- In line with the projects and programmes identified as priorities within the credible IDP
- Provided for in the infrastructure planning of the municipality
- Part of a national programme to address an issue of national concern or importance (improve service delivery regarding WWTW's)
- Not compromising the 'urban edge' as defined by the municipality
- The community / are needs the activity and the associated land use concerned and is therefore a societal priority

There are no other applications for Environmental Authorisation on the same property than the current proposed project.

Also note that the necessary services with adequate capacity are currently available (at the time of the application) or additional capacity will be created to cater for the development during its operational phase.

In addition, a need exists to complete the project as soon as possible to transport and accommodate the calculated WWTW capacity to be handled on a daily basis.

As the applicant is a juristic person, as signature on behalf of the applicant is required as well as proof of such authority. I, as the Municipal Manager, have the permission to sign any documentation regarding the above mentioned project on behalf of the Municipality.

We trust that you will find the above in order.

Please do not hesitate to contact us should you require additional information on the said project.

Kind regards,

Signature
