Burgersfort Public Library

CHROME IN STEELPOORT, LIMPOPO PROVINCE

Notice is given in terms of regulation 4(2) of CNR 326 (07 April 2017) published under sections 24(3) and 44 of the National Environmental Management Act (No. 107 of 1998) (NEMA) for the submission of an application for an environmental authorisation (EA) in respect of activities identified in terms of CNR 327 (07 April 2017) and

and

Notice is given in terms of the National Environmental Management Air Quality Act (No. 39 of 2004) (NEMAQA) for the submission of an amendment application for an atmospheric emission license (AEL) in respect of listed activities identified in terms of Section 23(1) of NEMAQA.

DESCRIPTION AND LOCATION

The Proponent, Tubatse Chrome (Pty) Ltd proposes to establish four 20MW Coal-Fired Boilers at the Tubatse Chrome Plant in Steelport, Limpopo Province. The proposed Coal-Fired Boilers will enable Tubatse Chrome to generate 30MW of electricity at their existing power generation facility. The following EAs are required for the Proposed Project:

- EA for Activity 3a, identified in terms of CNR 327 (07 April 2017),
- EA for Activity 3b, identified in terms of CNR 326 (07 April 2017), and
- An amendment of an AEL in terms of Section 23(1) of NEMAQA.

ENVIRONMENTAL APPLICATIONS

The listed activities associated with the Proposed Project are reflected in the table below:

ACTIVITY NO	LISTED ACTIVITY DESCRIPTION
NEMA CNR 327 (07 April 2017), Listing Notice 1	The expansion or changes to existing facilities for any process or activity where such expansion or changes will result in the need for a permit or license as an amended permit or license in terms of national or provincial legislation governing the release of emissions or pollution.
NEMA CNR 326 (07 April 2017), Listing Notice 8	The clearance of an area of 300 square metres or more of indigenous vegetation except where such clearance of indigenous vegetation is required for a Limpopo maintenance programme undertaken in accordance with a maintenance management plan.
NEMAQA Section 23(1)	Tubatse Chrome is required to amend their AEL with the addition of a new emissions point as well as their registration at a controlled emitter.

REGISTRATION

WSP Environmental (Pty) Ltd (WSP) has been appointed as the independent environmental assessment practitioner (EAP) to manage the EA process. This process includes the consultation with parties that may be affected by, or have an interest in, the project. The purpose of this notice is to notify potential interested and affected parties (IAPs) of the commencement of the EA process. Parties wishing to formally register as stakeholders in order to offer their comments on the Proposed Project are requested to forward their full contact details to Ashlea Strong at the details provided below. Registered stakeholders will be forwarded all future correspondence and notified individually of additional opportunities to participate in the process.

DRAFT BASIC ASSESSMENT REPORT REVIEW PERIOD

In terms of Government Notice (Regulation 39(1)(a) of CNR 326, published on 07 April 2017, all IAPs are hereby notified that the Draft BA Report for the proposed project has been made available at the venues below (hard copy) for review and comment during the comment period from **Thursday 15 March 2018 to Friday 20 April 2018** (end of business day).

BASIC ASSESSMENT (BA) PROCESSES
NOTICE FOR THE PROPOSED ESTABLISHMENT OF FOUR COAL-FIRED BOILERS AT TUBATSE CHROME IN STEELPORT, LIMPOPO PROVINCE

CHROME IN STEELPORT, LIMPOPO PROVINCE

Notice is given in terms of regulation 43(2) of CMA 326 (27 April 2017) published under sections 34(1) and 44 of the National Environmental Management Act (No. 107 of 1989) (NEMA) for the submission of an application for an environmental authorisation (EA) in respect of activities identified in terms of CMA 327 (07 April 2017)

and

Notice is given in terms of the National Environmental Management Act (No. 107 of 1989) (NEMA) for the submission of an amendment application for an atmospheric emission licence (AEL) in respect of listed activities identified in terms of Section 23(2) of NEMA.

DESCRIPTION AND LOCATION
 The proposed Tubatse Chrome (Pty) Ltd. proposes to establish four 25MW Coal-Fired Boilers at the Tubatse Chrome Plant in Steelport, Limpopo Province. The proposed Coal-Fired Boilers will enable Tubatse Chrome to generate 30MW of electricity at their existing power generation facility. The following EA is required for the Proposed Project:

- EA for Activity 1a, identified in terms of CMA 327 (07 April 2017).
- EA for Activity 1c, identified in terms of CMA 326 (27 April 2017), and
- An amendment of an AEL in terms of Section 23(2) of NEMA.

ENVIRONMENTAL APPLICATIONS
 The listed activities associated with the Proposed Project are reflected in the table below:

ACTIVITY NO	LISTED ACTIVITY DESCRIPTION
NEMA CMA 327 (07 April 2017) (Listed Activity 1a)	The expansion or change to existing facilities for any process or activity where such expansion or change will result in the need for a permit or licence or an amended permit or licence in terms of national or provincial legislation governing the release of emissions or pollution.
NEMA CMA 326 (27 April 2017) (Listed Activity 1c)	The clearance of an area of 300 square metres or more of indigenous vegetation except where such clearance of indigenous vegetation is required for maintenance purposes undertaken in accordance with a maintenance management plan.

NEMA Section 23(2)
 1. Within critical biodiversity areas identified in biological plans, or

REGISTRATION
 WSP Environmental (Pty) Ltd (WSP) has been appointed as the independent environmental assessment practitioner (IEAP) to manage the BA process. This process includes consultation with parties that may be affected by, or have an interest in, the project. The purpose of this notice is to notify potential interested and affected parties (IAAP) of the commencement of the BA process. Parties wishing to formally register as stakeholders in order to offer their comments on the Proposed Project are requested to forward their full contact details to Ashia Strong at the details provided below. Registered stakeholders will be forwarded all future correspondence, and notified individually of additional opportunities to participate in the process.

DRAFT BASIC ASSESSMENT REPORT REVIEW PERIOD
 In terms of Government Notice, Regulation 39(1)(a) of CMA 326, published on 07 April 2017, all IAAPs are hereby notified that the Draft BA Report for the proposed project has been made available at the venues below (hard copy) for review and comment during the comment period from **Thursday 18 March 2018 to Friday 20 April 2018** (end of business day).
