## ENVIRONMENTAL AUTHORISATION REQUIREMENTS

Regulation 326 (07 April 2017) of the National Environmental Management Act (107 of 1998), provides for the control of identified activities that may have an impact on the environment. This act contains a list of activities that require environmental assessment before these activities can be undertaken. The proposed development is listed in this act and an EIA is therefore necessary. Environmental Authorization by the relevant authorities is required before the proposed activity may be undertaken. A relevant activity is:

### **R 327 Activity 21(a, b)**

TPR Mining Resources (Pty) Ltd was appointed by PHT Mineral Resources (Pty) Ltd to undertake Environmental Impact Assessment (EIA) process for the proposed mining activities situated approximately 5.5 km from Musina, along the Irwin Street to Artonvilla, on portion of the remaining extent of the farm Uitenpas 02 MT, within the Musina Local Municipality, Vhembe District of Limpopo Province. This will be done in terms of the legal requirements of the National Environmental Management Act, 1998 (Act No 107 of 1998) and Government Notices R326 of 2017, read together with the Mineral Petroleum Resource Development Act 2002 (Act 28 of 2002). The proposed project will undergo the process of Basic Assessment Process.

Authorization in this case has to be granted by Department of Mineral Resources Limpopo Region with application Ref No: **LP 30/5/1/3/2/11581 MP**. An application form for the proposed development has been submitted to the competent authority before the consultation phase. Consultative Basic Assessment Report will be submitted to the competent authority and will be available for comments from interested and affected parties and the state Department for comments for a period of 30 days.

## **ENVIRONMENTAL IMPACT ASSESSMENT PROCESS**

- The development will trigger **activity 20** *“the any activity including the operation of that activity which requires a mining permit in terms of section 27 of the Mineral and Petroleum Resources Development Act, 2002 (Act No. 28 of 2002), including associated infrastructure, structures and earthworks directly related to the extraction of a mineral resource, including activities for which an exemption has been issued in terms of section 106 of the Mineral and Petroleum Resources Development Act, 2002 (Act No. 28 of 2002)”*

## **PRELIMINARY LIST OF ENVIRONMENTAL ISSUES**

A number of potential environmental issues have already been identified and are listed here to assist I&APs to better understand the investigations to be undertaken as part of the environmental assessment process.

Potential environmental issues are:

- Waste management;
- Impact on water resources
- Impacts on fauna, flora and avi-fauna;
- Loss of current land use capability;
- Benefits of development to the local and regional economy;
- Social and socio-economic impacts;

- Potential employment opportunities for mining operation phase ;

## I&AP REGISTRATION

In terms of the EIA regulations, this proposed project requires assessment and communication of potential environmental impacts of activities based on the procedures, as described in Chapter 6, Regulations 39-44 of the Regulations R326 of 07 April 2017. I&APs are requested to register to ensure that they are sent all relevant correspondence and are notified of important dates for meetings and when project documents will be available for comment.

## INVITATION TO PARTICIPATE

The Assessment Process includes opportunities for you to be involved in the decision-making process. Your comments are important in identifying issues that will help focus the process and enhance decision-making. Your comments will be addressed and included in an Issues and Response Report, which will accompany the Basic Assessment Report. Department of Mineral Resources-Limpopo region as the decision-making authority will review the reports to check the issues that have been adequately addressed in the assessment process. Please make use of the following opportunities for participation:

- Examine and respond to information provided in this Background Information Document, at meetings, and in the Consultative Basic Assessment Reports.
- Register as an Interested and Affected Party in order to receive information and to record your comments.
- Complete the Comments Sheet and return by hand, mail, fax or email.
- Attend meetings to obtain further information, interact with the project team and raise issues and concerns. Details of meetings and workshops will be communicated at the appropriate time.
- Contact the EAP to obtain further project information and raise issues and concerns.

It is important that you take note of the deadlines for the submission of comments during the different phases of the assessment process.

### I&AP Comment

It is best to submit comment in writing via post, fax or email, either using the Comment Sheets provided or your own format. You may also provide verbal comment at meetings.
