

APPENDIX 1: PROOF OF EAP REGISTRATION

SACNASP
South African Council for Natural Scientific Professions

The bearer of this card has satisfied the requirements determined by the Council for the relevant category and is subject to a Code of Conduct administered by the Council.

The South African Council for Natural Scientific Professions certifies in terms of section 20(3)(a) of the Natural Scientific Professions Act, 2008 (Act 27 of 2008), that

Mrs A Pheiffer

is registered as a Professional Natural Scientist, Reg. no

400183/05

in the following field(s) of practice:

Environmental Science

Expiry Date: **31 May 2014**

SACNASP

APPENDIX 2: CURRICULUM VITAE OF EAPS

Qualifications

MSc	2012	Ecology, Environment & Conservation
BSc (Hons)	2009	Ecology, Environment & Conservation
BSc	2008	Zoology and Ecology, Environment & Conservation

Key Areas of Expertise

Key areas of Chiara's expertise are summarised below.

Water use licencing	Countrywide for a wide variety of mines, quarries and plants
Environmental impact assessments	Countrywide for a wide variety of operations
Auditing	Countrywide for mining and quarrying operations
Public participation processes	Countrywide for a wide variety of projects

Summary of Experience and Capability

Chiara has been working in the Environmental Impact Assessment sector since 2012; Chiara is an Environmental Scientist with SLR and is involved with a wide variety of major projects throughout South Africa for major operators in the minerals and waste industry. Chiara has been involved in projects related to underground mining, power lines, water management, waste management, waste-to-energy, electricity co-generation, tailings facilities, coke production, ferrosilicon production and char production. Chiara has also been involved with Contamination Assessments, Water Use Licence (WUL) and Environmental Management Programme (EMP) audits and performance assessments.

Chiara has compiled proposals for a wide variety of projects and has assisted with the management and budgeting of projects.

Prior to joining Synergistics Environmental Services (now part of SLR) in 2012, Chiara obtained a Master's degree from the University of the Witwatersrand where she focused on the space use of four different species investigating how previous spatial restrictions affected subsequent space use in enlarged areas.

Recent Project Experience

Key aspects of Chiara's recent project experience are summarised below.

Project	Date	Chiara's Role
Evander Gold	2014	Environmental Application, Report Writing, Public Participation Processes,
Alexander Concept Project	2013 2014	Specialist Management, Project Management, Budgeting, Project Scheduling, Public Participation Processes
Kalkaar Solar Power Plant Project	2014	Environmental Baseline Report Writing
Char EA Amendment	2014	Project Management, Application Process, Report writing
Grootegeeluk Superfines Disposal Facility	2014	Public Participation Processes
Market Coke Accommodation Camp	2013 2014	Public Participation Processes, Specialist Management
Langverwacht and Sunnyside	2014	EMP Performance Assessment Audit
Lafarge Quarry Performance Assessment	2014	EMP Performance Assessment Audit
Dingleton	2014	Protected tree applications
Relocation of a 275kV power line	2014	Water Use Licence, Technical Report
Dingleton Resettlement	2013	Water Use Licencing, IWWMP
Pilansberg Platinum Mine	2013	Water Use Licencing, IWWMP
Kolomela Consolidation	2013	Basic Assessments, Public Participation Processes
Southern Hubb Project	2013	Basic Assessment, Specialist management, Heritage Permit Applications
Total SA	2013	Contamination Assessments for Total South Africa
FerroAlloys Expansion Project	2013	Basic assessment, Public participation process (PPP), Assistance with project management, Budget control
Chloorkop Municipal Solid Waste to Energy Project	2012 2013	Assistance with PPP
Inyanda Mine GN704, EMP and WUL audit	2013	Proposal, Project planning and management, EMP audit, WUL audit
Market Coke and Co-generation Plant Project	2012 2013	WUL applications, IWWMP, AEL application, Assistance with EIA, Assistance with project management, Budget control, PPP
Char Manufacturing Plant Expansion Project	2012 2013	WUL application, IWWMP, AEL application, Assistance with EIA, WML, Assistance with project management, Budget control, PPP

Project	Date	Chiara's Role
Lafarge Quarries: Mpumalanga	2012 2013	Project planning and management, EMP audits
Chloorkop Waste Management Licence	2012	Waste Impact Report, PPP
Lafarge Quarries: Polokwane	2012	Assisted with site audit
Fairview Mine	2012	WUL technical report, Assisted with EIA
Mpophomeni Pipeline	2012	PPP, Assisted with basic assessment report
Boschmanskrans Extension Project	2012	PPP

Publications

2012 - D'Egidio, C. Space use following restricted space availability in two mammals and two arthropods. *To be published.*

Alessandra (Alex) Pheiffer
Environmental Assessment Practitioner

Curriculum Vitae

Qualifications

BSc	1998	Biological Sciences
BSc (Hons)	1999	Zoology
MSc	2004	Environmental Management

Professional affiliations and registrations

Registered with the South African Council for Natural Scientific Professions as a Professional Natural Scientist (PrSciNat) in Environmental Science (Reg. No. 400183/05)

Registered with the Environmental Assessment Professionals of Namibia (EAPAN) as a Lead Practitioner (Membership No. 121)

Member of the International Association for Impact Assessments (IAIA), South African Affiliate

Summary of Key Areas of Expertise

Management and facilitation of permitting and licensing processes

Management of stakeholder engagement processes

Overall Project Management

Due Diligence, Reviews

Summary of Experience and Capability

Alex is a Director (since March 2013) and Technical Discipline Manager: Environmental Impact Assessment (EIA) with SLR Africa and is responsible for co-ordinating SLR's environmental assessment team. Alex has over 11 years' experience in the field of Environmental Management.

Alex has managed a wide range of permitting and licensing projects including environmental assessments, water use license applications and waste management license applications, mainly in the exploration, mining and industrial sectors. These included project management and co-ordination; specialist and engineering team management; co-ordination, facilitation and undertaking of stakeholder engagement processes including for contentious projects, and environmental assessment. She has experience in addressing both in-country legislation and Equator Principles and International Finance Corporation (IFC) requirements.

Alex has provided environmental specialist input on a number of pre-feasibility studies linked to the exploration/development/expansion of mining operations. She has also been involved in a number of environmental due diligence processes and environmental reviews for financing institutions.

In her early career years, Alex held a position within Aloe Environmental as an Office and Project Assistant and within Anglo Platinum's Waterval Smelter as Assistant to the Chief Environmental Officer. In 2002, she joined Metago Environmental Engineers (Pty) Ltd (Metago). Metago was acquired by SLR Consulting (UK) in March 2011.

Recent Project Experience

Key aspects of Alex's recent project experience are summarised below.

Project	Date	Alex's Role
Chrome		
EMPs (including an EIA) for prospecting on the farms Beestekraal 290 JQ, Boschpoort 284JQ, Nooitgedacht 289JQ and Noointgedacht 287JQ near Rustenburg in the North West Province: Bakgatla Ba Kgafela Tribal Authority	2007	Project Manager
EMPs (including EIA) for two prospecting projects on the town and town lands of Rustenburg 272JQ in Rustenburg Magisterial District, North West Province: Xstrata South Africa (Pty) Ltd	2005	Project Manager
EIA/EMP for a chrome mine and concentrator in the Rustenburg / Boshhoek region: SA Ferrochrome and Mining (Pty) Ltd	2003-2004	Project Assistant
Coal		
EIA/EMP for a greenfields coal mine in northern Kwa-Zulu Natal: Commissiekraal Coal (Pty) Ltd	Current	Project Manager
Copper		
EIA for a greenfields copper oxide project (Omitiomire project) (Namibia): Craton Mining and Exploration (Pty) Ltd	2013	Project Reviewer
Ferrochrome		
EIA/EMP amendment for the exclusion of smelter activities at Bokfontein Chrome Mine: Heric Ferrochrome	2013	Project Manager
EIA/EMP amendment for a concentrator and smelter complex at Bokfontein Chrome Mine: Heric Ferrochrome	2012	Project Manager
EIA for Project Lion, a new smelter complex near Steelpoort: Xstrata South Africa (Pty) Ltd	2003-2004	Project Assistant
EIA/EMP for Transvaal Ferrochrome Project (a ferrochrome smelter complex in the Rustenburg/Brits region):	2002-2003	Project Assistant
EIA/EMP amendment for a pelletizing plant at Xstrata Wonderkop: Xstrata South Africa (Pty) Ltd	2002-2003	Project Manager
Gold		
EIA for a filtration plant at Navachab Gold Mine (Namibia): AngloGold Ashanti Namibia (Pty) Ltd	2012	Project Manager
Basic Assessment for Diesel storage facilities at its South Deep Mine Operations: God Fields (South Africa) (Pty) Ltd	2011	Project Reviewer

Project	Date	Alex's Role
Consolidating South Deep Min's various EMPR documents into one document and in turn bringing the mine's EMPR in line with the requirements of the Mineral and Petroleum Resources Development Act and supporting regulations : Placer Dome Westonia Joint Venture – South Deep Mine	2005-2007	Project Manager
EIA and EMP amendment for a new tailings dam development: Placer Dome Westonia Joint Venture – South Deep Mine	2005-2007	Project Manager
Participation in an integrated environmental management review – technical workshop for new projects at Gold Fields: Gold Fields (South Africa) (Pty) Ltd	2009	Part of a peer review delegation for an ongoing EIA
Iron		
EIA/EMP for greenfield iron ore mine development near Lephalale (Ellisras) Moonlight iron ore project) in the Limpopo Province: Turquoise Moon Trading (Pty) Ltd	2012	Project Manager
Amendment to existing prospecting EMP to cater for changes in prospecting operations: Nelesco 684 (Pty) Ltd	2010	Project Manager and Reviewer
Amendments to existing prospecting EMPs (Cascade 442IT and Delft 22HU) to cater for changes in prospecting operations: Mkhombi Mining (Pty) Ltd	2010	Project Manager and Reviewer
Management of the consultation process for a prospecting EMP on the farms Sterkfontein 419IT and Wolvernkop 427IT, near Piet Retief in Mpumalanga Province: Mkhombi Mining (Pty) Ltd	2009	Project Manager and Reviewer
EMP (including EIA) for prospecting on the farms Moabsveld 248IR and Rietkuil 249IR, near Delmas in Mpumalanga Province: Spirapix Mining (Pty) Ltd	2009	Project Manager
Manganese		
EMP performance assessment and financial provision re-assessment for prospecting right: Ntsimbintle Mining (Pty) Ltd	2008	Project Reviewer
Platinum		
Various EMP performance assessments and financial provision re-assessments for prospecting rights held by Impala in the North West, Mpumalanga and Limpopo Province: Impala Platinum Limited (Impala)	Ongoing	Project Manager and Reviewer
Various EMP performance assessments and financial provision re-assessments for prospecting rights held by Afplats in the North West Province: Afplats (Pty) Ltd	Ongoing	Project Manager and Reviewer
Various amendments to existing prospecting EMPs to cater for the changes in prospecting operations: Impala Platinum Limited (Impala)	Ongoing	Project Manager

Project	Date	Alex's Role
Various EMP performance assessments and financial provision re-assessments for prospecting rights held by Inkosi and Imbasa in the North West Province	Ongoing	Project Manager and Reviewer
EIA/EMP amendments changes to surface infrastructure at Marula Platinum Mine: Marula Platinum (Pty) Ltd	2013	Project Manager and Reviewer
EIA/EMP for the extension of underground mining activities at Everest Platinum Mine (Fairway project): Aquarius Platinum (South Africa) (Pty) Ltd	2013	Project Reviewer
EIA/EMP for the extension of mining activities at Everest Platinum Mine (Hoogland project): Aquarius Platinum (South Africa) (Pty) Ltd	2013	Project Manager
Updated and consolidated EMP for Eland Platinum Mine	2012	Project Manager
Supply and co-ordination of interim on-site environmental manager to assist with general management of environmental aspects at Everest Platinum Mine: Aquarius Platinum (SA) (Pty) Ltd	2011	Project Co-ordinator
Compilation of environmental documents (including a public consultation process) in support of a closure application for the Turffontein 263JQ and Kookfontein 265JQ prospecting right and Reinkoyalskraal 278JQ and Elandsheuvel prospecting right: Impala Platinum Limited (Impala)	2010	Project Reviewer
2010 Annual Re-Assessments of Everest Platinum Mine's closure cost estimate: Aquarius Platinum (SA) (Pty) Ltd	2010	Project Reviewer & Auditing
EMP (including EIA) for prospecting on the farm Rooikraal 118JS in the Limpopo Province: Braggite Resource (Pty) Ltd	2010	Project Reviewer
2009 Annual Re-Assessments of Everest Platinum Mine's closure cost estimate: Aquarius Platinum (SA) (Pty) Ltd	2009	Project Manager
EIA/EMP amendment for the north and south boxcuts at Everest Platinum Mine: Aquarius Platinum (SA) (Pty) Ltd	2009	Project Manager & closure
EIA/EMP amendment for the production expansion of Eland Platinum Mine: Xstrata South Africa (Pty) Ltd	2009	Project Reviewer
Assistance with the consultation with landowners to input into closure of a prospecting right: Impala Platinum Limited (Impala)	2008-2009	Project Manager
Compilation of environmental posters linked to the seismic EMP for the use in environmental awareness training: Impala Platinum Limited (Impala)	2008	Project Manager
EMP performance assessment of Marula Platinum Mine's EMP report: Marula Platinum (Pty) Ltd	2008	Project Manager & Reviewer
EIA/EMP for a new platinum mine and concentrator Plant (Mphahlele Project) in the Limpopo Province: Tameng Mining and Exploration (Pty) Ltd	2007-2008	Project Manager

Project	Date	Alex's Role
EIA/EMP amendment for additional infrastructure at Everest Platinum Mine: Aquarius Platinum (SA) (Pty) Ltd	2006-2009	Project Manager
EIA/EMP for seismic survey activities near Impala's Rustenburg operations: Impala Platinum Limited (Impala)	2006-2008	Project Manager
EIA/EMP amendment for a new shaft and associated facilities and Marula Platinum Mine. This project also included the consolidation and updating of the mine's EMP to cater for the changes in mining legislation: Marula Platinum (Pty) Ltd	2006-2008	Project Manager
EMP (including an EIA) for prospecting on the farms Turffontein 263JQ, near Impala's Rustenburg Operations: Impala Platinum Limited (Impala)	2005	Project Manager
EMP (including an EIA) for prospecting on the farm Reinkoyalskraal 278JQ, near Impala's Rustenburg Operations: Impala Platinum Limited (Impala)	2005	Project Manager
EMP (including and EIA) for prospecting on the farms Klipgatkop 115JQ, near Impala's Rustenburg Operations: Impala Platinum Limited (Impala)	2005	Project Manger
EMP (including and EIA) for prospecting on the farms, Doornspruit 84JQ and Roodekraalspruit 113JQ near Impala's Rustenburg Operations: Impala Platinum Limited (Impala)	2005	Project Manager
EIA/EMP for a mining right application (The Fingers Project) at Marikana Platinum Mine: Aquarius Platinum (SA) (Pty) Ltd	2005	Project Manager
Assisted in the facilitation of the public involvement process for the Shaft 20 EMP amendment: Impala Platinum Limited (Impala)	2004	Project Assistant
EMP amendment for the Maandagshoek Winze Project (re-establishment of an underground shaft): Modikwa Platinum Mine	2003-2004	Project Manager
EIA/EMP amendment for the Opencast Mining Project at the Rustenburg operations: Impala Platinum Limited (Impala)	2002-2005	Project Manager
EMP amendment for The Hills Project (establishment of additional infrastructure for mining purposes): Modikwa Platinum Mine	2002-2003	Project Manager
EIA and EMP for a greenfields mine – Everest South Platinum Mine: Aquarius Platinum (SA) (Pty) Ltd	2002-2003	Project Assistant
Drilling and bulk sampling EMPs for the Everest South Project: Aquarius Platinum (SA) (Pty) Ltd	2002	Platinum
Revised bulk sampling EMP for the Everest South Project: Aquarius Platinum (SA) (Pty) Ltd	2002	Project Assistant
EMP amendments for re-positioning of infrastructure for Marikana Platinum Mine: Aquarius Platinum (SA)	2001	Project Manager

Project	Date	Alex's Role
Residential		
EIA for a village and cemetery for non-landowners to be relocated from the site of Marikana Platinum Mine: Aquarius Platinum (SA) (Pty) Ltd	2001-2002	Project Assistant
Silica		
EIA/EMP for mining right application at Rietvly Silica Mine: Xstrata South Africa (Pty) Ltd	2005-2006	Project Manager
Uranium		
ESIA for a greenfields Uranium and Coal Mine in Botswana (Letlhakane Project): A-Cap Resources Limited	Current	Project Manager
Alternative energy		
EIA/EMP amendment for the use of alternative fuels at its Lichtenburg Cement Plant: Lafarge Industries SA (Pty) Ltd	2012	Project Manager
EIA for cogeneration power plants at Xstrata's operations in the North West and Mpumalanga Provinces: Power Tech IST/ Xstrata South Africa (Pty) Ltd	2008 – on hold	Project Manager
Other: Expert Consultant, due diligence, reviews		
Environmental input into various pre-feasibility studies linked to the exploration/development/expansion of mining operations.	Ongoing	Environmental specialist
Due diligence on compliance, water, waste and air related aspects as part of an investment investigation at Silicon Technology (Pty) Ltd	2012 & 2013	Environmental specialist
A number of due diligences of gold exploration projects in Tanzania: New African Mining Fund	2013	Environmental specialist
Input to a legal environmental register for African Barrick Gold's operations in Tanzania	2012	Environmental specialist
Environmental input into the ESIA for the expansion of the Morupule Colliery in Botswana: Ecoserv Environmental Consultants	2010	Expert Consultant
Policy drafting		
Assistance with drafting a policy, guideline document and procedure for stakeholder participation during explorations operations for the Implats Group: Impala Platinum Limited (Impala)	2008	Project Manager

Project	Date	Alex's Role
Water		
Assistance in compilation of water use license application (WULA) and integrated water and waste management plan (IWWMP) for a new platinum mine and concentrator plant (Mphahlele Project) in the Limpopo Province: Tameng Mining and Exploration (Pty) Ltd	Current	Project Manager
Co-ordination of integrated water and waste at Everest Platinum Mine: Aquarius Platinum (South Africa) (Pty) Ltd	2012	Project Reviewer
Water Supply Study for the Moonlight Iron Ore Project: Turquoise Moon Trading (Pty) Ltd	2011	Project Manager
ESIA for a greenfields wellfield development in Botswana (to supply the Letlhakane Project): A-Cap Resources Limited	2011	Project Manager
Re-registration of waste-related water uses at Everest Platinum Mine: Aquarius Platinum (South Africa) (Pty) Ltd	2010	Project Reviewer
Assistance with addressing water use license related issues: Marula Platinum (Pty) Ltd	2010	Project Reviewer
Compilation of water use license application (WULA) and integrated water and waste management plan (IWWMP) for South Deep Mine:	2006	Project Manager
Basic assessment for a water supply project to the Pilanesberg Platinum Mine Operations: Pilanesberg Platinum Mines (Pty) Ltd	Cancelled	Project Reviewer

Publications

Qualifications

BSc (Hons)	1999	Zoology
Postgraduate Diploma	2008	Environmental Studies

Key Areas of Expertise

Key areas of Shelley's expertise are summarised below.

Project Management	In South Africa and Namibia for mining, waste, infrastructure and industrial projects.
Environmental Impact Assessments	In South Africa and Namibia for mining, waste, infrastructure and industrial projects.
Environmental Management Programmes	In South Africa and Namibia for mining, waste, infrastructure and industrial projects.
Public Participation	In South Africa and Namibia for mining, waste, infrastructure and industrial projects.
Water Use Licensing	In South Africa for mining, waste, infrastructure and industrial projects.
Waste Management Licensing	In South Africa for mining, waste, infrastructure and industrial projects.
Atmospheric Emissions Licensing	In South Africa for mining, waste, infrastructure and industrial projects.
Environmental Auditing and Performance Assessments	In South Africa for mining, infrastructure and industrial projects.
Advisory Services	In South Africa for mining feasibility studies and projects.
Competent Person Reports	In South Africa for mining companies listing on the Johannesburg Stock Exchange.

Summary of Experience and Capability

Shelley is an Environmental Scientist and Project Manager with SLR in the EIA Section. Shelley has over 10 years' experience within the environmental consulting sector, both in a government position within the environmental regulation sector, and as an experienced consultant.

Shelley has managed a wide range of major Environmental Impact Assessment projects for mining, infrastructure, waste and industrial developments throughout South Africa and Namibia for many of the major companies within the minerals industry.

In addition to this she advises clients on a wide range of environmental issues and provides valuable input into project feasibility studies and Competent Person's Reports.

Prior to joining Synergistics Environmental Services in 2007, she held positions within Nemai Consulting, Rock Environmental Consulting and Cymbian Enviro-Social Consulting as an Environmental Scientist and Project Manager. She left Synergistics Environmental Services briefly in 2009 and 2010 to travel and work overseas. During this time, Shelley worked as an Environmental Consents Investigating Officer at Environment Canterbury in Christchurch, New Zealand.

Synergistics Environmental Services merged with SLR in 2013.

Recent Project Experience

Key aspects of Shelley's recent project experience are summarised below.

Project	Date	Shelley's Role
Construction of a New Conventional Slimes Facility for the Super Fines at Grootegeluk Coal Mine, Limpopo.	Current	Project manager and environmental scientist for EIA, EMP, Public Participation and Water Use Licence.
Construction Accommodation Facility for the Market Coke and Co-Generation Plant Project at Grootegeluk Coal Mine, Limpopo.	Current	Project manager and environmental scientist for Basic Assessment, EMP, Public Participation and Social Impact Assessment.
Integrated Water Use Licence Application at the Holfontein Hazardous Waste Disposal Site, Gauteng.	Current	Project manager and environmental scientist for Water Use Licence application.
Char, Coke and Co-generation Plants, for Exxaro Reductants, Limpopo.	2014	Project manager and environmental scientist for EIA, EMP, Public Participation, Atmospheric Emissions Licence, Waste Management Licence and Water Use Licence.
Chloorkop Municipal Solid Waste to Energy Project, Gauteng.	Current	Project manager and environmental scientist for EIA, EMP, Public Participation, Atmospheric Emissions Licence and Waste Management Licence.
Gravenhage Manganese Mining Project, for Aquila Resources, Northern Cape.	Current	Project manager and environmental scientist for Water Use Licence application.
Ferromanganese Plant Expansion for Exxaro FerroAlloys, Gauteng.	2014	Project manager and environmental scientist for Basic Assessment, EMP, Public Participation and Atmospheric Emissions Licence.
Omitiomire Copper Mine, for Craton Mining and Exploration, Namibia.	2014	Project manager and environmental scientist for EIA, EMP and Public Participation.
Exxaro Coal's Inyanda Mine, Mpumalanga.	2013	Project manager and auditor for Water Use Licence audit and EMP Performance Assessment.
Competent Person's Reports for Wescoal Mining's Pegasus and Elandspruit Mines, Mpumalanga.	2012	Report writer.
Lafarge Mining SA (Pty Ltd) six aggregate quarries in Mpumalanga, Limpopo and Free State.	2012	Project manager and auditor for EMP updates and EMP Performance Assessments.

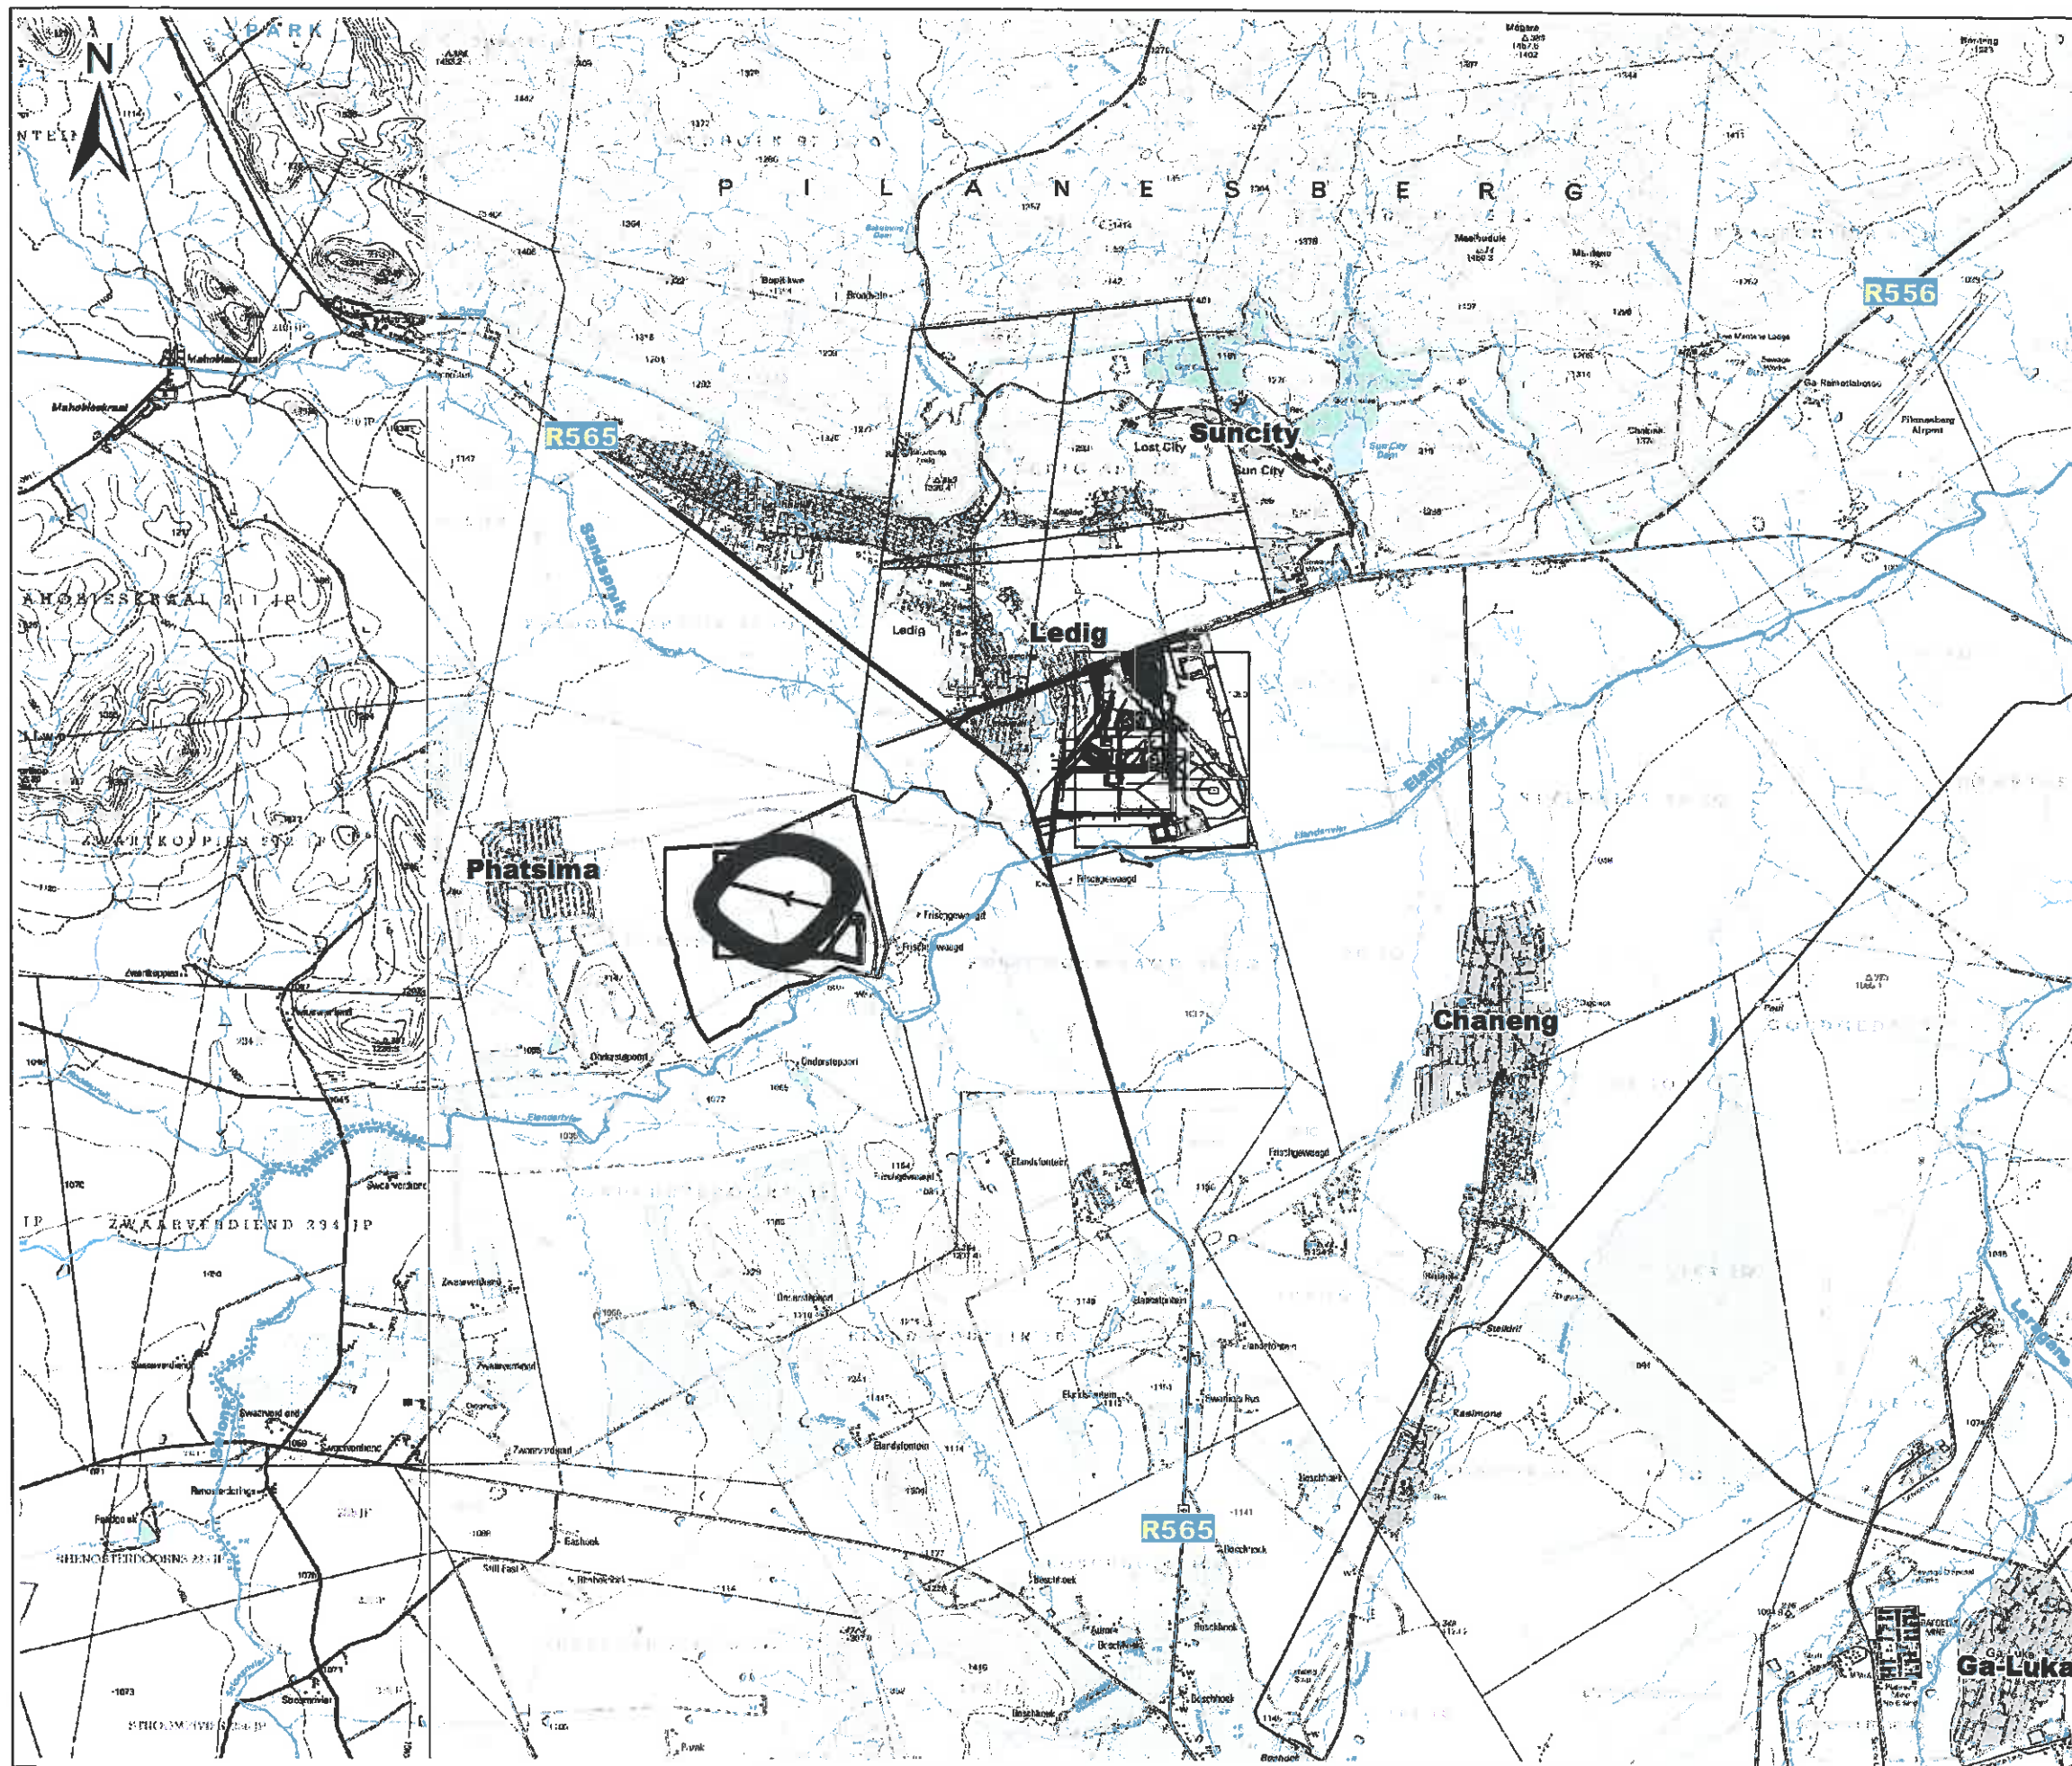

Project	Date	Shelley's Role
Micro-encapsulation Plant at Holfontein Hazardous Waste Site, for EnviroServ Waste Management, Gauteng.	2011	Project manager and environmental scientist for Basic Assessment, EMP, Public Participation and Waste Management Licence.
Amberley Stormwater System Upgrade, Canterbury, New Zealand.	2010	Investigating officer, presented report on findings at public hearing.

NOTIFICATION OF ENVIRONMENTAL APPLICATIONS FOR CHANGES TO INFRASTRUCTURE AT BAKUBUNG PLATINUM MINE, LEDIG, NORTH WEST PROVINCE

Dear Authority

You have been identified as a potentially interested and affected party for the following project: "Environmental Applications for Changes to Infrastructure at Bakubung Platinum Mine, Ledig, North West Province".

A Background Information Document (BID) providing further initial details on the project has been attached with this email. Please refer to the BID for further initial information on the project, information on your role with regard to the Public Participation Process and information on the public open days that will be held for the project.

The Background Information Document attached in this email is also available in Setswana. Please indicate if you would like a copy of this.

Tokumente ya tlhaloso e mo imeleng, e ka fumanegwa ka Setswana. O ka lkgolaganya le rona ha o batla tokumente e ngotsweng ka Setswana.

Should you have any queries you are welcome to contact Chiara Kotze or Shelley Seton-Rogers on the contact details provided below.

Relive childhood dreams at the Impi Challenge in Gauteng

RUSTENBURG HERALD - RUSTENBURG - The adrenaline pumping Impi Challenge heads to the North West Province one last time in 2015.

Should entrants wish to experience the true camaraderie of the Impi Challenge, competitors are encouraged to enter as part of a team. Seen here are participants in action earlier this year. (Photo credit: Mark Sampson|THRIBE).

Taking place at the picturesque Van Gaalens Cheese Farm (Harbeespoort) on Thursday, 24 September 2015, adventure seekers can expect to get dirty! A trail run with a twist, the Impi Challenge has five fun categories to choose from and is ideal for entrants of all ages.

Categories: Impi Challenge - 10km with 18 obstacles (age 18+ years); Impi Dash - 5km with 12 obstacles (ages 10+, all adults welcome); Impi Mini - 1km with smaller supervised obstacles (ages 6 - 10 years); Impi Elite - 18-20km with 25 tough obstacles (age 18+ years; timed event with prize money); Impi Corporate - the 10km Challenge distance with extra benefits (age 18+ years). Prize money will be allocated to the top 3 finishers in the men's and women's Impi Elite Race.

An event favourite, entrants are invited to enter the best dressed competition. Pull out all the stops! There are awesome sponsor prizes up for grabs. Family and friends are invited to relax in the Festival Area while loved ones conquer their fears out on route.

For more information on the Impi Challenge contact 076 772 3735, email info@impichallenge.co.za

or visit www.impichallenge.co.za.

Impala hardloop oor Randfontein

RUSTENBURG HERALD - RANDFONTEIN - As iemand gedink het dat Rustenburg Impala het hulle slag verloor as gevolg van hulle speeldroogte moet hulle dalk weer dink. Rustenburg Impala se Newrakerstespan het Saterdag op Randfontein die tussspan in 'n vriendskaplike wedstryd verspot maklik met 'n reusagtige 75 - 5 geklop.

In die proses het Rustenburg Impala 'n allemintige 11 drieë gedruk teenoor die enkele poging van Randfontein.

Dit bly steeds 'n groot jammerie dat die tweedebeste klubspan in die land nie in 'n volwaardige liga speel nie maar terselfdertyd is dit 'n groot compliment aan die spelers en die afrigtingsspan van Nico le Roux dat hulle fokus behou en elke wedstryd steeds hul beste lewer.

Daar by vir Impala twee wedstryde oor vir die seisoen. In albei wedstryde het hulle 'n appeltjie te skil met hulle opponent. Eerstens is daar Centurion wat hulle vroeë die seisoen geklop het toe hulle met 'n erg verswakte span teen Centurion moes opdraf en Tukkie - die enkele een span wat hulle nog nie die seisoen kon klop nie.

Maar om reg te laat geskied aan die wedstryd van Saterdag. Die agterlyn het geknok en die twee senters Edmar Marais en Dumi Matyeshane het elk twee drieë gedruk en so ook die speler van die wedstryd Kyle Verwey. Verwey het gewys dat hy nie net spoed het nie maar ook 'n giftige afstamp as 'n opponent te naby aan hom kom.

Die heelagter Aubrey MacDonald het ook gedruk onder die agterspelers. Dit was egter nie net die agterspelers wat baljaar het nie - verskeie van die voorspelers soos Leon du Plessis (agtsterman), Justin Wheeler (flank), Bruce Muller (haker) en Tiaan Nel (slot) het ook bygedra tot die elf drieë.

Die doelskoppe was ook 'n span poging en almal wat wou en kon het 'n kans gekry. Nie dat hulle nie kon nie want 10 van die 11 drieë is verdoel deur MacDonald (4),

PUBLIC PARTICIPATION PROCESS

NOTICE OF APPLICATION FOR ENVIRONMENTAL AUTHORISATION, ENVIRONMENTAL MANAGEMENT PROGRAMME AMENDMENT, WATER USE LICENCE & WASTE MANAGEMENT LICENCE FOR THE CHANGES TO INFRASTRUCTURE AT BAKUBUNG PLATINUM MINE, LEDIG, NORTH WEST

Wesize Platinum Limited is the owner of Bakubung Platinum Mine, currently shaft sinking on the farm Frischgewaagd 98JD (Portions 3, 4 and 11). The mine is located near Ledig, south of the Pienarsburg Game Reserve and Sun City in the North West Province. Two reefs are mined for platinum, palladium, rhodium and gold, with copper and nickel as by-products.

The Bakubung Platinum Mine received Environmental Authorisation in 2009, in terms of both the National Environmental Management Act (Act 107 of 1989) (NEMA) & Mineral and Petroleum Resources Development Act (Act 28 of 2002) (MPRDA). The mine's Water Use Licence (WUL), was issued in 2010 in terms of the National Water Act 36 of 1998 (NWA).

Wesize would like to make several changes to infrastructure at the approved mine which require an additional Environmental Authorisation, Waste Management Licence (WML) & WUL amendment. The proposed project will involve the following changes to the approved mine, some of which require Environmental Authorisation: larger tailings dam & tailings pipeline, increased capacity of concentrator plant & product stockpiles, relocation of one crusher from underground to surface, inclusion of minerals in waste rock pile the mining licence, erosion control, storage & handling of dangerous goods, sewage & water pipelines, internal roads, pipeline & road crossings over watercourses, ventilation shafts & raise boreholes, back-up generators.

Water uses which require an amendment to the Bakubung Platinum Mine's WUL, include: dewatering mine shafts, water reservoirs, watercourse crossings & erosion control, tailings dam, return water dam, slurry water dams, waste rock dumps, sewage treatment plant, one stockpile, pollution control dams, dust suppression with water & increased capacity of settling dams.

Waste activities which require a WML, include: tailings dams, waste rock dumps & salvage yard.

Notice is hereby given in terms of the legislative listed below, of the various environmental approvals required prior to changes to the approved Bakubung Platinum Mine. The following categories of likely listed activities are included below:
NEMA - GNR 883: activity 2, 9, 10, 12, 14, 18, 25, 27, 28. **GNR 884:** activity 2, 4, 5, 15, 17, 21, 25. **GNR 985:** activity 4, 10, 12. **National Environmental Management Waste Act (29 of 2008) - GN 521:** Category B 7. **NWA - Water uses in section 21 a, b, c, g, h, i, j, MPRDA - Section 102:** amendment.

SLR Consulting (Africa) (Pty) Ltd has been appointed as the independent environmental practitioner responsible for undertaking the necessary environmental work and conducting the public participation process for the project. These applications will be supported by a full Environmental Impact Assessment Process in terms of the Environmental Impact Assessment Regulations (GNR882).

Public Open Days will be held for this project. If you would like to receive details of the Open Days, find out more information, register as an interested & affected party, or raise issues & concerns contact: Chiara Kotze or Shelley Seton-Rogers.
 Email: ckotze@slrconsulting.com or shelli@slrconsulting.com

 Post: PO Box 1596, Cramerville, 2009

PLEASE SEND YOUR INITIAL COMMENTS & QUESTIONS BY 24 AUGUST 2015

Wheeler (3) en Henro Huyser, Verwey, en Muller elk een.

Dit was nie net die eerstespan wat hulle ding gedoen het nie maar selfs die tweedespan het hul wedstryd gemaklik met 33 - 7 gewen.

PROGRAMS AVAILABLE IN 2015:
FULL QUALIFICATIONS (12 month Programs):
• Automotive Repair & Maintenance @ NOF 2
• Furniture Making: Wood @ NOF 2
• End User Computing @ NOF 3
• Installation of Floor Coverings @ NOF 1
• Professional Cookery @ NOF 4 (Awaiting accreditation)
• Welding Application & Practice @ NOF 2

ROLLS PROGRAMS (6 Month Programs):
• Assistant Chef @ NOF 2
• Fluid Power Hose Assembly @ NOF 3

Program Delivery & Duration:
All full qualifications comprise of comprehensive practical and theoretical training and include 6 months of college-based training followed by 6 months of intensive workplace-based experiential training. Full qualifications can also be offered as formal learnership programs. Skills programs are fast-paced, focused programs that provide 3 months of college-based training followed by 3 months of workplace-based experiential training. All workplace-based training is offered in collaboration with SETA approved 'Workplace Experience Providers'.

Admission Fees:
Assessment Fee R100 (non-refundable)
Registration upon acceptance R400

PUBLIC PARTICIPATION PROCESS

NOTICE OF APPLICATION FOR ENVIRONMENTAL AUTHORISATION, ENVIRONMENTAL MANAGEMENT PROGRAMME AMENDMENT, WATER USE LICENCE & WASTE MANAGEMENT LICENCE FOR THE CHANGES TO INFRASTRUCTURE AT BAKUBUNG PLATINUM MINE, LEDS, NORTH WEST

Wesizwe Platinum Limited is the owner of Bakubung Platinum Mine, currently shaft sinking on the farm Frischoegwaerd 96JQ (Portions 3, 4 and 11). The mine is located near Ledy, south of the Plettenberg Game Reserve and Sun City, North West Province. Two reefs are mined for platinum, palladium, rhodium and gold, with copper and nickel as by-products.

The Bakubung Platinum Mine received Environmental Authorisation in 2009, in terms of both the National Environmental Management Act (Act 107 of 1998) (NEMA) & Mineral and Petroleum Resources Development Act (Act 28 of 2002) (MPRDA). The mine's Water Use Licence (WUL) was issued in 2010 in terms of the National Water Act 36 of 1988 (NWA).

Wesizwe would like to make several changes to infrastructure at the approved mine which require an additional Environmental Authorisation, Waste Management Licence (WML) & WUL amendment. The proposed project will likely involve the following changes to the approved mine, some of which require Environmental Authorisation: larger tailings dam & tailings pipeline; Increased capacity of concentrator plant & product stockpiles; relocation of ore crusher from underground to surface; Inclusion of minerals in waste rock into the mining licence; erosion control; storage & handling of dangerous goods; sewage & water pipelines; Internal roads; pipeline & road bridge crossings over watercourses; ventilation shafts & raise boreholes; back-up generators or potential solar power plant; construction of phase 1a of mine housing.

Water uses which require an amendment to the Bakubung Platinum Mine's WUL include: dewatering mine shafts; water reservoirs; watercourse crossings & bridge; erosion control; tailings dam; return water dams; storm water dams; waste rock dumps; sewage treatment plant; ore stockpiles; pollution control dams; dust suppression with water & increased capacity of settling dams.

Waste activities which require a WML include: tailings dam; waste rock dumps & salvage yard.

Notice is hereby given in terms of the legislation listed below, of the various environmental approvals required prior to changes to the approved Bakubung Platinum Mine. The preliminary lists of likely listed activities are included below:
NEMA - GNR 983: activity 2, 9, 10, 12, 14, 19, 25, 27, 28. GNR 984: activity 2, 4, 6, 15, 17, 21, 25. GNR 985: activity 4, 10, 12. National Environmental Management Waste Act (28 of 2008) - GN 921 Category B 7. NWA - Water use in section 21 a, b, c, g, h, i, j. MPRDA - Section 102 amendment.

SLR Consulting (Africa) (Pty) Ltd has been appointed as the independent environmental practitioner responsible for undertaking the necessary environmental work and conducting the public participation process for the project. These applications will be supported by a full Environmental Impact Assessment Process in terms of the Environmental Impact Assessment Regulations (GNR982).

Public Open Days will be held for this project. If you would like to receive details of the Open Days, find out more information, register as an interested & affected party, or raise issues & concerns contact: Chlara Kotze or Shelley Seton-Rogers.

WAMONGI

Notice in respect of a licence application in terms of the petroleum Products Act, 1977 (Act No 62 of 1977)

This notice serves to inform parties that may be interested or affected that WAMONGI PTY LTD Hereinafter referred to as "the applicant", has submitted an application for a WHOLESALE licence, Application number W/2015/01/28/0003

ADDRESS: 4427 MAKATSI STREET, SECTION M, MAMELODI WEST, PRETORIA

DETAILS: The purpose of the application is for the applicant to be granted a licence to undertake petroleum wholesale activities as detailed in the application. Arrangements for viewing the application documentation can be made by contacting the Controller of Petroleum Products by:

* Telephone: (012) 408 7788
* Fax: 012 341 4228
* E-mail: petroleum.controller@energy.gov.za

Any objections to the issuing of a licence in respect of this application, which must clearly quote the application number above, must be lodged with the Controller of Petroleum Products within period of twenty (20) working days from the date of publication of this notice. Such objections must be lodged at the following physical or postal address:

Physical address:
The Controller of Petroleum Products
Department of Energy
152 Visagie Street

BAKUBUNG PLATINUM MINE (PTY) LTD

**MINUTES OF THE SCOPING REGULATORY AUTHORITIES MEETING HELD FOR CHANGES TO
INFRASTRUCTURE AT BAKUBUNG PLATINUM MINE**

DATE	13 February 2015 10:40,
VENUE:	Wesizwe Community Centre on the R556, Ledig, North West Province
PROJECT:	Environmental Application For Changes To Infrastructure At Bakubung Platinum Mine (Wesizwe Project)
SLR COMPANY:	SLR Consulting (Africa) (Pty) Ltd
PROJECT NUMBER:	710.23001.00007
PURPOSE:	The purpose of the meeting was to: <ul style="list-style-type: none"> • Provide an overview of the proposed project . • Provide information on the legal process. • Provide authorities the opportunity to visit the proposed project site. • Provide authorities with an opportunity to comment or raise concerns. • Consultation with authorities and potentially interested and affected parties is required by environmental legislation.
ATTENDANCE:	An attendance register is presented in Appendix 1.

1. OPEN AND INTRODUCTION

Chiara Kotze (CK) opened the meeting and introduced SLR Consulting (Africa) (Pty) Ltd (SLR), the independent environmental assessment practitioners responsible for the project. CK then introduced Wesizwe Platinum Limited (the applicant), represented by Cathy Theron and Gemini GIS and Environmental Services (GGES) responsible for the Water Use Licence Application represented by Tankiso Phidza. CK then gave an opportunity for all the attendees to introduce themselves

2. PRESENTATIONS

CK gave a presentation outlining the project description and the environmental legal process to be followed. A copy of the presentation is attached in Appendix 2. The meeting was followed by a site visit.

3. DISCUSSION

All the issues that were raised in the meeting and the responses that were given have been recorded in the table below.

TABLE 1: RECORD OF ISSUES RAISED AND RESPONSES GIVEN

ISSUE RAISED	NAME	RESPONSE GIVEN
Procedural issues		
Please distribute the background information documents to the various schools and community centres. Please put posters at the Itumeleng and Tsaedi High school and ensure that you publish your adverts in the Ledig Sun.	Chonko Monnakgotta	This comment will be considered
I would like to know whether the housing will be for the communities or mine workers.	Jafta Masilo	The housing is intended for the mine workers and will be on the mine property
Project related issues		
How many houses are going to be built?	Nokwaka Mmemezi	910 houses will be built

4. THE WAY FORWARD

CK outlined the way forward as follows:

- Specialists will complete their studies.
- The scoping report will be compiled in English and a summary will be compiled in English and Setswana and will be distributed to IAPs via post, fax and/or e-mail.
- The draft WUL Amendment Report (or summary), draft Environmental Impact Assessment Report and Environmental Management Programme Report (EMPr) will be submitted for authority & public review
- The final EIA,EMPr and WULA reports will be submitted to the authorities and the public to review as well as the relevant competent authorities for decision.
- Regulatory authorities and IAPs will have 30 days to submit comments on each report.

5. CLOSE

CK thanked everyone for being present and closed the meeting

global environmental solutions

WESIZWE PLATINUM LIMITED

**ENVIRONMENTAL APPLICATIONS FOR CHANGES TO
INFRASTRUCTURE AT BAKUBUNG PLATINUM MINE,
LEDIG, NORTH WEST PROVINCE**

Wesizwe Information Centre (Community Centre), Ledig

13 August 2015

AGENDA

- Welcome and introductions
- Project overview
 - Project description
 - Enviro-legal process
 - Public and Authorities Consultation Process
 - Specialist studies
- Way Forward
- Questions
- Site Visit (if required)

global environmental solutions

INTRODUCTIONS

- SLR Consulting (Africa) (Pty) Ltd (SLR) is an independent environmental consultancy company which undertakes environmental impact assessment (EIA) processes.
- SLR environmental team for the proposed project:
 - Shelley Seton-Rogers – Project Manager
 - Chiara Kotze – Assistant Project Manager
 - Mase Rantsieng – Project Assistant
 - Alex Pheiffer – Project Reviewer
- Tankiso Phidza - Gemini GIS and Environmental Services (GGES) compiling the Water Use Licence Application.
- Cathy Theron – Wesizwe’s Environmental Manager

global environmental solutions

PURPOSE OF MEETING

- Provide an overview of the proposed project .
- Provide information on the legal process.
- Provide authorities the opportunity to visit the proposed project site.
- Provide authorities with an opportunity to comment or raise concerns.
- Consultation with authorities and potentially interested and affected parties is required by environmental legislation.

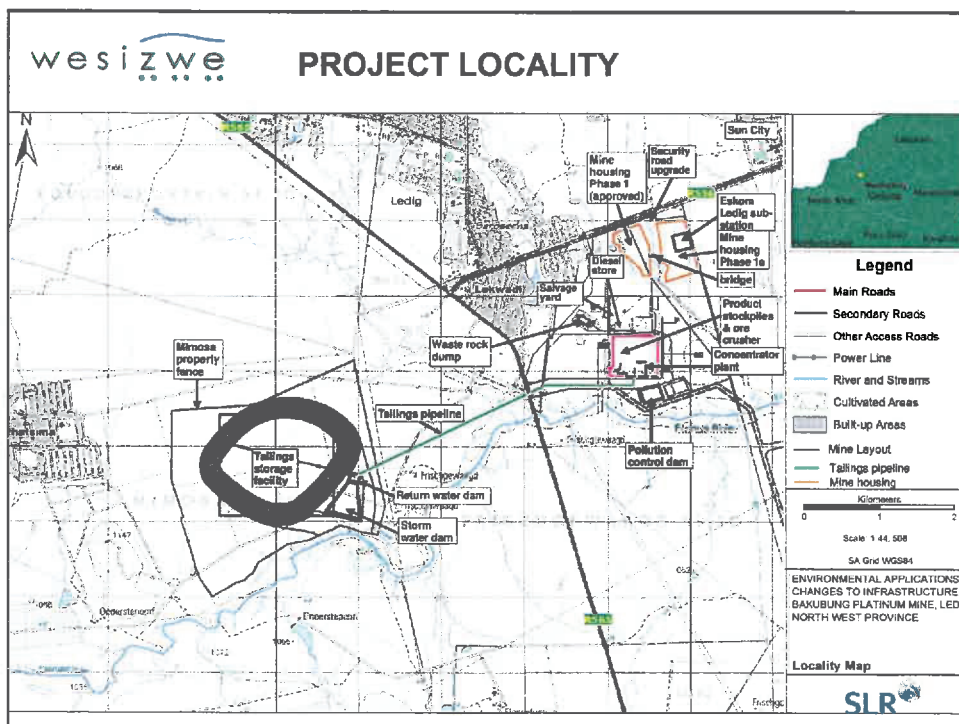

global environmental solutions

wesizwe **PROJECT INTRODUCTION**

- Wesizwe Platinum Limited is the owner of Bakubung Platinum Mine, currently shaft sinking on the farm Frischgewaagd 96JQ.
- The mine is located near Ledig, just south of the Pilanesberg Game Reserve and Sun City in the North West Province.
- The Bakubung Platinum Mine received Environmental Authorisation in 2009, in terms of both the National Environmental Management Act (NEMA; No. 107 of 1998) and Mineral and Petroleum Resources Development Act (MPRDA; No. 28 of 2002). The mine's Water Use Licence was issued in 2010.
- Wesizwe would now like to make several **changes** to the approved mine which require additional Environmental Authorisations, a Waste Management Licence & changes to the Water Use Licence.

global environmental solutions 

PROJECT DESCRIPTION

The proposed project will involve the following changes to the approved Bakubung Platinum Mine (note that this is a preliminary list):

- The construction of a larger tailings dam on the farm Mimosa 81JQ. The area will increase from 142 ha to approx. 166 ha. The height will be approx. 44m;
- A tailings pipeline between the mine and the tailings dam;
- An increase in the capacity of the concentrator plant from 230 000 tons per month to approx. 265 000 tons per month;
- Increased capacity of the mine product stockpiles;
- Relocation of the ore crusher from underground to the surface;
- Inclusion of the minerals in the waste rock into the mining licence, as the waste rock may potentially be crushed and sold as aggregate;
- Construction of erosion control measures along watercourses within the mine;

global environmental solutions

PROJECT DESCRIPTION CONT.

- Storage and handling of dangerous goods such as diesel and reagents on site;
- Various pipeline and road crossings over watercourses, including a bridge crossing;
- New sewage and water pipelines;
- New internal mine roads;
- Ventilation shafts and raise boreholes;
- Generators or possibly a solar power plant on site, for back up ventilation; and
- The construction of phase 1a of the mine housing.

global environmental solutions

PROJECT DESCRIPTION CONT.

The following **water uses** will take place, which will require an amendment to the Bakubung Platinum Mine's Water Use Licence:

- *Storing of water (not containing waste) – storing water in water reservoirs, settling dams;*
- *Impeding or diverting the flow of water in a water course, and altering the bed banks, course, or characteristics of a watercourse – various watercourse crossings including a bridge, and erosion control measures;*
- *Disposing of waste in a manner which may impact on a water resource – tailings dam, return water dams, storm water dams, pollution control dams, settling dams, waste rock dumps, sewage treatment plant, ore stockpiles, dust suppression with water;*
- *Removing, discharging or disposing of water found underground if it is necessary for the efficient continuation of an activity, or for the safety of people – dewatering the mine shafts.*

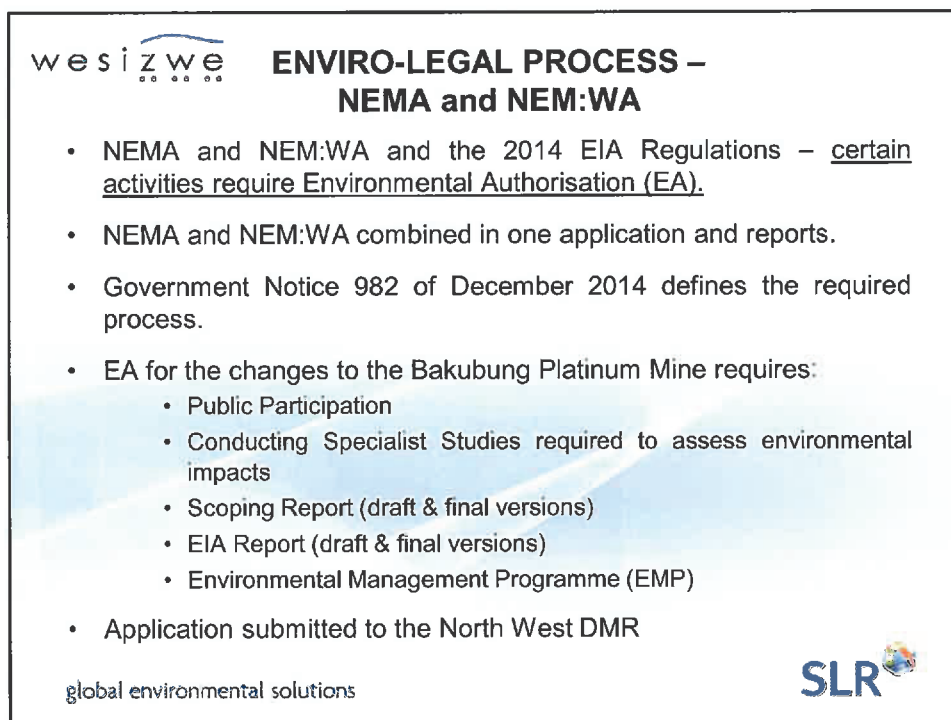

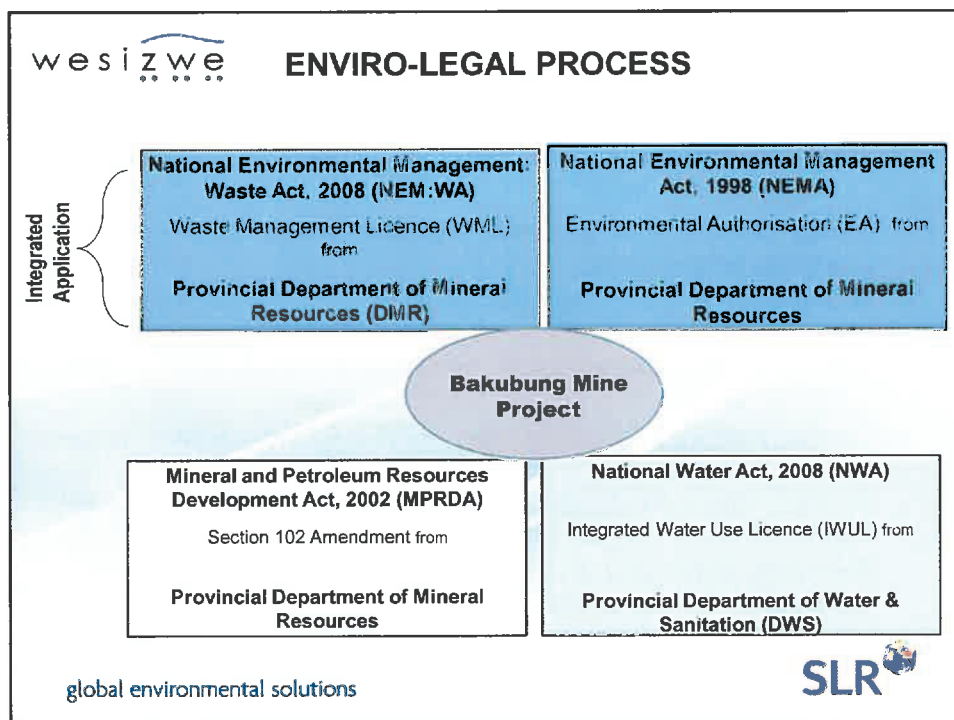

PROJECT DESCRIPTION CONT.

The following **waste activities** will take place, which will require a Waste Management Licence:

- The tailings dam;
- Waste rock dumps;
- The salvage yard - (temporary storage of general and hazardous waste).

Photo of the current (approved) Bakubung Platinum Mine.

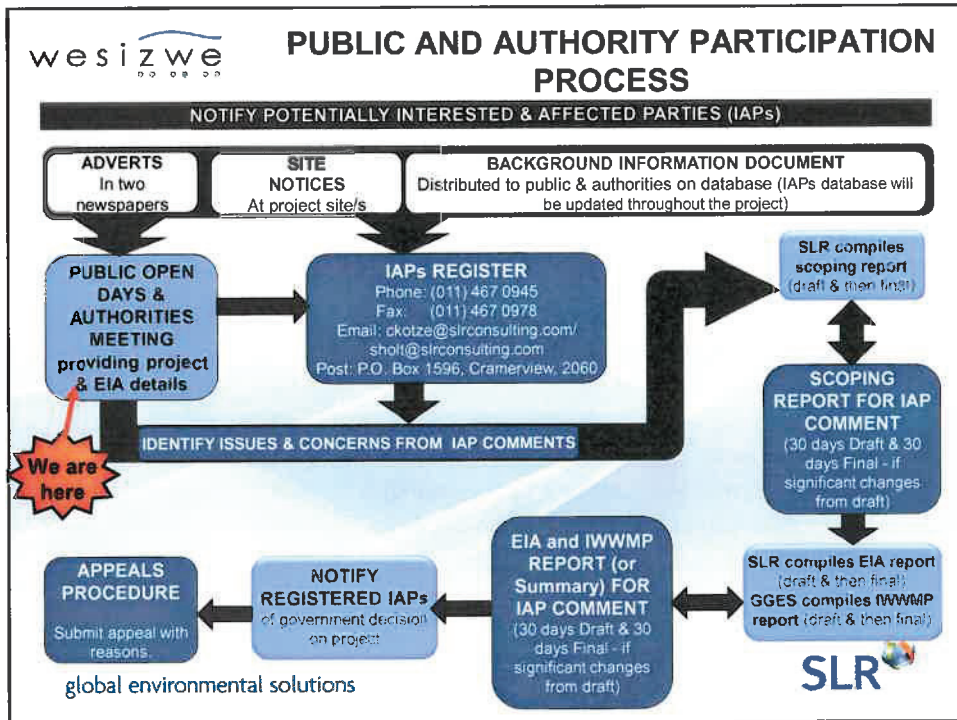

ENVIRO-LEGAL PROCESS – MPRDA

- MPRDA – Section 102 Amendment to the Mining Right and the Environmental Management Programme
- Section 102 Amendment does not specify the process required but generally requires a scoping and EIA process.
- Scoping and EIA process for Section 102 for the changes to the Bakubung Mine requires:
 - Public Participation
 - Conducting Specialist Studies required to assess environmental impacts
 - Scoping Report (draft & final versions)
 - EIA Report (draft & final versions)
 - Environmental Management Programme (EMP)
- Application submitted to the North West DMR

ENVIRO-LEGAL PROCESS – NWA

- National Water Act, 1998, Section 21 lists activities which require a Water Use License. Changes to the Bakubung Platinum Mine requires a Water Use Licence (WUL) Amendment.
- An amendment is required as the Bakubung Platinum Mine has an existing WUL.
- WUL Amendment requires :
 - Public Participation,
 - Complete WUL application forms*,
 - Complete an Integrated Water and Waste Management Plan report*.
- Submitted to the North West Department of Water and Sanitation for decision.

*This work will be conducted by Gemini GIS and Environmental Services (GGES)

wesizwe **SPECIALIST STUDIES**

What are the key environmental sensitivities?

Specialist studies will be undertaken by specialist scientists, in the fields below, in support of the EIA (for NEMA and NEMWA), EMPR Amendment and WULA Amendment:

- Air Quality – Air Quality Impact Study
- Noise – Noise Impact Study
- Ecology & Wetlands – Ecology and Wetland Impact Study
- Groundwater – Groundwater Impact Study
- Heritage – Heritage Impact Study
- Soil – Soil Impact Study
- Surface Water – Surface Water Impact Study
- Social – Social Impact Study

Decorated pottery shards found on site.

SLR 

global environmental solutions

wesizwe
CONSULTANTS

WAY FORWARD

- Receive comments from Authorities and IAPs

Please complete and hand in the comment sheet if you have any questions or environmental concerns

- Specialist scientists will complete their studies
- Submit Scoping Reports for authority & public review
- Submit Draft WUL Amendment Report (or summary) for authority & public review
- Submit Draft EIA and EMPR reports for authority & public review
- Final EIA, EMPR and WULA reports will also be submitted to the authorities & public to review, and relevant competent authorities for decision.

WESIZWE PLATINUM LIMITED
PRE-APPLICATION MEETING WITH THE DEPARTMENT OF MINERAL RESOURCES
ENVIRONMENTAL APPLICATIONS FOR CHANGES TO INFRASTRUCTURE AT BAKUBUNG PLATINUM MINE,
LEDIG, NORTH WEST PROVINCE

DATE:	06 July 2015; 13:50
VENUE:	DMR offices, Klerksdorp
PROJECT:	Environmental Applications for Changes to Infrastructure at Bakubung Platinum Mine, Ledig, North West Province
SLR COMPANY:	SLR Consulting (Africa) (Pty) Ltd
PROJECT NUMBER:	710.23001.00007
PURPOSE:	The purpose of the meeting was to discuss the proposed changes to the Bakubung Platinum Mine and the proposed public participation and application processes.
ATTENDANCE:	An attendance register is presented in Appendix 1.

1. OPENING

- Lorraine Nobela (NB) and Tshilidzi Phalala (TP) of the Department of Mineral Resources (DMR) welcomed SLR Consulting (Africa) (Pty) Ltd (SLR) and Wesizwe Platinum Limited (Wesizwe).
- Shelley Seton-Rogers (SRR) of SLR indicated that the purpose of the meeting was to discuss the background of the project and confirm that the DMR are happy with Wesizwe and SLR's proposed way forward.

2. DISCUSSION SUMMARY

- TP asked for background on the project.
- SSR explained that the Bakubung Mine has an Environmental Authorisation (EA) and now want to amend the EA and to add new listed activities.
- Cathy Theron (CT) of Wesizwe explained that National Environmental Management Act (NEMA) and Mineral and Petroleum Resources Development Act (MPRDA) processes were done in 2008. A Water Use Licence (WUL) was received in 2010. CT indicated that shaft sinking has been done and the project is now in the development phase but Wesizwe has not yet started mining.
- CT explained that the plan is to increase capacity to 265 kiltons, which in turn will impact on ore stockpiles, tailings and waste rock facility sizes.
- PT asked if an amendment is being proposed.
- CT indicated it is an amendment to some of the existing facilities and the proposal of new facilities and activities.
- SSR indicated that the site is near Sun City and showed the DMR a locality map.
- SSR explained that waste rock is planned to be used and thus this waste rock needs to be included in Wesizwe's mining right (MR).

- The preliminary background information document (BID) was discussed and the various changes included among others:
 - Implementing erosion control measures
 - Having more shaft ventilators
 - Having more generators
 - Water pipelines to housing
 - Sewage pipelines from housing
 - Pipeline crossings over watercourses
 - Relocating an underground ore crusher to aboveground
- The preliminary BID will be updated following the discussion; the final BID would be distributed to the public and authorities including the DMR with all the applicable information.
- LN indicated that these changes to the EA require a scoping and EIA process and will need to be approved under NEMA by the DMR. To change the MR it will be necessary to get an EA in terms of Section 25 of the MPRDA if the footprint is changing.
- CT explained that the capacity of the plant would be increasing but the footprint would remain the same.
- TP indicated the Mine Works Programme (MWP) will need to be updated. CT indicated that this was done in 2014.
- SSR indicated that the relocation of the crusher is not a listed activity.
- LN indicated that the impacts would be changing.
- CT indicated that there would be noise and air quality impacts but the crusher would be in an area that was already designated for the plant.
- SSR indicated that the Environmental Impact Assessment (EIA) would look at the impacts but did not know if there would be a listed activity associated with it.
- SSR discussed the various activities that may need to be applied for. SSR indicated that it would need to be seen if increases in the stockpile footprints would trigger an activity.
- SSR indicated that a Waste Management Licence (WML) would be needed for the tailings and waste rock stockpiles and the salvage yard.
- LN indicated that the National Water Act is listed under NEMA and will need to be considered.
- CT explained that Wesizwe would also need to check if the dangerous goods are increasing from what was originally authorised.
- LN asked that the original EA be attached to the application to the DMR.
- TP asked what the additional material is that Wesizwe want included in the MR. CT indicated it is aggregate. TP said this must be specified in the application, the DMR would then need to confirm if the mining right for this mineral is available in that area.
- CT explained that it may be needed to expand the housing but it is still being decided where this would be done.
- TP indicated that the DMR is only the competent authority for activities within the MR area. Anything outside the boundary is to be submitted to the North West Rural, Environment and Agriculture Development (READ). CT indicated that the existing EA is from READ.

- CT explained that the pipeline would cross over an area that is not in the MR. However, this area will be registered as a servitude. PT confirmed that the whole pipeline then will need be authorised by the DMR and not READ.
- SSR indicated that as part of the application, SLR and Wesizwe would try to be as inclusive as possible for all the activities, so as not to leave any activities out.
- SSR indicated that a Section 102 application needs to be made. LN indicated that the Section 102 and NEMA applications are separate applications.
- TP indicated that the use of the waste rock would need to form part of the Section 102. The DMR may ask Wesizwe to update their MWP before the amended MR is issued.
- SSR explained that the Water Use Licence (WUL) would also need to be amended, however this cannot be submitted now as it runs concurrent with the EIA process. A notice of intent can be submitted to the Department of Water and Sanitation (DW&S). SSR asked if the DMR would find this sufficient for the NEMA application – as the DMR wants proof of submission of the WUL being included in the NEMA application. LN confirmed that this would be adequate and if further information is needed the DMR would notify SLR and Wesizwe as such.
- CT asked if the DMR is happy to receive the draft reports when they are submitted to the public for public review (as previously the DMR only wanted final reports).
- TP confirmed this would be fine and that 1 copy could be sent.
- SSR said that it would be made clear on the report that it was a draft.
- SSR explained that open days are being planned for this project and wanted to confirm if the DMR would be satisfied with this. There would be 2 open days, one in each community near the site. Open days will provide more time for people to attend. For authority meetings, it will be confirmed per authority if they prefer site visits or meetings at their offices.
- SSR indicated that the adverts, BID and summaries of the reports would be translated into Tswana. There will also be a Tswana translator present at the open day.
- LN confirmed this is acceptable and specified that all records would need to be kept – meeting minutes, registers, adverts, proof of distribution, etc.
- TP indicated that the process proposed is fine and that it needs to all be integrated in one public participation process – the WML, NEMA, WUL, Section 102.
- LN asked if more water will be required if there is an increase in plant capacity.
- CT answered that in the original application 8 mega liters were requested from Magalieswater. The plan is to recirculate water from the tailings storage facility and the sewage treatment plant instead of disposing water to the Elands River, therefore additional water should not be needed.
- LN asked if the mining is underground. CT confirmed that it is 800m underground.
- PT indicated that previously the WML application had to be submitted manually - PT will need to confirm with supervisors on the current process. PT indicated an answer would be provided the following day.
- LN asked who the landowner is. CT answered that the plant area is owned by the Bakubung Tribal Authority. The TSF area is owned by Wesizwe. LN indicated that Bakubung would need to be consulted separately as the landowner.

3. THE WAY FORWARD

- The DMR is to confirm the WML submission and payment process.
- The DMR is to confirm that that the minutes provided in this document are true and correct.
- These minutes will be included in the application submitted to the DMR.

4. CLOSE

Meeting closed at 14:55.

WESIZWE PLATINUM LIMITED
MEETING WITH THE KGOSIGADI OF THE BAKUBUNG BA RATHEO
ENVIRONMENTAL APPLICATIONS FOR CHANGES TO INFRASTRUCTURE AT BAKUBUNG PLATINUM MINE,
LEDIG, NORTH WEST PROVINCE

DATE:	4 August 2015; 11h00
VENUE:	Wesizwe regional office, Boshhoek
PROJECT:	Environmental Applications for Changes to Infrastructure at Bakubung Platinum Mine, Ledig, North West Province
SLR COMPANY:	SLR Consulting (Africa) (Pty) Ltd
PROJECT NUMBER:	710.23001.00007
PURPOSE:	The purpose of the meeting was to discuss the proposed changes to the Bakubung Platinum Mine and the proposed public participation and application processes.
ATTENDANCE:	An attendance register is presented in Appendix 1.

1. OPENING

- Hamlet Morule (HM) and Cathy Theron (CT) of Wesizwe Platinum Limited (Wesizwe) welcomed the Kgosigadi to the meeting and thanked her for attending. CT apologised for not informing the Kgosigadi of the project sooner.
- Shelley Seton-Rogers (SRR) of SLR indicated that the purpose of the meeting was to discuss the background of the project and present the two forms which Wesizwe would like the Kgosigadi to sign as the representative of the Bakubung Ba Ratheo who are the landowners of the mine property.

2. DISCUSSION SUMMARY

- SSR and CT explained the project location, project description, and environmental authorisation processes, including the public participation process (PPP).
- The Kgosigadi stated that there are many Zulu speaking people in the community and that the PPP should also be done in Zulu from now on.
- SSR said that this would be done and requested to use the Bakubung Tribal Hall in Ledig for the public open day.
- The Kgosigadi said this would be possible as it was just an open day and not a public meeting. The Kgosigadi said she would arrange the hall booking and announce the meeting to the community elders. She also requested that several A3 posters be put up around the community to inform them of the meeting.
- SSR said that this would be done.
- The Kgosigadi said that community buy-in must be obtained for the project.

- SSR presented the two forms (one for the NEMA application and one for the Water Use Licence application) to be signed by the Kgosigadi as the representative of the Bakubung Ba Ratheo who are the landowners of the mine property.
- The Kgosigadi asked for the forms to also be emailed to her. She said she would look at them and ask her lawyer to look at them, and then sign them.
- HM, CT and SSR thanked the Kgosigadi for the meeting.

3. CLOSE

Meeting closed at 11h30.
