Consultation Report

INTRODUCTION

a) Application for Mining Permit and Environmental Authorization Application

This Consultation Report has been compiled for an application for a Mining Permit and Environmental Authorization Application that has been submitted in terms of the Mineral and Petroleum Resources Development Act (Act No.28 of 2004) (MRPDA) and the National Environmental Management Act, Act No. 107 of 1998 (NEMA). The application for a mining permit on a Portion of the Remaining Extent of the Farm Mambuka 16919 GU, situated under The Magisterial District of Lower Umfolozi, KwaZulu-Natal Province was submitted to KwaZulu-Natal Department of Mineral Resources (DMR) and was accepted with Reference Number: **KZN 30/5/1/3/2/ 10687 MP.**

As part of the application process, the DMR requires that the applicant undertake public consultation as part of the basic assessment (BA) process. In fulfilment of this requirement, **Nsimbakazi Coal Mine (Pty) Ltd** appointed **Singo Consulting (Pty) Ltd** to conduct the public consultation process with the landowners and other affected parties and to compile this report. This report describes the process used to notify stakeholders and Interested and Affected Parties (I&APs) of the application.

The proposed Mining will be taking place in the Umfolozi local municipality of the KwaZulu-Natal Province. The activities applied for will take place on the following property(ies):

2. PUBLIC PARTICIPATION PROCESS

a) Legislative Framework

In terms of Section 24 (4) of the Act and Regulation 41 (b) of the NEMA Regulations (2014), **Nsimbakazi Coal Mine (Pty) Ltd** is required to consult with, and notify in writing, all landowners or lawful occupiers and any I&APs of the mining permit application and the BA process. Legislation also requires the results of such consultation to be submitted to the DMR together with the Final BAR within 90 days of the applicant receiving acknowledgement of receipt of the application for the mining permit. To ensure compliance with the MPRDA and NEMA Regulations, the following activities have been undertaken to date:

- Identification of Stakeholders IAPs;
- Development and on-going updating of an IAP database;
- Advertising the notification of application for the mining permit and environmental authorization application in a local newspaper (Zululand Observer);
- Email distribution of letters of notification and BIDs to IAPs;
- Placement of the Draft BAR and EMP in public domain for public review and comment;

These aspects that form part of the public participation process (PPP) are discussed in detail below.

b) Objectives of Public Participation

Following the requirements for public participation in terms of the NEMA, objectives of the PPP include providing enough and accessible information to enable stakeholders to:

- Identify issues of concerns.
- Make suggestions for enhanced benefits and commenting on alternatives;
- Contribute to local knowledge and experience; and
- Ensure that their comments, issues of concern and suggestions are correctly captured, addressed and considered in the BA process and BAR.

c) Commencement of PPP

The public participation process was extended, to create more time for stakeholders to engage in the process.

d) Identification of Interested & Affected Parties

A stakeholder database for the application was developed and updated during the PPP. Stakeholders and I&APs were identified at national, provincial, district and local levels. Other IAPs surrounding the project site were also identified and added to the database, and the public was invited through advertisements and the distributed BID documents to register as IAPs on the database.

e) Written Notification Advertisements

An advertisement was placed in a local newspaper (i.e. Zululand Observer, on Friday the 07th of August 2020) to advertise **Nsimbakazi Coal Mine (Pty) Ltd**'s intention to apply for the Mining Permit and environmental authorization. The advertisement served to notify the public about the application and the BA process, provided the description and location of the proposed activities, the availability of the Draft BAR for review and comment and the 30-day public review period, and details of the environmental consultant to contact for the BID and further information on the proposed project.

INTRODUCTION AND THE PURPOSE OF THIS DOCUMENT

Singo Consulting (Pty) Ltd has been appointed as an independent Environmental Consultant by **Nsimbakazi Coal Mine (Pty) Ltd** to conduct Environmental Impact Assessment (EIA), Compile an Environmental Management Plan (EMP) and undertake Public Participation Process (PPP). This is done for processes of acquiring environmental authorization for the proposed Mining Permit application on a **Portion of the Remaining extent of the farm Mambuka 16 919 GU**, in the Magisterial District of King Cetshwayo, KwaZulu-Natal Province.

The Purpose of this Background Information Document (BID) is to provide a perfunctory description of the project and outline EIA processes to be followed and contributions from Interested and Affected Parties (IAPs) on the issues related to the project in question, allowing comments and concerns to be raised.

Results of the EIA, both negative and positive will be submitted and made available to the relevant Departments such as the Department of Mineral Resources and if requested, Environmental Affairs, Water and Sanitation, Landowners and other interested stakeholders.

This Background Information Document therefore requests and invite IAPs to comment on the environmental, physical, Social and economic impacts associated with the proposed Mining Activities. Be assured that your comments are of great value as they ensure that relevant issues are taken into consideration. Attached at the end of this document is a registration form, kindly complete it and send it back to **project EAP** through given means of communication also attached on the comment form.

PROJECT DESCRIPTION

Mining Permit Application has been submitted for the extracting of **Coal** on the property mentioned above. This Mining Area, as seen in figure 1 below, is situated approximately, 2.05 km North-West of Magwetshana, 9.11 km South-East of Bambela and 11.38km North-East of Ntambanana.

Mining activities will be undertaken over a period of two (2) years. This project will entail an open cast method of excavation. The mine design will be developed according to the dimension of the mineral applied deposit within the project area, but overall mining activities will be limited to an area of 5 Ha as per mining permit requirements. The top soil will be stockpiled elsewhere on site preferably next to the permit boundary and will be used during rehabilitation period. Once a box cut has been made, the overburden and mineral resources where necessary will be loosened by blasting. The loosened material will then be loaded onto trucks by excavators. A haul road will be situated at the side of the pit, forming a ramp up which trucks can drive, carrying ore and waste rock. All the activities will be guided by the project's EMP such that the project does not impact the environment negatively.

REGULATORY FRAMEWORK

Therefore, EIA process to be undertaken will be conducted in accordance with the National Environmental Management Act (Act 38 of 1998) and Environmental Impact Assessment regulations as amended (April 2017).

The activity is to extract the existence and occurrence of **Coal** therefore, this will be conducted in accordance with Mineral and Petroleum Resources Development Act, (Act 28 of 2002). Other regulatory guidelines to be followed include: National Water Act, 1998 (Act 36 of 1998), National Air Quality Standards (GN 1210: 2009) and National Dust Control Regulations (GN 275: 2017).

BASIC AND ENVIRONMENTAL IMPACT ASSESSMENT PROCESSES

These are planning and decision-making tools used in identifying potential environmental, economic and social consequences of a proposed activity prior the commencement of the activity.

These together with the public issues and concerns are to be identified sufficiently early so that they can be assessed and incorporated into the final reports when/if necessary.

These tools are regarded crucial because they are utilized in order to demonstrate to the relevant stakeholders about the potential impacts, which in turn leads to the Mining application process being a success or declined.

PUBLIC PARTICIPATION PROCESS

Public Participation remains a cornerstone of the Environmental Impact Assessment process. It ensures provision of relevant and enough information with openness and transparency. Public Participation Process presents to IAPs, an opportunity to understand what the project is about, and affords them an opportunity to make valuable contributions towards the EIA process

IAP can be any person, group of persons or organization interested in or affected by the proposed activity, and any organ of state that may have jurisdiction over any aspect of the activity.

The key objective of PPP is to offer the IAPs with an opportunity to comment and provide valuable inputs during the planning phase of the project.

For this specific proposed project, IAPs will be given a period of 30 days to comment and raise issues/concerns with regards to this BID.

As part of the EIA process, more especially the Public Participation Process for this proposed projects, Interested & Affected Parties (I&APs) are invited to register and kindly submit any comments or concerns to reach Mrs Sithabile Kabaira no later than Tuesday, the **8th of September 2020** using the contact details provided below. The public is also invited to review and comment on the draft Basic Assessment report & EMPr. The Basic Assessment report & EMPr will be available for review for a 30-day calendar period from the **09th of September 2020 to the 09th of October 2020**.

Good day,

I hope this email finds you well.

Singo Consulting (Pty) Ltd on behalf of Nsimbakazi Coal Mine (Pty) Ltd hereby wishes to inform you that it has submitted Mining Permit application together with an Environmental Authorization to the KwaZulu-Natal Department of Mineral Resources (DMR) for the proposed mining establishment of Coal on a portion of the Remaining Extent of the Farm Mambuka 16919 GU, situated under the Magisterial District of King Cetshwayo, KwaZulu-Natal Province (DMR REF: KZN 30/5/1/3/2/ 10687 MP).

This Notification is being given in compliance with the terms of: Mineral and Petroleum Resources Development Act, 2002 (Act No. 28 of 2002) (MPRDA), National Environmental Management Act, 1998 (Act No. 107 of 1998), and EIA Regulations (as amended, 07 April 2017) which requires that stakeholders must be notified of Nsimbakazi Coal Mine (Pty) Ltd's intention to obtain a Mining Permit for the above-mentioned mineral.

This invitation is being extended to you because the department that you represent might be somehow enforcing any of the Republic of South Africa's laws of which ensures; prevention of pollution & environmental degradation, promotes sustainable development & socio-economic development, or instead might be affected by mining activities. Hence you are being offered an opportunity to:

- Register as an I&AP and to respond to the environmental compliance process;
- Raise issues of concern and provide suggestions for enhanced benefits;
- Contribute to local knowledge;
- Comment on the Draft Basic Assessment Report (DBAR) & Environmental Management Program (EMP)

Singo Consulting (Pty) Ltd has been appointed as an independent Environmental Assessment Practitioner (EAP) to manage the environmental authorization process, by conducting Environmental Impact Assessment, Public Participation for the proposed project and compile an Environmental Management Plan. A Basic Assessment process has commenced, for your participation kindly fill the comment form on the last page of the attached BID and register your comments, issues or questions that you may have about the proposed project. Should you need any clarity on the attached documents or have any queries with regards to the project, please do not hesitate to contact me on the details below.

Please find the attached Background Information Document (BID) for detailed description of the proposed project and timelines.

If you know anyone who might be interested in this project, kindly forward this email to that person.

Kind regards,

KwaZulu-Natal Department of Mineral Resources (DMR) for the proposed mining establishment of Coal on a portion of the Remaining Extent of the Farm Mambuka 16919 GU, situated under the Magisterial District of King Cetshwayo, KwaZulu-Natal Province (DMR REF: KZN 30/5/1/3/2/ 10687 MP).

This Notification is being given in compliance with the terms of: Mineral and Petroleum Resources Development Act, 2002 (Act No. 28 of 2002) (MPRDA), National Environmental Management Act, 1998 (Act No. 107 of 1998), and EIA Regulations (as amended, 07 April 2017) which requires that stakeholders must be notified of Nsimbakazi Coal Mine (Pty) Ltd's intention to obtain a Mining Permit for the above-mentioned mineral.

This invitation is being extended to you because the department that you represent might be somehow enforcing any of the Republic of South Africa's laws of which ensures; prevention of pollution & environmental degradation, promotes sustainable development & socio-economic development, or instead might be affected by mining activities. Hence you are being offered an opportunity to:

- Register as an I&AP and to respond to the environmental compliance process;
- Raise issues of concern and provide suggestions for enhanced benefits;
- Contribute to local knowledge;
- Comment on the Draft Basic Assessment Report (DBAR) & Environmental Management Program (EMP)

Singo Consulting (Pty) Ltd has been appointed as an independent Environmental Assessment Practitioner (EAP) to manage the environmental authorization process, by conducting Environmental Impact Assessment, Public Participation for the proposed project and compile an Environmental Management Plan. A Basic Assessment process has commenced, for your participation kindly fill the comment form on the last page of the attached BID and register your comments, issues or questions that you may have about the proposed project. Should you need any clarity on the attached documents or have any queries with regards to the project, please do not hesitate to contact me on the details below.

Please find the attached Background Information Document (BID) for detailed description of the proposed project and timelines.

Good day Mr Sigwili.

As discussed during our telephone conversation earlier today, kindly note that we will be able to hold a meeting with you during the last week of September 2020, exact dates will be communicated with you as soon as they are finalised.

Attached to the last page of the BID that we emailed on the 24th of August 2020 is a registration and comment sheet that you can fill in and register your comments, concerns or questions that you may have about the proposed project in the meantime. The BID also includes timelines for the project. We will email you the Draft Basic Assessment Report (BAR) and Environmental Management Programme Report (EMPr) by the **08th of September 2020** for you to review and comment on over a 30-day calendar period. The final report will then be submitted to the Department of Mineral Resources and Energy (DMRE) on the **09th of October 2020**. Kindly note that all comments, queries or objections you may have will be incorporated into the report as they are critical in decision making at the DMRE.

Should you require further clarity, please do not hesitate to contact me on the details below.

Good day,

I hope this email finds you well.

Singo Consulting (Pty) Ltd on behalf of Nsimbakazi Coal Mine (Pty) Ltd hereby wishes to inform you that it has submitted Mining Permit application together with an Environmental Authorization to the KwaZulu-Natal Department of Mineral Resources (DMR) for the proposed mining establishment of Coal on a portion of the Remaining Extent of the Farm Mambuka 16919 GU, situated under the Magisterial District of King Cetshwayo, KwaZulu-Natal Province (DMR REF: KZN 30/5/1/3/2/ 10687 MP).

This Notification is being given in compliance with the terms of: Mineral and Petroleum Resources Development Act, 2002 (Act No. 28 of 2002) (MPRDA), National Environmental Management Act, 1998 (Act No. 107 of 1998), and EIA Regulations (as amended, 07 April 2017) which requires that stakeholders must be notified of Nsimbakazi Coal Mine (Pty) Ltd's intention to obtain a Mining Permit for the above-mentioned mineral.

This invitation is being extended to you because the department that you represent might be somehow enforcing any of the Republic of South Africa's laws of which ensures; prevention of pollution & environmental degradation, promotes sustainable development & socio-economic development, or instead might be affected by mining activities. Hence you are being offered an opportunity to:

- Register as an I&AP and to respond to the environmental compliance process;
- Raise issues of concern and provide suggestions for enhanced benefits;
- Contribute to local knowledge;
- Comment on the Draft Basic Assessment Report (DBAR) & Environmental Management Program (EMP)

Singo Consulting (Pty) Ltd has been appointed as an independent Environmental Assessment Practitioner (EAP) to manage the environmental authorization process, by conducting Environmental Impact Assessment, Public Participation for the proposed project and compile an Environmental Management Plan. A Basic Assessment process has commenced, for your participation kindly fill the comment form on the last page of the attached BID and register your comments, issues or questions that you may have about the proposed project. Should you need any clarity on the attached documents or have any queries with regards to the project, please do not hesitate to contact me on the details below.

Please find the attached Background Information Document (BID) for detailed description of the proposed project and timelines.

Singo Consulting (Pty) Ltd on behalf of Nsimbakazi Coal Mine (Pty) Ltd hereby wishes to inform you that it has submitted Mining Permit application together with an Environmental Authorization to the KwaZulu-Natal Department of Mineral Resources (DMR) for the proposed mining establishment of Coal on a portion of the Remaining Extent of the Farm Mambuka 16919 GU, situated under the Magisterial District of King Cetshwayo, KwaZulu-Natal Province (DMR REF: KZN 30/5/1/3/2/ 10687 MP).

This Notification is being given in compliance with the terms of: Mineral and Petroleum Resources Development Act, 2002 (Act No. 28 of 2002) (MPRDA), National Environmental Management Act, 1998 (Act No. 107 of 1998), and EIA Regulations (as amended, 07 April 2017) which requires that stakeholders must be notified of Nsimbakazi Coal Mine (Pty) Ltd's intention to obtain a Mining Permit for the above-mentioned mineral.

This invitation is being extended to you because the department that you represent might be somehow enforcing any of the Republic of South Africa's laws of which ensures; prevention of pollution & environmental degradation, promotes sustainable development & socio-economic development, or instead might be affected by mining activities. Hence you are being offered an opportunity to:

- Register as an I&AP and to respond to the environmental compliance process;
- Raise issues of concern and provide suggestions for enhanced benefits;
- Contribute to local knowledge;
- Comment on the Draft Basic Assessment Report (DBAR) & Environmental Management Program (EMP)

Singo Consulting (Pty) Ltd has been appointed as an independent Environmental Assessment Practitioner (EAP) to manage the environmental authorization process, by conducting Environmental Impact Assessment, Public Participation for the proposed project and compile an Environmental

Management Plan. A Basic Assessment process has commenced, for your participation kindly fill the comment form on the last page of the attached BID and register your comments, issues or questions that you may have about the proposed project. Should you need any clarity on the attached documents or have any queries with regards to the project, please do not hesitate to contact me on the details below.

Please find the attached Background Information Document (BID) for detailed description of the proposed project and timelines.

If you know anyone who might be interested in this project, kindly forward this email to that person.

Good day,

I hope this email finds you well.

You are kindly receiving this email as an enquiry for any possible land claim on the Remaining Extent of the farm Mambuka 16919 GU which is situated within the Magisterial District of Lower Umfolozi under King Cetshwayo District Municipality, KwaZulu-Natal Province. DMR Ref: KZN 30/5/1/3/2/10687 MP.

Kindly review attached BID for detailed description of proposed project. This is to ensure that all claimants are properly consulted and are given opportunity to:

- Register as an I&AP and to respond to the environmental compliance process;
- Raise issues of concern and provide suggestions for enhanced benefits;
- Contribute to local knowledge;
- Comment on the Draft Basic Assessment Report (DBAR) & Environmental Management Program (EMP); and
- Inform any other person / organization that they may feel should be informed about the project.

Your comments will be highly appreciated as they will assist us in developing a well-informed BAR and EMP.

Kind Regards,
