

## CIVIL AVIATION COMPLIANCE STATEMENT

### KIARA PV7 FACILITY ON PORTION 2 OF THE FARM HOLLAAGTE NO. 8, DITSBOTLA LOCAL MUNICIPALITY, NORTH WEST PROVINCE (DFFE REFERENCE: 14/12/16/3/3/2/2177)

This compliance statement has been prepared by an Environmental Assessment Practitioner.

This Compliance Statement is applicable to the Kiara PV7 Facility, which is proposed on Portion 2 of the Farm Hollaagte No. 8 located approximately 16km north-east of the town of Lichtenburg, within the Ditsobotla Local Municipality and the Ngaka Modiri Molema District Municipality in the North West Province.

The sensitivity rating for the site is as follows:

**Table 1:** Identified sensitivity in terms of the national web-based screening tool for the development

Identified Specialist Assessment	Identified Sensitivity		Comment
	By DFFE Screening Report	By EAP	
Civil Aviation Assessment	Low Sensitivity	Low Sensitivity	No major or other types of civil aviation aerodromes.

A low sensitivity rating has been indicated by the DFFE screening tool due to no major or other types of civil aviation aerodromes being in close proximity to the site. This has been confirmed through the EIA process undertaken for the project. The proposed development will not have an unacceptable impact on the airfield. Further assessment of the potential impacts is not required.

During the public participation for the EA Application, the South African Civil Aviation Authority (SACAA) was consulted and invited to attend key stakeholder workshops. No formal response has been provided by SACAA regarding the proposed project.

Drafted by EAP
