assessment;
- Paleontological assessment.

Specialist consultants will be appointed to assess the potential impacts associated with the proposed project.

The aim of this specialist studies are for the specialist to assess the impact of the project actions on the environment. The specialists will analyse the current situation and will assess the potential impacts of the

project actions (and feasible alternatives) on various aspects of the particular issue during the construction and operation phases of the proposed project.

The impacts will be assessed in terms of various criteria such as extent, duration, intensity and whether the impact is positive or negative. The significance of the impact will then be determined through a synthesis of the various criteria used. The specialist will also recommend mitigation actions that they believe can materially affect the significance rating of impacts.

6. AUTHORISATION

The DEADP will consider the final Basic Assessment and will either issue an authorisation with or without conditions, or reject the proposed project. The authorisation issued by the DEADP will be distributed to I&APs as part of the appeal period. Formal, motivated appeals should be lodged with the Department. The results of the appeal process will then be made known to the public through the distribution of a final feedback letter.

7. COMMENCEMENT OF CONSTRUCTION

It is proposed that the project will be put out to tender once the authorisation is received from DEADP. Construction cannot commence without authorisation from the environmental authorities. Any enquiries regarding the tender or employment opportunities should be directed to the applicant.

8. PUBLIC INVOLVEMENT

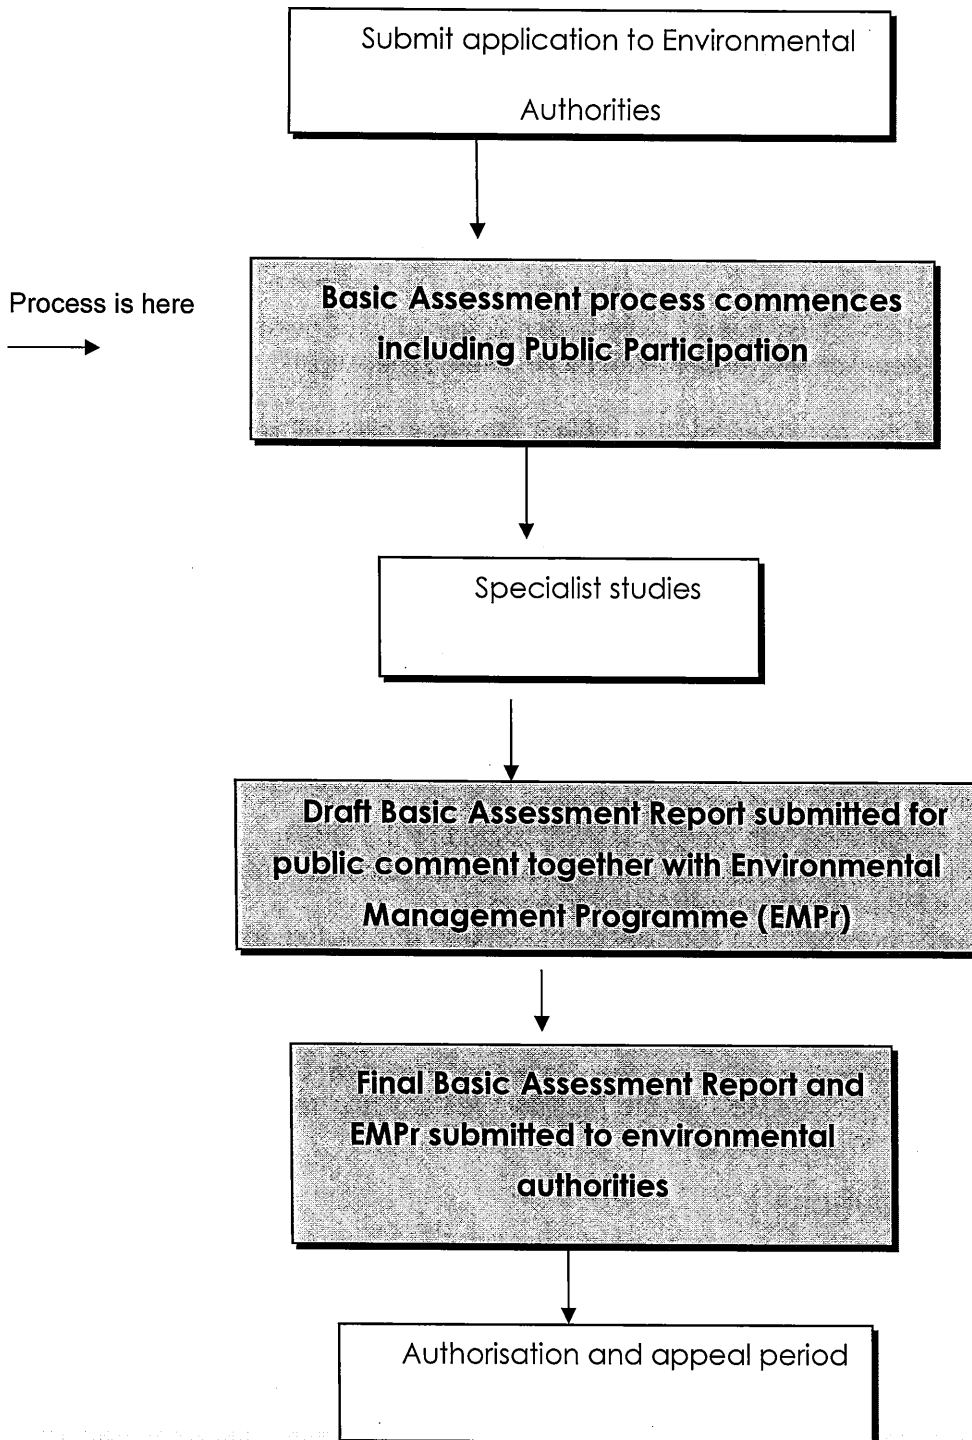

Please contact Chameleon Environmental if you require further information on the application and or activity. Please submit your name, contact information, interest and relevant issue in writing before or on the 5th of May 2021. The contact details are:

By e-mail: corvdw@elsenburg.com

Dear Mr Van der Walt

NOTIFICATION LETTER: REPAIR OR REPLACEMENT OF BRIDGES AND CULVERT STRUCTURES ON TRUNK ROADS 3305, 3501, 5801, DIVISIONAL ROAD 2307 AND MAIN ROAD 584, ref 16/3/3/6/7/1/C3/1/0162/20

This notification letter serves to inform you that it is the intention of the Western Cape Department of Transport and Public Works to repair or replace 41 bridge and culvert structures on the following roads in the Western Cape Province:

- TR3305 (N12) – 24 major culverts and 10 bridges,
- DR2307 – 2 major culverts,
- MR584 – 1 major culvert,
- TR3501 (R61) – 2 major culverts, and
- TR5801 (R381) – 2 major culverts.

The roads will also be resurfaced and areas next to the road will be investigated for possible crushing and screening sites. Please find a locality plan attached.

Notice is hereby given in terms of the Environmental Impact Assessment Regulations of 4 December 2014, as amended, promulgated in terms of the National Environmental Management Act, 1998 (Act No. 107 of 1998), that a Basic Assessment will be conducted for the proposed project for submission to the Western Cape Department of Environmental Affairs & Development Planning (DEADP) for authorisation. Please find a Background Information Document on the process to be undertaken.

The water uses (crossing streams/rivers or within 500m of a wetland) will be applied for at the Department of Water and Sanitation in accordance with the National Water Act, (Act No. 36 of 1998).

Kindly forward your comments or enquiries regarding the above matter to the undersigned.

For more information, do not hesitate to contact me.

This notification letter serves to inform you that it is the intention of the Western Cape Department of Transport and Public Works to repair or replace 41 bridge and culvert structures on the following roads in the Western Cape Province:

- TR3305 (N12) – 24 major culverts and 10 bridges,
- DR2307 – 2 major culverts,
- MR584 – 1 major culvert,
- TR3501 (R61) – 2 major culverts, and
- TR5801 (R381) – 2 major culverts.

The roads will also be resurfaced and areas next to the road will be investigated for possible crushing and screening sites. Please find a locality plan attached.

Notice is hereby given in terms of the Environmental Impact Assessment Regulations of 4 December 2014, as amended, promulgated in terms of the National Environmental Management Act, 1998 (Act No. 107 of 1998), that a Basic Assessment will be conducted for the proposed project for submission to the Western Cape Department of Environmental Affairs & Development Planning (DEADP) for authorisation. Please find a Background Information Document on the process to be undertaken.

The water uses (crossing streams/rivers or within 500m of a wetland) will be applied for at the Department of Water and Sanitation in accordance with the National Water Act, (Act No. 36 of 1998).

Kindly forward your comments or enquiries regarding the above matter to the undersigned.

For more information, do not hesitate to contact me.

9 June 2021

DEAR INTERESTED AND/OR AFFECTED PARTY

REPAIR OR REPLACEMENT OF BRIDGES AND CULVERT STRUCTURES ON TRUNK ROADS 3305, 3501, 5801, DIVISIONAL ROAD 2307 AND MAIN ROAD 584, ref 16/3/3/6/7/1/C3/1/0162/20

NOTICE OF PUBLIC COMMENTS PERIOD FOR PRE-APPLICATION DRAFT BASIC ASSESSMENT REPORT

1. Introduction

It is the intention of the Western Cape Department of Transport and Public Works to repair or replace 40 bridge and culvert structures on the following roads in the Western Cape Province:

- TR3305 (N12) – 23 major culverts and 10 bridges,
- DR2307 – 2 major culverts,
- MR584 – 1 major culvert,
- TR3501 (R61) – 2 major culverts, and
- TR5801 (R381) – 2 major culverts.

A Basic Assessment is conducted for the proposed project in terms of the EIA Regulations, 2014, as amended.

2. Pre-Application Draft Basic Assessment Report

As part of the public participation process for the proposed project, you are invited to review and comment on the draft Basic Assessment Report from **14 June 2021 to 15 July 2021.**

Due to the Covid-19 epidemic, hard copies of the report are not allowed to be submitted for comment. An electronic copy of the report will be forwarded to you via WeTransfer. An electronic copy will also be posted in electronic format in dropbox and the link will be communicated to you on the 14th of June 2021.

Please forward any comments to the undersigned in writing at **Chameleon Environmental Consultants cc by fax 086 6855 080 or e-mail at bothmaj@tiscali.co.za**, or to the postal address indicated in the letter head.

Yours faithfully,

Dr Jenine Bothma

Hallo,

I was appointed to undertake the environmental study for the project. Once all the necessary permits are in place the project will be put to and open tender for the construction phase. You will then be able to submit a tender if you wish.

I will register you as an Interested and Affected Party and will keep you informed as my process progresses. Please provide me with your address in this regard.

Subject: Project maintenance

Hi, I am Bongani Dyantyi

I am from Beaufort West, in the Western Cape.

I have started my own company recently named, Man of Honour.

I have seen your advert in the Beaufort West courier, that was published on 22 January 2021.

I have worked most of my years in construction, namely H&I and Power Construction till last year. I have enough knowledge in building culverts and bridges, and to maintain them. I am very much interested. If it is possible, can you send me more information please.

Thank you.

You can contact me at
0787513083.
