Pretoria
0001

Detea Ref : WML/EIA/10/2014

Dear Mr. James Mofokeng/ Mr Thya Pather

NOTIFICATION FOR THE DRAFT SCOPING REPORT AVAILABILITY OF THE PROPOSED MALUTI-A-PHOFUNG LANDFILL SITE ON PORTION 110 OF THE FARM WITSIESHOEK, 1903 (Phuthaditjhaba) FOR PUBLIC REVIEW.

This letter serves as a notification given in line with Regulation 56 of the National Environmental Management Act 107 of 1998, Environmental Impact Assessment Regulations 2010(as amended), that the Draft Scoping Report of the proposed Maluti-A-Phofung landfill site is available for public review.

The Draft Scoping Report forms part of the EIA process for the Waste Management License application of the proposed Landfill site. Below are the details of the Draft Scoping Report objectives:

- To outline issues that need to be considered in the EIA phase of the process, outline the project schedule and EIA boundaries.
- Look at significant aspects and impacts that to be studied in detail during the EIA phase.
- Establish potential environmental impacts to the receiving environment, thus looking at the cultural, socio-economic and the biophysical environment.
- Most importantly to identify the necessary information required for decision making purposes during the Public consultation processes.

Furthermore, stakeholders/I&APs are required to comment on the report within 40 days from the date this letter is received. These comments will be captured by Tholoana Consulting to be included in the Issues and Response report which forms part of the EIR report submitted to the Competent Authority for decision making purposes. Commenting period by stakeholder is from 29th January 2015 to 9th March 2015.

The Draft Scoping Report is available on request from Tholoana Consulting in writing. Alternatively the Report will be made available at the local public places, Harrismith Library, Kestel Library and Phuthaditjhaba public library.

I&APs/Stakeholders can comment on the report in writing by sending a fax, email or post to Thobana Consulting. Please do not hesitate to contact Tholoana Consulting for clarity in terms of the above.

Tholoana Consulting

Attention : Mr Betsie Mofokeng (Ward 34 Councilor)
Tebang & Ditading

As per email : betsi@webmail.co.za

Free State Province DETEA Ref : WML/EIA/10/2014

Dear Cllr. Betsie Mofokeng

RE: NOTICE OF THE AVAILABILITY OF THE DRAFT ENVIRONMENTAL IMPACT ASSESSMENT REPORT (EIR) AND THE DRAFT ENVIRONMENTAL MANAGEMENT PROGRAMME (EMPr) FOR PUBLIC/STAKEHOLDER REVIEW AND COMMENT

The Proposed Maluti-A-Phofung Landfill Site is located on Portion 110 of the farm Witsieshoek, 1903 at Phuthaditjhaba (QwaQwa), which falls under the Maluti-A-Phofung Local Municipality, Free State Province.

This letter serves as a notification given in line with Regulation 56 of the National Environmental Management Act 107 of 1998, Environmental Impact Assessment Regulations 2010(as amended), that the Draft Scoping Report of the proposed Maluti-A-Phofung landfill site is available for public review.

This letter serves as notification given in terms of Chapter 6, National Environmental Management Act 107 of 1998 (as amended) Regulations 2010(as amended), the National Environmental Management: Waste Act 59 of 2008, GN 921 of November 2013 Section 4, on the availability of the draft EIA and draft EMP for public review and comments (Proposed Maluti-A-Phofung Landfill Site). An application of intent to conduct an Environmental Impact Assessment pursuant a Waste Management License for the activities was lodged with the Department of Economic Development, Tourism and Environmental Affairs on the 19th of September 2014.

Furthermore on submission of the Final Scoping Report, the DETEA Free State Province has sent an acknowledgement of the Scoping Report and advised Tholoana Consulting to continue with the planned studies contained in the Scoping Report, thus move to the EIA phase of the proposed development.

The proposed development involves the establishment of a landfill site at the above mentioned location, of which it is anticipated that the Landfill Site will be servicing the following three areas, Harrismith, Kestel and Phuthaditjhaba. The landfill site is estimated to be approximately 20 hectares in size, with a four cell approach in terms of the design. Other associated infrastructure include: Recycling facility (thus a buy-back center), Compost facility and an area allocated for inert waste disposal.

NEM: WA (59 of 2008) triggered activities

According to the National Environmental Management: Waste Act, 2008 (Act No. 59 of 2008), Government Notice 921 29 November 2013, category B, Section 4 pursuant to the Waste Management license an Environmental Impact Assessment is required for the following identified activities.

Government Notice 921 29 November 2013, Category B.

- Activity (8), the disposal of general waste to land covering in excess of 200m² and with a total capacity exceeding 25 000 tons.
- Activity (9), the disposal of inert waste to land in excess of 25 000 tons, excluding the disposal of such waste for the purposes of levelling and building which has been authorized by or under other legislation.
- Activity (10), the construction of a facility for a waste management activity listed in Category B of this Schedule (not in isolation to associated waste management activity).

The Draft EIR and Draft EMPr will be available for Public Review from the 01st July 2015 to 07th September 2015.

On written request hard copies can be obtained from Tholoana Consulting: Email – vusi@tholoanaconsulting.co.za, Tel No: 011 704 5071. All comments should be addressed in writing to the EAP.

Further detail/information on the proposed Maluti-A-Phofung Landfill Site can be obtained from the Environmental Consultants indicated below.

Dear Cllr. Lesole Mokoena

RE: NOTICE OF THE AVAILABILITY OF THE DRAFT ENVIRONMENTAL IMPACT ASSESSMENT REPORT (EIR) AND THE DRAFT ENVIRONMENTAL MANAGEMENT PROGRAMME (EMPr) FOR PUBLIC/STAKEHOLDER REVIEW AND COMMENT

The Proposed Maluti-A-Phofung Landfill Site is located on Portion 110 of the farm Witsieshoek, 1903 at Phuthaditjhaba (QwaQwa), which falls under the Maluti-A-Phofung Local Municipality, Free State Province.

This letter serves as a notification given in line with Regulation 56 of the National Environmental Management Act 107 of 1998, Environmental Impact Assessment Regulations 2010(as amended), that the Draft Scoping Report of the proposed Maluti-A-Phofung landfill site is available for public review.

This letter serves as notification given in terms of Chapter 6, National Environmental Management Act 107 of 1998 (as amended) Regulations 2010(as amended), the National Environmental Management: Waste Act 59 of 2008, GN 921 of November 2013 Section 4, on the availability of the draft EIA and draft EMP for public review and comments (Proposed Maluti-A-Phofung Landfill Site). An application of intent to conduct an Environmental Impact Assessment pursuant a Waste Management License for the activities was lodged with the Department of Economic Development, Tourism and Environmental Affairs on the 19th of September 2014.

Furthermore on submission of the Final Scoping Report, the DETEA Free State Province has sent an acknowledgement of the Scoping Report and advised Tholoana Consulting to continue with the planned studies contained in the Scoping Report, thus move to the EIA phase of the proposed development.

Project Description

The proposed development involves the establishment of a landfill site at the above mentioned location, of which it is anticipated that the Landfill Site will be servicing the following three areas, Harrismith, Kestel and Phuthaditjhaba. The landfill site is estimated to be approximately 20 hectares in size, with a four cell approach in terms of the design. Other associated infrastructure include: Recycling facility (thus a buy-back center), Compost facility and an area allocated for inert waste disposal.

NEM: WA (59 of 2008) triggered activities

According to the National Environmental Management: Waste Act, 2008 (Act No. 59 of 2008), Government Notice 921 29 November 2013, category B, Section 4 pursuant to the Waste Management license an Environmental Impact Assessment is required for the following identified activities.

Government Notice 921 29 November 2013, Category B.

- Activity (8), the disposal of general waste to land covering in excess of 200m² and with a total capacity exceeding 25 000 tons.
- Activity (9), the disposal of inert waste to land in excess of 25 000 tons, excluding the disposal of such waste for the purposes of levelling and building which has been authorized by or under other legislation.
- Activity (10), the construction of a facility for a waste management activity listed in Category B of this Schedule (not in isolation to associated waste management activity).

The Draft EIR and Draft EMPr will be available for Public Review from the 01st July 2015 to 07th September 2015.

On written request hard copies can be obtained from Tholoana Consulting: Email – yusi@tholoanaconsulting.co.za, Tel No: 011 704 5071. All comments should be addressed in writing to the EAP.

Subject: AVAILABILITY OF DRAFT EIA AND DRAFT EMPr FOR THE PROPOSED MAP LANDFILL SITE
Attachments: May Tsotetsi.pdf

Good Day Cllr. May Tsotetsi

Please find attached notification for availability of the Draft EIA and Draft EMPr of the proposed Maluti-A-Phofung Landfill site comments as an I&AP. Kindly note that Tholoana Consulting will deliver a hard copy to you.

Hoping that the attached and above are in order.

Kind Regards

Mr. Vusmuzi Hlatshwayo
