Export of Late Iron Age human bone and teeth from five individuals from Thulamela, Kon-Stayt and Nwanetsi (Limpopo Province) for DNA extraction.

Dear Ms Bodiba,

the SAHRA APMHOB permit committee received your application for sampling and export of material from five human remains from Thulamela, Nwanetsi and Kon-Stayt, in the Limpopo Province.

In the application it was proposed that the specimens would be exported to the Centre of Evolutionary Medicine, of the University of Zürich, and would then be sampled for DNA extraction at the same Centre to avoid possible contamination.

Decision:

The permit committee has approved both applications, please find attached both permits.
We wish you every success with this challenging project.

Should you have any further queries, please contact the designated official using the case number quoted above in the case header.

Yours faithfully

Mariagrazia Galimberti
