## SAPS Morgenzon warning

Constable PZ Nkambule, Communications Officer of Morgenzon SAPS, would like to warn the community of Morgenzon and surrounds of escalating criminal activities. She warns that because of the looming Festive Season, community members, especially homeowners should take extra care when locking up.

Criminals keep an eye on households and its owners and once they get to know their routine or see that they go on holiday, they will make their move. When you leave your house, make sure to tell your neighbour or a member of your family, so that they can take care of your house and pets. This will deter burglars from trying to gain access to the property. Before you leave your home, make sure that all the windows and doors are properly locked and secured.

Police Officers have been warned to wear bullet proof vests and to carry their R5 rifles before attending any complaint. They are also warned to be vigilant when patrolling bank-premises at night and should call for back-up, because bank robbers are usually heavily armed.

Morgenzon Police wishes everybody the best for this coming Festive Season.
