Environmental Management Frameworks relevant to the application

No intersections with EMF areas found.

Environmental screening results and assessment outcomes

The following sections contain a summary of any development incentives, restrictions, exclusions or prohibitions that apply to the proposed development footprint as well as the most environmental sensitive features on the footprint based on the footprint sensitivity screening results for the application classification that was selected. The application classification selected for this report is:

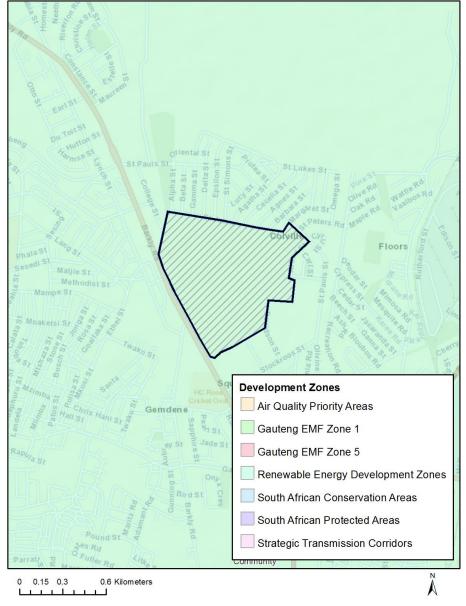

Transformation of land | From mining or heavy industrial areas | Transformation of land - From mining or heavy industrial areas.

Relevant development incentives, restrictions, exclusions or prohibitions The following development incentives, restrictions, exclusions or prohibitions and their

implications that apply to this footprint are indicated below.

| Incentiv e, restricti on or prohibit ion | Implication |
|---|--|
| Strategic Transmiss ion Corridor- Central corridor | https://screening.environment.gov.za/ScreeningDownloads/DevelopmentZones/GNR 350_of_13_April_2017.pdf |
| Renewabl e energy developm ent zones 5- Kimberley | https://screening.environment.gov.za/ScreeningDownloads/DevelopmentZones/GNR 350 of 13 April 2017.pdf |

Map indicating proposed development footprint within applicable development incentive, restriction, exclusion or prohibition zones

Project Location: Housing Development at the Colville Site

Proposed Development Area Environmental Sensitivity

The following summary of the development footprint environmental sensitivities is identified. Only the highest environmental sensitivity is indicated. The footprint environmental sensitivities for the proposed development footprint as identified, are indicative only and must be verified on site by a suitably qualified person before the specialist assessments identified below can be confirmed.

| Theme | Very High sensitivity | High sensitivity | Medium sensitivity | Low sensitivity |
|----------------------|--------------------------|---------------------|-----------------------|--------------------|
| Agriculture Theme | | | Х | |
| Animal Species Theme | | Х | | |
| Dece 7 of 17 | | | | |

| Aquatic Biodiversity Theme | | | | Х |
|--------------------------------|---|---|---|---|
| Archaeological and Cultural | | | Х | |
| Heritage Theme | | | | |
| Civil Aviation Theme | | | Х | |
| Defence Theme | | | | Х |
| Paleontology Theme | | Х | | |
| Plant Species Theme | | | Х | |
| Terrestrial Biodiversity Theme | Х | | | |

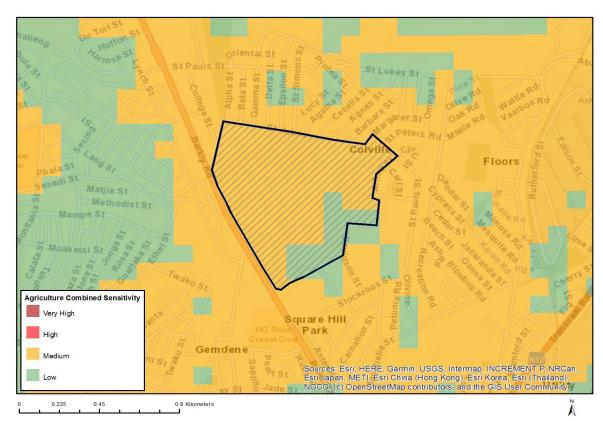

Specialist assessments identified

Based on the selected classification, and the environmental sensitivities of the proposed development footprint, the following list of specialist assessments have been identified for inclusion in the assessment report. It is the responsibility of the EAP to confirm this list and to motivate in the assessment report, the reason for not including any of the identified specialist study including the provision of photographic evidence of the footprint situation.

Results of the environmental sensitivity of the proposed area.

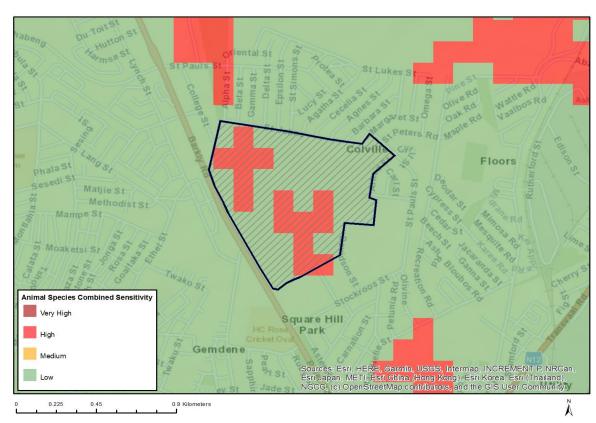

The following section represents the results of the screening for environmental sensitivity of the proposed footprint for relevant environmental themes associated with the project classification. It is the duty of the EAP to ensure that the environmental themes provided by the screening tool are comprehensive and complete for the project. Refer to the disclaimer.
