1. INTRODUCTION

The Public Participation Process (PPP) aims to provide all Interested and Affected Parties (I&APs) with clear, accurate and comprehensible information about the proposed development on Remainder of Holding 22 Waterval Small Holdings JQ, Rustenburg, North West Province. In addition, the process seeks to provide I&APs with the opportunity to indicate their viewpoints on issues and concerns about the proposed project.

This process therefore enhances transparency and accountability in decision-making as it allows all I&APs to suggest ways of avoiding, reducing or mitigating potential negative impacts as well as enhance positive impacts of the proposed project. All inputs from the I&APs are considered in the planning and consequently clear recording of all issues and concerns raised has been maintained in a comments and response register. This register has been updated when new issues or concerns were raised.

This report provides a methodical description of the PPP followed. It also contains a complete record of any public notices, details of all registered I&APs and all communications to and from I&APs pertaining to the application.

2. APPROACH

The aim of the PPP is not only to adhere to the required legislation, but also to give as many stakeholders and I&APs as possible an opportunity to be actively involved in this process.

The PPP has been carried out in accordance with Chapter 6 of the National Environmental Management Act (NEMA), 1998 (Act 107 of 1998), as amended, and in support of the Environmental Impact Assessment (EIA) Regulations of 2014 as amended in 2017. Based on these Regulations, published in terms of Sections 39 to 44 of Government Notice Regulation (GNR) 982 amended in GNR 326 of NEMA, the following steps were undertaken:

- Potential I&APs were identified through conducting a site visit on 29 August 2017, windeed searches for details of neighbouring properties and property owners and through notices placed on site (Figures 1 - 3) as well as through placing a notice in the local newspaper, Rustenburg Herald newspaper.
- A stakeholder register was compiled in terms of Regulation 42 that includes national, provincial and local authorities, government departments, organisations and neighbours that may have an interest;
- I&APs were given more than a month to register and raise concerns (29 August to 22 October 2017) as well as 30 days to comment on the draft Basic Assessment Report (BAR) from 21 September – 22 October 2017. A hard copy was made available at Rustenburg Public Library in Heystek Street, Rustenburg and on a dropbox link (electronic copy) upon request. Any concerns that have been raised by I&APs were acknowledged, noted and addressed (Table 2) by the Environmental Assessment Practitioner (EAP) where possible; and
- A recorded summary of concerns raised by I&APs, as well as the responses from the EAP, will be kept throughout the entire process.

3. PUBLIC AWARENESS

3.1. Site Notices

Two (2) notices (measuring 800 mm x 600 mm) were placed at the site on 29 August 2017 at locations where they would be most visible to the public concerned. The notices were placed at the following locations:

- Site Notice 1 at the entrance road to the property from the R104
- Site Notice 2 at the corner of the property facing the R104

Each notice contained details regarding the applicant (MPJF Transport) the nature of the activity (storage and warehousing), the locality (Remainder of Holding 22 Waterval Small Holdings JQ, Rustenburg, North West Province), and the contact details of the EAP (See Figure 1). The placement of the site notices were recorded by taking photographs of the placed notices on site as well as by recording the Global Positioning Satellite (GPS) coordinates of these positions. See Figures 1, 2 & 3. These notices remained on the site for the duration of the process (August - October 2017).

3.2. Newspaper Advertisement

A detailed newspaper advertisement was placed in the Rustenburg Herald Newspaper, published on 1 September 2017 (See Appendix 3). Distribution areas of the newspaper are as follows:

- Waterkloof
- Rustenburg
- Boons,
- Bleskop,
- Brits,
- Buffelspoort,
- Derby,
- Elandskraal,
- Groot-Marico,
- Hartbeespoort,
- Karlienpark
- Kroondal,
- Lichtenburg,
- Marikana,
- Moedwil,
- Moinooi,
- Northam,
- Rex,
- RPM,
- Sun City,
- Swartklip,
- Swartruggens,
- Thabazimbi,
- Tlhabane,
- Waterfall Mall,
- Zinniaville,

- Zeerust

The aim of placing an advertisement in the local newspaper was to create a greater awareness of the project and to invite a broader spectrum of I&APs to register and be part of the process.

32 000 copies of the newspaper are distributed weekly.

NOTICE OF A BASIC ENVIRONMENTAL IMPACT ASSESSMENT PROCESS

In terms of the National Environmental Management Act, 1998 (Act 107 of 1998) as amended and the Environmental Impact Assessment (EIA) Regulations of 2014 as amended in 2017, an application for environmental authorization will be submitted to the North West Department of Rural, Environment and Agricultural Development (NW READ). Notification is hereby given to all Interested and Affected Parties in terms of Sections 39 to 44 of GN 983 as amended in GNR 326, that a **Basic Assessment Report** (GNR 983 as amended in GNR 327, Activity 27 and GNR 985 as amended in GNR 324, Activity 12) will be submitted to the competent authority to apply for environmental authorization for the proposed development on Remainder of Holding 22 Waterval Small Holdings, Rustenburg, North West Province.

Application: Proposed development on Remainder of Holding 22 Waterval Small Holdings, Rustenburg, North West Province.

Locality: Remainder of Holding 22 Waterval Small Holdings, Rustenburg, North West Province.

Applicant: MPJF Transport CC

Nature: The property is 2.1503ha in extent. The property will be developed for storage and warehousing.

To register as an Interested and Affected Party or to obtain further information regarding the project, contact HydroScience on or before **22 October 2017** via fax, email or post at:

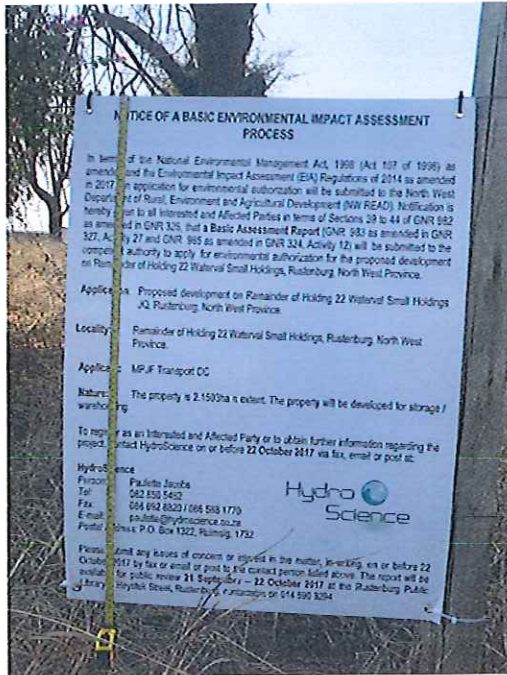

HydroScience

Person: Paulette Jacobs
Tel: 082 850 5482
Fax: 086 692 8820 / 086 588 1770
E-mail: paulette@hydroscience.co.za
Postal Address: P.O. Box 1322, Ruimsig, 1732

Hydro Science

Please submit any issues of concern or interest in the matter, in writing, on or before 22 October 2017 by fax or email or post to the contact person listed above. The report will be available for public review 21 September 2017.

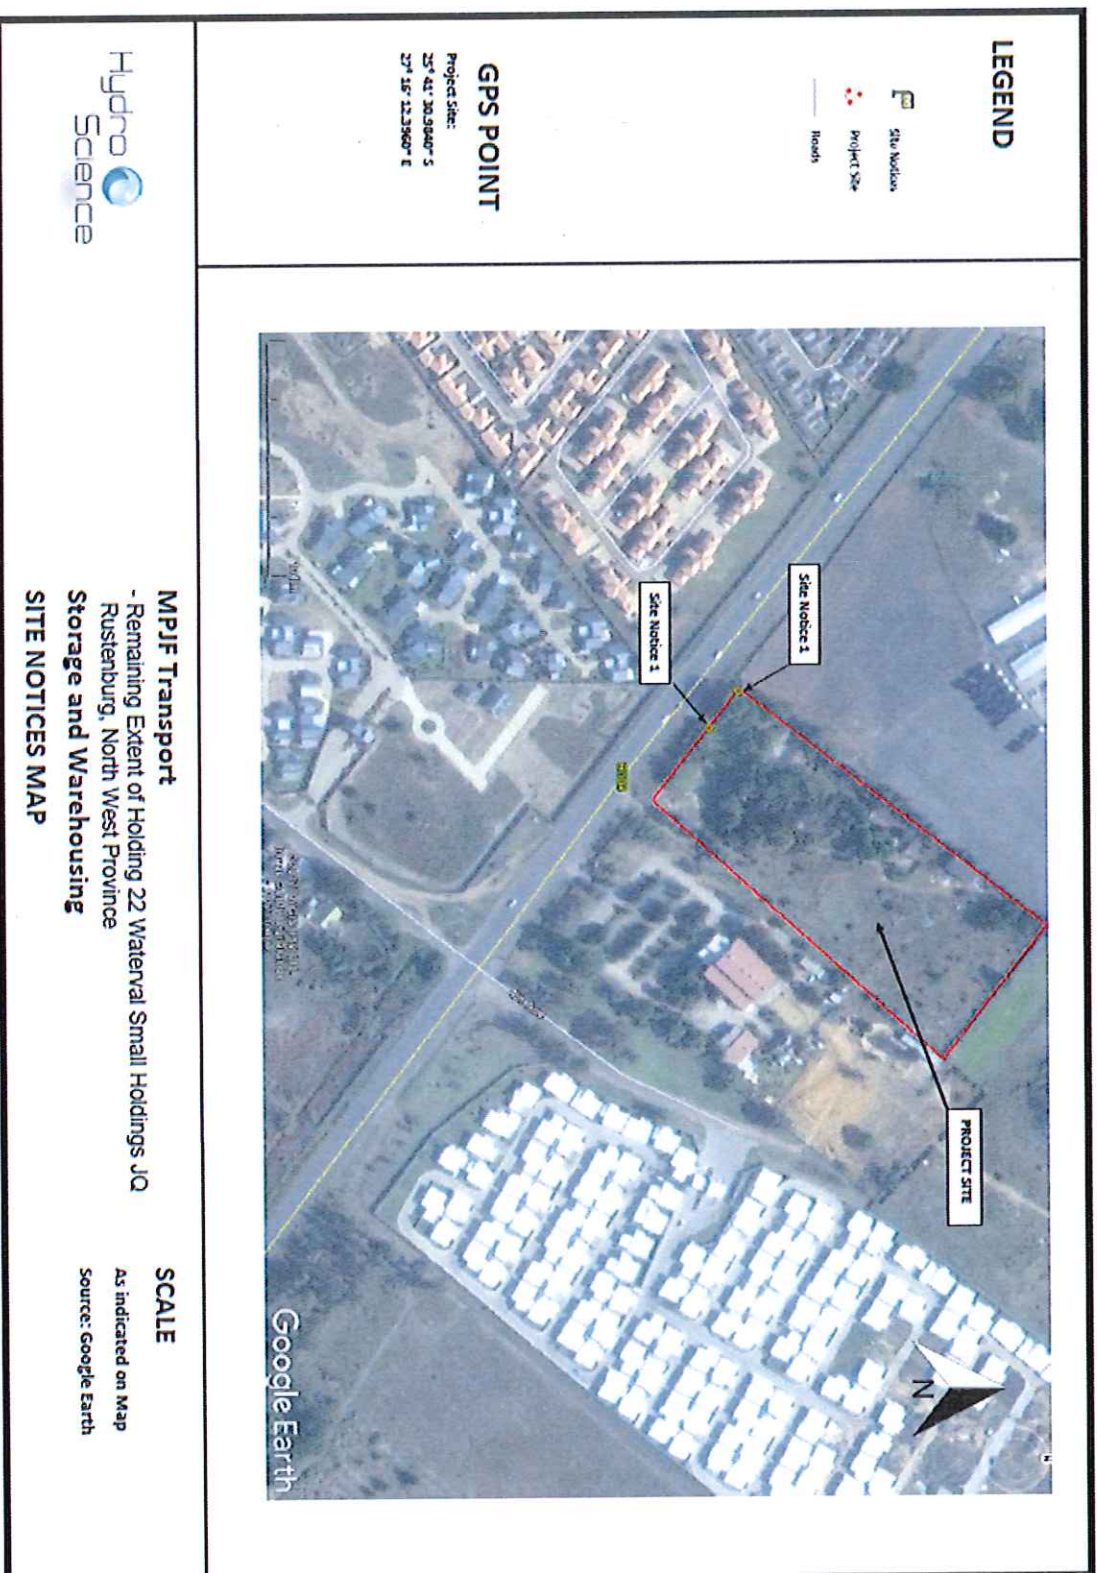

Figure 3: Aerial view of location of notices

4. COMMENTS AND RESPONSE REGISTER

Any concerns that were raised by I&APs during the process were recorded and addressed by the EAP where possible (see Table 2). All proof of communication can be seen in Appendix 4.

Furthermore, all registered I&APs were given an opportunity to comment in writing (21 September – 21 October 2017), on the draft BAR before its submission to the competent authority, North West Department of Rural, Environment and Agriculture Development (NW READ) in October 2017.

5. BASIC ASSESSMENT REPORT SUBMISSION

The public participation report (this document) was consolidated with the BAR and has been made available for public review at the Rustenburg Public Library (hard copy) and electronically (dropbox) from 21 September – 22 October 2017. All I&APs have therefore been given an opportunity to comment on this document for a period of 30 days. Once the period for comments lapsed, the document was collected and all comments made were included in the comments and response register.

After submission of the Draft BAR to the authorities, during the public review period, the authorities listed below, were also afforded an opportunity to submit their comments to be addressed in the final BAR.

Thereafter, the final BAR (including all supporting documentation) will be submitted to NW READ for consideration. A decision will be provided by NW READ in terms of their considerations and findings and if authorised, conditions of the authorisation will be provided.
