MINUTES OF MEETING HELD WITH THE SURFACE RIGHT OWNER OF PORTION 2 OF THE FARM HEDLEY PLAINS A 64

PLACE: Farm House on Mariba, a Portion of Kraanvogel Pan 62, Prieska District

DATE: 15 June 2017

PRESENT: Hano Hamman (HH) - Director of Goldipro (Pty) Ltd

Bêrend van Deventer (BvD) - Director of Goldipro (Pty) Ltd

Riaan Kuhn (RK) - Surface Owner of Portion 2 of Hedley Plains A 64

TIME STARTED: 10H50

TIME CLOSED: 11H50

DISCUSSION CONTENTS

- HH and BvD thanked RK for making the time available to meet with them regarding Goldipro Pty Ltd's (the Company) prospecting right application over Portions 2, 3, 4 and 5 of the Farm Hedley Plains A 64. HH and BvD explained the prospecting right process and time frame.
- HH and BvD gave a brief background of the company and its activities in the area.
- HH explained the rights of the surface owner. It was explained to RK that he had the right to object to the prospecting right application and he is welcome to express his concerns and fears.
- HH explained the planned Prospecting Work Programme which will consist of geological mapping, geophysical surveys, drilling and shallow trenches. Invasive prospecting activities will be in the form of drilling and trenching. The impact during the invasive activities will largely be in the form of disturbed vegetation, dust and noise. It will be the Company's responsibility to address these impacts and rehabilitate any disturbed areas to its original state. HH also explained that the company will provide the Department of Mineral Resources with a rehabilitation guarantee for the planned invasive activities.
- RK provided information on Portion 2 of Hedley Plains A 64. The farm has a number of underground water boreholes. The current surface usage is grazing by sheep. The dwellings on the property consist of a furnished flat that is used from time to time and a worker's house. RK does not know of any grave sites on the property. RK stated that he does not object to the prospecting right application.
- HH and BvD undertook that a surface use agreement will be negotiated with the surface owner of Portion 2 of Hedley Plains A 64 before any prospecting activities are undertaken by the Company.

- HH undertook to e-mail to RK a draft Basic Assessment Report and Environmental Management Programme Report for his perusal and possible comments.
- HH and BvD thanked RK for making his time available to meet with them and invited him to contact them or the appointed consultant should he have any queries and or concerns.

MINUTES OF MEETING HELD WITH THE SURFACE RIGHT OWNER OF PORTION 3 OF THE FARM HEDLEY PLAINS A 64

PLACE: Farm House on Portion 1 of Hedley Plains A 64, Prieska District, Northern Cape

DATE: 15 June 2017

PRESENT: Hano Hamman (HH) - Director of Goldipro (Pty) Ltd

Bêrend van Deventer (BvD) - Director of Goldipro (Pty) Ltd

Bundu Conradie (BC) - Surface Owner of Portion 3 of Hedley Plains A 64

TIME STARTED: 8H50

TIME CLOSED: 9H50

DISCUSSION CONTENTS

- HH and BvD thanked BC for making the time available to meet with them regarding Goldipro Pty Ltd's (the Company) prospecting right application over Portions 2, 3, 4 and 5 of the Farm Hedley Plains A 64. HH and BvD explained the prospecting right process and time frame.
- HH and BvD gave a brief background of the company and its activities in the area.
- HH explained the rights of the surface owner. It was explained to BC that he had the right to object to the prospecting right application and he is welcome to express his concerns and fears.
- HH explained the planned Prospecting Work Programme which will consist of geological mapping, geophysical surveys, drilling and shallow trenches. Invasive prospecting activities will be in the form of drilling and trenching. The impact during the invasive activities will largely be in the form of disturbed vegetation, dust and noise. It will be the Company's responsibility to address these impacts and rehabilitate any disturbed areas to its original state. HH also explained that the company will provide the Department of Mineral Resources with a rehabilitation guarantee for the planned invasive activities.
- BC provided information on Portion 3 of Hedley Plains A 64. The farm has some strong underground water boreholes. The current surface usage is grazing by sheep. The presence of historical exploration activities in the form of shallow trenches and borehole collars are still visible. The dwellings on the property consist of a storeroom and a worker's house. BC does not know of any grave sites on the property. BC stated that he does not object to the prospecting right application.
- HH and BvD undertook that a surface use agreement will be negotiated with the surface owner of Portion 3 of Hedley Plains A 64 before any prospecting activities are undertaken by the Company.

- BC agreed to the placing of the NEMA (National Environmental Management Act) required noticed board adjacent to the entrance to Portion 3 of the farm Hedley Plains A 64.
- HH undertook to e-mail to BC a draft Basic Assessment Report and Environmental Management Programme Report for his perusal and possible comments.
- HH and BvD thanked BC for making his time available to meet with them and invited him to contact him or the appointed consultant should they have any queries and or concerns.

MINUTES OF MEETING HELD WITH THE LEGAL OCCUPANT OF PORTIONS 4
AND 5 OF THE FARM HEDLEY PLAINS A 64

PLACE: 85 Upington Road, Prieska, Northern Cape Province

DATE: 17 June 2017

PRESENT: Hano Hamman (HH) - Director of Goldipro (Pty) Ltd

Gert Scott (GS) – Legal occupant of Portions 4 and 5 of Hedley Plains A 64

Mark Koelt (MK) – Son-in-Law of GS and involved with farming activities on
Portions 4 and 5 of the farm Hedley Plains A 64

Collin Scott (CS) – Son of GS and involved with farming activities on
Portions 4 and 5 of the farm Hedley Plains A 64

TIME STARTED: 13H55

TIME CLOSED: 14H40

DISCUSSION CONTENTS

- HH thanked GS, MK and CS for making the time available to meet with him regarding Goldipro Pty Ltd's (the Company) prospecting right application over Portions 2, 3, 4 and 5 of the Farm Hedley Plains A 64. HH explained the prospecting right process and time frame.
- HH gave a brief background of the company and its activities in the area.
- HH explained the rights of the surface owner. It was explained to GS, MK and CS that they had the right to object to the prospecting right application and they are welcome to express their concerns and fears.
- HH explained the planned Prospecting Work Programme which will consist of geological mapping, geophysical surveys, drilling and shallow trenches. Invasive prospecting activities will be in the form of drilling and trenching. The impact during the invasive activities will largely be in the form of disturbed vegetation, dust and noise. It will be the Company's responsibility to address these impacts and rehabilitate any disturbed areas to its original state. HH also explained that the company will provide the Department of Mineral Resources with a rehabilitation guarantee for the planned invasive activities.
- GS provided information on Portions 4 and 5 of Hedley Plains A 64. The farm has a number of underground water boreholes. The current surface usage is grazing by sheep. There is evidence of historical exploration activities in the form of excavations on the

property. The dwellings on Portion 4 of Hedley Plains A 64 consist of a house, a shed and workers houses. The dwellings on Portion 5 of Hedley Plains are dilapidated and GS stated that he does no objection to the prospecting right application.

- HH undertook that a surface use agreement will be negotiated with the legal occupant of Portions 4 and 5 of Hedley Plains A 64 before any prospecting activities are undertaken by the Company.
- HH undertook to e-mail to GS, MK and CS a draft Basic Assessment Report and Environmental Management Programme Report for their perusal and possible comments.
- HH thanked GS, MK and CS for making their time available to meet with him and invited them to contact him or the appointed consultant should they have any queries and or concerns.
