Subject: Fwd: Get Alloys proposed Foundry, Knights, Germiston.

Hi Colleen,

We have noticed your advertisement regarding the proposed foundry in Knights, Germiston and would like more information on this new development as we have purchased the next door property and would like to know how this may effect our investment in terms of environmental and emissions and value of our property.

Thanks & kind regards,

Dean Clifford

Dear Skye

Thank you for your email. You have been registered as a stakeholder for this application and will be provided with the opportunity to comment on all future reports as they are published for stakeholder review.

In order to object, an email to myself is sufficient, stating the grounds for your objection. Also, should you have any vested interest in the application (e.g. competing bid on land purchase or similar), this should be disclosed.

Thank you

Kind regards

Colleen McCreadie

Subject: EIA application for new Get Alloys aluminium foundry, Germiston

Dear Sir / Madam

NOTICE OF APPLICATIONS FOR AN ENVIRONMENTAL AUTHORISATION IN TERMS OF THE ENVIRONMENTAL MANAGEMENT ACT, A WASTE LICENCE IN TERMS OF THE WASTE ACT, AND FOR AN ATMOSPHERIC EMISSIONS LICENCE IN TERMS OF THE AIR QUALITY ACT

The Environmental Practice has been appointed by the applicant, Get Alloys (Pty) Ltd, to make application for authorisation of a proposed new scrap aluminium and copper recycling and recovery foundry. The foundry is to be situated on an un-subdivided portion of Remainder of Portion 1 of Farm Driefontein No. 87-IR, situated in Shaft Road, Germiston Knights.

Figure 1 Site Locality

Such a new plant requires the following authorisations and licences:

- An Environmental Authorisation in terms of the National Environmental Management Act, Act No. 107 of 1998, as amended (NEMA): *Activity 6 of Listing Notice 1* of the EIA Regulations, 2014, as amended, is triggered;
- A Waste Licence in terms of the National Environmental Management: Waste Act, Act No. 59 of 2008, as amended (NEMWA): *Category A, Activities 5 and 12* of the 2013 List of Waste Management Activities, as amended, are triggered; and
- An Atmospheric Emissions Licence in terms of the National Environmental Management: Air Quality Act, Act No. 39 of 2004, as amended (NEMAQA): *Subcategory 4.2, Combustion Installations in the metallurgical industry, and Subcategory 4.4, Secondary aluminium production and alloying through the application of heat*, of the NEMAQA Minimum Emissions Standards, 2013, as amended, are triggered

The application process will be a Scoping & EIA-type application process, which will fulfil all of the requirements of the EIA application as well as the AEL application.

The Pre-Application Draft Scoping Report (DSR) will be available for review and comment from **23/08/2021/to 27/09/2021**. All persons who wish to register as Interested & Affected Parties (I&APs) and to comment on the DSR and on the AEL application and any future reports to be compiled for the application process, may do so in writing, to:

Colleen McCreadie of The Environmental Practice: Tel: 021 788 9323
Post: 23 Dartmouth Road, Muizenberg, 7945 Email: colleen@enviroprac.co.za

The DSR will be available for review from **23/08/2021** on the Enviroprac website: <https://www.enviroprac.co.za/documents.php>. The draft AEL application form is available for review on request.

All correspondence should please make clear reference to the project, and provide full contact details, preferred method of contact and an indication of any direct business, financial, personal or any other interest you may have regarding the application.

Kind regards

Colleen McCreadie

Subject: EIA application for new Get Alloys aluminium foundry, Germiston

Dear Edmund

NOTICE OF APPLICATIONS FOR AN ENVIRONMENTAL AUTHORISATION IN TERMS OF THE ENVIRONMENTAL MANAGEMENT ACT, A WASTE LICENCE IN TERMS OF THE WASTE ACT, AND FOR AN ATMOSPHERIC EMISSIONS LICENCE IN TERMS OF THE AIR QUALITY ACT

The Environmental Practice has been appointed by the applicant, Get Alloys (Pty) Ltd, to make application for authorisation of a proposed new scrap aluminium and copper recycling and recovery foundry. The foundry is to be situated on an un-subdivided portion of Remainder of Portion 1 of Farm Driefontein No. 87-IR, situated in Shaft Road, Germiston Knights.

Figure 1 Site Locality

Such a new plant requires the following authorisations and licences:

- An Environmental Authorisation in terms of the National Environmental Management Act, Act No. 107 of 1998, as amended (NEMA): *Activity 6 of Listing Notice 1* of the EIA Regulations, 2014, as amended, is triggered;
- A Waste Licence in terms of the National Environmental Management: Waste Act, Act No. 59 of 2008, as amended (NEMWA): *Category A, Activities 5 and 12* of the 2013 List of Waste Management Activities, as amended, are triggered; and
- An Atmospheric Emissions Licence in terms of the National Environmental Management: Air Quality Act, Act No. 39 of 2004, as amended (NEMAQA): *Subcategory 4.2, Combustion Installations in the metallurgical industry, and Subcategory 4.4, Secondary aluminium production and alloying through the application of heat*, of the NEMAQA Minimum Emissions Standards, 2013, as amended, are triggered

The application process will be a Scoping & EIA-type application process, which will fulfil all of the requirements of the EIA application as well as the AEL application.

The Pre-Application Draft Scoping Report (DSR) will be available for review and comment from **23/08/2021/to 27/09/2021**. **With regards to the AEL application on SAAELIP:** insufficient information is available at this early stage to populate the SAAELIP application in draft form. However, Enviroprac is working with Get Alloys and their furnace and emissions abatement system suppliers and should have much of the necessary information to populate a draft application for your office's feedback within one month. We have therefore advised possible stakeholders in the public participation notices that the AEL application is available from Enviroprac "on request".

The DSR will be available for review from **23/08/2021** on the Enviroprac website: <https://www.enviroprac.co.za/documents.php>.

Thank you, Edmund

Kind regards

Colleen McCreadie
