A. DEVELOPMENT DETAILS

1. PROJECT TITLE: Dalinkosi Pedestrian Bridge

2. PROJECT DESCRIPTION:

The proposed pedestrian bridge entails the construction of a 60m long and 1.5m wide pedestrian bridge Within Ward 30 of Alfred Duma Local Municipality. It will be a truss bridge with concrete piers. This pedestrian bridge was highly requested by the community via the ward councilor. The community including children cross the river by stepping on the rocks, this poses a very high risk, especially during heavy rainfall seasons. It has resulted in children not attending the nearby school which requires them to cross the river, but instead attend a much more further school, because they would not have to cross any River. The school across the river has resulted in having a very low enrollment and will be at risk of Shutting down.
