Project Manager
Subsolar

Sir

CONFIRMATION: PROVIDING OF SERVICES

This letter confirms that the Naledi Local Municipality has the capacity to provide the proposed 75MW Solar Park development on the Remainder of the farm Waterloo Nr. 992, I.N. RD with the following services for the lifetime of the project (25 years):-

1. The municipality will be able to remove the household refuse once a week from the Solar Power Plant to the municipal dumping site.
2. The municipality confirms that the dumping site has the capacity to accommodate the additional waste generated by the employees working at the Solar Power Plant.
3. The municipality will be able to remove the sewerage once a week from the septic tanks present at the Solar Power Plant.
4. The municipality confirms that the sewerage plant has the capacity to accommodate the additional sewage generated by the employees working at the Solar Power Plant.

It should be noted that all costs relating to the provision of these, abovementioned, services will be for the Developer.

Yours faithfully

M T SEGAPO
MUNICIPAL MANAGER
