# Lonmin Plc clarifies position on housing

"It is with regret that I read in the media that Lonmin believes its employees would rather live in informal settlements as opposed to houses. I would like to refute this," Ben Magara, CEO of Lonmin said on Friday, 19 August 2016.

"I believe that all our employees and their families have a right to dignity and respect. As Lonmin, we are committed to the wellbeing of our employees and have made significant strides into providing our employees with decent accommodation."

Lonmin has converted our entire 150 historically single sex blocks into bachelor flats and family units; built apartments in the vicinity of Marikana and donated 50ha of land to Government for integrated human settlements which also includes Lonmin employees.

"We have launched an investigation into the matter as to how this statement came about," Magara added.

Ben Magara, CEO, Lonmin

## Fatality at Rustenburg Anglo

Rustenburg – Anglo American Platinum regrettably reported a loss-of-life at Anglo's Rustenburg East mine. The employee died due to an explosion related incident on Thursday, 18 August 2016.

Anglo American Platinum CEO, Chris Griffith, said; "Our sincerest condolences are with the family, friends and colleagues of the deceased who we are assisting and supporting during this very sad time. As is the case following such incidents, an independent and comprehensive process is under way to understand the circumstances." We also extend our sincerest condolences to the deceased's friends, family and colleagues.

# Rusoord se solarsistiem maak 'n verskil

**RUSTENBURG HERALD - RUSTENBURG - Rustenburg Rusoord is baie trots op die nuwe solarsistiem, wat vir elektrisiteitsopwekking bedoel is en wat onlangs by hulle geïnstalleer is.**

Rusoord is 'n nie-winsgewende organisasie en het die geleentheid gesien om groot besparings mee te bring deur hierdie solarsistiem te installeer. Dit is baie moeilik om 'n versorgingseenheid te bestuur waar inwoners op lewensnoodsaaklike suurstof is en skielik sit jy sonder krag. Hierdie installasie maak die Tehuis onafhanklik van Eskomkrag en baie veiliger vir die inwoners wanneer Eskom nie krag kan voorsien nie. Die aanvanklike hoë koste word oorskadu deur die voordele wat hierdie stelsel vir Rusoord inhou. Die projeksies toon dat hierdie stelsel homself binne ongeveer 7 jaar betaal. Son-energie is volop en is gratis in sonnige Suid-Afrika. Die benutting van sonkragpanele is 'n stille operasie en maak geen lawaai wat inwoners kan benadeel nie. Rusoord is oortuig daarvan dat hierdie belegging slegs tot voordeel van die inwoners gebruik gaan word. Op hierdie stadium is daar oop beddens beskikbaar in die Versorgingsafdeling. Indien u versorging benodig kontak Rusoord by (014) 592 9218.

Ds Koos Serfontein, mnr Johan Meyer (bestuurder Rusoord), mev Sanmarie Ferreira, mnr Sakkie Schoombee, dr Sheehan Grant, mnr Hannes Weideman, mev Melanie Marais, mnr Connie du Toit en mnr Jan Esterhuizen (Energyneering) voor Rustenburg Rusoord waar met die sonpanele op die dak kan sien.

Ds Koos Serfontein, mnr Sakkie Schoombee, mev Melanie Marais, mev Sanmarie Ferreira, mnr Hannes Weideman, dr Sheehan Grant, mnr Connie du Toit, mnr Johan Meyer (bestuurder) en mnr Jan Esterhuizen (Energyneering) by 'n gedeelte van Rustenburg Rusoord se nuwe solarsistiem.

Op die foto verskyn ds Koos Serfontein, mnr Jan Esterhuizen (Energyneering), mnr Hannes Weideman, mnr Connie du Toit, mev Melanie Marais, mev Sanmarie Ferreira, dr Sheehan Grant, mnr Johan Meyer (bestuurder) en mnr Sakkie Schoombee.

## Adelpha Dameskring kuier by Rusoord

Annette Ipland, Ina Gerber en Almarie Bodenstein.

**RUSTENBURG HERALD - RUSTENBURG - Adelpha Dameskring was bevoorreg om op Donderdagaand 18 Augustus saam met die inwoners van Rusoord Ouetehuis te kon kuier.**

Die kuier is deur ds Pringle met gepaste skriflesing en gebed geopen. Annette Ipland, voorsitster van die Dameskring, het daarna die inwoners kortliks ingelig oor die werksaamhede van die Adelpha Dameskring, waarna Almarie Bodenstein 'n uitmuntende poësie-voordrag gelewer het. Die hoogtepunt van die aand was sekerlik die samesang van bekende

FAK-liedjies met begeleiding deur Ina Gerber op die trekklavier. Die liedjies het een en elk met nostalgie gevul en laat terug verlang na vervloë dae.

Die aand is afgesluit met heerlike verversings, koffie en tee.

Ina Gerber.

MSF has been providing free medical services in South Africa since 1999 (Khayelitsha project) and in Lesotho since 2006. In 2014, MSF has opened an ambitious project in Rustenburg, North West Province focusing on services related to Sexual and Gender Based Violence (SGBV).

### Project Data Supervisor: Rustenburg

<b>Title:</b>	Project Data Supervisor
<b>New post or replacement:</b>	New Post
<b>Country:</b>	South Africa
<b>Locality:</b>	MSF offices and MSF-supported clinics in Rustenburg Municipality
<b>Project:</b>	Sexual and Gender Based Violence Project
<b>Hours of work:</b>	40 hours a week
<b>Starting date:</b>	1 October 2016
<b>Duration:</b>	1 year fixed term contract
<b>Reporting to:</b>	Project medical referent
<b>Functional reporting to:</b>	Mission/ Coordination Epidemiologist
<b>Level:</b>	6 Non-medical

#### BACKGROUND: Rustenburg project description

The provision of sexual violence services in and around mining settlements in the Platinum Belt, with specific focus on providing and then increasing access to care for survivors. Increasing access will require a phased roll out approach of three clinics over three years to ensure that a scattered migrant population, tied geographically to transient mine shafts, can all access a centre of care. All services to be eventually handed over to the District Department of Health, planned and included from the start of the project.

National Advocacy is a cornerstone of the project and will target making the current high rates of SGBV unacceptable to both Government and society in South Africa, while also bearing witness to the impact big business and the extractive industry continue to have on vulnerable communities in post-apartheid South Africa.

#### MAIN PURPOSE

- Ensure complete and accurate entry and management of all medical and psycho-social data into the Rustenburg project database(s).
- Mentor and provide support to data entry officers/ clerks in MSF-supported department of health primary health care clinics.

#### ACCOUNTABILITIES

- Ensure accuracy of the medical and psycho-social data entered into the project's databases on a regular basis, according to MSF protocols and carry out regular back-ups.
- Know and ensure proper use of software used for recording (i.e. Excel, etc.).
- Provide technical support to data entry officers/operators in MSF-supported clinics and be responsive to their training needs.
- Provide monthly statistical reports to the medical team which note missing data and major changes or big differences in the data.

#### GENERAL ACTIVITIES

- Report and discuss problematic issues with the direct and/or technical supervisor
- Participate actively in relevant team meetings
- Treat all MSF and MSF partners' properties with due care and attention, refraining from using any for personal reasons
- Participate through personal behaviour to bring a positive image of MSF
- Observe absolute discretion towards third parties outside the organisation with regard to private and confidential information concerning patients

#### REQUIREMENTS OF THE POSITION

##### Required qualifications and skills:

- Degree in a scientific or numerate discipline (e.g., statistics, biostatistics)
- At least 2 years' experience working with data/databases, including experience in data management, data cleaning, reporting and training data staff
- Previous experience with mentorship and training
- Previous training and experience using databases and data management and analyses software such as MS Excel, MS Access, Stata, RedCap
- Solid computer literacy: excellent in MS Word and MS Power Point.
- Fluent in English

##### Strongly preferred qualifications and skills:

- Knowledge of the Bojanala district
- Previous experience working in the area of sexual and gender-based violence
- Master's level training in demography, epidemiology and/or public health

##### Personal characteristics:

- Proactive individual who can take initiative and work independently
- Strong interest in the care and treatment of people with HIV
- Good communication skills and the ability to work in a team in a research environment
- Good organizational skills including administrative and time management
- Strong interpersonal and communication skills
- Flexibility to work in a variety of environments, including clinic-based registries

##### Conditions

- One year fixed-term field contract
- Salary according to MSF-OCB Field salary scale. Medical aid + 10% towards retirement
- Flexibility as per organizational requirements and operational plans
- South African citizen or holder of a valid South African work permit

To apply, please email your CV, Motivation Letter, and the full details of 3 contactable referees to: [msfocb-rustenburg@brussels.msf.org](mailto:msfocb-rustenburg@brussels.msf.org) or post to Médecins Sans Frontières, 52 Marais Street, Rustenburg 0299

Closing date: 20 September 2016. Only short-listed applicants will be contacted.

### NOTICE OF APPLICATION FOR ENVIRONMENTAL AUTHORISATION

Notice is hereby given that an application for Environmental Authorisation in terms of the 2014 EIA Regulations (Regulations in terms of Chapter 5, Section 24(5), 24M and Section 44 of the National Environmental Management Act, 1998, as amended) has been lodged with the North West Department of Rural, Environment and Agricultural Development

K2M Environmental (Pty) Ltd has been appointed to conduct the Scoping and Environmental Impact Report for the proposed development of the Bakubung Ledig Mixed Use Housing Development

#### Reference Number:

NWP/EIA/36/2016

#### Project Location:

The proposed development is located on Portion 15 of the Farm Ledig, No. 909, within the Moses Kotane Local Municipality, North West Province. The project area is bordered by the R565 to the South, Sun City to the East, the Pilanesberg Nature Reserve to the North and the remainder of the Ledig community to the West.

#### Geographical Coordinates of the site:

Latitude /Longitude	Degrees/Minutes/Seconds
South	25° 21' 48.19"
East	27° 04' 35.41"

#### Project description:

The total extent of the project area is approximately 364,37ha. The project aims to deliver an integrated mix of housing typologies totalling 5220 units. The housing units will be divided into 2500 subsidised units, 500 institutional units, 2000 bonded units and 220 units. All of the residential units will be connected to waterborne sewerage and will be provided with supporting infrastructure as well as supporting social facilities.

#### Invitation of Public Comments:

Stakeholders are invited to register as Interested and Affected Parties (I&APs) as well as comment on the Scoping Report within 30 days of this notice. A copy of the Scoping Report is available at the Bakubung Tribal Offices, Stand E2404, Ledig Village. Alternatively, the Scoping Report may be made available electronically to the I&AP upon request. Representations with respect to this application and specifically the Scoping Report may be made by fax or mail to Miss Simitha Bechan and must reach K2M Environmental offices on or before the 23rd of September 2016.

#### DREAD's Environmental Officer: Ms. Tshogofatso Lekgari

Further information regarding this project can be obtained from:
