An environmental authorisation was issued by this department under reference number NWP/EIA/105/2012 for the abovementioned listed activities on **20 October 2014**.

Condition 3.1.5 of the environmental authorisation states the following:

*This activity must commence within a period of five (5) years from the date of issue. The five (5) year period for commencement of this activity has expired on **19 October 2019** and it is confirmed that no commencement of the abovementioned activities took place within this stipulated period.

Your attention is drawn to the fact that this environmental authorisation is regarded as null and void. Should commencement of the abovementioned activities, or any other activities which require environmental authorization, be commenced with, such activities will be regarded as illegal and in non-compliance with the *National Environmental Management Act* 107 of 1998, which is furthermore regarded as a criminal offence.

As stipulated in the condition above, should you intend to continue with the identified activities, a new application for environmental authorisation must be submitted to the department for approval prior to commencement with any planned activities requiring environmental authorization from the department.

Should you have any queries in this regard, kindly direct it to the Environmental Management Inspector (EMI) Mr. Ernest Mulibana at Tel: 018 389 5946 / Cell no: 079 690 2177. Please quote reference number: **NWP/EIA/105/2012** when corresponding with this Department.
