

# BACKGROUND INFORMATION DOCUMENT

Proposed Prospecting Right Application on portion of portions 2 of the Farm Lilliput 83 IT.

Prepared by:

Prepared for:

**MSUKALIGWA MAGISTERIAL DISTRICT,  
MPUMALANGA PROVINCE**

**LEBANO ASSETS  
(PTY) LTD**

## INTRODUCTION AND THE PURPOSE OF THIS DOCUMENT

Singo Consulting (Pty) Ltd has been appointed as an independent Environmental Consultant by **Lebano Assets (Pty) Ltd** to conduct Environmental Impact Assessment (EIA), Compile an Environmental Management Programme report (EMPr) and undertake Public Participation Process (PPP). This is done for processes of acquiring environmental authorization for the proposed Prospecting Right application on the **Farm Lilliput 83 IT**, situated in the Magisterial District of Msukaligwa, Mpumalanga Province (**DMRE Ref: MP 30/5/1/1/2/18179 PR**).

The Purpose of this Background Information Document (BID) is to provide a perfunctory description of the project and outline EIA processes (through BAR & EMPr) to be followed and contributions from Interested and Affected Parties (I&APs) on the issues related to the project in question, allowing comments and concerns to be raised.

Results of the processes, both negative and positive will be submitted and made available to the relevant Departments such as the Department of Mineral Resources and Energy, and if requested, Environmental Affairs, Water and Sanitation, Landowners and other interested stakeholders.

This Background Information Document therefore requests and invite I&APs to comment on the environmental, physical, social and economic impacts associated with the proposed Prospecting Activities. Be assured that your comments are of great value as they ensure that relevant issues are taken into consideration. Attached at the end of this document is a registration form, kindly complete it and send it back to **Thilivhali Ndou** through given means of communication also attached there.

## PROJECT DESCRIPTION

Prospecting Right Application has been submitted for the prospecting of **Coal** on the property mentioned above.

This Prospecting Area, as seen in **figure 1 and 2** below, is situated approximately 1.63 km East of **Tselentis Plant**, approximately 3.86 km Southwest of **Mimosa Colliery**, approximately 20.49 km Northwest of **Welgeneend Colliery**, approximately 8.95 km Northeast of **Spitzkop Colliery**, and approximately 8.40 km Southwest of **Witkranz Colliery** and approximately 17.70 km Northeast of **Thutsi Colliery**.

Prospecting activities will be undertaken over a period of five (5) years and are designed in phases, each phase conditional on the success of the previous phase. Both invasive and non-invasive methods will be implemented. Desktop study of the area has commenced, and this incorporates desktop geographical and geological mapping. This will be followed by detailed geochemical and geotechnical surveys. In turn, this is followed by detailed geophysical studies and later, a detailed drilling, sampling, assaying and mineralogical study. Diamond core drilling methods will be utilised to prospect in situ ore deposits. To ensure or minimise impacts on the receiving environment, All the

## REGULATORY FRAMEWORK

Therefore, EIA process through the compilation of a BAR & EMPr will be undertaken will be conducted in accordance with the National Environmental Management Act (Act 107 of 1998) and Environmental Impact Assessment regulations as amended (April 2017).

The activity is to prospect the existence and occurrence of **Coal** therefore, this will be conducted in accordance with Mineral and Petroleum Resources Development Act, (Act 28 of 2002). Other regulatory guidelines to be followed include National Water Act, 1998 (Act 36 of 1998), National Air Quality Standards (GN 1210: 2009) and National Dust Control Regulations (GN 36974: 2013).

These will all be accurately followed to ensure that identified impacts are assessed and mitigated according to their significance so that the protection of the receiving environment and populations is met.

## **BASIC AND ENVIRONMENTAL IMPACT ASSESSMENT PROCESSES**

These are planning and decision-making tools used in identifying potential environmental, economic, and social consequences of a proposed activity prior the commencement of the activity.

These together with the public issues and concerns are to be identified sufficiently early so that they can be assessed and incorporated into the final reports when/if necessary.

These tools are regarded crucial because they are utilized to demonstrate to the relevant stakeholders about the potential impacts, which in turn leads to the prospecting rights application process being a success or declined.

## **PUBLIC PARTICIPATION PROCESS**

Public Participation remains a cornerstone of the Environmental Impact Assessment process. It ensures provision of relevant and enough information with openness and transparency. Public Participation process presents to I&APs, an opportunity to understand what the project is about, and affords them an opportunity to make valuable contributions towards the EIA process.

I&APs can be any person, group of persons or organization interested in or affected by the proposed activity, and any organ of state that may have jurisdiction over any aspect of the activity.

The key objective of PPP during the compilation of the BAR & EMPr is to afford the I&APs with an opportunity to comment and provide valuable inputs during the planning phase of the project.

For this specific proposed project, I&APs will be given a period of 30 days to comment and raise issues/concerns with regards to this BID.

Kindly keep the following dates:

- ❖ Stakeholder engagement and consultation; **On-going throughout the process of compiling the BAR & EMPr**
- ❖ Review of Draft Basic Assessment Report: **Monday the 10<sup>th</sup> of July 2023 to Thursday the 10<sup>th</sup> of August 2023 (Excluding Public Holidays).**
- ❖ The Report will be made available at the **Ermelo Library (-26.521709, 29.994143) and Msukaligwa Local Municipality (Cnr Kerk & Taute Streets, Ermelo 2350)**. Furthermore, the report will be available upon request, via email from the respective EAP.

For comments or concerns about the proposed project, please contact Singo Consulting (Pty) Ltd, using the detailed PPP Officer contacts below.
