## -SPORTNUUS-

### TENNIS WP VERSUS TENNIS NAMAKWALAND

Die room van WP-tennis het teen die room van Namakwaland skole tennis kom speel op Springbok.

**D**a nee, tennis is maar die ding van sport wees. 'n Inter Pro was beslis deur WP versus Namakwaland en wat 'n naweek was dit nie!

man behoorlik gestaan. Goeie tennis was gespeel en die ouers se ondersteuning langs die bane was ongelooflik. WP het die jaarlikse kragmeting gewen en ons sien nou uit na die volgende byeenkoms.

Die room van WP-tennis het een die room van Namakwaland skole tennis om speel. 'n 'erwelkomingsoptog was ehou om 11H30 deur Springbok hoofstraat om alle die vriendelikheid, amehorigheid en die anvaarding te laat ervaar. Mej. Namakwaland, Mej. iener 2015/16 met haar rinsesse het die begeleiding edoen met motorfietsse aan ie voorkant.

Die diploma plegtigheid het om 18H30nm op die tennisbane by die sportgronde plaasgevind waar almal lekker saamgekuier het tot nadat die etes bedien was. Alle kinders was voorsien van diplomas vir deelname. WP het twee seuns geidentifiseer om 'n oefenkamp met intensiewe afrigting in Kaapstad by te woon. Ook sal hulle getrakteer word deur WP en die WP ouer ondersteuningsgroep dra die onkoste. Meer sulke oefenkampe sal ook plaasvind sodat ander

ennis van hoë gehalte was ogedis deur die kinders anaf 0/11 tot 0/16

kan kry. Dank word uitgespreek aan WP, Jeff Tennis Academy, Amelia de la Gruz en ouers wat 'n bydrae gemaak het om die etes en drinkgoed voor te sit. Aan Koelbly wat drinkgoed die hele dag aan die kinders voorsien het, Al die ouers wat die tennis so mooi ondersteun het, die kinders wat deelgeneem het, die musiekfabriek, buurtwagte, verkeer, motorfietsse wat die optog

gelei het, Mnr Rodney Kritzinger vir ondersteuning met die naweek se verrigtinge en toespraak, Nama Khoi ondersteuning ten opsigte van die optog en die Departement Sport met die skole en onderwysers. Ten laaste, dankie aan die hoër en laerskool vir gebruik van hul tennisbane.

NOTIFICATION TO INTERESTED AND AFFECTED PARTIES ABOUT THE SCOPING REPORT AND THE ENVIRONMENTAL IMPACT ASSESSMENT REPORT AS WELL AS THE ENVIRONMENTAL MANAGEMENT PROGRAMME REPORT IN SUPPORT OF AN AMMENDMENT OF A MINING RIGHT HELD BY WEST COAST RESOURCES (PTY) LTD OVER THE KOINGNAAS AND SAMSONS BAK COMPLEXES

Interested and Affected Parties' attention is drawn to the fact that, the commenting period, as communicated in the notice of 04 March 2016, has been extended, from 04 April 2016 to 18 April 2016.  
Please note that this is not a new advert and as such the content of the communication is the same, as was provided in the notice of 04 March 2016, with the exception of the commenting period, which has been extended, as per above sentence.

Document Name: WNE-PI-Scoping-Notification Letter to IAPs  
Date: 11 March 2016  
Myezo Ref: WKE/2015/02/NL

DMR Ref No: NC0043-MR/102 and NC0044-MR/102

Applicant: West Coast Resources (Pty) Ltd (WCR)  
Project locality: Samsons Bak 330, Eland Klip 333, Zwart Duinen 332, Schulp Fontein 472, Noup 473, Somnaas 474, Koingnaas 475, Zwart Lintjes Rivier 484, Langklip 489, Michell's Bay 495 and Farm No. 496 (known as Kliphuis) (See Figure 1)  
Application area co-ordinates (North, Centre and South of the polygon): (29° 51' 06.9074"S, 17° 13' 02.8811"E; 30° 05' 33.1619"S, 17° 18' 48.1678"E; 30° 28' 41.2449"S, 17° 21' 29.0621"E)  
Nature of Application: Mining related activities  
Process followed: Scoping and Environmental Impact Reporting (S & EIR) procedures

Environmental Impact Assessment/Scoping Process on farms listed under project locality above situated within the Namakwa District Municipal Area

Notice is hereby given in terms of National Environmental Management Act (Act 107 of 1998) (NEMA): Environmental Impact Assessment Regulations, 2014 R982 (2014 EIA Regulations), Section 41 (2) (a) (b) (c) (d) (e) and (3) published in Government Notices No. R982, under Sections 24 (5) and 44 of NEMA, of WCR's intention to re-visit and mine certain areas of on the Namaqualand coast, previously mined by De Beers and under the existing mining rights of July 2012, i.e. Koingnaas Mining Right (522MRC) and Samson's Bak Mining Right (525MRC). As part of their operations, WCR intend to mine deposits that are located on the beach and extend seaward, potentially for several hundred metres. WCR wants to continue with mining on the areas covered by these rights i.e. areas within the existing mining rights authorization, with immediate target being the Langklip and Koingnaas mining areas. The target areas are those that will not trigger new listed activities in terms of NEMA. Before proceeding with the mining operations, a check of what environmental authorizations are covered under these rights was undertaken and this was done in the light of the new legal dispensation, which had culminated into the development of "one environmental system," incorporating Minerals and Petroleum Development Act, Act No. 28 of 2002 (MPRDA), as amended, NEMA, National Water Act, Act No. 36 of 1998 (NWA) and the National Environmental Management Waste Act, Act No. 59 of 2008 (NEMWA). The current environmental management programmes (EMPs) had, as such, been reviewed to determine activities which would be deemed to have the existing environmental authorization. The activities that are currently authorized and those that will require authorization are governed by various environmental legislation, as such, sections of NEMA, MPRDA, NWA and NEM WA, have been used as a guide to undertake these activities. The planned continuation of mining activities will be undertaken under these existing mining rights. The triggered listed activities in terms of NEMA, NEM WA, and NWA, which are not covered in the EMPs require a separate environmental authorization application which will be undertaken, while the authorized activities are being implemented on site during mining.

Myezo Environmental Management Services Pty Ltd (Myezo), has thus been appointed by WCR to undertake the Environmental Impact Assessment (EIA) for the activities that would require environmental authorization. As such, notice is hereby given in terms of Section 41 (2) (a) (b) (c) (d) (e) and (3) of the 2014 EIA Regulations, that an application for environmental authorisation has been submitted to the Department of Mineral Resources (DMR), in terms of NEMA and NEM WA in respect of listed activities that have been triggered by applications in terms of the MPRDA. The applications that have been submitted in terms of the MPRDA is an amendment of the mining right in terms of Section 102 of MPRDA. In addition, please note that the application for water related activities has been submitted to the Department of Water and Sanitation (DWS). The application for these activities was made in terms of National Water Act, 1998 (Act No. 36 of 1998), Section 21(b), Section 21(g), Section 21(j). WCR will therefore commence with mining activities that are currently authorised under the existing mining right, but an environmental impact assessment (EIA) will be undertaken for the activities that are not currently authorised, including beach mining below the low water mark and certain land-based activities. Therefore, the application for environmental authorization has been undertaken for triggered listed activities for the Koingnaas Right and the Samson's Bak Right.

The activities to be undertaken under this application include: R983 (Listing Notice 1) 04 December 2014 Activity No. 17 (i) (ii) (v) (c) (d) (f), Activity No. 19 (ii) (iii), Activity No. 24 (i) (ii), Activity No. 56, Activity No. 9, Activity No. 10, Activity No. 45, Activity No. 46, Activity No. 27, Activity No. 22, Activity No. 13; R984 (Listing Notice 2) 04 December 2014 Activity No. 14 (i) (ii) (iii), Activity No. 17, Activity No. 21, Activity No. 26 (i) (ii) (iv) (v) (c) (d), Activity No. 16, R985 (Listing Notice 3) 04 December 2014 Activity No. 4 (ii) (gg) (hh); National Environmental Management Act: Integrated Coastal Management Act 2008 (Act No. 24 of 2008) Govt. Notice No. 138 of 11 Feb 2009 Section 63, Section 65, Section 69, National Environmental Management Waste Act, 2008 (Act 59 of 2008) Category A2: The sorting, shredding, grinding, crushing, screening or baling of general waste at a facility that has an operational area in excess of 1000 m², Category A 10: The disposal of general waste to land covering an area of more than 50 m² but less than 200 m² and with a total capacity not exceeding 25 000 tons, Category A 12: The construction of a facility for a waste management activity listed in Category A of this Schedule (not in isolation to associated waste management activity), Category A 15: The establishment or reclamation of a residue stockpile or residue deposit resulting from activities which require a prospecting right or mining permit, in terms of the Mineral and Petroleum Resources Development Act, 2002 (Act No. 28 of 2002), Category B 8: The disposal of general waste to land covering an area in excess of 200 m² and with a total capacity exceeding 25 000 tons, Category B 10: The construction of a facility for a waste management activity listed in Category B of this Schedule (not in isolation to associated waste management activity), Category B 11: The establishment or reclamation of a residue stockpile or residue deposit resulting from activities which require a mining right, exploration right or production right in terms of the Mineral and Petroleum Resources Development Act 2002 (Act No. 28 of 2002), Category C 1: The storage of general waste at a facility that has the capacity to store in excess of 100 m³ of general waste at any one time, excluding the storage of waste in lagoons or temporary storage of such waste, Category C 3: The storage of waste tyres in a storage area exceeding 500 m, Category C 4: The scrapping or recovery of motor vehicles at a facility that has an operational area in excess of 500 m². Therefore, scoping and environmental impact assessment report procedures are being applied to this application. Please be advised that this notice serves to invite interested and affected parties (I&APs) to participate in the EIA process. To ensure that you are registered as an I&AP or to lodge any concern, formally object or seek clarity on the proposed project and request project related documentation, kindly contact Myezo on 082 7722 418 or (012) 998 7642.

A copy of the scoping report has also been made available at the Koingnaas Mine offices (30° 12' 38.64"S, 17° 16' 25.34"E), Springbok Library (04 Namakwa Street, Springbok, Northern Cape, 8240) and at West Coast Resources head office at (405 Voortrekker Road, Parow, 7500), or alternatively contact Myezo Environmental Management Services (Pty) Ltd on the details provided below. All issues and concerns can be lodged formally (in writing) by either email or fax at the details shown below. All comments on the scoping report or issues that should be covered on the succeeding environmental impact assessment stage should be submitted within 30 days of this advert and sent back to the EAP by 18 April 2016.

# West Coast Resources

KENNISGEWING AAN BELANGHEBBENDE EN GEAFFEKTEERDE PARTYE OOR DIE OMVANGBEPALINGSVERSLAG EN OMGEWINGSIMPAKSTUDIEVERSLAG ASOOK DIE OMGEWINGSBESTUURSPROGRAMMEVERSLAG TER ONDERSTEUNING VAN 'N WYSIGING VAN 'N MYNREG WAT DEUR WEST COAST RESOURCES (EDMS.) BPK. OOR DIE KOINGNAAS EN SAMSONS BAK KOMPLEKSE GEHOU WORD

Belanghebbende en geaffekteerde partye se aandag word gevestig op die feit dat die kommentaarperiode soos in die kennisgewing van 04 Maart 2016 gekommunikeer is, vanaf 04 April 2016 tot 18 April 2016 verleng is.  
Let asseblief daarop dat dit nie 'n nuwe advertensie is nie en die inhoud van die kommunikasie as sodanig dieselfde is, soos in die kennisgewing van 04 Maart 2016 verskaf is, met die uitsondering van die kommentaarperiode, wat soos in die boegemelde sin verleng is.

Dokumentnaam: WNE-PI-Scoping-Notification Letter to IAPs  
Datum: 11 Maart 2016  
Myezo-verw: WNE/2015/02/NL  
DMR-verw. no.: NC0043-MR/102 and NC0044-MR/102

Aansoeker: West Coast Resources (Edms) Bpk (WCR)  
Projekligging: Samsons Bak 330, Eland Klip 333, Zwart Duinen 332, Schulp Fontein 472, Noup 473, Somnaas 474, Koingnaas 475, Zwart Lintjes Rivier 484, Langklip 489, Michell's Bay 495 en Plaas No. 496 (bekend as Kliphuis) (sien Figuur 1)  
Koördinate van aansoekgebied (Noord, Middel en Suid van poligon): (29° 51' 06.9074"S, 17° 13' 02.8811"E; 30° 05' 33.1619"S, 17° 18' 48.1678"E; 30° 28' 41.2449"S, 17° 21' 29.0621"E)  
Aard van aansoek: Mynbouwerwante aktiwiteite  
Proses gevolg: Omvangbepalings- en Omgewingsimpakverslagdoenings- (O & OIV-) prosedures

Omgewingsimpakstudie/Omvangbepalingsproses op plase wat onder projekligging hierbo gelys word en in die Namakwa Distriksmunisipaliteitsgebied geleë is

Kennis word hiermee ingevolge artikel 41(2)(a) (b) (c) en (3) van die Wet op Nasionale Omgewingsbestuur (Wet No. 107 van 1998): Omgewingsimpakstudieregulasies, 2014 R982 (2014 OIS-regulasies), gepubliseer in Goewemmentskennisgewing No. R982, ingevolge artikels 24 (5) en 44 van NEMA, gegee van WCR se voorneme om weer sekere gebiede aan die Namakwalandse Kus te heropen en te myn. WCR hervestig diamantmynbedrywighede in die bestaande mynregtegebiede aan die Namakwalandse Kus wat voorheen deur De Beers geryn is, en ingevolge die bestaande mynregte van Julie 2012, met ander woorde Koingnaas Mynreg (522MRC) en Samson's Bak Mynreg (525MRC). As deel van hulle bedrywighede beoog WCR om neerslae te myn wat op die strand geleë is en seewaarts strek, potensieel vir enkele honderde meter. WCR wil voortgaan om te myn onder die laagwatermerk op die gebiede wat deur hierdie regte gedek word, met ander woorde met die bestaande mynregte, met die Langklip en Koingnaas gebiede as die onmiddellike teiken. Die teikengebiede is dié wat nie nuwe gespesifiseerde aktiwiteite ingevolge NEMA sal veroorsaak nie. Voordal daar met die mynbedrywighede begin is, is gekontroleer watter omgewingsmagtigings ingevolge hierdie regte gedek word, en dit is gedoen in die lig van die nuwe regsbedeling, wat gelei het tot die ontwikkeling van "een omgewingsstelsel", wat die Minerals and Petroleum Development Act (Act No. 28 of 2002) (MPRDA), soos gewysig, NEMA, die Nasionale Waterwet (Wet No. 36 van 1998) (NWA), en die National Environmental Management Waste Act (Act No. 59 of 2008) (NEMWA) inkorporeer. Die huidige omgewingsbestuursprogramme (OBP's) is as sodanig hersien om aktiwiteite te bepaal wat geag word onder die bestaande omgewingsmagtiging te val. Die aktiwiteite wat tans gemagtig word en dié wat magtiging sal vereis, word geregleer deur verskeie stukke omgewingswetgewing soos dele van NEMA, MPRDA, NWA en NEMWA, wat gebruik is as riglyn om hierdie aktiwiteite te onderneem. Die voortsetting van mynaktiwiteite wat in WCR beplan word, sal ingevolge hierdie bestaande mynregte onderneem word. Die nuwe gespesifiseerde aktiwiteite ingevolge NEMA, NEMWA, en NWA wat nie deur die OBP's gedek word nie, vereis 'n afsonderlike omgewingsmagtigingsaansoek, wat onderneem sal word terwyl die gemagtigde aktiwiteite tydens mynwerk op die perseel geïmplementeer word.

Myezo Environmental Management Services (Edms.) Bpk. (Myezo) is gevolglik deur WCR aangestel om die Omvangbepalingsimpakstudie (OIS) te onderneem vir die aktiwiteite wat omgewingsmagtiging sal vereis. Kennisgewing word ook hiermee ingevolge artikel 41 (2) (a) (b) (c) (d) (e) en 3 van die 2014 OIS-regulasies gegee dat 'n aansoek om omgewingsmagtiging ingevolge NEMA en NEMWA by die Departement van Minerale hulpbronne (DMH) ingedien is ten opsigte van gespesifiseerde aktiwiteite wat deur aansoek ingevolge die MPRDA genoodsaak is. Die aansoek wat ingevolge die MPRDA ingedien is, is 'n wysiging van die mynreg ingevolge artikel 102 van die MPRDA. Let verder asseblief daarop dat die aansoek om waterverwante aktiwiteite by die Departement van Water en Sanitasie (DWS) ingedien is. Die aansoek om hierdie aktiwiteite is gemaak ingevolge artikel 21(b), artikel 21(g) en artikel 21(j) van die Nasionale Waterwet (Wet No. 36 van 1998). WCR sal dus begin met mynaktiwiteite wat tans ingevolge die bestaande mynreg gemagtig is, maar 'n omgewingsimpakstudie (OIS) sal onderneem word vir die aktiwiteite wat nie tans gemagtig is nie, insluitende strandmynaktiwiteite onder die laagwatermerk en sekere-land-gebaseerde aktiwiteite. Die aansoek om omgewingsmagtiging is dus vir nuwe gespesifiseerde aktiwiteite vir die Koingnaas Right en die Samson's Bak Right ingedien.

Die aktiwiteite wat ingevolge hierdie aansoek onderneem word, sluit in: R983 (gelyste kennisgewing 1) 04 Desember 2014: aktiwiteit no. 17 (i) (ii) (v) (c) (d) (f); aktiwiteit no. 19 (ii) (iii); aktiwiteit no. 24 (i) (ii); aktiwiteit no. 56, aktiwiteit no. 9, aktiwiteit no. 10, aktiwiteit no. 45, aktiwiteit no. 46, aktiwiteit no. 27, aktiwiteit no. 22, aktiwiteit no. 13, R984 (gelyste kennisgewing 2) 04 Desember 2014: aktiwiteit no. 14 (i) (ii) (iii); aktiwiteit no. 17, aktiwiteit no. 21, aktiwiteit no. 26 (i) (ii) (iii) (iv) (v) (c) (d); aktiwiteit no. 16, R985 (gelyste kennisgewing 3) 04 Desember 2014: aktiwiteit no. 4 (ii) (gg) (hh); National Environmental Management: Integrated Coastal Management Act (Act No. 24 of 2008) Goewemmentskennisgewing no. 138 van 11 Februarie 2009, artikel 63, artikel 65, artikel 69; National Environmental Management: Waste Act (Act 59 of 2008) Kategorie A2: Die sortering, versnippering, maal, vergruising, sifting of uitloop van algemene afval by 'n gerief met 'n bedryfsarea van meer as 1 000 m². Kategorie A 10: Die wegdoening van algemene afval na grond met 'n oppervlakte van meer as 50 m² maar minder as 200 m² en met 'n totale kapasiteit van hoogstens 25 000 ton. Kategorie A 12: Die konstruksie van 'n gerief vir 'n afvalbestuursaktiwiteit wat in Kategorie A van hierdie Bylae gelys word (nie in isolasie van verwante afvalbestuursaktiwiteit nie), Kategorie A 15: Die vestiging of herwinning van 'n corbylende voorraadsstapel of corbylende afsetting as gevolg van aktiwiteite wat 'n prospektieerreg of mynpermit vereis ingevolge die Wet op die Ontwikkeling van Minerale- en Petroleumhulpbronne (Wet No. 28 van 2002), Kategorie B 8: Die wegdoening van algemene afval na grond wat 'n oppervlakte van meer as 200 m² dek, en met 'n totale kapasiteit van meer as 25 000 ton, Kategorie B 10: Die konstruksie van 'n gerief vir 'n afvalbestuursaktiwiteit wat in Kategorie B van hierdie Bylae gelys word (nie in isolasie van verwante afvalbestuursaktiwiteit nie), Kategorie B 11: Die vestiging of herwinning van 'n corbylende voorraadsstapel of corbylende afsetting wat die gevolg is van aktiwiteite wat 'n mynreg vereis, eksplorasie of produksie ingevolge die Wet op die Ontwikkeling van Minerale- en Petroleumhulpbronne (Wet No. 28 van 2002), National Environmental Management Waste Act (Act 59 of 2008), Kategorie C 1: Die stoor van algemene afval by 'n gerief met die kapasiteit om meer as 100 m³ algemene afval op enige tyd te stoor, met die stoor van afval in lagunes of die tydelike stoor van sodanige afval uitgesluit, Kategorie C 3: Die stoor van afval in 'n stoorgebied van meer as 500 m². Kategorie C 4: Die afskryf of herwinning van motorvoertuie by 'n gerief met 'n bedryfsoppervlakte van meer as 500 m². Omvangbepalings- en omgewingsimpakstudieverslagprosedures word dus op hierdie aansoek toegepas.

Neem asseblief kennis dat hierdie kennisgewing dien om belanghebbende en geaffekteerde partye (B&GP's) te nooi om aan die OIS-proses deel te neem. Om te verseker dat u as 'n B&GP geregistreer is om of enige bekommernis in te dien, formeel beswaar aan te teken of duidelike oordeel te verkry en projekverwante inligting aan te vra, kontak vir Myezo by 082 7722 418 of (012) 998 7642.

'n Afskryf van hierdie omvangbepalingsverslag is ook beskikbaar gestel by die Koingnaas-mynkantoor (30° 12' 38.64"S, 17° 16' 25.34"E), Springbok Biblioteek (Namakwa Straat 04, Springbok, Northern Cape, 8240) en by West Coast Resources (Edms.) Bpk. (Voortrekkerweg 405, Parow, 7500), of u kan alternatiewelik vir Myezo Environmental Management Services (Edms.) Bpk. kontak by die besonderhede wat hieronder verskaf word. Alle probleme en bekommernisse kan formeel (skriftelik) ingedien word deur die besonderhede of te e-pos of te faks aan die besonderhede soos hieronder aangedui word. Alle kommentaar oor die omvangbepalingsverslag of probleme wat op die daaropvolgende omgewingsimpakstudiestadium gedek moet word, moet binne 30 dae van hierdie advertensie ingedien word en teen 18 April 2016 aan die OIP teruggestuur word.

NOTIFICATION TO INTERESTED AND AFFECTED PARTIES ABOUT THE SCOPING REPORT AND THE ENVIRONMENTAL IMPACT ASSESSMENT REPORT AS WELL AS THE ENVIRONMENTAL MANAGEMENT PROGRAMME REPORT IN SUPPORT OF AN AMMENDMENT OF A MINING RIGHT HELD BY WEST COAST RESOURCES (PTY) LTD OVER THE KOINGNAAS AND SAMSONS BAK COMPLEXES

Document Name: WKSCE-PI-Scoping-Notification Letter to IAPs  
 Date: 4 March 2016  
 Myezo Ref: WKSCE/2015/02/NL  
 DMR Ref No: NC0043-MR/102 and NC0044-MR/102

Applicant: West Coast Resources (Pty) Ltd (WCR)  
 Project locality: Samsons Bak 330, Eland Klip 333, Zwart Duinen 332, Schulp Fontein 472, Noup 473, Somnaas 474, Koingnaas 475, Zwart Lintjes Rivier 484, Langklip 489, Michell's Bay 495 and Farm No. 496 (known as Kliphuis) (See Figure 1)  
 Application area co-ordinates (North, Centre and South of the polygon): (29° 51' 06.9074"S, 17° 13' 02.8811"E; 30° 05' 33.1619"S, 17° 18' 48.1678"E; 30° 28' 41.2449"S, 17° 21' 29.0621"E)  
 Nature of Application: Mining related activities  
 Process followed: Scoping and Environmental Impact Reporting (S & EIR) procedures

Environmental Impact Assessment/Scoping Process on farms listed under project locality above situated within the Namakwa District Municipal Area

Notice is hereby given in terms of National Environmental Management Act (Act 107 of 1998) (NEMA), Environmental Impact Assessment Regulations, 2014 R982 (2014 EIA Regulations), Section 41 (2) (a) (b) (c) (d) (e) and (3) published in Government Notices No. R982, under Sections 24 (5) and 44 of NEMA, of WCR's intention to re-visit and mine certain areas of on the Namaqualand Coast. WCR are re-establishing diamond mining operations in the existing mining rights areas on the Namaqualand coast, previously mined by De Beers and under the existing mining rights of July 2012, i.e. Koingnaas Mining Right (522MRC) and Samson's Bak Mining Right (525MRC). As part of their operations, WCR intend to mine deposits that are located on the beach and extend seaward, potentially for several hundred meters. WCR wants to continue with mining on the areas covered by these rights i.e. areas within the existing mining rights authorization, with immediate target being the Langklip and Koingnaas mining areas. The target areas are those that will not trigger new listed activities in terms of NEMA. Before proceeding with the mining operations, a check of what environmental authorizations are covered under these rights was undertaken and this was done in the light of the new legal dispensation, which had culminated into the development of "one environmental system," incorporating Minerals and Petroleum Development Act, Act No. 28 of 2002 (MPRDA), as amended, NEMA, National Water Act, Act No. 36 of 1998 (NWA) and the National Environmental Management Waste Act, Act No. 59 of 2008 (NEMWA). The current environmental management programme (EMPs) had, as such, been reviewed to determine activities which would be deemed to have the existing environmental authorization. The activities that are currently authorized and those that will require authorization are governed by various environmental legislation, as such, sections of NEMA, MPRDA, NWA and NEMWA, have been used as a guide to undertake these activities. The planned continuation of mining activities will be undertaken under these existing mining rights. The triggered listed activities in terms of NEMA, NEMWA, and NWA, which are not covered in the EMPs require a separate environmental authorization application which will be undertaken, while the authorized activities are being implemented on site during mining.

Myezo Environmental Management Services Pty Ltd (Myezo), has thus been appointed by WCR to undertake the Environmental Impact Assessment (EIA) for the activities that would require environmental authorization. As such, notice is hereby given in terms of Section 41 (2) (a) (b) (c) (d) (e) and (3) of the 2014 EIA Regulations, that an application for environmental authorisation has been submitted to the Department of Mineral Resources (DMR), in terms of NEMA and NEMWA in respect of listed activities that have been triggered by applications in terms of the MPRDA. The applications that have been submitted in terms of the MPRDA is an amendment of the mining right in terms of Section 102 of MPRDA. In addition, please note that the application for water related activities has been submitted to the Department of Water and Sanitation (DWS). The application for these activities was made in terms of National Water Act, 1998 (Act No. 36 of 1998), Section 21(b), Section 21(j). WCR will therefore commence with mining activities that are currently authorised under the existing mining right, but an environmental impact assessment (EIA) will be undertaken for the activities that are not currently authorised, including beach mining below the low water mark and certain land-based activities. Therefore, the application for environmental authorization has been undertaken for triggered listed activities for the Koingnaas Right and the Samson's Bak Right.

The activities to be undertaken under this application include: R983 (Listing Notice 1) 04 December 2014 Activity No. 17 (i) (iii) (v) (c) (d) (f), Activity No. 19 (ii) (iii), Activity No. 24 (i) (ii), Activity No. 56, Activity No. 9, Activity No. 10, Activity No. 45, Activity No. 46, Activity No. 27, Activity No. 22, Activity No. 13; R984 (Listing Notice 2) 04 December 2014 Activity No. 14 (i) (ii) (iii), Activity No. 17, Activity No. 21, Activity No. 26 (i) (ii) (iii) (iv) (v) (c) (d), Activity No. 16; R985 (Listing Notice 3) 04 December Activity No. 4 a (ii) (gg) (hh); National Environmental Management Act: Integrated Coastal Management Act, 2008 (Act No. 24 of 2008) Govt. Notice No. 138 of 11 Feb 2009 Section 63, Section 65, Section 69; National Environmental Management: Waste Act, 2008 (Act 59 of 2008) Category A2: The sorting, shredding, grinding, crushing, screening or bailing of general waste at a facility that has an operational area in excess of 1000 m<sup>2</sup>, Category A 10: The disposal of general waste to land covering an area of more than 50 m<sup>2</sup> but less than 200 m<sup>2</sup> and with a total capacity not exceeding 25 000 tons, Category A 12: The construction of a facility for a waste management activity listed in Category A of this Schedule (not in isolation to associated waste management activity), Category A 15: The establishment or reclamation of a residue stockpile or residue deposit resulting from activities which require a prospecting right or mining permit, in terms of the Mineral and Petroleum Resources Development Act, 2002 (Act No. 28 of 2002), Category B 8: The disposal of general waste to land covering an area in excess of 200 m<sup>2</sup> and with a total capacity exceeding 25 000 tons, Category B 10: The construction of a facility for a waste management activity listed in Category B of this Schedule (not in isolation to associated waste management activity), Category B 11: The establishment or reclamation of a residue stockpile or residue deposit resulting from activities which require a mining right; exploration right or production right in terms of the Mineral and Petroleum Resources Development Act, 2002 (Act No. 28 of 2002), Category C 1: The storage of general waste at a facility that has the capacity to store in excess of 100 m<sup>3</sup> of general waste at any one time, excluding the storage of waste in lagoons or temporary storage of such waste, Category C 3: The storage of waste tyres in a storage area exceeding 500 m<sup>2</sup>, Category C 4: The scrapping or recovery of motor vehicles at a facility that has an operational area in excess of 500 m<sup>2</sup>. Therefore, scoping and environmental impact assessment report procedures are being applied to this application.

Please be advised that this notice serves to invite interested and affected parties (I&APs) to participate in the EIA process. To ensure that you are registered as an I&AP or to lodge any concern, formally object or seek clarity on the proposed project and request project related documentation, kindly contact Myezo on (082) 772 2418 or (012) 998 7642.

A copy of the scoping report has also been made available at the Koingnaas Mine offices (30° 12' 38.64"S, 17° 16' 25.34"E), Springbok Library (04 Namakwa Street, Springbok, Northern Cape, 8240) and at West Coast Resources head office at (405 Voortrekker Road, Parow, 7500) or alternatively contact Myezo Environmental Management Services (Pty) Ltd on the details provided below. All issues and concerns can be lodged formally (in writing) by either email or fax at the details shown below. All comments on the scoping report or issues that should be covered on the succeeding environmental impact assessment stage should be submitted within 30 days of this advert and sent back to the EAP by 4 April 2016.

# West Coast Resources

KENNISGEWING AAN BELANGHEBBENDE EN GEAFFEKTEERDE PARTYE OOR DIE OMVANGBEPALINGSVERSLAG EN OMGEWINGSIMPAKSTUDIEVERSLAG ASOOK DIE OMGEWINGSBESTUURSPROGRAMMEVERSLAG TER ONDERSTEUNING VAN 'N WYSIGING VAN 'N MYNREG WAT DEUR WEST COAST RESOURCES (EDMS.) BPK. OOR DIE KOINGNAAS EN SAMSONS BAK KOMPLEKSE GEHOU WORD

Dokumentnaam: WKSCE-PI-Scoping-Notification Letter to IAPs  
 Datum: 4 Maart 2016  
 Myezo-verw: WKSCE/2015/02/NL  
 DMR-verw. no.: NC0043-MR/102 and NC0044-MR/102

Aansoeker: West Coast Resources (Edms.) Bpk (WCR)  
 Projekligging: Samsons Bak 330, Eland Klip 333, Zwart Duinen 332, Schulp Fontein 472, Noup 473, Somnaas 474, Koingnaas 475, Zwart Lintjes Rivier 484, Langklip 489, Michell's Bay 495 en Plaas No. 496 (bekend as Kliphuis) (sien Figuur 1)  
 Koördinate van aansoekgebied (Noord, Middel en Suid van poligon): (29° 51' 06.9074"S, 17° 13' 02.8811"E; 30° 05' 33.1619"S, 17° 18' 48.1678"E; 30° 28' 41.2449"S, 17° 21' 29.0621"E)  
 Aard van aansoek: Mynbouwerwante aktiwiteite  
 Proses gevolg: Omvangbepalings- en Omgevingsimpakverslagdoenings- (O & OIV)- prosedures

Omgevingsimpakstudie/Omvangbepalingsproses op plase wat onder projekligging hierbo gelys word en in die Namakwa Distriksmunisipaliteitsgebied geleë is

Kennis word hiermee ingevolge artikel 41(2)(a) (b) (c) en (3) van die Wet op Nasionale Omgewingsbestuur (Wet No. 107 van 1998): Omgevingsimpakstudieregulasies, 2014 R982 (2014 OIS-regulasies), gepubliseer in Goewermentskennisgewing No. R982, ingevolge artikels 24 (5) en 44 van NEMA, gegee van WCR se voorneme om weer sekere gebiede aan die Namakwalandse Kus te heropen en te myn. WCR hervestig diamanntmynbedrywighede in die bestaande mynregtegebiede aan die Namakwalandse kus wat voorheen deur De Beers gemyn is. En ingevolge die bestaande mynregte van Julie 2012, met ander woorde Koingnaas Mynreg (522MRC) en Samson's Bak Mynreg (525MRC). As deel van hulle bedrywighede beoog WCR om neerslae te myn wat op die strand geleë is en seewaarts strek, potensieel vir ellike honderde meter. WCR wil voortgaan om te myn onder die laagwatermerk op die gebiede wat deur hierdie regte gedek word, met ander woorde met die bestaande mynregte, met die Langklip en Koingnaas gebiede as die onmiddellike teiken. Die teikengebiede is dié wat nie nuwe gespesifiseerde aktiwiteite ingevolge NEMA sal veroorsaak nie. Voordat daar met die mynbedrywighede begin is, is gekontroleer watter omgevingsmagtigings ingevolge hierdie regte gedek word, en dit is gedoen in die lig van die nuwe regsbedeling, wat gelei het tot die ontwikkeling van "een omgewingsstelsel", wat die Minerals and Petroleum Development Act (Act No. 28 of 2002) (MPRDA), soos gewysig, NEMA, die Nasionale Waterwet (Wet No. 36 van 1998) (NWA), en die National Environmental Management Waste Act (Act No. 59 of 2008) (NEMWA) inkorporeer. Die huidige omgewingsbestuursprogramme (OBP's) is as sodanig hersien om aktiwiteite te bepaal wat geag word onder die bestaande omgevingsmagtiging te val. Die aktiwiteite wat tans gemagtig word en dié wat magtiging sal vereis, word geregleer deur verskeie stukke omgewingswetgewing soos dele van NEMA, MPRDA, NWA en NEMWA, wat gebruik is as riglyn om hierdie aktiwiteite te onderneem. Die voortssetting van mynaktiwiteite wat in WCR beplan word, sal ingevolge hierdie bestaande mynregte onderneem word. Die nuwe gespesifiseerde aktiwiteite ingevolge NEMA, NEMWA, en NWA wat nie deur die OBP's gedek word nie, vereis 'n afsonderlike omgevingsmagtigingsaansoek, wat onderneem sal word terwyl die gemagtigde aktiwiteite tydens mynwerk op die perseel geïmplementeer word.

Myezo Environmental Management Services (Edms.) Bpk. (Myezo) is gevolglik deur WCR aangestel om die Omgevingsimpakstudie (OIS) te onderneem vir die aktiwiteite wat omgevingsmagtiging sal vereis. Kennisgewing word ook hiermee ingevolge artikel 41 (2) (a) (b) (c) (d) (e) en 3 van die 2014 OIS-regulasies gegee dat 'n aansoek om omgevingsmagtiging ingevolge NEMA en NEMWA by die Departement van Minerale hulpbronne (DMH) ingedien is ten opsigte van gespesifiseerde aktiwiteite wat deur aansoek ingevolge die MPRDA genoodsaak is. Die aansoek wat ingevolge die MPRDA ingedien is, is 'n wysiging van die mynreg ingevolge artikel 102 van die MPRDA. Let verder asseblief daarop dat die aansoek om waterverwante aktiwiteite by die Departement van Water en Sanitasie (DWS) ingedien is. Die aansoek om hierdie aktiwiteite is gemaak ingevolge artikel 21(b), artikel 21(g) en artikel 21(j) van die Nasionale Waterwet (Wet No. 36 van 1998). WCR sal dus begin met mynaktiwiteite wat tans ingevolge die bestaande mynreg gemagtig is, maar 'n omgevingsimpakstudie (OIS) sal onderneem word vir die aktiwiteite wat nie tans gemagtig is nie, insluitende strandmynaktiwiteite onder die laagwatermerk en sekere land-gebaseerde aktiwiteite. Die aansoek om omgevingsmagtiging is dus vir nuwe gespesifiseerde aktiwiteite vir die Koingnaas Right en die Samson's Bak Right ingedien.

Die aktiwiteite wat ingevolge hierdie aansoek onderneem word, sluit in: R983 (gelyste kennisgewing 1) 04 Desember 2014; aktiwiteit no. 17 (i) (iii) (v) (c) (d) (f); aktiwiteit no. 19 (ii) (iii); aktiwiteit no. 24 (i) (ii); aktiwiteit no. 56, aktiwiteit no. 9; aktiwiteit no. 10; aktiwiteit no. 45; aktiwiteit no. 46; aktiwiteit no. 27; aktiwiteit no. 22, aktiwiteit no. 13; R984 (gelyste kennisgewing 2) 04 Desember 2014 aktiwiteit no. 14 (i) (ii) (iii); aktiwiteit no. 17 aktiwiteit no. 21; aktiwiteit no. 26 (i) (ii) (iii) (iv) (v) (c) (d); aktiwiteit no. 16; R985 (gelyste kennisgewing 3) 04 Desember aktiwiteit no. 4 a (ii) (gg) (hh); National Environmental Management: Integrated Coastal Management Act (Act No. 24 of 2008) Goewermentskennisgewing no. 138 van 11 Februarie 2009, artikel 63, artikel 65, artikel 69; National Environmental Management: Waste Act (Act 59 of 2008) Kategorie A2: Die sortering, versnippering, maal, vergruising, sifting of uitskep van algemene afval by 'n gerief met 'n bedryfsarea van meer as 1 000 m<sup>2</sup>, Kategorie A 10: Die wegdoening van algemene afval na grond met 'n oppervlakte van meer as 50 m<sup>2</sup> maar minder as 200 m<sup>2</sup> en met 'n totale kapasiteit van hoogstens 25 000 ton, Kategorie A 12: Die konstruksie van 'n gerief vir 'n afvalbestuursaktiwiteit wat in Kategorie A van hierdie Bylae gelys word (nie in isolasie van verwante afvalbestuursaktiwiteit nie), Kategorie A 15: Die vestiging of herwinning van 'n oorbywende voorraadstapel of oorbywende afsetting as gevolg van aktiwiteite wat 'n prospekterreg of mynpermit vereis ingevolge die Wet op die Ontwikkeling van Minerale- en Petroleumhulpbronne (Wet No. 28 van 2002), Kategorie B 8: Die wegdoening van algemene afval na grond wat 'n oppervlakte van meer as 200 m<sup>2</sup> dek, en met 'n totale kapasiteit van meer as 25 000 ton, Kategorie B 10: Die konstruksie van 'n gerief vir 'n afvalbestuursaktiwiteit wat in Kategorie B van hierdie Bylae gelys word (nie in isolasie van verwante afvalbestuursaktiwiteit nie), Kategorie B 11: Die vestiging of herwinning van 'n oorbywende voorraadstapel of oorbywende afsetting wat die gevolg is van aktiwiteite wat 'n mynreg vereis; eksplorasiering of produksiering ingevolge die Wet op die Ontwikkeling van Minerale- en Petroleumhulpbronne (Wet No. 28 van 2002), National Environmental Management Waste Act (Act 59 of 2008), Kategorie C 1: Die stoor van algemene afval by 'n gerief met die kapasiteit om meer as 100 m<sup>3</sup> algemene afval op enige tydstip te stoor, met die stoor van afval in lagunes of die tydelike stoor van sodanige afval uitgesluit, Kategorie C 3: Die stoor van afvalbande in 'n stoorgebied van meer as 500 m<sup>2</sup>, Kategorie C 4: Die afskrif of herwinning van motorvoertuie by 'n gerief met 'n bedryfsoppervlakte van meer as 500 m<sup>2</sup>. Omvangbepaling- en omgevingsimpakstudieverslagprosedures word dus op hierdie aansoek toegepas.

Neem asseblief kennis dat hierdie kennisgewing dien om belanghebbende en geaffekteerde partye (B&GP's) te nooi om aan die OIS-proses deel te neem. Om te verseker dat u as 'n B&GP geregistreer is of om enige bekommernis in te dien, formeel beswaar aan te teken of oëdelikheid oor die beoogde projek te verkry en projekverwante inligting aan te vra, kontak vir Myezo by (082) 772 2418 of (012) 998 7642.

'n Afskrif van hierdie omvangbepalingsverslag is ook beskikbaar gestel by die Koingnaas-mynkantoor (30° 12' 38.64"S, 17° 16' 25.34"E), Springbok Biblioteek (Namakwastraat 04, Springbok, Northern Cape, 8240) en by West Coast Resources (Edms.) Bpk. (Voortrekkerweg 405, Parow, 7500), of u kan alternatiewelik vir Myezo Environmental Management Services (Edms.) Bpk. kontak by die besonderde wat hieronder verskaf word. Alle probleme en bekommernisse kan formeel (skriftelik) ingedien word deur die besonderde of te e-pos of te faks aan die besonderde soos hieronder aangedui word. Alle kommentaar oor die omvangbepalingsverslag of probleme wat op die daaropvolgende omgevingsimpakstudiestadium gedek moet word, moet binne 30 dae van hierdie advertensie ingedien word en teen 4 April 2016 aan die OIP tenuggestuur word.

On 16 March 2016, an email containing a copy of the notification advert as well as the notification letter regarding the scoping report were sent. In addition, the email consisted of a link to the scoping report. The link divided the scoping report into Volume 1 (Description of the scope of the overall activities in the proposed sites), Volume 2 (Environmental attributes, impacts identified and plan of study for environmental assessment) and Volume 3 (Public participation and supporting documentation: Appendices 1-6 including Appendix 2.19.1-2) of Volume 3. The Scoping Report was submitted at DMR in Springbok on 29 April 2016. Linda sent a letter of acknowledgement for the Scoping Report on 13 June 2016.				
Doirdre	Karten	Department of Mineral Resources (Springbok)	Environmental Officer	027 712 1957	027 712 1959		<a href="mailto:doirdre.karten@dmr.gov.za">doirdre.karten@dmr.gov.za</a>	Private Bag 114 Springbok, 8240	Hopley Centre Van der Stel Street Springbok	Springbok	8240				On 16 March 2016, an email containing a copy of the notification advert as well as the notification letter regarding the scoping report were sent. In addition, the email consisted of a link to the scoping report. The link divided the scoping report into Volume 1 (Description of the scope of the overall activities in the proposed sites), Volume 2 (Environmental attributes, impacts identified and plan of study for environmental assessment) and Volume 3 (Public participation and supporting documentation: Appendices 1-6 including Appendix 2.19.1-2) of Volume 3.				
												<b>Specialist</b>							

Christy	Reaga	Simon Todd Consultants and Research	Consultant	021 762 0377		082 332 5447	<a href="mailto:christy@stores.co.za">christy@stores.co.za</a>	30 Forrest way, Glencairn				0183	Attended the specialists briefing meeting with all other appointed specialists on 10 June 2016. Trans Hex offices in Cape Town. An appointment letter was submitted on 29 June 2016.				
Eric	Itermann	Simon Todd Consultants and Research	Consultant	021 762 0377				30 Forrest way, Glencairn					Went to the mine site for an arranged site visit on 29 June 2016.				
Demos	Diracoulides	DBA Environmental Engineers	Director	021 551 1834	021 557 1078	082 684 0002	<a href="mailto:demosd@sunet.co.za">demosd@sunet.co.za</a>	PO Box 60034, 7430, Table View	Unit 11, Prosperity Park, Computer Road,	Milneron			Attended the specialists briefing meeting with all other appointed specialists on 10 June 2016, Trans Hex offices in Cape Town. An appointment letter was submitted to Demos on 17 June 2016. He went on site at the mine to conduct the Noise and Vibration Studies on 30 June 2016. Demos submitted his Noise assessment report on 13 October 2016. Typos were sent to Demos Diracoulides on 27 October 2016 for him to update his report. On 28 October 2016, he then sent back an updated Noise report with the typos fixed.				
Ishmael	Phalane	Letsame Water and Environmental Services cc	Director	012 323 1074	086 613 4794	082 821 6621	<a href="mailto:ishmael@letsame.co.za">ishmael@letsame.co.za</a>	70 Box 19016, Pretoria West		Pretoria	0183		He was not at the specialists briefing meeting held on 10 June 2016. An appointment letter was submitted to Ishmael on 17 June 2016. He went on site on 23 June 2016. Ishmael submitted his first draft of the Hydrological Impact assessment Report on 19 July 2016. The DENC comments were sent via email to Mr Ishmael Phalane on 03 November 2016. He sent an email response addressing the DENC comments on 08 November 2016. The typos were sent via email to Ishmael on 27 October 2016. Ishmael has updated the Hydrological Report and submitted back to Myzco on 31 October 2016. With regards to the DENC comments and the telephone communication with Ishmael on 04 November 2016, the attention was drawn to Page 4 where there are comments on Water Quality. Given the wording on the comments, the comments are referring to another specialist report other than the Hydrological Impact Assessment. He searched his report for the incomplete sentence referred to on page 4 in their report. He suspects the comments are relating to the Marine Water Report.				Ishmael has submitted the Hydrological Impact Report on 19 July 2016.
Andrew	Mavuranyi	Water Without Frontiers	Director	012 323 0072		081 765 8189	<a href="mailto:andrew.mavuranyi@wafm.com">andrew.mavuranyi@wafm.com</a>	Suides Noord Pretoria North		Pretoria			He was not at the specialists briefing meeting held on 10 June 2016. An appointment letter was submitted to Andrew on 17 June 2016. He went on site together with Ishmael on 23 June 2016. The DENC comments were sent via email to Mr Andrew Mavuranyi on 03 November 2016. The typos were sent via email to Andrew on 25 October 2016. He has updated the Geohydrological Report and submitted the corrected typos back to Myzco on 28 October 2016. Andrew sent an email response addressing the DENC comments on 04 November 2016.				
Steven	van der Westhuizen	Site Plan Consulting	Director	021 854 4260	021 854 4321	082 554 8163	<a href="mailto:steve@siteplan.co.za">steve@siteplan.co.za</a>	29 Wilberforce Street, Strand	PO Box 26, Strand	Cape Town	7140		Attended the specialists briefing meeting with all other appointed specialists on 10 June 2016, Trans Hex offices in Cape Town. He was not at the specialists briefing meeting held on 10 June 2016. An appointment letter was submitted to Ishmael on 17 June 2016. He went on site on 23 June 2016. Steve submitted his first draft of the Dust Plume Report on 21 July 2016.				
Paul	Swaenepoel	Site Plan Consulting	Consultant	021 854 4260	021 854 4321			35 Windflower Street, Wesbank, Kuilsriver	PO Box 267, Kleinmond, 7195		7195		Went to the mine site with Steve and Mball for an arranged site visit on 07 June 2016.				
Siphumelele	Mhali	Site Plan Consulting	Consultant	021 854 4260	021 854 4321			35 Windflower Street, Wesbank, Kuilsriver			7580		Went to the mine site with Steve and Paul for an arranged site visit on 07 June 2016.				
Peter	Fielding	FieldWork	Consultant	043 721 0677	043 721 1535/086 579 2145	083 777 1958	<a href="mailto:peter@fieldwork.co.za">peter@fieldwork.co.za</a>						Had email communication with WCR and Myzco (11 Aug 16) regarding handing over of the Anchor Environmental Estuary Management documents and an arrangement for the site visit. Also received the IAPR from Myzco on 12 August 2016. Sent an updated Situational Assessment Report to stakeholders on 07 November 2016. In the email, Peter reminded Myzco and other stakeholders of the meeting in Handeupia Bay on Tuesday 15th November to discuss the report.				
Babalwa	Fahy	Myzco Environmental Management Services	Director	012 998 7642	012 998 7641	082 772 2418	<a href="mailto:babalwa@myzco.co.za">babalwa@myzco.co.za</a>	Postnet Suite B165, Private Bag X 18, Lynnwood Ridge, 0040	645 Jacqueline Drive, Garfontein Office Park, Garfontein	Pretoria	0081		Attended meeting held on 09 March 2015. Attended site visit held on 10 March 2015. Attended meeting held on 14 September 2015. Attended meeting held on 18 September 2015. Attended the specialists briefing meeting with all other appointed specialists on 10 June 2016, Trans Hex offices in Cape Town.				On 16 March 2016, an email containing a copy of the notification advert as well as the notification letter regarding the scoping report were sent. In addition, the email consisted of a link to the scoping report. The link divided the scoping report into Volume 1 (Description of the scope of the overall activities in the proposed sites), Volume 2 (Environmental attributes, impacts identified and plan of study for environmental assessment) and Volume 3 (Public participation and supporting documentation, Appendices 1-6 including Appendix 2.19.1-2) of Volume 3.
