Subject: AEP KATHu - Website Application

Hi Jacoline

Your query below submitted on our website has reference.

See attached KMZ showing the location of the proposed. It is quite some distance from the Kathu forest. There are however a small number of Acacia Haematoxylon that will be affected.

I have posted a cd containing the scoping report for your attention – the notifications requesting comment on the scoping will go out tomorrow,

Appreciated.

Subject: RE: Open Vacancies

Good Afternoon Tumi

We are facilitating the Environmental Impact Assessment Phase for the two PV facilities mentioned in your email. These projects are thus still in the process of obtaining all their administrative approvals, before entering into construction (This could take up to another 3 years before construction starts).

I have however passed your email onto the project developers to keep on record for future use.

Kind Regards,

Subject: RE: Open Vacancies

Dear Dale

Compliments of the nww seaaon Sir.

I found your contacts on the Internet whilst researching on the two Solar Plants (Mogobe & Legoko) to start operating on Kathu, Northern Cape.

Unfortunately, there's no info listed regarding recruitment/vacancies. Kindly advise on how to search/forward job applications.

I've got one year experience working for a Solar Plant as a Facility Manager in Groenwater, Postmasburg. I have acquired experience and gladly believe that I would add value to your company and become an asset to the Operation and Maintenance team.

Any available vacancies in administration will be advantageous and highly appreciated.

Looking forward to hearing from you Sir.

Best regards
Ms Boitumelo Ngwato
