

1. The purpose and the concept of the filming

We are making a film to promote a new chair of African Archaeology at Cambridge University and would like to film at Sterkfontein and Swartkrans. We would like to film general views of the sites, archaeologists at work and interviews onsite with Ron Clarke and Francis Thackery.

2. Which parts of the site are going to be filmed

We would like to film in the areas that are currently being worked on but would like to have no impact and would accept advice on the day on which areas are appropriate.

3. the crew who will be on site (how many and names)

Cameraman /director: Mark Whatmore

4. The equipment which is planned to be brought on site

1 Red Epic camera and tripod.

5. The schedule of the filming, the scientist (or the representative of the Management Authority) who is going to be supervising the filming at all times.

We would like to film on April 1st or 2nd for 3 hours.
We will be filming with Ron Clarke and Francis Thackery.

Under Consent letter you will need to upload the landowner permission (in both cases Wits University); and
