APPENDIX 1

DECLARATION OF THE EAP

I, **SE van Rooyen**, declare that –

General declaration:

- I act as the independent environmental practitioner in this application
- I will perform the work relating to the application in an objective manner, even if this results in views and findings that are not favourable to the applicant
- I declare that there are no circumstances that may compromise my objectivity in performing such work;
- I have expertise in conducting environmental impact assessments, including knowledge of the Act, Regulations and any guidelines that have relevance to the proposed activity;
- I will comply with the Act, Regulations and all other applicable legislation;
- I will take into account, to the extent possible, the matters listed in regulation 8 of the Regulations when preparing the application and any report relating to the application;
- I have no, and will not engage in, conflicting interests in the undertaking of the activity;
- I undertake to disclose to the applicant and the competent authority all material information in my possession that reasonably has or may have the potential of influencing - any decision to be taken with respect to the application by the competent authority; and - the objectivity of any report, plan or document to be prepared by myself for submission to the competent authority;
- I will ensure that information containing all relevant facts in respect of the application is distributed or made available to interested and affected parties and the public and that participation by interested and affected parties is facilitated in such a manner that all interested and affected parties will be provided with a reasonable opportunity to participate and to provide comments on documents that are produced to support the application;
- I will ensure that the comments of all interested and affected parties are considered and recorded in reports that are submitted to the competent authority in respect of the application, provided that comments that are made by interested and affected parties in respect of a final report that will be submitted to the competent authority may be attached to the report without further amendment to the report;
- I will keep a register of all interested and affected parties that participated in a public participation process; and
- I will provide the competent authority with access to all information at my disposal regarding the application, whether such information is favourable to the applicant or not
- all the particulars furnished by me in this form are true and correct;
- will perform all other obligations as expected from an environmental assessment practitioner in terms of the Regulations; and
- I realise that a false declaration is an offence in terms of regulation 71 of the Regulations and is punishable in terms of section 24F of the Act.

## 1. INTRODUCTION

The Public Participation Process (PPP) forms an integral part of the application process. It provides people with the opportunity to raise their issues and concerns about the proposed establishment of a Borrow Pit in Stella. A comprehensive public participation process was conducted by EMG Consultants, to ensure that all identified Stakeholders / Interested and Affected Parties (I&APs) were informed of the proposed Mining Permit application and their input is able to influence decision-making process with regards to the application.

## 2. APPROACH AND METHODOLOGY

The Public Participation Process was conducted as per Regulation 39, 40, 41, 42, 43 & 44 of the Environmental Impact Assessment Regulations 2014 (as amended 07 April 2017) and the Public Participation Guidelines, 2017 were considered. Steps, which were taken to inform the Stakeholders / identified I&APs and surrounding community of the proposed development included:

- ♣ Newspaper advertisement.
- ♣ On site and surrounding area notices.
- ♣ Notifications, i.e. Distribution of Background Information Document (BID) to neighbouring property Owners & Stakeholders.

## 3. PUBLIC PARTICIPATION PROCESS CONDUCTED

The methods that were undertaken during conducting of the public participation process as discussed in detail below.

### 3.1. NEWSPAPER ADVERTISEMENT

The project was advertised in the local Stellalander newspaper, on the 27<sup>th</sup> of July 2021 to inform the Stakeholders / I&APs of the Application for Environmental Authorisation of a Mining Permit for the establishment of a Borrow Pit in Stella.

### 3.1.1 Newspaper Advert

MAPS

## PROJECT DESCRIPTION

Environmental Authorisation is required for a mining permit for a borrow pit less than 5ha. In order to provide gravel (dolerite) material for future infrastructure development, extraction of gravel (dolerite) from a quarry by means of surface mining is needed. As well as the primary processing of a dolerite including winning, classifying, concentrating, crushing, screening and washing.

## POTENTIAL ENVIRONMENTAL IMPACTS

Below is a preliminary list of potential impacts identified at this stage of the process and will be investigated as part of the environmental assessment process. The list will be refined during the course of the Basic Assessment Process.

- ♣ Ecological assessment
- ♣ Heritage impact assessment

## ENVIRONMENTAL AUTHORISATION

The environmental assessment processes will be conducted to inform the competent authorities in their decision-making. These processes are conducted simultaneously.

### STEPS IN THE ENVIRONMENTAL AUTHORISATION PROCESSES

The environmental authorisation processes provides information on the project and environment in which it is being undertaken; identifies, in consultation with registered interested & affected parties (RI&APs), the potential negative as well as positive impacts of the project; and reports on management measures required to mitigate impacts to an acceptable level. The likely process steps and timeframes are provided below. RI&APs and other stakeholders on the project's database will receive notification of public participation opportunities in advance.

### PUBLIC PARTICIPATION

Public Participation provides Stakeholders and I&APs the opportunity to raise issues of concern and comment on the proposed activity. Notify other regulatory authorities and I&APs of the project and environmental assessment (via newspaper advertisements, site notices and this BID document)

The applicant shall be responsible for any costs involved in the erection of Acoustic Screening (Noise Barrier).

7 **ACCEPTANCE AND DISPOSAL OF STORM WATER**

- 7.1 In terms of Section 84 of the road Ordinance, 1957, the applicant shall arrange the drainage of the proposed development(s) in such way that it fit in with the drainage of the provincial Road(s) D968\_020 (R377) and D9515\_010, taking into account the capacity of the system.
- 7.2 The applicant/ local authority or whoever responsible for the drainage of the proposed development(s) shall receive and dispose all the storm water running from the road or being diverted from the road.
- 7.3 The state or the Provincial Administration will not be responsible for any damage caused by arising from such storm water.
- 7.4 Where, in the opinion of the Deputy Director General: Department of Public Works and Roads, the system for the above-mentioned road(s) is too small to cope with any increased volume of the storm as a result of the establishment or proposed development(s), the applicant/ local authority (whoever responsible for the drainage) shall be responsible for the cost of installing a larger drainage system for the provincial Road(s) D968\_020 (R377) and D9515\_010.

PUBLIC PARTICIPATION REPORT

7.5 The applicant/ local authority or whoever responsible for the drainage of the proposed development(s) shall build/ construct the drainage scheme at own cost simultaneously with the construction of the access (es).

It will be appreciated if you would kindly ensure that all the above conditions are included in the proposed and intended development(s). Should you have any question and or clarification in regard to the above-mentioned, please do not hesitate to contact this Department.

Yours faithfully
