Letter

In terms of Section 38(8) of the National Heritage Resources Act (Act 25 of 1999)

Attention: Terramanzi Group (Pty) Ltd
Private Bag x26

Extension of Environmental Authorisation: Stage 2 of the Karoo Renewable Energy Facility, Modderfontein Wind Energy Facility situated on the Remaining Extent of the Farm Modderfontein 228, the Farm Phaisantkraal 228 and Portion 3 of the Farm Nobelsfontein 227, Ubuntu and Beaufort West Local Municipalities, Northern Cape and Western Cape Provinces.

Thank you for submitting the Extension of Environmental Authorisation of the Karoo Renewable Wind Energy Facility, located in the Ubuntu and Beaufort West Local Municipalities, Northern and Western Cape Provinces.

SAHRA Archaeology, Palaeontology and Meteorites (APM) Unit provided extensive comments to this case in May 2011 and June 2013. A detailed list of the recommendations for this development can be found in the original review comments. (<http://www.sahra.org.za/sahris/cases/karoo-renewable-wind-energy-facilit...>).

It is noted that the extension of the authorisation indicates that the layout and footprint of the development will remain unchanged. Considering the fact that this case merely relates to an extension of the authorisation for a further two years, SAHRA requires only that the recommendations made in its review comments of 2011 and 2013 must be fully implemented.

SAHRA APM must be notified about the progress of the implementation of the recommendations as soon as possible.

Should you have any further queries, please contact the designated official using the case number quoted above in the case header.

Yours faithfully
